Addendum #1

Please amend the subject RFP to include answers to the following timely received questions:

- Q1. Previous studies have completed the field data collection in one season, where all landfill and transfer station sites were visited during nine or ten consecutive weeks. Is it acceptable break up the sample collection into two or three-week periods.
- A1. It is acceptable to break field sorts into two - or three-week periods with a preference for field sorts to be completed within a single season.
- Q2. Is the Iowa DNR open to allowing firms to partner for this work? (With a single point of contact for Project Management)
- A2. Yes, the Iowa DNR is open to allowing firms to partner for this work with a single contact and responsible party.
- Q3. Is the Iowa DNR setting a desired conference interval (level) for each waste sort? If so, what is it, and would it be on a per site basis?
- A3. Iowa DNR is not setting a desired conference interval for each waste sort.
- Q4. Responses to the DNR's Participation Solicitation sent to Iowa facilities are due January 14, 2022. Can we receive copies (electronic or otherwise) of these responses?
- A4. Yes, attached are host facility participation solicitation responses received to date. However, Iowa DNR has extended the January 14, 2022, date to accept at least one additional participation application.
- Q5. Page 12 Section 3.1.4 of the RFP states that "Proposals shall not contain promotional or display materials." Can you please further define what these materials include?
- A5. Proposals should not include brochures or promotional material as part of the Technical Proposal.

Q6. Page 18 Section 5.3 of the RFP states “An addendum identifying the points assigned to the scoring criteria and identifying the minimum score for the Technical Proposal will be posted prior to the RFP closing.” Can you please provide further information concerning the scoring criteria beyond what is detailed in Section 5.4 of the RFP?

A6. The addendum identifying the points assigned to the scoring criteria and identifying the minimum score for the Technical Proposal will be posted on January 31, 2022 prior to the closing.
