Subject: 005-RFP-1157-2025 Gaming Market Study

Addendum Two

Please amend the subject RFP to include answers to the following timely received question(s):

- Q1. Will IRGC require that licensed casino operators provide the selected consultant with property-specific operating statistics, such as player tracking data indicating the number of visitors and expenditures by point of origin?
- A1. Historically, the Commission has provided the successful applicant with contact information for each of the current licensees in Iowa and the Commission has asked the licensed casinos to voluntarily cooperate by providing thorough and timely data as requested by the successful applicant. We plan to do the same with this study. It is our understanding that some privacy concerns by casino licensees have been resolved with NDAs with the successful applicant in the past.

Please acknowledge receipt of this addendum by signing in the space provided below, and return this letter with your proposal (do not send back separately).

I hereby acknowledge receipt of this addendum.
