Vendor Question	Answer
(1) 3.2.1 - Transmittal Letter: Is this something we create, as I did not see a template provided?	This will be something that the Vendor will create. The Department does not have a set template for the Transmittal Letter.
(2) 3.2.2 - Table of Contents: This section references a check list of submittals per Attachment #4. Attachment #4 is the Cost Proposal Form, so I would like to ask for clarification for where to find the check list of submittals.	Vendors can disregard the reference to Attachment #4 related to the Table of Contents. Attachment #4 is related to the Cost Proposal section. Please provide a Table of Contents on what is in the Proposal.
(3) 3.3 - Cost Proposal: This section refers to an Attachment #5, but there is not an Attachment #5 in the RFP. Can you please advise?	This would be Attachment #4, Cost Proposal. There is no Attachment #5.
(4) Attachment #4 - Cost Proposal Form: Are we required to use the Cost Proposal Form when we layout the proposed budget and narrative?	The Cost Proposal form in the RFP should be used when laying out Cost Proposal.
(5) Is there a range of estimated program funding allocated for this project?	There is no set range of estimated funding. The Vendor shall submit the Cost Proposal on what the costs would be to the Vendor to provide the work.
