12.1 Ownership and Assignment of Other Deliverables

Contractor agrees that the State and the Division shall become the sole and exclusive owners of all Deliverables. Contractor hereby irrevocably assigns, transfers, and conveys to the State and the Division all right, title and interest in and to all Deliverables and all intellectual property rights and proprietary rights arising out of, embodied in, or related to such Deliverables, including copyrights, patents, trademarks, trade secrets, trade dress, mask work, utility design, derivative works, and all other rights and interests therein or related thereto. Contractor represents and warrants that the State and the Division shall acquire good and clear title to all Deliverables, free from any claims, liens, security interests, encumbrances, intellectual property rights, proprietary rights, or other rights or interests of Contractor or of any third party, including any employee, agent, contractor, subcontractor, subsidiary, or affiliate of Contractor. The Contractor (and Contractor's employees, agents, contractors, subcontractors, subsidiaries, and affiliates) shall not retain any property interests or other rights in and to the Deliverables and shall not use any Deliverables, in whole or in part, for any purpose, without the prior written consent of the Division and the payment of such royalties or other compensation as the Division deems appropriate. Unless otherwise requested by Division, upon completion or termination of this Contract, Contractor will immediately turn over to Division all Deliverables not previously delivered to Division, and no copies thereof shall be retained by Contractor or its employees, agents, subcontractors, or affiliates, without the prior written consent of Division, except for copies maintained by the Contractor in accordance with its legal, disaster recovery and records retention requirements. Copies maintained for these sole purposes are subject to the Contractor's confidentiality obligations.

12.2 Waiver

To the extent any of Contractor's rights in any Deliverables are not subject to assignment or transfer hereunder, including any moral rights and any rights of attribution and of integrity, Contractor hereby irrevocably and unconditionally waives all such rights and enforcement thereof and agrees not to challenge the Division's or the State's rights in and to the Deliverables.

12.3 Further Assurances

At the Division's request, Contractor will execute and deliver such instruments and take such other action as may be requested by the Division to establish, perfect, or protect the Division's or the State's rights in and to the Deliverables and to carry out the assignments, transfers and conveyances set forth in this Contract.

SECTION 13: WARRANTIES

13.1 Construction of Warranties

Warranties made by the Contractor in this Contract shall not be construed as limiting or negating any warranty provided by law, including, without limitation, warranties that arise through course of dealing or usage of trade, whether: (1) this Contract specifically denominates the Contractor's promise as a warranty; or (2) the warranty is created by the Contractor's affirmation or promise, by a description of the Deliverables to be provided, or by provision of samples to the Division,. The warranties expressed in this Contract are intended to modify the warranties implied by law only to the extent that they expand the warranties

applicable to the Deliverables provided by the Contractor. The provisions of this section apply during the term of this Contract and any extensions or renewals thereof.

13.2 Representations and Warranties

The Contractor represents and warrants that:

- (a) All Deliverables shall be wholly original with and prepared solely by Contractor; or it owns, possesses, holds, and has received or secured all rights, permits, permissions, licenses and authority necessary to provide the Deliverables to the Division hereunder and to assign, grant and convey the rights, benefits, licenses and other rights assigned, granted or conveyed to the Division hereunder or under any license agreement related hereto without violating any rights of any third party;
- (b) Contractor has not previously and will not grant any rights in any Deliverables to any third party that are inconsistent with the rights granted to the Division herein;
- (c) The Division shall peacefully and quietly have, hold, possess, use, and enjoy the Deliverables without suit, disruption, or interruption.
- (d) Both the Deliverables (and all intellectual property rights and proprietary rights arising out of, embodied in, or related to such Deliverables); and the Division's use of, and exercise of any rights with respect to, the Deliverables (and all intellectual property rights and proprietary rights arising out of, embodied in, or related to such Deliverables), do not and will not, under any circumstances, misappropriate a trade secret or infringe upon or violate any copyright, patent, trademark, trade dress or other intellectual property right, proprietary right or personal right of any third party.
- (e) There is no pending or threatened claim, litigation or action that is based on a claim of infringement or violation of an intellectual property right, proprietary right or personal right or misappropriation of a trade secret related to the Deliverables. Contractor shall inform the Division in writing immediately upon becoming aware of any actual, potential, or threatened claim of or cause of action for infringement or violation of an intellectual property right, proprietary right, or personal right or misappropriation of a trade secret. If such a claim or cause of action arises or is likely to arise, then Contractor shall, at the Division's request and at the Contractor's sole expense: (1) procure for the Division the right or license to continue to use the Deliverable at issue; (2) replace such Deliverable with a functionally equivalent or superior Deliverable free of any such infringement, violation or misappropriation; (3) modify or replace the affected portion of the Deliverable with a functionally equivalent or superior Deliverable free of any such infringement, violation or misappropriation; or (4) accept the return of the Deliverable at issue and refund to the Division all fees, charges and any other amounts paid by the Division with respect to such

Deliverable. In addition, Contractor agrees to indemnify, defend, protect, and hold harmless the Division and the State and their officers, directors, employees, officials, and agents, as provided in the Indemnification section of this Contract, including for any breach of the representations and warranties made by Contractor in this section. The foregoing remedies shall be in addition to and not exclusive of other remedies available to the Division and shall survive termination of this Contract.

- (f) All services to be performed under this Contract shall be performed in a professional, competent, diligent, and skillful manner by knowledgeable, trained, and qualified personnel, all in accordance with the terms of this Contract and the standards of performance considered generally acceptable in the industry for similar tasks and projects. In the absence of a specification for the performance of any portion of this Contract, the parties agree that the applicable specification shall be the generally accepted industry standard. So long as the Division notifies Contractor of any services performed in violation of this standard, Contractor shall re-perform the services at no cost to the Division, such that the services are rendered in the above-specified manner, or if the Contractor is unable to perform the services as warranted, Contractor shall reimburse the Division any fees or compensation paid to Contractor for the unsatisfactory services.
- (g) The Deliverables will comply with any applicable federal, state, foreign and local laws, rules, regulations, codes, and ordinances in effect during the term of this Contract, including applicable provisions of Section 508 of the Rehabilitation Act of 1973 (29 USC § 794d), as amended, and all standards and requirements established by the Iowa Department of Administrative Services, and Iowa Office of the Chief Information Officer.
- (h) All obligations owed to third parties with respect to the activities contemplated to be undertaken by the Contractor pursuant to this Contract are or will be fully satisfied by the Contractor so that the Division will not have any obligations with respect thereto.

SECTION 14: CONTRACT ADMINISTRATION

14.1 Independent Contractor

The status of the Contractor shall be that of an independent contractor. The Contractor, its employees, agents, and any subcontractors performing under this Contract are not employees or agents of the State or any agency, division, or department of the State simply by virtue of work performed pursuant to this Contract. Neither the Contractor nor its employees shall be considered employees of the Division or the State for federal or state tax purposes simply by virtue of work performed pursuant to this Contract. The Division will not withhold taxes on behalf of the Contractor (unless required by law).

14.2 Compliance with the Law; Nondiscrimination in Employment.

- (a) The Contractor, its employees, agents, and subcontractors shall not engage in discriminatory employment practices which are forbidden by federal or state law, executive orders, and rules of the Iowa Department of Administrative Services. The Contractor, its employees, agents, and subcontractors shall comply with all applicable federal, state, and local laws, rules, ordinances, regulations, orders when performing under the Contract, including without limitation, all laws applicable to the prevention of discrimination in employment (e.g., Iowa Code chapter 216 and section 19B.7) and the use of targeted small businesses as subcontractors and suppliers. Upon the State's written request, the Contractor shall submit to the State a copy of its affirmative action plan, containing goals and time specifications, and accessibility plans and policies as required under Iowa Administrative Code chapter 11—121.
- (b) The Contractor, its employees, agents, and subcontractors shall also comply with all federal, state, and local laws, including any permitting and licensure requirements, in carrying out the work performed under this Contract.
- (c) In the event Contractor contracts with third parties for the performance of any of the Contractor obligations under this Contract as set forth in section 14.9, Contractor shall take such steps as necessary to ensure such third parties are bound by the terms and conditions contained in this section.
- (d) Notwithstanding anything in this Contract to the contrary, Contractor's failure to fulfill any requirement set forth in this section shall be regarded as a material breach of this Contract and the State may cancel, terminate, or suspend, in whole or in part, this Contract. The State may further declare Contractor ineligible for future state contracts in accordance with authorized procedures or the Contractor may be subject to other sanctions as provided by law or rule.

14.3 Non-Exclusive Rights

This Contract is not exclusive. The Division reserves the right to select other contractors to provide services similar or identical to those described in the Scope of Services described in this Contract during the term of this Contract.

14.4 Non-Supplanting Requirement

To the extent required by state or federal law, federal and state funds made available under this Contract shall be used to supplement and increase the level of state, local and other non-federal funds that would in the absence of such federal and state funds be made available for the programs and activities for which funds are provided and will in no event take the place of state, local and other non-federal funds.

14.5 Compliance with Iowa Code Chapter 8F

The Contractor shall comply with Iowa Code chapter 8F with respect to any subcontracts it enters into pursuant to this Contract. Any compliance documentation, including but not limited

to certifications, received from subcontractors by the Contractor shall be forwarded to the Division.

14.6 Amendments

This Contract may be amended in writing from time to time by mutual consent of the parties.

14.7 Third-Party Beneficiaries

There are no third-party beneficiaries to this Contract. This Contract is intended only to benefit the Division and the Contractor.

14.8 Use of Third Parties

The Division acknowledges that the Contractor may contract with third parties for the performance of any of the Contractor's obligations under this Contract. The Contractor shall notify the Division in writing of all subcontracts relating to Deliverables to be provided under this Contract prior to the time the subcontract(s) become effective. The Division reserves the right to review and approve all subcontracts. The Contractor may enter into these contracts to complete the project provided that the Contractor remains responsible for all Deliverables provided under this Contract. All restrictions, obligations and responsibilities of the Contractor under this Contract shall also apply to the subcontractors and the Contractor shall include in all of its subcontracts a clause that so states. The Division shall have the right to request the removal of a subcontractor from the Contract for good cause.

14.9 Choice of Law and Forum

The laws of the State shall govern and determine all matters arising out of or in connection with this Contract without regard to the conflict of law provisions of Iowa law. Any and all litigation commenced in connection with this Contract shall be brought and maintained solely in Polk County District Court for the State of Iowa, Des Moines, Iowa, or in the United States District Court for the Southern District of Iowa, Central Division, Des Moines, Iowa, wherever jurisdiction is appropriate. This provision shall not be construed as waiving any immunity to suit or liability including without limitation sovereign immunity in State or Federal court, which may be available to the Division or the State of Iowa.

14.10 Assignment and Delegation

Contractor may not assign, transfer, or convey in whole or in part this Contract without the prior written consent of the Division. For the purpose of construing this clause, a transfer of a controlling interest in the Contractor shall be considered an assignment. The Contractor may not delegate any of its obligations or duties under this Contract without the prior written consent of the Division. The Contractor may not assign, pledge as collateral, grant a security interest in, create a lien against, or otherwise encumber any payments that may or will be made to the Contractor under this Contract.

14.11 Integration

This Contract, including documents incorporated pursuant to the "Incorporation of Documents" section, represents the entire Contract between the parties. The parties shall not rely on any representation that may have been made which is not included in this Contract.

14.12 Headings or Captions

The paragraph headings or captions used in this Contract are for identification purposes only and do not limit or construe the contents of the paragraphs.

14.13 Not a Joint Venture

Nothing in this Contract shall be construed as creating or constituting the relationship of a partnership, joint venture, (or other association of any kind or agent and principal relationship) between the parties hereto. Each party shall be deemed to be an independent contractor contracting for services and acting toward the mutual benefits expected to be derived herefrom. No party, unless otherwise specifically provided for herein, has the authority to enter into any contract or create an obligation or liability on behalf of, in the name of, or binding upon another party to this Contract.

14.14 Joint and Several Liability

If the Contractor is a joint entity, consisting of more than one individual, partnership, corporation, or other business organization, all such entities shall be jointly and severally liable for carrying out the activities and obligations of this Contract, and for any default of activities and obligations.

14.15 Supersedes Former Contracts or Agreements

This Contract supersedes all prior contracts or agreements between the Division and the Contractor for the Deliverables to be provided in connection with this Contract.

14.16 Waiver

Except as specifically provided for in a waiver signed by duly authorized representatives of the Division and the Contractor, failure by either party at any time to require performance by the other party or to claim a breach of any provision of the Contract shall not be construed as affecting any subsequent right to require performance or to claim a breach.

14.17 Notice

- (a) Any and all notices, designations, consents, offers, acceptances or any other communication provided for herein shall be given in writing (i) by hand, (ii) by registered or certified mail, postage prepaid, return receipt requested; (iii) by a nationally recognized overnight courier service; or (iv) by electronic mail (with read receipt or other tracking mechanism to confirm receipt), which shall be addressed to each party as set forth as follows:

- (b) Each such notice shall be deemed to have been provided:

 - iii. Within five days after it is deposited in the U.S. Mail in the case of registered U.S. Mail.
- (c) From time to time, the parties may change the name and address of a party designated to receive notice. Such change of the designated person shall be in writing to the other party and as provided herein.

14.18 Cumulative Rights

The various rights, powers, options, elections, and remedies of any party provided in this Contract, shall be construed as cumulative and not one of them is exclusive of the others or exclusive of any rights, remedies or priorities allowed either party by law, and shall in no way affect or impair the right of any party to pursue any other equitable or legal remedy to which any party may be entitled.

14.19 Severability

If any provision of this Contract is determined by a court of competent jurisdiction to be invalid or unenforceable, such determination shall not affect the validity or enforceability of any other part or provision of this Contract.

14.20 Time is of the Essence

Time is of the essence with respect to the Contractor's performance of the terms of this Contract. Contractor shall ensure that all personnel providing Deliverables to the Division are responsive to the Division's requirements and requests in all respects.

14.21 Authorization

Contractor represents and warrants that:

- (a) It has the right, power, and authority to enter into and perform its obligations under this Contract.
- (b) It has taken all requisite action (corporate, statutory, or otherwise) to approve execution, delivery and performance of this Contract, and this Contract constitutes a legal, valid, and binding obligation upon itself in accordance with its terms.

14.22 Successors in Interest

All the terms, provisions, and conditions of the Contract shall be binding upon and inure to the benefit of the parties hereto and their respective successors, assigns and legal representatives.

14.23 Records Retention and Access

- (a) The Contractor shall maintain accurate, current, and complete records of the financial activity of this Contract which sufficiently and properly document and calculate all charges billed to the Division throughout the term of this Contract and for a period of at least five years following the date of final payment or completion of any required audit (whichever is later). If any litigation, claim, negotiation, audit, or other action involving the records has been started before the expiration of the five-year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular five-year period, whichever is later. The Contractor shall permit the Division, the Auditor of the State or any other authorized representative of the State and, where federal funds are involved, the Comptroller General of the United States or any other authorized representative of the United States government, to access and examine, audit, excerpt and transcribe any directly pertinent books, documents, papers, electronic or optically stored and created records or other records of the Contractor relating to orders, invoices or payments or any other documentation or materials pertaining to this Contract, wherever such records may be located. The Contractor shall not impose a charge for audit or examination of the Contractor's books and records. Based on the audit findings, the Division reserves the right to address the Contractor's board or other managing entity regarding performance and expenditures. Notwithstanding anything herein to the contrary, any audit hereunder must (i) be at the Division's sole expense, (ii) be upon reasonable advance notice to Contractor and during Contractor's normal business hours, (iii) not unreasonably interfere with the business operations of Contractor, (iv) absent Contractor's default, be limited to once in any twelve month period, unless otherwise required by law, (v) be limited to books, records and personnel of Contractor directly relating to the services performed under this Contract and (vi) at Contractor's request, be subject to the execution of a confidentiality agreement satisfactory to Contractor. In connection with any such audit, Contractor shall under no circumstances be required to breach (i) any obligations of confidentiality it may owe to any of its employees or any third-party client, unless ordered to do so by a court, or (ii) any applicable law.
- (b) Records of financial activity shall include records that adequately identify the source and application of funds. When the terms of this Contract require matching funds, cash contributions made by the Contractor and third party in-kind (property or service) contributions must be verifiable from the Contractor's records. These records must contain information pertaining to contract amount, obligations, unobligated balances, assets, liabilities, expenditures, income, and third-party reimbursements.
- (c) The Contractor shall maintain accounting records supported by source documentation that may include but are not limited to cancelled checks, paid bills, payroll, time and attendance records, and contract award documents.
- (d) The Contractor, in maintaining project expenditure accounts, records and reports, shall make any necessary adjustments to reflect refunds, credits,

underpayments or overpayments, as well as any adjustments resulting from administrative or compliance reviews and audits. Such adjustments shall be set forth in the financial reports filed with the Division.

- (e) The Contractor shall maintain a sufficient record keeping system to provide the necessary data for the purposes of planning, monitoring, and evaluating its program.

14.24 Qualifications of Staff

The Contractor shall be responsible for assuring that all persons, whether they are employees, agents, subcontractors, or anyone acting for or on behalf of the Contractor, are properly licensed, certified, or accredited as required under applicable state law and the Iowa Administrative Code. The Contractor shall provide standards for service providers who are not otherwise licensed, certified, or accredited under state law or the Iowa Administrative Code.

14.25 Solicitation

The Contractor represents and warrants that no person or selling agency has been employed or retained to solicit and secure this Contract upon an agreement or understanding for commission, percentage, brokerage, or contingency excepting bona fide employees or selling agents maintained for the purpose of securing business.

14.26 Obligations Beyond Contract Term

This Contract shall remain in full force and effect to the end of the specified term or until terminated pursuant to this Contract. All obligations of the Division and the Contractor incurred or existing under this Contract as of the date of expiration or termination will survive the termination or expiration of this Contract.

14.27 Counterparts

The parties agree that this Contract has been or may be executed in several counterparts, each of which shall be deemed an original and all such counterparts shall together constitute one and the same instrument.

14.28 Delays or Impossibility of Performance

Neither party shall be in default under the Contract if performance is prevented, delayed, or made impossible to the extent that such prevention, delay, or impossibility is caused by a “force majeure.” The term “force majeure” as used in this Contract includes an event that no human foresight could anticipate or which if anticipated, is incapable of being avoided. Circumstances must be abnormal and unforeseeable, so that the consequences could not have been avoided through the exercise of all due care, such as acts of God, war, civil disturbance, and other similar causes. The delay or impossibility of performance must be beyond the control and without the fault or negligence of the parties. “Force majeure” does not include: financial difficulties of the Contractor or any parent, subsidiary, affiliated or associated company of Contractor; claims or court orders that restrict Contractor’s ability to deliver the Deliverables contemplated by this Contract; strikes; labor unrest; or supply chain disruptions. If delay results from a subcontractor’s conduct, negligence, or failure to perform, the

Contractor shall not be excused from compliance with the terms and obligations of the Contract unless the subcontractor or supplier is prevented from timely performance by a “force majeure” as defined in this Contract. If a “force majeure” delays or prevents the Contractor’s performance, the Contractor shall immediately use its best efforts to directly provide alternate, and to the extent possible, comparable performance. Comparability of performance and the possibility of comparable performance shall be determined solely by the Division. The party seeking to exercise this provision and not perform or delay performance pursuant to a “force majeure” shall immediately notify the other party of the occurrence and reason for the delay. The parties shall make every effort to minimize the time of nonperformance and the scope of services not being performed due to the unforeseen events. Dates by which performance obligations are scheduled to be met will be extended only for a period of time equal to the time lost due to any delay so caused.

14.29 Suspensions and Debarment

The Contractor certifies pursuant to 48 CFR Part 9 that neither it nor its principles are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this Contract by any federal Division or State Division. The Contractor certifies that it is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in any contracts with the State of Iowa.

14.30 Conflict of Interest

Contractor represents, warrants, and covenants that no relationship exists or will exist during the Contract period between the Contractor and the Division that is a conflict of interest. No employee, officer or agent of the Contractor or subcontractor shall participate in the selection or in the award or administration of a subcontract if a conflict of interest, real or apparent, exists. The provisions of Iowa Code chapter 68B shall apply to this Contract. If a conflict of interest is proven to the Division, the Division may terminate this Contract, and the Contractor shall be liable for any excess costs to the Division as a result of the conflict of interest. The Contractor shall establish safeguards to prevent employees, consultants, or members of governing bodies from using their positions for purposes that are, or give the appearance of being, motivated by the desire for private gain for themselves or others with whom they have family, business, or other ties. The Contractor shall report any potential, real, or apparent conflict of interest to the Division.

14.31 Certification Regarding Sales and Use Tax

By executing this Contract, the Contractor certifies it is either (a) registered with the Iowa Department of Revenue, collects, and remits Iowa sales and use taxes as required by Iowa Code chapter 423; or (b) not a “retailer” or a “retailer maintaining a place of business in this state” as those terms are defined in Iowa Code subsections 423.1(47) & (48). The Contractor also acknowledges that the Division may declare the Contract void if the above certification is false. The Contractor also understands that fraudulent certification may result in the Division or its representative filing for damages for breach of contract.

14.32 Right to Address the Board of Directors or Other Managing Entity

The Division reserves the right to address the Contractor's board of directors or other managing entity of the Contractor regarding performance, expenditures, and any other issue as appropriate. The Division determines appropriateness.

14.33 Repayment Obligation

In the event that any State or federal funds are deferred or disallowed as a result of any audits or expended in violation of the laws applicable to the expenditure of such funds, the Contractor shall be liable to the Division for the full amount of any claim disallowed and for all related penalties incurred. The requirements of this paragraph shall apply to the Contractor as well as any subcontractors.

14.34 Further Assurances and Corrective Instruments

The parties agree that they will, from time to time, execute, acknowledge, and deliver, or cause to be executed, acknowledged, and delivered, such amendments hereto and such further instruments as may reasonably be required for carrying out the expressed intention of this Contract.

14.35 Immunity from Liability

Every person who is a party to the Contract is hereby notified and agrees that the State, the Division, and all their employees, agents, successors, and assigns are immune from liability and suit for or from Contractor's or subcontractors' activities involving third parties and arising from the Contract.

14.36 Public Records

The laws of the State require procurement records to be made public unless otherwise provided by law.

14.37 Use of Name or Intellectual Property

Contractor agrees it will not use the Division's or the State's name or any of its intellectual property, including but not limited to any State, State agency, board or commission trademarks or logos, in any manner, including commercial advertising or as a business reference, without the expressed prior written consent of the Division or the State.

14.38 Taxes

The State is exempt from Federal excise taxes, and no payment will be made for any taxes levied on Contractor's employee's wages. The State is exempt from State and local sales and use taxes on the Deliverables.

14.39 No Minimums Guaranteed

The contract does not guarantee any minimum level of purchases or any minimum amount of compensation.

14.40 Procurement

Contractor shall use procurement procedures that comply with all applicable federal, state, and local laws and regulations.

14.41 Incorporation of Documents

The parties acknowledge that the Contract consists of the Contract terms and conditions in the documents listed in the definition of “Contract” in section 4.2, unless otherwise stated in the Contract. The RFP and the Bid Proposal are incorporated into the Contract by this reference, except that no objection or amendment by the Contractor to the provisions of the RFP shall be incorporated by reference into the Contract unless the Division has explicitly accepted the Contractor’s objection or amendment in writing. If there is a conflict between the Contract, the RFP and the Bid Proposal, the conflict shall be resolved according to the following priority, ranked in descending order: (1) the Contract; (2) the RFP; (3) the Bid Proposal.

14.42 Intent of References to Bid Documents

The references to the parties’ obligations, which are contained in this Contract, are intended to supplement or clarify the obligations as stated in the RFP and the Bid Proposal. The failure of the parties to refer to the terms of the RFP or the Bid Proposal in this Contract shall not be construed as creating a conflict and will not relieve the Contractor of the contractual obligations imposed by the terms of the RFP and the Contractor’s Bid Proposal. The contractual obligations of the Division cannot be implied from the Bid Proposal.

SECTION 15. EXECUTION

IN WITNESS WHEREOF, in consideration of the mutual covenants set forth above and for other good and valuable consideration, the receipt, adequacy and legal sufficiency of which are hereby acknowledged, the parties have entered into the above Contract and have caused their duly authorized representatives to execute this Contract.
