The Issuing Officer will respond only to written questions regarding the procurement process. Questions related to the interpretation of this RFP must be submitted as provided in Section 2. Oral questions related to the interpretation of this RFP will not be accepted. Respondents may be disqualified if they contact any State employee other than the Issuing Officer about the RFP except that Respondents may contact the State Targeted Small Business Office on issues related to the preference for Targeted Small Businesses.

This section will not be construed as restricting communications related to the administration of any contract currently in effect between a Respondent and the State.

2.3 Downloading the RFP from the Internet

The RFP document and any addenda to the RFP will be posted at <http://bidopportunities.iowa.gov/>. The Respondent is advised to check the website periodically for Addenda to this RFP, particularly if the Respondent downloaded the RFP from the Internet as the Respondent may not automatically receive addenda. It is the Respondent's sole responsibility to check daily for addenda to posted documents.

2.4 Procurement Timetable

The dates provided in the procurement timetable on the RFP cover sheet are provided for informational and planning purposes. The DNR reserves the right to change the dates. If the DNR changes any of the deadlines for Respondent submissions, the DNR will issue an addendum to the RFP.

The DNR's written responses will become an addendum to the RFP. If the DNR decides to adopt a suggestion that modifies the RFP, the DNR will issue an addendum to the RFP.

The DNR assumes no responsibility for oral representations made by its officers or employees unless such representations are confirmed in writing and incorporated into the RFP through an addendum.

2.6 Amendment to the RFP

The DNR reserves the right to amend the RFP at any time using an addendum. The Respondent must acknowledge receipt of all addenda in its Proposal. If the DNR issues an addendum after the due date for receipt of Proposals, the DNR may, in its sole discretion, allow Respondents to amend their Proposals in response to the addendum.

Respondents must notify the Issuing Officer in writing prior to the due date for Proposals if they wish to completely withdraw their Proposals.

See Iowa Code Section 72.3. However, the names of Respondents who submitted timely Proposals will be publicly available after the Proposal opening. The announcement of Respondents who timely submitted Proposals does not mean that an individual Proposal has been deemed technically compliant or accepted for evaluation.

2.10 Costs of Preparing the Proposal

The costs of preparation and delivery of the Proposal are solely the responsibility of the Respondent.

2.11 No Commitment to Contract

The DNR reserves the right to reject any or all Proposals received in response to this RFP at any time prior to the execution of the Contract. Issuance of this RFP in no way constitutes a commitment by the DNR to award a contract.

but are not limited to, minor failures to comply that: do not affect overall responsiveness, are merely a matter of form or format, do not change the relative standing or otherwise prejudice other Respondents, do not change the meaning or scope of the RFP, or do not reflect a material change in the specifications of the RFP. In the event the DNR waives or permits cure of nonmaterial variances, such waiver or cure will not modify the RFP specifications or excuse the Respondent from full compliance with RFP specifications or other Contract specifications if the Respondent is awarded the Contract. The determination of materiality is in the sole discretion of the DNR.

SECTION 5 SPECIFICATIONS (RESERVED)

SECTION 6 EVALUATION AND SELECTION
--

6.1 Introduction

This section describes the evaluation process that will be used to determine which Proposal(s) provides the greatest benefit to the State. DNR will not necessarily award the Contract to the Respondent offering the lowest cost to the DNR. Instead, the DNR will award to the Respondent whose Responsive Proposal the DNR believes will provide the best value to the State.

6.2 Evaluation Committee

The DNR will conduct a comprehensive, fair, and impartial evaluation of Proposals received in response to this RFP. The DNR will use an evaluation committee to review and evaluate the Technical Proposals. The evaluation committee will recommend an award based on the results of their evaluation to the DNR or to such other person or entity who must approve the recommendation.

6.3 Technical Proposal Evaluation and Scoring

All Technical Proposals will first be reviewed to determine if they comply with the Mandatory Specifications. The Technical Proposals will then be evaluated and scored on the Scored Technical Specifications described in Section 5.1 and 5.2. To be deemed a Responsive Proposal, the Proposal must:

- Answer “Yes” to all parts of Section 5.1 and include supportive materials as required to demonstrate the Respondent will be able to comply with the Mandatory Specifications in that section and
- Obtain the minimum score for the Technical Proposal.

Evaluation Criteria. Evaluation of proposals will be based on the following criteria, which are not listed in any particular order of importance. Criterion: **(Possible 100 Points)**.

6.3.1 Cost. **(30 Points)**

6.3.2 Respondent’s professional experience and performance record. **(20 Points)**

6.3.3 Compliance and thoroughness of Respondent’s response to RFP Technical Proposal. **(20 Points)**

6.3.4 The capacity of the Respondent and Project Team to complete responsibilities described in the Statement of Work. **(20 Points)**

6.3.5 Respondent’s work plan to complete responsibilities described in the Statement of Work. **(10 Points)**

6.4 Cost Proposal Scoring

The Cost Proposals will remain sealed during the evaluation of the Technical Proposals and any demonstrations. Only prospective Respondents who obtain the minimum score for their Technical Proposal will be considered during the cost evaluation phase of the review process. When a Technical Proposal does not meet the minimum score, the associated Cost Proposal will remain unopened and will be returned to the Respondent upon request after the Lead State issues a

Notice of Intent to Award the Contract. After the Technical Proposals are evaluated and scored, the Cost Proposals will be opened and scored.

To assist the DNR in evaluating, Cost Proposals may be evaluated and points awarded as follows:

- 1) The Cost Proposals will be ranked from least to most expensive.
- 2) The least expensive Cost Proposal will receive the maximum number of points available.
- 3) To determine the number of points to be awarded to all other Cost Proposals, the least expensive Cost Proposal will be used in all cases as the numerator. Each of the other Cost Proposals will be used as the denominator per the example below.
- 4) The percentage will then be multiplied by the maximum number of available points and the resulting number will be the cost points awarded to other compliant Respondents. Percentages and points will be rounded to the nearest whole value.

Example:

Respondent A quotes \$35,000, Respondent B quotes \$45,000, and Respondent C quotes \$65,000.

Respondent A: $\frac{\$35,000}{\$35,000} = \text{receives 100\% of available points on cost.}$

Respondent B: $\frac{\$35,000}{\$45,000} = \text{receives 78\% of available points on cost.}$

Respondent C: $\frac{\$35,000}{\$65,000} = \text{receives 54\% of available points on cost.}$

6.5 Total Score

The compliant Respondent's Technical Proposal points will be added to its Cost Proposal points to obtain the total points awarded for the Proposal.

6.6 Tied Score and Preferences

6.6.1 An award will be determined by a drawing when responses are received that are equal in all respects and tied in price. Whenever it is practical to do so, the drawing will be held in the presence of the Respondents who are tied in price. Otherwise the drawing will be made in front of at least three non-interested parties. All drawings will be documented.

6.6.2 Notwithstanding the foregoing, if a tied score involves an Iowa-based Respondent or products produced within the State of Iowa and a Respondent based or products produced outside the State of Iowa, the Iowa Respondent will receive preference. If a tied score involves one or more Iowa Respondents and one or more Respondents outside the state of Iowa, a drawing will be held among the Iowa Respondents only.

6.6.3 In the event of a tied score between Iowa Respondents, the DNR will contact the Iowa Employer Support of the Guard and Reserve (ESGR) committee for confirmation and verification as to whether the Respondents have complied with ESGR standards.

Preference, in the case of a tied score, will be given to Iowa Respondents complying with ESGR standards.

- 6.6.4** Second preference in tied scores will be given to Respondents based in the United States or products produced in the United States over Respondents based or products produced outside the United States.
- 6.6.5** Preferences required by applicable statute or rule will also be applied, where appropriate.

SECTION 7 CONTRACT TERMS AND CONDITIONS

7.1 Contract Terms and Conditions

The Contract that the DNR expects to award as a result of this RFP will comprise the specifications, terms and conditions of the RFP, written clarifications or changes made by the DNR to the RFP through an amendment to the RFP in accordance with the provisions of the RFP, the General Terms and Conditions, the offer of the successful Respondent contained in its Proposal, and any other terms deemed necessary by the DNR. No objection or amendment by a Respondent to the provisions or terms and conditions of the RFP or the General Terms and Conditions will be incorporated into the Contract unless DNR has explicitly accepted the Respondent's objection or amendment in writing.

The Contract terms and conditions in this Section 7 and the General Terms and Conditions will be incorporated into the Contract. The General Terms and Conditions may be supplemented at the time of contract execution and are provided to enable Respondents to better evaluate the costs associated with the RFP specifications and the Contract. All costs associated with complying with these specifications should be included in any pricing quoted by the Respondent.

By submitting a Proposal, Respondent acknowledges its acceptance of the terms and conditions of the RFP and the General Terms and Conditions without change except as otherwise expressly stated in its Proposal. If the Respondent takes exception to a provision, it must identify it by page and section number, state the reason for the exception, and set forth in its Proposal the specific RFP or General Terms and Conditions language it proposes to include in place of the provision. If Respondent's exceptions or proposed responses materially alter the RFP, or if the Respondent submits its own terms and conditions or otherwise fails to follow the process described herein, the DNR may reject the Proposal, in its sole discretion.

The DNR reserves the right to either award a Contract(s) without further negotiation with the successful Respondent or to negotiate Contract terms with the successful Respondent if the best interests of the State would be served.

7.2 Contract Length

The term of the Contract is intended to begin and end on the dates indicated on the RFP cover sheet. The DNR will have the sole option to renew the Contract upon the same or more favorable terms and conditions for up to the number of annual extensions identified on the RFP cover sheet. The effective date of the contract will not precede the date upon which both parties have signed the contract.

7.3 Terms and Conditions for State of Iowa Purchasing Cards

The State of Iowa will pay Contractor's invoices using its Purchasing Card Program (Pcard) whenever possible. The Pcard is a VISA credit card issued by U.S. Bank to allow authorized employees to make purchases on behalf of the State. It is a faster, more convenient alternative to traditional invoicing and remittance processing, allowing US Bank to pay the Contractor

directly, generally within 48 hours of the transaction. Contractor will comply with security measures for Pcard payments including:

- Contractor will comply with Payment Card Industry Data Security Standard (PCI DSS) to assure confidential card information is not compromised;
- Contractor will adhere to Fair and Accurate Credit Transactions Act requirements that limit the amount of consumer and account information shared for greater security protection;
- Contractor will not write down card numbers or store card information. When accepting orders by phone, Contractor will process the transaction during the call and send itemized receipts (excluding card numbers) to the cardholder by fax, email, or mail (with delivery);
- Contractor will process payment for items when an order is placed only for items currently in stock and available for shipment, and only for services already rendered;
- Contractor will confirm that the name of purchaser matches the name on the card;
- Contractor will ensure Internet orders are processed via secure websites, featuring Verisign, TRUSTe, BBBOnline, or "https" in the web address;
- Contractor will shred any documentation with credit card numbers.

Re: 23DIRBFBPPAYT-0015- PROPOSAL CERTIFICATIONS

Dear **Philip Payton**:

I certify that the contents of the Proposal submitted on behalf of **[Name of Respondent]** (Respondent) in response to **DNR** for 23DIRBFBPPAYT-0015 for **Iowa Outdoor Magazine print services** are true and accurate. I also certify that Respondent has not knowingly made any false statements in its Proposal.

Certification of Independence

I certify that I am a representative of Respondent expressly authorized to make the following certifications in behalf of Respondent. By submitting a Proposal in response to the RFP, I certify in behalf of the Respondent the following:

1. The Proposal has been developed independently, without consultation, communication or agreement with any employee or consultant to the DNR or with any person serving as a member of the evaluation committee.
2. The Proposal has been developed independently, without consultation, communication or agreement with any other Respondent or parties for the purpose of restricting competition.
3. Unless otherwise required by law, the information found in the Proposal has not been and will not be knowingly disclosed, directly or indirectly prior to DNR's issuance of the Notice of Intent to Award the contract.
4. No attempt has been made or will be made by Respondent to induce any other Respondent to submit or not to submit a Proposal for the purpose of restricting competition.
5. No relationship exists or will exist during the contract period between Respondent and the DNR or any other State DNR that interferes with fair competition or constitutes a conflict of interest.

Certification Regarding Debarment

6. I certify that, to the best of my knowledge, neither Respondent nor any of its principals: (a) are presently or have been debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by a Federal DNR or State DNR; (b) have within a three year period preceding this Proposal been convicted of, or had a civil judgment rendered against them for commission of fraud, a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction, violation of antitrust statutes; commission of embezzlement, theft, forgery, falsification or destruction of records, making false statements, or receiving stolen property; (c) are presently indicted for or criminally or civilly charged by a government entity (federal, state, or local) with the commission of any of the offenses enumerated in (b) of this certification; and (d) have not within a three year period preceding this Proposal had one or more public transactions (federal, state, or local) terminated for cause.

This certification is a material representation of fact upon which the DNR has relied upon when this transaction was entered into. If it is later determined that Respondent knowingly rendered an erroneous certification, in addition to other remedies available, the DNR may pursue available remedies including suspension, debarment, or termination of the contract.

Certification Regarding Registration, Collection, and Remission of Sales and Use Tax

7. Pursuant to *Iowa Code sections 423.2(10) and 423.5(4) (2016)* a retailer in Iowa or a retailer maintaining a business in Iowa that enters into a contract with a state DNR must register, collect, and remit Iowa sales tax and Iowa use tax levied under *Iowa Code chapter 423* on all sales of tangible personal property and enumerated services. The Act also requires Respondents to certify their compliance with sales tax registration, collection, and remission requirements and provides potential consequences if the certification is false or fraudulent.

By submitting a Proposal in response to the (RFP), the Respondent certifies the following: (check the applicable box)

- ☐ Respondent is registered with the Iowa Department of Revenue, collects, and remits Iowa sales and use taxes as required by *Iowa Code Chapter 423*; or
- ☐ Respondent is not a “retailer” or a “retailer maintaining a place of business in this state” as those terms are defined in *Iowa Code subsections 423.1(47) and (48)(2016)*.

Respondent also acknowledges that the DNR may declare the Respondent’s Proposal or resulting contract void if the above certification is false. The Respondent also understands that fraudulent certification may result in the DNR or its representative filing for damages for breach of contract in addition to other remedies available to DNR.

Sincerely,
