

## **Addendum 1 for RFP928300-02**

Project Name: CHMHI New Parking Area  
DAS RFP #: 928300-02  
DAS Project #: 9283.00  
Date: 10/04/2023

### **CONTRACTOR QUESTIONS**

- Q1. If any correspondence has been initiated or received from the State Historic Preservation Office (SHPO) regarding the Area of Potential Effect (APE) determination, please provide that correspondence to clarify the nature of work being required.
- A1. Yes, we have been in contact with SHPO and the current RFP is a result of their request for a Phase 1 archeological survey. SHPO has recommended an archeological investigation in accordance with AIA (Association of Iowa Archeologist) guidelines.
- Q2. Please clarify the depth and extent of new ground disturbance for each location including a narrative description of the project activities so we can determine the level of effort to clear the project for archaeological purposes;
- A2. See attachment 9283.00 Voldeng 10.03.23
- Q3. The Voldeng Building appears on the 1909 Sanborn Maps, which makes it age greater than 45 years old. As there will be structural alteration/additions to the building, has an Historic Architectural study/National Register evaluation already been completed or is that an aspect that is also needed for the scope of the project?
- A3. A Historic Architectural study/National Register evaluation is not included in the scope of this RFP

**END OF ADDENDUM**
