1.4 Background

1.4.1 Iowa Department of Administrative Services Overview

The Iowa Department of Administrative Services (DAS) provides high-quality, affordable products and services to Iowa state government customers in a manner that empowers them to provide better service to the citizens of Iowa and support the State of Iowa in achieving economic growth. Through the Department's Historical and Library Services Enterprise, which contains the State Historical Society of Iowa, the Department empowers Iowans to build and sustain culturally vibrant communities by connecting them to the people, places and points of pride that define our state.

The Department's work enables Iowa to be recognized as a state that fosters creativity and serves as a catalyst for innovation where its stories are preserved and communicated to connect past, present and future generations. In addition, through the State Historical Society of Iowa, the Department strives to:

- Preserve and promote Iowa's collective heritage and unique sense of place;
- Engage diverse statewide audiences through education initiatives, exhibits and public programs;
- Provide tools, resources, and knowledge to promote networking, collaboration and best practices to nurture cultural leadership;
- Invest in people and projects that foster economic growth and enhance the cultural identity of local communities.

1.4.2 State Historical Society of Iowa Overview

The State Historical Society of Iowa (SHSI) has been a trustee of Iowa's historical legacy since 1857. SHSI fulfills its dual mission of preservation and education through the State Historical Museum, the State Archives & Historical Libraries (including Research Centers in Des Moines and Iowa City), and seven Historic Sites located across the state.

The State Historical Society is the only cultural institution in Iowa charged with collecting, caring for, exhibiting, and interpreting the history of the entire state. As such, the State Historical Society

serves as the primary repository for documents, objects, books, manuscript materials, and photographs related to the history of the state. The Society's collections in the State Historical Museum, State Historical Library, State Archives, Special Collections, and Historic Sites document the unique transition of Iowa from territory to state and the rich culture that has developed over more than 170 years.

SHSI's collection of Historic Sites includes:

- The Abbie Gardner Sharp Cabin (Arnolds Park, Dickinson County) allows visitors to learn one of Iowa's early stories of contact and conflict between Euro-American settlers and native peoples.
- The American Gothic House (Eldon, Wapello County) is an iconic part of American art history.
- Blood Run (Granite, Lyon County) is the largest known and most complex site associated with the Oneota tradition, ancestors of several modern day Native American tribes.
- The Matthew Edel Blacksmith Shop (Haverhill, Marshall County) provides an intimate window into the intersection of agricultural and industrial history in small-town Iowa.
- Montauk (Clermont, Fayette County) is the estate of Iowa's 12th Governor William Larrabee and was lived in by his family from 1874 – 1965.
- Plum Grove (Iowa City, Johnson County) is the home of Robert Lucas, Iowa's first Territorial Governor, and his family.
- Toolesboro Mounds (Toolesboro, Louisa County) are over 2000 years old and contain some of the best-preserved and accessible remnants of the Havana Hopewell culture.

1.4.3 Project Overview

Located on 183 acres near Larchwood, Iowa at coordinates 43°28'01.4"N 96°34'34.5"W, the Blood Run National Historic Landmark State Historic Site is the largest known and most complex site associated with participants in the Oneota tradition, ancestors of several present-day sovereign tribal nations. The site became a National Historic Landmark and was listed on the National Register of Historic Places in 1970. In 1987 SHSI assumed ownership of the property. At Blood Run, SHSI partners with the Iowa Department of Natural Resources (DNR) for operations and maintenance. The grounds are generally unimproved, with only a small parking area and a network of walking trails.

In 2016, the Iowa Blood Run Cultural Landscape Master Plan was developed in concert with tribal stakeholders, state and local government officials, public interest stakeholders and local landowners. The Master Plan guides the operation and development of Blood Run, with a key recommendation of the plan being the establishment of a sacred activities area to allow tribal partners to practice sacred/spiritual traditions at the site. The location identified by the Master Plan for this sacred activities area is adjacent to a natural spring which is considered a place of cultural importance to tribal stakeholders. The spring is co-located with the ruins of a settler farmstead and is encircled by some of those ruins. Thus, certain steps will need to be taken before a sacred activities area can be established. The actions listed below are the goals of this project.

1. Removing the ruins of a foundation at the farmstead that is currently surrounding the spring and preventing its free flow. SHSI has completed architectural (2020) and archaeological (2022) surveys, which found that the farmstead site is not separately eligible for listing on the National Register of Historic Places.
2. Restoring the spring to its unaltered, natural state.
3. Surveying the plant and animal life present at Blood Run.

Services shall begin upon execution of an agreement between SHSI and the successful respondent and will continue until the conclusion of the project. Work performed and recommended shall adhere to *The Secretary of the Interior's Standards for the Treatment of Historic Properties* as well as its *Guidelines for the Treatment of Cultural Landscapes* and all applicable local, state, and federal laws and regulations.

This project is funded by a grant from the National Park Service (NPS). NPS review and approval will be coordinated by SHSI and is required for all key personnel and project plans. Review times can be lengthy. Timelines for project activities may shift to accommodate NPS review.

Dates below are negotiable. Proposals should include a detailed timeline that accurately reflects your firm's schedule for each task.

- Early August 2024: Kickoff meeting
- August/September 2024: Conduct site visits and gather input from project stakeholders
- September – December 2024: Develop plans/specifications. Allow time for NPS review
- Spring 2025: Demolish foundation, restore spring
- 2024/2025 – On-site work for flora/fauna survey
- 2025: Present flora/fauna survey to SHSI and partners

1.4 Objectives

The selected respondent will work with SHSI to:

- Conduct a kickoff meeting with the owner and identified partners.
- Review existing reports and surveys from previous projects at the site.
- Conduct site visit(s) to develop a thorough understanding of existing conditions of the foundation, the spring, and the site.
- Solicit input from owner and identified partners.
- Demolish, remove, and dispose of the foundation currently enclosing the spring.
 - Foundation consists of walls of poured concrete, approximately 20'x30', 5' in height and ~18" thick.
- Conduct site work and other mitigation activities to restore the spring to its natural state.
 - Respondents should provide a proposed scope of work for the spring restoration.
 - Specific aspects of the spring restoration may be informed by consultation with tribal stakeholders.
- Produce a report that includes information on the flora and fauna present at the site.
 - As this information is seasonal in nature, observations at various times of year may be required.
- Conduct regular project update meetings with the owner and identified partners, either on-site or virtually. Number and frequency of meetings is negotiable.
- Present information and findings to the owner and identified partners.

Further context can be found in [this folder](#), including:

- Various photos showing the ruins at the farmstead site as well as general contextual views taken around the property. The sacred spring can be seen within the ruins of the concrete foundation.
- Satellite view showing the entire property, 183.16 acres, outlined in yellow. The approximate location of the farmstead is indicated with the red star.

- [This link](#) will take you to a Google Maps satellite view of the same area. The farmstead location is indicated with a pin.

The Agency will post written responses to questions, requests for clarifications, or suggestions received from Respondents in IMPACS.

The Agency assumes no responsibility for oral representations made by its officers or employees unless such representations are confirmed in writing and incorporated into the RFP through an addendum.

2.6 Amendment to the RFP

The Agency reserves the right to amend the RFP at any time using an addendum. The Respondent shall acknowledge receipt of all addenda in its Proposal. If the Agency issues an addendum after the due date for receipt of Proposals, the Agency may, in its sole discretion, allow Respondents to amend their Proposals in response to the addendum.

2.7 Amendment and Withdrawal of Proposal

The Respondent may amend or withdraw and resubmit its Proposal at any time before the Proposals are due. The proposal must be updated and submitted using IMPACS. Respondents must notify the Issuing Officer in writing prior to the due date for Proposals if they wish to completely withdraw their Proposals.

2.8 Submission of Proposals

Respondent must submit Proposal in the State's [IMPACS Electronic Procurement System](#) before the "Proposals Due" date and time listed on the RFP cover sheet. **This is a mandatory specification and will not be waived by the Agency. Any Proposal received after this deadline will be rejected and returned unopened to the Respondent.** Respondents sending Proposals must allow ample upload time to ensure timely receipt of their Proposals. It is the Respondent's responsibility to ensure that the Proposal is received prior to the deadline. Electronic mail and faxed Proposals will not be accepted. There is a 50MB per file size limitation, but no limit to number of files. Plan accordingly.

Respondents must furnish all information necessary to enable the Agency to evaluate the Proposal. Oral information provided by the Respondent will not be considered part of the Respondent's Proposal unless it is reduced to writing.

2.9 Proposal Opening

The Agency will open Proposals after the deadline for submission of Proposals has passed. The Proposals will remain confidential until the Agency has issued a Notice of Intent to Award a Contract. *See Iowa Code Section 72.3.* However, the names of Respondents who submitted timely Proposals will be publicly available after the Proposal opening. The announcement of Respondents who timely submitted Proposals does not mean that an individual Proposal has been deemed technically compliant or accepted for evaluation.

2.10 Costs of Preparing the Proposal

The costs of preparation and delivery of the Proposal are solely the responsibility of the Respondent.

2.11 No Commitment to Contract

The Agency reserves the right to reject any or all Proposals received in response to this RFP at any time prior to the execution of the Contract. Issuance of this RFP in no way constitutes a commitment by the Agency to award a contract.

2.12 Rejection of Proposals

The Agency may reject outright and not evaluate a Proposal for reasons including, without limitation:

2.12.1 The Respondent fails to deliver the Cost Proposal as a separate file.

- 2.12.2** The Respondent acknowledges that a mandatory specification of the RFP cannot be met.
- 2.12.3** The Respondent's Proposal changes a material specification of the RFP or the Proposal is not compliant with the mandatory specification of the RFP.
- 2.12.4** The Respondent's Proposal limits the rights of the Agency.
- 2.12.5** The Respondent fails to include information necessary to substantiate that it will be able to meet a specification of the RFP as provided in Section 4 of the RFP.
- 2.12.6** The Respondent fails to timely respond to the Agency's request for information, documents, or references.
- 2.12.7** The Respondent fails to include proposal security, if required.

- 2.12.10** The Respondent initiates unauthorized contact regarding the RFP with a State employee other than the Issuing Officer.
- 2.12.11** The Respondent provides misleading or inaccurate responses.
- 2.12.12** The Respondent's Proposal is materially unbalanced. A Proposal in which line item prices are structured so that it is possible that the Respondent who appears to be low will not end up having the lowest overall cost to the State, due to high prices on particular line items.
- 2.12.13** There is insufficient evidence (including evidence submitted by the Respondent and evidence obtained by the Agency from other sources) to satisfy the Agency that the Respondent is a Responsible Respondent.
- 2.12.14** The Respondent is a "scrutinized company" included on a "scrutinized company list" created by a public fund pursuant to Iowa Code section 12J.3.

2.13 Nonmaterial Variances

The Agency reserves the right to waive or permit cure of nonmaterial variances in the Proposal if, in the judgment of the Agency, it is in the State's best interest to do so. Nonmaterial variances include but are not limited to, minor failures to comply that: do not affect overall responsiveness, are merely a matter of form or format, do not change the relative standing or otherwise prejudice other Respondents, do not change the meaning or scope of the RFP, or do not reflect a material

change in the specifications of the RFP. In the event the Agency waives or permits cure of nonmaterial variances, such waiver or cure will not modify the RFP specifications or excuse the Respondent from full compliance with RFP specifications or other Contract specifications if the Respondent is awarded the Contract. The determination of materiality is in the sole discretion of the Agency.

2.14 Reference Checks

The Agency reserves the right to contact any reference to assist in the evaluation of the Proposal, to verify information contained in the Proposal and to discuss the Respondent's qualifications and the qualifications of any subcontractor identified in the Proposal.

2.15 Information from Other Sources

The Agency reserves the right to obtain and consider information from other sources concerning a Respondent, such as the Respondent's capability and performance under other contracts, the qualifications of any subcontractor identified in the Proposal, the Respondent's financial stability, past or pending litigation, and other publicly available information.

2.16 Verification of Proposal Contents

The content of a Proposal submitted by a Respondent is subject to verification. If the Agency determines in its sole discretion that the content is in any way misleading or inaccurate, the Agency may reject the Proposal.

2.17 Proposal Clarification Process

The Agency reserves the right to contact a Respondent after the submission of Proposals for the purpose of clarifying a Proposal. This contact may include written questions, interviews, site visits, a review of past performance if the Respondent has provided goods and/or services to the State or any other political subdivision wherever located, or requests for corrective pages in the Respondent's Proposal. The Agency will not consider information received from or through Respondent if the information materially alters the content of the Proposal or the type of goods and/or services the Respondent is offering to the Agency. An individual authorized to legally bind the Respondent shall sign responses to any request for clarification. Responses shall be submitted to the Agency within the time specified in the Agency's request. Failure to comply with requests for additional information may result in the rejection of the Proposal.

2.18 Disposition of Proposals

All Proposals become the property of the State and shall not be returned to the Respondent. Once the Agency issues a Notice of Intent to Award the Contract, the contents of all Proposals will be public records and be available for inspection by interested parties, except for information for which Respondent properly requests confidential treatment according to exceptions provided in *Iowa Code Chapter 22* or other applicable law.

2.19 Public Records and Requests for Confidential Treatment

The Agency's release of public records is governed by Iowa Code Chapter 22. Respondents are encouraged to familiarize themselves with Chapter 22 before submitting a Proposal. The Agency will copy and produce public records upon request as required to comply with Chapter 22 and will treat all information submitted by a Respondent as non-confidential records unless the Respondent requests specific parts of the Proposal be treated as confidential at the time of the

submission as set forth herein **AND the information is confidential under Iowa or other applicable law.**

2.20 Copyright Permission

By submitting a Proposal, the Respondent agrees that the Agency may copy the Proposal for purposes of facilitating the evaluation of the Proposal or to respond to requests for public records. By submitting a Proposal, the Respondent consents to such copying and warrants that such copying will not violate the rights of any third-party. The Agency shall have the right to use ideas or adaptations of ideas that are presented in Proposals.

2.21 Release of Claims

By submitting a Proposal, the Respondent agrees that it will not bring any claim or cause of action against the Agency or the State based on Respondent's misunderstanding concerning the information provided in the RFP or concerning the Agency's or the State's failure, negligent or otherwise, to provide the Respondent with complete, pertinent, or accurate information in this RFP, or for any failure to provide information that any Respondent might consider relevant for purposes of making a decision to submit a Proposal or to enter into any Contract resulting from this RFP.

2.22 Respondent Presentations

Respondents may be required to make a presentation. The determination as to need for presentations, and the location, order, and schedule of the presentations is at the sole discretion of the Agency. The presentation may include slides, graphics and other media selected by the Respondent to illustrate the Respondent's Proposal. The presentation shall not materially change the information contained in the Proposal.

2.23 Evaluation of Proposals Submitted

Proposals that are timely submitted and are not rejected will be reviewed in accordance with Section 5 of the RFP. The Agency will not necessarily award a Contract resulting from this RFP to the Respondent offering the lowest cost. Instead, the Agency will award the Contract(s) to the Responsible Respondent(s) whose Responsive Proposal the Agency believes will provide the best value to the Agency and the State.

2.24 Award Notice and Acceptance Period

Notice of Intent to Award the Contract(s) will be sent to all Respondents submitting a timely Proposal and may be posted at the website shown on the RFP cover sheet. Negotiation and execution of the Contract(s) shall be completed no later than thirty (30) days from the date of the Notice of Intent to Award or such other time as designated by the Agency. If the successful Respondent fails to negotiate and deliver an executed Contract by that date, the Agency, in its sole discretion, may cancel the award and award the Contract to the remaining Respondent the Agency believes will provide the best value to the State.

2.25 No Contract Rights until Execution

No Respondent shall acquire any legal or equitable rights regarding the Contract unless and until the Contract has been fully executed by the successful Respondent and the Agency.

2.26 Choice of Law and Forum

This RFP and the Contract shall be governed by the laws of the State of Iowa. Changes in applicable laws and rules may affect the award process or the Contract. Respondents are responsible for ascertaining pertinent legal requirements and restrictions. Any and all litigation or actions commenced in connection with this RFP shall be brought in the appropriate Iowa forum.

2.27 Preference

By virtue of statutory authority, a preference will be given to products and provisions grown and coal produced within the state of Iowa. Preference application: Tied responses to solicitations, regardless of the type of solicitation, are decided in favor of Iowa products and Iowa-based businesses per 11 IAC 117.5(1)-(2), 117.12(4).

2.28 Restrictions on Gifts and Activities

Iowa Code Chapter 68B restricts gifts which may be given or received by State employees and requires certain individuals to disclose information concerning their activities with State government. Respondents are responsible to determine the applicability of this Chapter 68B to their activities and to comply with its requirements. In addition, pursuant to *Iowa Code section 722.1*, it is a felony offense to bribe or attempt to bribe a public official.

2.29 No Minimum Guaranteed

SECTION 4 SPECIFICATIONS

Overview

The successful Respondent shall provide the goods and/or services to the State in accordance with the specifications and technical specifications as provided in this Section. The Respondent shall address each specification in this Section and indicate whether or not it will comply with the specification. If the context requires more than a yes or no answer or the section specifically indicates, Respondent shall explain how it will comply with the specification. Proposals must address each specification. Merely repeating the specifications may be considered non-responsive and may disqualify the Respondent. Proposals must identify any deviations from the specifications of this RFP or specifications the Respondent cannot satisfy. If the Respondent deviates from or cannot satisfy the specification (s) of this section, the Agency may reject the Proposal.

All items listed in this section are Mandatory Specifications. Respondents must indicate either **“yes”** or **“no”** to each specification in their Proposals and provide an explanation as to how the specification is met. By indicating **“yes”** a Respondent agrees that it shall comply with that specification throughout the full term of the Contract, if the Respondent is successful. In addition, if specified by the specifications or if the context otherwise requires, the Respondent shall provide references and/or supportive materials to verify the Respondent’s compliance with the specification. The Agency shall have the right to determine whether the supportive information and materials submitted by the Respondent demonstrate that the Respondent will be able to comply with the Mandatory Specifications. If the Agency determines the responses and supportive materials do not demonstrate the Supplier will be able to comply with the Mandatory Specifications, the Agency may reject the Proposal.

SECTION 5 EVALUATION AND SELECTION
--

5.1 Introduction

This section describes the evaluation process that will be used to determine which Proposal(s) provides the greatest value to the State. Agency will not necessarily award the Contract to the Respondent offering the lowest cost to the Agency. Instead, the Agency will award to the Respondent whose Responsive Proposal the Agency believes will provide the best value to the State.

5.2 Evaluation Committee

The Agency will use an evaluation committee to conduct a comprehensive, fair, and impartial evaluation of Technical Proposals received in response to this RFP. The evaluation committee will recommend an award based on the results of their evaluation to the Agency or to another person or entity that must approve the recommendation.

5.3 Technical Proposal Evaluation and Scoring

All Technical Proposals will be evaluated to determine if they comply with the Mandatory Specifications. The evaluation committee will fully evaluate and score all Responsive Proposals submitted by Responsible Respondents in accordance with this Section. In addition to other RFP requirements, to be deemed a Responsive Proposal, the Technical Proposal must:

- Answer “Yes” to all parts of Section 4 and include supportive materials as required to demonstrate the Respondent will be able to comply with the Mandatory Specifications in that section and
- Obtain the minimum score for the Technical Proposal. If a Technical Proposal does not meet the minimum score, it will be rejected and the Respondent’s Cost Proposal will not be evaluated.

An addendum identifying the points assigned to the scoring criteria and identifying the minimum score for the Technical Proposal will be posted prior to the RFP closing.

5.4 Cost Proposal Scoring

After the Technical Proposals are evaluated and scored, the Cost Proposals will be opened and scored.

The Cost Proposals will remain sealed during the evaluation of the Technical Proposals and any demonstrations. Only prospective Respondents who obtain the minimum score for their Technical Proposal will be considered during the cost evaluation phase of the review process. When a Technical Proposal does not meet the minimum score, the associated Cost Proposal will remain unopened and will be returned to the Respondents upon request after the Lead State issues a Notice of Intent to Award the Contract. After the Technical Proposals are evaluated and scored, the Cost Proposals will be opened and scored.

To assist the Agency in evaluating, Cost Proposals may be evaluated and points awarded as follows:

- 1) The Cost Proposals will be ranked from least to most expensive.
- 2) The least expensive Cost Proposal shall receive the maximum number of points available.

- 3) To determine the number of points to be awarded to all other Cost Proposals, the least expensive Cost Proposal will be used in all cases as the numerator. Each of the other Cost Proposals will be used as the denominator per the example below.
- 4) The percentage will then be multiplied by the maximum number of available points and the resulting number will be the cost points awarded to other compliant Respondents. Percentages and points will be rounded to the nearest whole value.

Example:

Respondent A quotes \$35,000; Respondent B quotes \$45,000 and Respondent C quotes \$65,000.

Respondent A: $\frac{\$35,000}{\$35,000}$ = receives 100% of available points on cost.

Respondent B: $\frac{\$35,000}{\$45,000}$ = receives 78% of available points on cost.

Respondent C: $\frac{\$35,000}{\$65,000}$ = receives 54% of available points on cost.

5.5 Tied Score and Preferences

- 5.5.1 An award shall be determined by a drawing when responses are received that are equal in all respects and tied in price. Whenever it is practical to do so, the drawing will be held in the presence of the Respondents who are tied in price. Otherwise the drawing will be made in front of at least three non-interested parties. All drawings shall be documented.
- 5.5.2 Notwithstanding the foregoing, if a tied score involves an Iowa-based Respondent or products produced within the State of Iowa and a Respondent based or products produced outside the State of Iowa, the Iowa Respondent will receive preference. If a tied score involves one or more Iowa Respondents and one or more Respondents outside the state of Iowa, a drawing will be held among the Iowa Respondents only.
- 5.5.3 In the event of a tied score between Iowa Respondents, the Agency shall contact the Iowa Employer Support of the Guard and Reserve (ESGR) committee for confirmation and verification as to whether the Respondents have complied with ESGR standards. Preference, in the case of a tied score, shall be given to Iowa Respondents complying with ESGR standards.
- 5.5.4 Second preference in tied scores will be given to Respondents based in the United States or products produced in the United States over Respondents based or products produced outside the United States.
- 5.5.5 Preferences required by applicable statute or rule shall also be applied, where appropriate.

SECTION 6 CONTRACT TERMS AND CONDITIONS

6.1 Contract Terms and Conditions

The Contract that the Agency expects to award as a result of this RFP shall comprise the specifications, terms and conditions of the RFP, written clarifications or changes made by the Agency to the RFP through an amendment to the RFP in accordance with the provisions of the RFP, the Terms and Conditions, the offer of the successful Respondent contained in its Proposal, and any other terms deemed necessary by the Agency. No objection or amendment by a Respondent to the provisions or terms and conditions of the RFP or the Terms and Conditions shall be incorporated into the Contract unless Agency has explicitly accepted the Respondent's objection or amendment in writing.

The Contract terms and conditions in this Section 6, the General Terms and Conditions to the extent referenced and linked to on the RFP cover page, and/or any Terms and Conditions attached to and accompanying this RFP as an attachment hereto, will be incorporated into the Contract. The Terms and Conditions may be supplemented at the time of contract execution and are provided to enable Respondents to better evaluate the costs associated with the RFP specifications and the Contract. All costs associated with complying with such Terms and Conditions should be included in any pricing quoted by the Respondent.

By submitting a Proposal, Respondent acknowledges its acceptance of the terms and conditions of the RFP and the Terms and Conditions without change except as otherwise expressly stated in its Proposal. If the Respondent takes exception to a provision, it must identify it by page and section number, state the reason for the exception, and set forth in its Proposal the specific RFP or Terms and Conditions language it proposes to include in place of the provision. If Respondent's exceptions or proposed responses materially alter the RFP, or if the Respondent submits its own terms and conditions or otherwise fails to follow the process described herein, the Agency may reject the Proposal, in its sole discretion.

The Agency will evaluate all Proposals without regard to any proposed modifications to any terms and conditions of the RFP or Terms and Conditions by Contractor. Once a Proposal has been identified as the one for which an Award recommendation has been made, but prior to notifying Respondents of the decision, the Agency, in its sole discretion, may consider any proposed modifications to the terms and conditions of the RFP or Terms and Conditions identified in that Proposal. The Agency reserves the right to either award a Contract(s) without further negotiation with the successful Respondent or to negotiate Contract terms with the successful Respondent if the best interests of the State would be served. As such, if any proposed modifications are not determined to be in the best interests of the State, or appear to pose a substantial impediment to reaching agreement, the Agency may, in its sole discretion:

- 6.1.1** Issue a Notice of Intent to Award in favor of the successful Respondent, but decline to agree to or further negotiate any proposed modifications to terms and conditions identified by the Respondent in its Proposal;
- 6.1.2** Issue a Notice of Intent to Award in favor of the successful Respondent, and identify in the Notice proposed modifications to terms and conditions identified by the Respondent in its Proposal with which the agency will or will not agree or further negotiate;

- 6.1.3** Enter open-ended negotiations with the successful Respondent; provided, that any such negotiations shall be limited to the proposed modifications to terms and conditions identified by Respondent in its Proposal;
- 6.1.4** Change the Agency’s recommendation for Award and issue a Notice of Intent to Award to a Respondent whose proposal does not pose as great of a challenge to the Agency.

Any ambiguity, vagueness, inconsistency or conflict, either internal to such modification(s) or arising when read in conjunction with other portions of the Contract, shall be construed strictly in favor of the State. Only those proposed modifications identified in the Notice of Intent to Award issued by the Agency as terms and conditions with which the agency will or will not agree or further negotiate shall be part of the Contract, and the State may ignore all proposed modifications, accept one or more and ignore others, accept all or, through negotiations after an award, agree to compromise language concerning one or more proposed modifications to be incorporated into a final Contract between the parties. By executing and submitting its Proposal in response to this RFP, Respondent understands and agrees that the State may exercise its discretion not to consider any or all proposed modifications Respondent may request and may accept Respondent’s proposal under the terms and conditions of this RFP and the Terms and Conditions.

6.2 Contractual Terms and Conditions – No Material Changes/Non-Negotiable

Notwithstanding anything in this RFP to the contrary, Respondent may not take exception to or propose including language in any resulting contract that conflicts with or is otherwise inconsistent with the following:

6.2.1 Indemnification

Without specific authority to do so, the State, or agencies, cannot enter into agreements indemnifying Respondents, or any other entity, against third-party claims. A clause that intends to seek indemnification from the State, whether or not the clause contains the words “indemnity” or “indemnify,” are not clauses to which the State may agree. The State will not agree to clause that includes the language “to the extent permitted by law” because, as explained, the State cannot indemnify Respondents to any extent.

6.2.2 Limitation of Liability

Iowa Code section 8A.311(22) and 11 Iowa Admin. Code Chapter 120 establish the rules to allow for the State to agree to a contractual limitation of vendor liability clause in limited circumstances. Any request by Respondent for the State to limit damages not in accordance with Iowa law or administrative rules is a request with which the State cannot agree.

6.2.3 Jurisdiction and Venue

Iowa Code chapter 13 establishes that the Iowa Attorney General is the State’s attorney for all purposes, including management of litigation and claims against the state. The State may not preempt the Attorney General’s authority by agreeing in advance to control the way litigation may be managed in the event of a dispute. Likewise, the State cannot agree to the jurisdiction or laws of another state or its courts, cannot agree to venue in

another state, and cannot agree to participate in any form of alternative dispute resolution.

6.2.4 Confidentiality

All Iowa state agencies are subject to Iowa public records laws. The State cannot agree to contractual terms that attempt to prevent it from disclosing or disseminating records that constitute public records under Iowa Code chapter 22.

6.2.5 Unliquidated Expenses (i.e., Attorney Fees, Add-ons, or Cost Increases)

The State may not agree to clauses which may obligate it to pay for claims that might exceed its current funding appropriation. The State may only obligate those funds that have been appropriated to it by the Iowa Legislative Assembly and may only obligate those funds for the purposes for which the funds were appropriated.

6.3 Special Terms and Conditions

6.3.1 Payment Terms

6.3.1.1 Payment Methods

The State of Iowa, in its sole discretion, will determine the method of payment for goods and/or services as part of the Contract. The State Pcard and EAP are preferred payment methods, but payments may be made by any of the following methods: Pcard/EAP, EFT/ACH, or State Warrant. Respondents shall indicate in their Cost Proposals all of the payment methods they will accept. **This information will not be scored as part of the Cost Proposal or evaluated as part the Technical Proposal.**

6.3.1.2 Electronic Funds Transfer (EFT) by Automated Clearing House (ACH)

The State of Iowa may make payment by EFT by ACH. Payments are deposited into the financial institution of the claimant's choice three working days from the issue date of the direct deposit.

6.3.1.4 Credit card or ePayables

The State of Iowa's Purchasing Cards (Pcards) and ePayable solution (EAP) are commercial payment methods utilizing the VISA credit card network. The State of Iowa will not accept price changes or pay additional fees if Respondent uses the Pcard or EAP payment methods. Pcard-accepting Respondents must abide by the State of Iowa's Terms of Pcard Acceptance. Respondents must provide a statement regarding their ability to meet the requirements I this subsection, as well as identifying their transaction reporting capabilities (Level I, II, or III).

6.3.1.5 Terms and Conditions for State of Iowa Purchasing Cards

The State of Iowa shall pay Contractor's invoices using its Purchasing Card Program (Pcard) whenever possible. The Pcard is a VISA credit card issued by U.S. Bank to allow authorized employees to make purchases on behalf of the State. It is a faster, more convenient alternative to traditional invoicing and remittance processing, allowing US Bank to pay the Contractor directly, generally within 48 hours of the transaction. Contractor shall comply with security measures for Pcard payments including:

6.3.1.5.1 Contractor shall comply with Payment Card Industry Data Security Standard (PCI DSS) to assure confidential card information is not compromised;

6.3.1.5.2 Contractor shall adhere to Fair and Accurate Credit Transactions Act requirements that limit the amount of consumer and account information shared for greater security protection;

6.3.1.5.3 Contractor shall not write down card numbers or store card information. When accepting orders by phone, Contractor shall process the transaction during the call and send itemized receipts (excluding card numbers) to the cardholder by fax, email, or mail (with delivery);

6.3.1.5.4 Contractor shall process payment for items when an order is placed only for items currently in stock and available for shipment, and only for services already rendered;

6.3.1.5.5 Contractor shall confirm that the name of purchaser matches the name on the card;

6.3.1.5.6 Contractor shall ensure Internet orders are processed via secure websites, featuring Verisign, TRUSTe, BBBOnline, or "https" in the web address;

6.3.1.5.7 Contractor shall shred any documentation with credit card numbers.

6.3.1.6 Payment Terms

Per Iowa Code 8A.514 the State of Iowa is allowed sixty (60) days to pay an invoice submitted by a Contractor.

6.3.1.7 Respondent Discounts

Respondents shall state in their Cost Proposals whether they offer any payment discounts.

6.3.1.8 Prompt Payment Discount

The State can agree to pay in less than sixty (60) days if an incentive for earlier payment is offered.

6.3.1.9 Invoices

Any invoices submitted must comply with applicable rules concerning payment of claims, including but not limited to those set forth at Iowa Administrative Code chapter 11—41.

6.3.2 Insurance

The Contract will require the successful Respondent to maintain insurance coverage(s) in accordance with the insurance provisions of the General Terms and Conditions and of the type and in the minimum amounts set forth below, unless otherwise required by the Agency.

Contractor shall be responsible for all premiums, deductibles and for any inadequacy, absence or limitation of coverage, and the Contractor shall have no claim or other recourse against the State or the Department for any costs or loss attributable to any of the foregoing, all of which shall be borne solely by the Contractor. Notwithstanding any other provision of this Contract, Contractor shall be fully responsible and liable for meeting and fulfilling all of its obligations under this section of the Contract.

6.3.3 Performance Security

The Contract may require the Respondent to provide security for performance [e.g. performance bond, escrow, letter of credit, liquidated damages]. Agency shall retain ten

percent (10%) of each payment due under the Contract. Agency shall pay the retained amount only after all Deliverables have been completed by Contractor and accepted by the Agency.

6.4 Order of Precedence

If there is a conflict or inconsistency between any documents comprising the Terms and Conditions, such conflict or inconsistency shall be resolved according to the following priority, ranked in descending order: (1) any terms and conditions specifically set forth in this Section 6 (Contract Terms and Conditions & Administration) under a subsection with a heading entitled Special Terms & Conditions; (2) the General Terms and Conditions for Services Contracts or Goods Contracts to the extent referenced and linked to on the RFP cover page the Contract; (3) if neither the General Terms and Conditions for Service Contracts or Goods Contracts are linked to on the RFP cover page, any terms and conditions attached to and accompanying this RFP as attachment 5 (Terms and Conditions); and (4) any terms and conditions specifically set forth in this Section 6 (Contract Terms and Conditions & Administration) set forth under a subsection with a title other than Special Terms & Conditions.
