Good Morning Jessica,

I hope you had a wonderful weekend! I was emailing to inquire about the bid in the subject line for Woodward Resource Center (WRC). I noticed that the Speed Queen units being requested (TR5003WN & DRY500WG) are for Residential use not Commercial.

After speaking with my Rep. at Speed Queen Mfg. (Alliance Laundry Systems), they recommended Commercial Washers and Dryers for use in a State hospital instead of Residential units which aren't built for consistent use in a hospital setting.

I just wanted to double check to verify what type of Washers and Dryers WRC was looking for and make sure they are the best fit for the Job they will be used for.

Would commercial units be preferred? If so, please let me know

If that were the case would an addendum be issued that we would need to sign before the bid is due?

Please let me know if you have any questions or concerns.

Respectfully,

Matt
