The DNR intends to award a Contract(s) beginning and ending on the dates listed on the RFP cover sheet, and the DNR, in its sole discretion, may extend the Contract(s) for up to the number of annual extensions identified on the RFP cover sheet.

**1.2 Definitions**

For the purposes of this RFP and the resulting contract, the following terms will mean:

**“DNR”** means the DNR identified on the RFP cover sheet that is issuing the RFP and any other DNR that purchases from the Contract. In this case, the DNR is DNR.

**“Contract”** means the contract(s) entered into with the successful Respondent(s) as described in Section 7.1.

**“Contractor”** means the successful Respondent to this RFP.

**“General Terms and Conditions”** means the General Terms and Conditions for Services Contracts as referenced on the RFP cover page.

**“Proposal”** means the Respondent’s proposal submitted in response to the RFP.

**“Respondent”** means a vendor submitting a Proposal in response to this RFP.

**“Responsible Respondent”** means a Respondent that has the capability in all material respects to perform the scope of work and specifications of the Contract. In determining whether a Respondent is a Responsible Respondent, the DNR may consider various factors including, but not limited to, the Respondent’s competence and qualifications to provide the goods or services requested, the Respondent’s integrity and reliability, the past performance of the Respondent and the best interest of the DNR and the State.

**“Responsive Proposal”** means a Proposal that complies with the material provisions of this RFP.

**“RFP”** means this Request for Proposals and any attachments, exhibits, schedules or addenda hereto.

**“State”** means the State of Iowa, the DNR, and all state agencies, boards, and commissions, and any political subdivisions making purchases from the Contract as permitted by this RFP.

**1.3 Overview of the RFP Process**

This RFP is designed to provide Respondents with the information necessary for the preparation of competitive Proposals. The RFP process is for the DNR’s benefit and is intended to provide the DNR with competitive information to assist in the selection process. It is not intended to be

comprehensive. Each Respondent is responsible for determining all factors necessary for submission of a comprehensive Proposal.

**Respondent should review Attachment 3, Form 22 Request for Confidentiality, for more information if its Proposal contains confidential information. Any Proposal marked “Confidential” or “Proprietary” on every page may be disqualified.**

Respondents will be required to **email** their Proposals **during temporary suspension of regulatory provisions to facilitate telework by state employees from the Covid-19 Pandemic**. It is the DNR’s intention to evaluate Proposals from all Respondents that submit timely Responsive Proposals, and award the Contract(s) in accordance with Section 6, Evaluation and Selection.

#### **1.4 Background Information**

The Department of Natural Resources (DNR) is seeking a qualified Respondent to remove approximately 17.3 total acres of undesirable, limited value trees from the area commonly known as Hale’s Slough Wildlife Management Area (WMA). The project will take place along approximately 5,000 feet of shoreline on Angler’s Bay on the northeast portion of Spirit Lake. The project site is located in Section 14 T100N R36W of Dickinson County, Iowa. Trees to be removed (both standing and downed) are predominantly undesirable, large overgrown green ash (*Fraxinus pennsylvanica*), cottonwood (*Populus deltoides*), elm (*Ulmus* spp.), basswood (*Tilia americana*), hackberry (*Celtis occidentalis*), and other species of limited ecological or commercial value. Trees to be saved will be marked as such by DNR Forestry staff, and include all oak (*Quercus* spp.), Walnut (*Juglans nigra*), some hackberry and other species. Trees must be felled and removed from the site with no grubbing or pulling of rootballs. To facilitate removal of biomass from the site, tree tops may be removed from logs and stacked in compact piles that can be burned at a later date by the DNR.

## SECTION 2 ADMINISTRATIVE INFORMATION

### 2.1 Issuing Officer

The Issuing Officer identified in the RFP cover sheet is the sole point of contact regarding the RFP from the date of issuance until a Notice of Intent to Award the Contract is issued.

### 2.2 Restriction on Communication

From the issue date of this RFP until a Notice of Intent to Award the Contract is issued, Respondents may contact only the Issuing Officer. The Issuing Officer will respond only to written questions regarding the procurement process. Questions related to the interpretation of this RFP must be submitted as provided in Section 2. Oral questions related to the interpretation of this RFP will not be accepted. Respondents may be disqualified if they contact any State employee other than the Issuing Officer about the RFP except that Respondents may contact the State Targeted Small Business Office on issues related to the preference for Targeted Small Businesses.

This section will not be construed as restricting communications related to the administration of any contract currently in effect between a Respondent and the State.

### 2.3 Downloading the RFP from the Internet

The RFP document and any addenda to the RFP will be posted at <http://bidopportunities.iowa.gov/>. The Respondent is advised to check the website periodically for Addenda to this RFP, particularly if the Respondent downloaded the RFP from the Internet as the Respondent may not automatically receive addenda. It is the Respondent's sole responsibility to check daily for addenda to posted documents.

### 2.4 Procurement Timetable

The dates provided in the procurement timetable on the RFP cover sheet are provided for informational and planning purposes. The DNR reserves the right to change the dates. If the DNR changes any of the deadlines for Respondent submissions, the DNR will issue an addendum to the RFP.

### 2.5 Questions, Requests for Clarification, and Suggested Changes

Respondents are invited to **email** written questions and requests for clarifications regarding the RFP. Respondents may also **email** suggestions for changes to the specifications of this RFP. The questions, requests for clarifications, or suggestions must be in writing and received by the Issuing Officer on or before the date and time listed on the RFP cover sheet. Oral questions will not be permitted. If the questions, requests for clarifications, or suggestions pertain to a specific section of the RFP, Respondent should reference the page and section number(s). The DNR will **email** written responses to questions, requests for clarifications, or suggestions received from Respondents on before the date listed on the RFP cover sheet. The DNR's written responses will become an addendum to the RFP. If the DNR decides to adopt a suggestion that modifies the RFP, the DNR will issue an addendum to the RFP.

The DNR assumes no responsibility for oral representations made by its officers or employees unless such representations are confirmed in writing and incorporated into the RFP through an addendum.

## **2.6 Amendment to the RFP**

The DNR reserves the right to amend the RFP at any time using an addendum. The Respondent must acknowledge receipt of all addenda in its Proposal. If the DNR issues an addendum after the due date for receipt of Proposals, the DNR may, in its sole discretion, allow Respondents to amend their Proposals in response to the addendum.

## **2.7 Amendment and Withdrawal of Proposal**

The Respondent may amend or withdraw and resubmit its Proposal at any time before the Proposals are due. The amendment must be in writing, signed by the Respondent and received by the time set for the receipt of Proposals. Electronic mail and faxed amendments will not be accepted. Respondents must notify the Issuing Officer in writing prior to the due date for Proposals if they wish to completely withdraw their Proposals.

## **2.8 Submission of Proposals**

Pursuant to Iowa Code § 29C.6(6), the Governor has temporarily suspended the regulatory provisions of Iowa Code chapters 8A and 8B, Iowa Code § 313.10, and Iowa Administrative Code Chapters 11-117, 11-118, 129-10, and 641-176. Suspension of these provisions is limited to the duration of this proclamation and is further limited to procurements which are necessary to prevent, contain, or mitigate the effects of the COVID-19 virus; facilitate telework by state employees; and mitigate and respond to increased cyber-attacks and threats. During this suspension, the DNR is requiring each Respondent to **EMAIL** its Bid Proposal to [procurement@dnr.iowa.gov](mailto:procurement@dnr.iowa.gov) so that it is received by the Issuing Officer no later **January 12, 2021 at 2:00 PM Central Time**. The Respondent must ensure the subject line of the email includes the RFP number as identified in the solicitation document. **This is a mandatory specification and will not be waived by the DNR.** Any Bid Proposal received after this deadline will be rejected. It is the Respondent's responsibility to ensure that the Bid Proposal is received prior to the deadline.

Respondents must furnish all information necessary to enable the DNR to evaluate the Proposal. Oral information provided by the Respondent will not be considered part of the Respondent's Proposal unless it is reduced to writing.

## **2.9 Proposal Opening**

The DNR will open Proposals after the deadline for submission of Proposals has passed. The Proposals will remain confidential until the DNR has issued a Notice of Intent to Award a Contract. See Iowa Code Section 72.3. However, the names of Respondents who submitted timely Proposals will be publicly available after the Proposal opening. The announcement of Respondents who timely submitted Proposals does not mean that an individual Proposal has been deemed technically compliant or accepted for evaluation.

## **2.10 Costs of Preparing the Proposal**

The costs of preparation and delivery of the Proposal are solely the responsibility of the Respondent.

## **2.11 No Commitment to Contract**

The DNR reserves the right to reject any or all Proposals received in response to this RFP at any time prior to the execution of the Contract. Issuance of this RFP in no way constitutes a commitment by the DNR to award a contract.

The DNR reserves the right to waive or permit cure of nonmaterial variances in the Proposal if, in the judgment of the DNR, it is in the State's best interest to do so. Nonmaterial variances include but are not limited to, minor failures to comply that: do not affect overall responsiveness, are merely a matter of form or format, do not change the relative standing or otherwise prejudice other Respondents, do not change the meaning or scope of the RFP, or do not reflect a material change in the specifications of the RFP. In the event the DNR waives or permits cure of nonmaterial variances, such waiver or cure will not modify the RFP specifications or excuse the Respondent from full compliance with RFP specifications or other Contract specifications if the Respondent is awarded the Contract. The determination of materiality is in the sole discretion of the DNR.

**2.14 Reference Checks**

The DNR reserves the right to contact any reference to assist in the evaluation of the Proposal, to verify information contained in the Proposal and to discuss the Respondent's qualifications and the qualifications of any subcontractor identified in the Proposal.

The DNR reserves the right to contact a Respondent after the submission of Proposals for the purpose of clarifying a Proposal. This contact may include written questions, interviews, site visits, a review of past performance if the Respondent has provided goods and/or services to the State or any other political subdivision wherever located, or requests for corrective pages in the Respondent's Proposal. The DNR will not consider information received from or through Respondent if the information materially alters the content of the Proposal or the type of goods and/or services the Respondent is offering to the DNR. An individual authorized to legally bind the Respondent must sign responses to any request for clarification. Responses must be submitted to the DNR within the time specified in the DNR's request. Failure to comply with requests for additional information may result in rejection of the Proposal.

**2.18 Disposition of Proposals**

All Proposals become the property of the State and will not be returned to the Respondent. Once the DNR issues a Notice of Intent to Award the Contract, the contents of all Proposals will be

public records available for inspection by interested parties, except for information for which Respondent properly requests confidential treatment according to exceptions provided in Iowa Code Chapter 22 or other applicable law.

**2.23 Evaluation of Proposals Submitted**

Proposals that are timely submitted and are not rejected will be reviewed and evaluated in accordance with Section 6 of the RFP. ## SECTION 4 DESCRIPTION OF WORK AND STATEMENT OF WORK

### Overview

The successful Respondent must provide the services to the State in accordance with the requirements as provided in this Scope of Work.

#### 4.1 Description of Work

The DNR seeks a service provider to remove undesirable and nuisance trees from approximately 17.3 total acres of the Hale's Slough Wildlife Management Area – specifically from the shoreline of Angler's Bay – located in Dickinson County, Iowa. Many trees are exceed 30 feet tall and 18" dbh and may be located on slopes up to 35%. Areas to be cleared consist predominantly of green ash, cottonwood, basswood, hackberry, box elder, and other nuisance species. Once removed, trees must be removed from the site by the successful Respondent. Trees (saw-log sized) may be temporarily placed and stacked in an area on-site as determined by the DNR until removal. Extraneous biomass materials (tree tops, limbs, small branches) may be stacked into compact piles at locations determined by the DNR's project manager for later burning or maceration. No grubbing or pulling of root balls will take place. The DNR anticipates the need for heavy equipment (excavators, bulldozers, skidders, grapples, or other equipment), chainsaws, and herbicides to complete this work

#### 4.2 Description of Statement of Work.

**Statement of Work.** Contractor must perform the following Tasks by the Task Milestone Dates set out in the following table:

Deliverable	Task Milestone Date
<b>Task 1:</b> Tree felling (17.3 acres m/l, varying stand density) <b>Description:</b> Contractor must use chainsaws and heavy equipment with appropriate attachments to fall all trees as denoted/directed by DNR District Forester (or Forester's designee) and as described in relevant forest management plan (Exhibit A) between January 21, 2021, and March 30, 2021; or between October 30, 2021 and March 30, 2022 to avoid incidental take of federally threatened Northern Long-eared Bat. All felled tree stumps must be cut to ground level to facilitate access of all areas by vehicle; low-cut stumps must be treated with appropriate herbicide (triclopyr 3, tradename Garlon 3A or equivalent) during subsequent growing season to maximize herbicide efficacy. Stumps may alternatively be ground with appropriate heavy equipment attachment.	No later than March 30, 2022
<b>Task 2:</b> Tree Girdling and Chemical Treatment <b>Description:</b> Contractor must, in consultation with Iowa DNR District Forester (or Forester's designee) double-girdle and apply appropriate herbicide treatment to any tree designated for removal that cannot be physically removed from the site due to slope, lean, size, or safety concern. Herbicide must be triclopyr 3 (tradename:	No later than August 31, 2022

Garlon 3A or equivalent) or other approved, aquatic system safe herbicide approved for use by DNR Project Manager prior to application. Practice must be applied at time of cutting to maximize herbicide efficacy.	
<b>Task 3:</b> Erosion control and bank stabilization <b>Description:</b> Contractor must, prior to ground freeze up, install erosion control measures (erosion fabric, silt fences, straw wattles, hay/straw bales or other) at all critical areas (areas with greater than 20% slope) above the lake shore to prevent soils loosened through heavy equipment work from entering the lake consisting of up to 2,000 feet or more.	Prior to any heavy equipment work – January 21, 2020 or October 30, 2021
<b>Task 4:</b> Removal of large biomass (17.3 acres m/l, varying stand density) <b>Description:</b> Contractor must remove all felled trees and any large, downed trees from the site. Heavy equipment will be used to move, stack, load, and remove trees from site. All heavy equipment work must be done on frozen ground, the time of which will be determined by DNR Project Manager and communicated to Contractor. Logs may be stacked temporarily (all removed no later August 31, 2022) away from critical erosion areas and lake shore to facilitate transport off site post- freeze up in an area designated by DNR Project Manager in a manner that minimizes rutting and seeding damage. The DNR reserves the right to determine if burning on-site in lieu of hauling logs is advantageous to the DNR.	No later than August 31, 2022
<b>Task 5:</b> Stacking and piling of tops and other materials <b>Description:</b> Contractor will, at their discretion, remove tops, limbs, branches, and other materials and stack into compacted piles for future burning by the DNR at an appropriate time. All non-removed materials must be piled to DNR Project Manager's satisfaction.	No later than August 31, 2022

#### **Respondent Minimum Requirements**

**Respondents or subcontractors must meet the following minimum requirements to be eligible for consideration:**

- At least one (1) excavator or skidder with tree puller, grapple or similar attachment, one (1) skid loader (or similar tracked small industrial forestry machine) with similar attachments, and one (1) semi, straight truck, logging truck, or flatbed trailer sufficient to remove saw-sized logs from site.
- Chain-saw safety certification for all individual saw operators (OSHA, NWCG, or other recognized certification), or for business as a whole.
- Pesticide Applicators Licensure from the Iowa Department of Agriculture and Land Stewardship (IDALS) for all individuals who may be applying chemical treatments.

<b>SECTION 6      EVALUATION AND SELECTION</b>
--

**6.1 Introduction**

This section describes the evaluation process that will be used to determine which Proposal(s) provides the greatest benefit to the State. DNR will not necessarily award the Contract to the Respondent offering the lowest cost to the DNR. Instead, the DNR will award to the Respondent whose Responsive Proposal the DNR believes will provide the best value to the State.

**6.2 Evaluation Committee**

The DNR will conduct a comprehensive, fair, and impartial evaluation of Proposals received in response to this RFP. The DNR will use an evaluation committee to review and evaluate the Technical Proposals. The evaluation committee will recommend an award based on the results of their evaluation to the DNR or to such other person or entity who must approve the recommendation.

**6.3 Technical Proposal Evaluation and Scoring**

All Technical Proposals will first be reviewed to determine if Respondent meets minimum requirements stated in section 4.2. The DNR will then conduct a comprehensive, fair, and impartial evaluation of Proposals received in response to this RFP. The DNR will use an Evaluation Committee to review and evaluate the Technical Proposals. The DNR Evaluation Committee will make its technical recommendation using the following technical criteria, which are listed in no particular order:

- a. Brief Company Overview including your capacity to complete the Statement of Work;
- b. Equipment to be used for completing the Statement of Work;
- c. Past performance of work that is identical or similar to the Statement of Work identified;
- d. Past performance of projects for Iowa DNR, USDA Natural Resources Conservation Service, U.S. Fish and Wildlife Service, County Conservation Boards, or other similar conservation entity;
- e. Experience and references that demonstrate, to the satisfaction of DNR, the expertise and ability of the Respondent to provide the Statement of Work described in the Informal RFP;
- f. The capacity of the Respondent to complete responsibilities described in the Statement of Work.

**6.4 Cost Proposal Scoring**

The Cost Proposals will remain sealed during the evaluation of the Technical Proposals. After the Technical Proposals are evaluated and scored, the Cost Proposals will be opened and scored.

To assist the DNR in evaluating, Cost Proposals may be evaluated and points awarded as follows:

- 1) The Cost Proposals will be ranked from least to most expensive.
- 2) The least expensive Cost Proposal will receive the maximum number of points available.
- 3) To determine the number of points to be awarded to all other Cost Proposals, the least expensive Cost Proposal will be used in all cases as the numerator. Each of the other Cost Proposals will be used as the denominator per the example below.

- 4) The percentage will then be multiplied by the maximum number of available points and the resulting number will be the cost points awarded to other compliant Respondents. Percentages and points will be rounded to the nearest whole value.

**Example:**

**Respondent A quotes \$35,000, Respondent B quotes \$45,000, and Respondent C quotes \$65,000.**

Respondent A:  $\frac{\$35,000}{\$35,000} =$  receives 100% of available points on cost.

Respondent B:  $\frac{\$35,000}{\$45,000} =$  receives 78% of available points on cost.

Respondent C:  $\frac{\$35,000}{\$65,000} =$  receives 54% of available points on cost.

**6.5 Total Score**

The compliant Respondent's Technical Proposal points will be added to its Cost Proposal points to obtain the total points awarded for the Proposal.

**6.6 Tied Score and Preferences**

**6.6.1** An award will be determined by a drawing when responses are received that are equal in all respects and tied in price. Whenever it is practical to do so, the drawing will be held in the presence of the Respondents who are tied in price. Otherwise the drawing will be made in front of at least three non-interested parties. All drawings will be documented.

**6.6.2** Notwithstanding the foregoing, if a tied score involves an Iowa-based Respondent or products produced within the State of Iowa and a Respondent based or products produced outside the State of Iowa, the Iowa Respondent will receive preference. If a tied score involves one or more Iowa Respondents and one or more Respondents outside the state of Iowa, a drawing will be held among the Iowa Respondents only.

**6.6.3** In the event of a tied score between Iowa Respondents, the DNR will contact the Iowa Employer Support of the Guard and Reserve (ESGR) committee for confirmation and verification as to whether the Respondents have complied with ESGR standards. Preference, in the case of a tied score, will be given to Iowa Respondents complying with ESGR standards.

**6.6.4** Second preference in tied scores will be given to Respondents based in the United States or products produced in the United States over Respondents based or products produced outside the United States.

**6.6.5** Preferences required by applicable statute or rule will also be applied, where appropriate.

## SECTION 7 CONTRACT TERMS AND CONDITIONS

### 7.1 Contract Terms and Conditions

The Contract that the DNR expects to award as a result of this RFP will comprise the specifications, terms and conditions of the RFP, written clarifications or changes made by the DNR to the RFP through an amendment to the RFP in accordance with the provisions of the RFP, the General Terms and Conditions, the offer of the successful Respondent contained in its Proposal, and any other terms deemed necessary by the DNR. No objection or amendment by a Respondent to the provisions or terms and conditions of the RFP or the General Terms and Conditions will be incorporated into the Contract unless DNR has explicitly accepted the Respondent's objection or amendment in writing.

The Contract terms and conditions in this Section 7 and the General Terms and Conditions will be incorporated into the Contract. The General Terms and Conditions may be supplemented at the time of contract execution and are provided to enable Respondents to better evaluate the costs associated with the RFP specifications and the Contract. All costs associated with complying with these specifications should be included in any pricing quoted by the Respondent.

**By submitting a Proposal, Respondent acknowledges its acceptance of the terms and conditions of the RFP and the General Terms and Conditions without change except as otherwise expressly stated in its Proposal. If the Respondent takes exception to a provision, it must identify it by page and section number, state the reason for the exception, and set forth in its Proposal the specific RFP or General Terms and Conditions language it proposes to include in place of the provision. If Respondent's exceptions or proposed responses materially alter the RFP, or if the Respondent submits its own terms and conditions or otherwise fails to follow the process described herein, the DNR may reject the Proposal, in its sole discretion.**

The DNR reserves the right to either award a Contract(s) without further negotiation with the successful Respondent or to negotiate Contract terms with the successful Respondent if the best interests of the State would be served.

### 7.2 Contract Length

The term of the Contract is intended to begin and end on the dates indicated on the RFP cover sheet. The DNR will have the sole option to renew the Contract upon the same or more favorable terms and conditions for up to the number of annual extensions identified on the RFP cover sheet. The effective date of the contract will not precede the date upon which both parties have signed the contract and the date upon which the contract is approved by the Natural Resources Commission, if such approval is required.

### 7.3 Insurance

The Contract will require the successful Respondent to maintain insurance coverage(s) in accordance with the insurance provisions of the General Terms and Conditions and of the type and in the minimum amounts set forth below, unless otherwise required by the DNR.

<b>Type of Insurance</b>	<b>LIMIT</b>	<b>AMOUNT</b>
General Liability (including contractual liability) written on an occurrence basis	General Aggregate Products – Comp/Op Aggregate Personal injury Each Occurrence	\$2 million  \$1 Million \$1 Million \$1 Million
Automobile Liability (including contractual liability) written on an occurrence basis	Combined single limit	\$1 Million
Property Damage	Each Occurrence Aggregate	\$1 Million \$1 Million
Workers Compensation and Employer Liability	As Required by Iowa law	A required by Iowa law

Acceptance of the insurance certificates by the Department will not act to relieve Contractor of any obligation under this Contract. It will be the responsibility of Contractor to keep the respective insurance policies and coverages current and in force during the life of this Contract. Contractor will be responsible for all premiums, deductibles and for any inadequacy, absence or limitation of coverage, and the Contractor will have no claim or other recourse against the State or the Department for any costs or loss attributable to any of the foregoing, all of which will be borne solely by the Contractor. Notwithstanding any other provision of this Contract, Contractor will be fully responsible and liable for meeting and fulfilling all of its obligations under this section of the Contract.

Re: RFP 21CRDWBRHARR-2110-rebid - PROPOSAL CERTIFICATIONS

Dear **Michael Gulick**:

I certify that the contents of the Proposal submitted on behalf of **[Name of Respondent]**\_\_\_\_\_ (Respondent) in response to DNR for 21CRDWBRHARR-2110-rebid for Dickinson County Wildlife Management Area (WMA) Tree Removal at Angler's Bay on Hales's Slough WMA are true and accurate. I also certify that Respondent has not knowingly made any false statements in its Proposal.

**Certification of Independence**

I certify that I am a representative of Respondent expressly authorized to make the following certifications in behalf of Respondent. By submitting a Proposal in response to the RFP, I certify in behalf of the Respondent the following:

1. The Proposal has been developed independently, without consultation, communication or agreement with any employee or consultant to the DNR or with any person serving as a member of the evaluation committee.
2. The Proposal has been developed independently, without consultation, communication or agreement with any other Respondent or parties for the purpose of restricting competition.
3. Unless otherwise required by law, the information found in the Proposal has not been and will not be knowingly disclosed, directly or indirectly prior to DNR's issuance of the Notice of Intent to Award the contract.
4. No attempt has been made or will be made by Respondent to induce any other Respondent to submit or not to submit a Proposal for the purpose of restricting competition.
5. No relationship exists or will exist during the contract period between Respondent and the DNR or any other State DNR that interferes with fair competition or constitutes a conflict of interest.

**Certification Regarding Debarment**

6. I certify that, to the best of my knowledge, neither Respondent nor any of its principals: (a) are presently or have been debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by a Federal DNR or State DNR; (b) have within a three year period preceding this Proposal been convicted of, or had a civil judgment rendered against them for commission of fraud, a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction, violation of antitrust statutes; commission of embezzlement, theft, forgery, falsification or destruction of records, making false statements, or receiving stolen property; (c) are presently indicted for or criminally or civilly charged by a government entity (federal, state, or local) with the commission of any of the offenses enumerated in (b) of this certification; and (d)

have not within a three year period preceding this Proposal had one or more public transactions (federal, state, or local) terminated for cause.

This certification is a material representation of fact upon which the DNR has relied upon when this transaction was entered into. If it is later determined that Respondent knowingly rendered an erroneous certification, in addition to other remedies available, the DNR may pursue available remedies including suspension, debarment, or termination of the contract.

#### **Certification Regarding Registration, Collection, and Remission of Sales and Use Tax**

7. Pursuant to *Iowa Code sections 423.2(10) and 423.5(4) (2016)* a retailer in Iowa or a retailer maintaining a business in Iowa that enters into a contract with a state DNR must register, collect, and remit Iowa sales tax and Iowa use tax levied under *Iowa Code chapter 423* on all sales of tangible personal property and enumerated services. The Act also requires Respondents to certify their compliance with sales tax registration, collection, and remission requirements and provides potential consequences if the certification is false or fraudulent.

By submitting a Proposal in response to the (RFP), the Respondent certifies the following: (check the applicable box)

- ☐ Respondent is registered with the Iowa Department of Revenue, collects, and remits Iowa sales and use taxes as required by *Iowa Code Chapter 423*; or
- ☐ Respondent is not a “retailer” or a “retailer maintaining a place of business in this state” as those terms are defined in *Iowa Code subsections 423.1(47) and (48)(2016)*.

Respondent also acknowledges that the DNR may declare the Respondent’s Proposal or resulting contract void if the above certification is false. The Respondent also understands that fraudulent certification may result in the DNR or its representative filing for damages for breach of contract in addition to other remedies available to DNR.

Sincerely,
