1. Questions:

1. Are there original photos of the basement stairs to show what and how they were constructed?

Answer: No, there are no original photos of the basement stairs.

2. Are there original photos of the chimney in the northeast kitchen to show its original condition?
There is a steel brace around the chimney that projects to the outside of the house and is anchored to a 2x6. Does the state want to remove or keep the 2x6 and brace?

Answer: No there are no original photos of the chimney in the NW kitchen. It is allowed to remove the steel brace around the chimney that projects to the outside of the house and is anchored to a 2x6 as long as the chimney is secure.
