Craig Trotter
Iowa Department of Administrative Services
Hoover State Office Building, Level 3
1305 East Walnut Street
Des Moines, IA 50319-0105

Dear Mr. Trotter:

LexisNexis appreciates the opportunity to respond to the Iowa Department of Administrative Services (DAS) Request for Bids No. RFB1522005021 "Online Legal Research." LexisNexis is a global leader in the information industry, providing online access to primary and secondary legal materials, news, business information, public records, and investigative research solutions.

The powerful functionality of LexisNexis solutions can enhance the ability of Iowa agencies to protect and serve the people in your state. Thousands of state and local government agencies nationwide choose LexisNexis solutions because we can help reduce costs while increasing productivity. Consider these advantages from LexisNexis:

- LexisNexis offers more than 3,000 municipal codes from across the nation; Our closest competitor only offers one.
- Lexis is the industry's premier resource for primary law with the most comprehensive collection of case law, statutes and regulations.
- More summarized federal and state cases than our closest competitor, including more in Iowa.
- Overall cases are placed online faster than our closest competitor over 79% of the time.
- The most extensive public records collection available. LexisNexis offers more than 87 billion records drawn from approximately 10,000 sources – and our database includes exclusive Iowa public records advantages. Patented linking technology instantly makes data connections between individuals and businesses, providing entity resolution that can't be matched.
- *Shepard's* Citation Services – Uniquely covers the full spectrum of editorial analysis, from negative to neutral to true positive. Users can check whether a case or statute is still good law with one click using intuitive *Shepard's* tools. *Shepard's* Citation Services now includes *Shepard's* At Risk, a new tool which provides unprecedented visibility into whether a case is at risk of being overruled or undermined.

To ensure a smooth transition to our services, a dedicated LexisNexis account team, including a new-customer onboarding specialist, will provide expert support and training to all Iowa agencies new to our services. This team is supplemented by 24/7 telephonic research and technical customer support, and on-demand Webinar training.

We look forward to discussing this proposal with you. Meanwhile, if you have any questions please contact Contract Manager Gaurang Dave by phone at (202) 365-6548 or by email at Gaurang.Dave@LNSSI.com.

Sincerely,

A handwritten signature in dark ink, appearing to read "Micah Asch".

Micah Asch
Manager, Proposal Development

Part 2 - Confidential Treatment is Requested

The below information is to be completed and signed ONLY if Bidder is requesting confidential treatment of any information submitted in its Bid.

NOTE:

- **Completion of this Form is the sole means of requesting confidential treatment.**
- **A BIDDER MAY NOT REQUEST PRICING FOR BIDS BE HELD IN CONFIDENCE.**

Completion of the Form and Agency's acceptance of Bidder's submission does not guarantee the agency will grant Bidder's request for confidentiality. The Agency may reject Bid entirely in the event Bidder requests confidentiality and does not submit a fully completed Form or requests confidentiality for portions of its Bid that are improper under the RFB.

Please provide the information in the table below. Bidder may add additional lines if necessary or add additional pages using the same format as the table below.

RFB Section :	Bidder must cite the specific grounds in Iowa Code Chapter 22 or other applicable law which supports treatment of the information as confidential.	Bidder must justify why the information should be kept in confidence.	Bidder must explain why disclosure of the information would not be in the best interest of the public.	Bidder must provide the name, address, telephone, and email for the person at Bidder's organization authorized to respond to inquiries by the Agency concerning the status of confidential information.
4.8	Bidder references pursuant to and exempt from public disclosure pursuant to Iowa Code § 22.7. Bidder reference information shall be regarded as a trade secret and confidential and proprietary information to LexisNexis. In addition, disclosure of client information could cause competitive harm to LexisNexis and unwanted solicitations to our clients. Our bidder references are included in the separately attached LexisNexis Bid document (see the "Bidder References" section).	RFB section 4.8 shall be regarded as confidential pursuant to Iowa Code § 22.7. Bidder reference information shall be regarded as a trade secret and confidential and proprietary information to LexisNexis. In addition, disclosure of client information could cause competitive harm to LexisNexis and unwanted solicitations to our clients. Our bidder references are included in the separately attached LexisNexis Bid document (see the "Bidder References" section).	be regarded as confidential pursuant to Iowa Code § 22.7. Bidder reference information shall be regarded as a trade secret and confidential and proprietary information to LexisNexis. In addition, disclosure of client information could cause competitive harm to LexisNexis and unwanted solicitations to our clients. Our bidder references are included in the separately attached LexisNexis Bid document (see the "Bidder References" section).	Gaurang Dave 1150 18th Street NW Suite 250 Washington, D.C. 20036 202-365-8548 Gaurang.Dave@LNSSI.com

This Form must be signed by the individual who signed the Bid. The Bidder shall place this Form completed and signed in its Bid immediately following the transmittal letter. A copy of this document shall be placed in all Bids submitted including the Public Copy.

****If confidentiality is requested, failure to provide the information required on this Form may result in rejection of Bidder's submittal to request confidentiality or rejection of the Bid as being non-responsive.***

****Please note that this Form is to be completed and signed only if you are submitting a request for confidential treatment of any information submitted in your Bid. If signing this Part 2, do not complete Part 1.***

Online Legal Research Functionality

Lexis+

Iowa agencies will access primary and secondary legal resources via the newest research platform, Lexis+. It's a one-of-a-kind experience that combines superior research, data-driven insights and practical guidance all in one place. Legal professionals can be more confident than ever in their work because the Lexis+ ecosystem delivers end-to-end results at every stage including Legal Research, Practical Guidance, Brief Analysis, and Litigation Analytics. With Lexis+, all the solutions are built into one uniquely integrated workflow solution, designed for results.

Lexis+ features a new display that sets a precedent in simplicity without forfeiting powerful search capabilities. With no learning curve, researchers get results via the most modern tools available in the industry. Here's how:

User Needs		Lexis+ Features		Benefits
Simple and relevant searches.	→	Streamlined and Intuitive Visual Display	→	Improved ease-of-use and clarity in legal search, analytics, and guidance all working together for the most efficient and effective results.
Insights and options to better control and customize your search.	→	Edit Search and Search Tree	→	Edit your existing search, keeping the same pre- or post- search filters, and quickly identify how your Boolean search components impacted your results.
Preserve and manage information.	→	Transformed Folders	→	Easily access annotations, notes and highlights. Search full text documents, share and collaborate.
Research validation.	→	Shepard's® Signals	→	Assurance that results are “current law.”
Cover more ground with fewer searches.	→	Lexis+ Answers	→	Powerful artificial intelligence approach to interpreting searches and mining answers.

- Above: User needs met by Lexis+. Our strategy is to listen to our clients and develop innovative features within Lexis+ to drive better outcomes.

- Above: A portion of the streamlined Lexis+ home page, presenting content and resources in a clean and accessible manner, while keeping popular features and functionality at users' fingertips.

Lexis+ is designed with timesaving tools which make it easier to access relevant content, analyze it and put your findings to work.

Key benefits include:

- **Confidence:** Practice with confidence with the leading data-driven insights, surfacing the most accurate results from the most comprehensive collection of legal information, tailored to your needs.
- **Simplicity:** Leverage the simplicity of the most modern user experience in the industry to quickly and easily answer legal questions, develop winning strategies, and accomplish tasks, with greater clarity.
- **Efficiency:** Practice with unprecedented efficiency with the all-in-one integration of legal workflows, and no disruption to your line of thinking as you navigate research, strategy, and task completion.

Features include:

- **Legal Research:** Resolve issues quickly and confidently – search the most comprehensive collection of case law and editorial analysis, along with secondary sources and practical guidance, via a streamlined research experience designed to surface accurate results. Utilize New Search/Edit Search to refine and pivot your searches more efficiently.
- **Modern User Experience:** Leverage the most streamlined and intuitive visual display for unprecedented simplicity in legal search, strategy, and guidance.
- **Integration:** All-in-one Legal Research, Data-Driven Insights, and Practical Guidance – working all together now for the most efficient experience.
- **Lexis Answers:** Resolve legal questions and find citable authority without reading lengthy documents – search any natural language question and locate the answer directly within the document where the answer is found.
- **Data-Driven Insights:** Practice with confidence using relevant and accurate results, tailored to your needs, from the most comprehensive data available. Newly introduced Brief Analysis is exclusive to Lexis+, with data derived from case law and *Shepard's*. Lexis+ also include analytics and data visualization feature from Lexis, such as Ravel View, Judge Cards, Legislative Outlook, and more.
- **Data-Driven Guidance:** Formulate better case strategies and advise on risks and trends with first-of-its-kind analytics-enhanced practice resources.
- **Practical Guidance:** The complete collection of Lexis Practice Advisor/Practical Guidance materials and tools. Work at maximum efficiency with ready-to-use practice notes, checklists, forms, drafting tools and insights from thousands of leading practitioners.
- **Legal News Hub:** A comprehensive source for continuously updated, high-quality legal news. Powered by Law360's industry-leading content, Legal News Hub delivers breaking legal news right from the Lexis+ Experience Dock.
- **Brief Analysis:** Build the strongest arguments and find relevant materials with targeted recommendations based on the citations and concepts in your document.
- **Shepard's:** The most comprehensive editorial analysis of case law, statutes, regulations, administrative decisions, and more.
- **Shepard's At Risk:** Cite the best authority for a point of law with unprecedented visibility into whether a case is at risk of being overruled or undermined.
- **Search Terms Maps:** Preview relevant resources faster by reviewing patterns and the largest concentration of your search terms – across all major content types – within the results list and in each full document.
- **Work Folders:** Use the transformed Work Folders, featuring a total redesign, and improved navigation, filtering, sorting, and sharing capabilities, to more easily access Annotations, Notes, and Highlights, search full text documents, and collaborate with colleagues and clients.
- **Code Compare:** Compare two versions of a statute section side-by-side to better understand the law, legislative intent and statutory changes over time.
- **Ravel View:** Leverage data visualizations to identify citing patterns and trends, find cases faster and determine which cases work together to support your strategy.
- **Search Term Maps:** Find relevant resources faster by reviewing search term patterns across all major content types, within the results list and in each full document.
- **Search Tree:** Understand why terms are missing from the results set so you can change your search strategy and select the requisite terms to refresh the results set.
- **Missing & Must Include:** View which terms are missing from a document in the results set without opening a document and rerun the search with your must-have terms.

Brief Analysis

Build stronger arguments with targeted research recommendations and *Shepard's* analysis, based on the citation patterns and legal concepts found in your document with Lexis+ Brief Analysis. Users can drag and drop or browse files to find a PDF or Word document to upload. Brief Analysis reviews your document for citation patterns and core concepts, as well as *Shepard's* Citation Service information. The document is also scanned for viruses.

After analyzing your document, a dashboard will appear with analysis and research recommendations. Results include the core concepts extracted from your document, key passages identified, similar briefs, and *Shepard's* analysis of cites in your document.

- Above: Lexis+ Brief Analysis helps build the strongest arguments and find relevant materials with targeted recommendations based on the citations and concepts in your document.

Lexis+ Answers

The Lexis+ Answers feature is a powerful Artificial Intelligence approach to interpreting searches and mining answers. Start typing a query in the search box, and the machine-learning technology understands your query and can even suggest a natural-language question for you. Then it anticipates your research path, curating and delivering a concise Answers Card plus comprehensive, relevant search results.

You cover more ground faster with fewer searches. Lexis+ Answers retrieves a coherent, solid answer, based upon an algorithm that analyzes cases and other primary sources. The end result is researchers will be able to get answers to any legal question including, but not limited to, burdens of proof, statutes of limitations, definitions, experts and judges as a part of the answer set. The system uses a combination of headnotes and case law to find the best answer to a posed question.

Results for: Can a municipality be held liable for the actions of its officers under respondeat superior

Answers

A municipality cannot be held vicariously liable for the acts of its officers via respondeat superior, *Rode v. Dellarciprete*, 845 F.2d 1195, 1207 (3d Cir. 1988). A municipality can be held liable for unconstitutionally implementing or enforcing "a policy statement, ordinance, regulation, or decision officially adopted and promulgated by" the officers that allegedly violated plaintiff's rights.

Sous v. Timpone
United States District Court, New Jersey | May 9, 2016 | 2016 U.S. Dist. LEXIS 60768

While a municipality may not be held liable in an action brought pursuant to 42 U.S.C.S. § 1983 for the actions of its employees under the doctrine of respondeat superior, a municipality may be held liable under that statute if official municipal policy of some nature caused a constitutional tort.

James v. City of Boise
Idaho Supreme Court | May 21, 2015 | 158 Idaho 713

A municipality may not be held liable under 42 U.S.C.S. § 1983 based on a theory of respondeat superior or vicarious liability. A municipality only may be held liable under § 1983 for constitutional violations caused by the municipality itself, through its own policy or custom. Although a municipality may be directly liable for constitutional violations by its police officers when the municipality evinces a deliberate indifference to the rights of a plaintiff by failing to train adequately its officers to prevent the violations, there can be no liability under Monell for failure to train when there has been no violation of the plaintiff's constitutional rights. A municipality may not be held liable under Monell for failure to train adequately or to supervise its police officers when the plaintiff fails to demonstrate any constitutional violation by a municipal employee.

Jenkins v. Bartlett
United States Court of Appeals, Seventh Circuit | Apr 23, 2007 | 487 F.3d 482

- Above: Resolve legal questions with ease by locating the answers directly within the document where the answer is found with Lexis+ Answers.

Ravel View

See the citing relationships between cases in your Lexis+ search results with Ravel View. Ravel View graphically presents the top 75 results from your search. Each circle represents one case. The lines connecting cases indicate a citing relationship between the cases in your results list. Line color represents *Shepard's* treatment, e.g., green for positive. The overall view shows how case results are connected in the following ways:

- How often each case has been cited, i.e., how seminal each may be. The larger the circle, the more the case has been cited. Unfamiliar with the area of law? Quickly spot seminal cases.
- Chronologically: The horizontal axis shows when results cases were decided, from oldest to newest.
- By Jurisdiction: The vertical axis shows the highest federal court at the top, then federal courts, followed by state courts. (Note: Court categories displayed correspond to your search results. For example, if your first 75 results don't include U.S. Supreme Court cases, that category won't display.)
- Search relevance: The higher the circle within the court's horizontal "swim lane," the more relevant according to your search results.

- By clicking on a case circle (above) in Ravel View, you gain deeper insight. Click on a case circle, and the case name and cite displays, and the case connections from your top 75 search results are highlighted. The *Shepard's* treatment colors on the citing connection lines are also highlighted.

Practical Guidance

Search more practice areas with Practical Guidance in Lexis+. Develop critical legal know-how to accomplish the most complex tasks, including those outside your primary area of expertise, with over 20 dedicated and comprehensive practice areas, including five exclusives and five more than our closest competitor. Practical Guidance allows researchers to:

- Review top resources based on content from over 1,200 attorney authors and 99 of the Am Law 100 firms. Enjoy the confidence that comes with unlimited access to tried-and-true materials, guidance from industry leaders, and deep expertise in your specific issue.
- Leverage leading insights to complete your work faster with first-of-its-kind data-driven practical guidance. Analytics and compelling data visualizations from Context, Lex Machina, and more, help you can accomplish tasks and finalize your strategy, all in one.
- Access practice resources across issues by selecting the most relevant practical guidance that best addresses the matters on your desk today – from practice notes with step-by-step instructions, to checklists covering key issues to consider.
- Quickly compare laws and guidance with the ability to review laws and practical guidance across multiple states for a variety of practice areas and topics. Download your customized report in the format that works best for your workflows.
- Stay updated on legal developments and follow emerging issues impacting your practice with exclusive Law360 content and the latest guidance. Be informed when breaking news happens, monitor trends, and apply new developments to practice.

The screenshot shows the Lexis+ Practical Guidance interface. At the top, there's a navigation bar with the Lexis+ logo and links for Client, Folders, History, and Help. Below this, a breadcrumb trail shows 'Home > Labor & Employment'. The main section is titled 'Labor & Employment' with a tag icon. A search bar labeled 'Search Practical Guidance' is present, along with a filter for 'Labor & Employment'. On the left, a 'Tasks' sidebar lists various topics like 'State Law Surveys and Content Guides', 'Trends & Insights', 'Screening and Hiring', etc. The main content area has tabs for 'Content Type', 'Jurisdiction', 'Industry', and 'Tools & Resources'. Under 'Content Type', there are links for 'Practice Notes', 'Clauses', 'Articles', 'Templates', and 'Checklists'. Two featured tools are highlighted: 'State Law Comparison Tool' (with a map of the US) and 'Coronavirus (COVID-19) Resource Kit' (with a virus icon).

● Above: Quickly learn about new practice areas with Lexis+ Practical Guidance.

Legal News Hub

Legal News Hub provides a comprehensive source for continuously updated, high-quality legal news. Powered by Law360's industry-leading content, Legal News Hub delivers breaking legal news right from the Lexis+ Experience Dock. A Lexis+ subscription includes Legal News Hub, which includes full text access to Law360's Access to Justice section focused on topics like judicial backlogs, sentencing and bail reform, and more topics that agencies face regularly. In addition, Legal News Hub provides access to up-to-the-minute Law360 headlines to help you keep up with the latest developments in the law. All of this is integrated into your everyday workflow with no learning curve, so you can quickly access whatever you need that moment.

Litigation Analytics

Litigation Analytics joins Legal Research, Practical Guidance and Brief Analysis as the industry's only end-to-end litigation experience. It provides the most accurate insights into judges, courts, attorneys, and law firms – so litigators can now ensure their success and complete tasks more efficiently, all in one place.

Litigation Analytics is powered by industry-leading Lex Machina analytics and unrivaled Lexis CourtLink coverage. It helps you understand the factors that impact your matters most: your judge and court, based on past litigation history, damages, and trends; and your opposing counsel, via comparisons and insights into their experience.

Know Your Judge and Court

- Understand the big picture background for a judge or court with insights into top practice areas, filings over time, overall timing and damages, and compare same with other courts and judges.
- Contextualize your understanding of the judge or court with views of the underlying list of cases.

- Get a tally of total cases for a judge or court for a specific area of law to approximate experience on a motion like yours.
- Level set expectations and price matters accordingly with insights into timing for milestones before specific judges and courts.
- Compare judge behavior and courtroom trends over time in federal district court with Courts & Judges Comparator.
 - Plaintiffs’ attorneys can compare multiple districts prior to filing to propose the best venue that suits your needs.
 - Defense counsel can make data-driven decisions about whether to pursue a transfer of venue and, if so, to which district.

Know Your Counsel

- Determine the firm’s experience level with a specific client base or industry by identifying the top 10 clients/parties represented by a firm.
- Evaluate opposing counsel and check the track record of a law firm or attorney in federal and state courts.
- Contextualize your understanding of the attorney or law firm with views of the underlying list of related cases
- Identify strategic advantages with comprehensive performance data on timing metrics and damages.
- Review how long it has taken the firm in the past to get to summary judgment, trial, dismissal and more.
- Compare law firm performance based on actual litigation results in federal district court with Counsel Comparator.

- Above: Screenshot of the Lexis+ Litigation Analytics start page.

Shepard's Citation Service

Conduct research more efficiently and effectively with the **exclusive** *Shepard's*® Citations Service, which is both a case history and a general citator. For over 145 years, *Shepard's* has been the industry standard in case history and citation validation – having been referenced more often by the U.S. Supreme Court than any other citator.

Comprehensive *Shepard's* coverage and exclusive, powerful refining tools help validate your position and uncover additional support. Experienced LexisNexis attorney-editors read each case and make their assessments according to strict standards and guidelines. Editors map the history chain and provide headnotes written in the language of the court to ensure a true reflection of court holdings.

Know your research is current. New information is added to *Shepard's* Citations Service every 15 minutes. *Shepard's* analysis for new cases is available online within 48 – 72 hours on average.

Be confident your citations are good law with *Shepard's*.

Shepard's provides a full spectrum of editorial analysis that describes what the citing court is saying about your case. Unlike other citators, only *Shepard's* offers comprehensive case law analysis ranging from **very negative** (overruled) to **mild negative** (distinguished) to **true positive** (followed). Our closest competitor's citator provides negative analysis only. Only *Shepard's* offers the Reason for *Shepard's* Signal feature, which shows the citing reference and the court's language that had the strongest influence on a case's treatment analysis – in one click.

Validate specific sub-sections of statutes faster – only *Shepard's* provides treatment indicators on statute subsections so you can see how the specific subsections are treated by courts.

By covering the complete spectrum of editorial analysis and parsing them into more distinct categories, *Shepard's* saves users time by making research much more precise and efficient.

The *Shepard's* preview feature provides faster access to *Shepard's* analysis before you even *Shepardize*® your document by surfacing a preview on your full text case. This helps you quickly understand the value of the case to your legal issue. Our closest competitors do not offer a similar feature.

Shepard's Reports provide researchers with essential, timesaving case law analysis vital to daily legal research tasks. The reports provide a quick view of how cases of interest were treated in different jurisdictions. Users can validate a case for the pertinent jurisdiction and easily find splits in authority, such as in US Circuit Court of Appeals cases.

- **Sample Shepard's Report.** *Shepard's* graphical view of the citing decisions shows citing trends and *Shepard's* treatment over both time and jurisdictions in an easy-to-read and interactive chart. Our closest competitor offers nothing like *Shepard's* Graphical for cases.

Shepard's Citing Decisions provide at-a-glance analysis of the court's treatment by jurisdiction and date so you can focus on the references that matter most to you. Users can:

- Analyze how a court has treated a case by a specific jurisdiction or through the years.
- Interact with the chart to filter citing decisions by court, treatment or year.
- Further focus the citing decisions with other filters – e.g. headnotes, depth of discussion or reported status – and the chart is removed for easy access to the results.
- Scroll through the chart to see all jurisdictions or years while maintaining the vertical access to view quickly the number of references to the treatments in the chart.
- High level court, treatment and years in the filter panel interact with the chart for a fuller experience in Citing Decisions.

***Shepard's* History**

Quickly find the details you need to understand the complete appellate history both prior and subsequent to your case with *Shepard's* History.

- Illustrated above: *Shepard's* History Connections on Lexis+. The count in the tab reflects the number of History events and more.

Shepardizing Statutes

Another key differentiator is the ability to use *Shepard's* for conducting case law research based on statutory law. *Shepardize* statutory subsections to locate just the cases relevant to the particular subsection of law at hand. This unmatched *Shepard's* functionality puts the researcher in control and delivers faster, more on-point results. Benefits include:

- The 50 state codes, USCS, and CFR are designed so that all citation formats as cited by the court are rolled up into one comprehensive report.
- Comprehensive reports include a link to a list of the individual ways the court has cited to the section including subsections and ranges (et seq).
- Sub-section reports open up in a new tab so you can return to the comprehensive and/or full text statute.
- Constitutions, court rules and state regulations are excluded from the comprehensive roll-up, so a *Shepardize* link to the report is still in place. The link will open up in a new tab, so you can navigate back to the document via the tabs on the browser.

Enhanced Functionality with Lexis+

With the *Shepard's* At Risk tool, users can be sure they are citing the best authority for a point of law with unprecedented visibility into whether a case is at risk of being overruled or undermined. The *Shepard's* At Risk **unique** interface shows users the language from other decisions while viewing their document, making it easy to use. This means that legal researchers can get the full context of why a decision is considered “at risk,” and how that may impact their research. **Only Lexis+ can provide this “at risk” functionality to Iowa agency users.**

Illinois Northern District Court October 2, 2003

Document Citing Decisions 2 Other Citing Sources 0 History 1 Table of Authorities 9

Search Terms

U.S.C. § 1332. Venue is proper pursuant to 28 U.S.C. § 1391(c). [*2] Before the court is Atlas' Motion to Dismiss for failure to state a claim pursuant to Fed.R.Civ.P. 12(b)(6). The parties agree Illinois law will apply in this case.

HN1 The court will not dismiss a claim pursuant to Fed.R.Civ.P. 12(b)(6) unless it appears beyond a doubt that the plaintiff can prove no set of facts in support of his claim which would entitle him to relief. *Conley v. Gibson*, 355 U.S. 41, 45-46, 2 L. Ed. 2d 80, 78 S. Ct. 99 (1957). **HN2** All well-pleaded facts alleged by the plaintiff in the complaint will be accepted as true, and all reasonable inferences from those facts will be drawn in the plaintiff's favor. *Dixon v. Page*, 291 F.3d 485, 486 (7th Cir. 2002).

The sole count of the complaint alleges a breach of contract based on a breach of the implied covenant of good faith and fair dealing. The courts in Illinois are largely divided on whether or not an independent cause of action for breach of the implied duty of good faith and fair dealing. See generally Honorable Howard L. Fink, *Covenant of Good Faith and Fair Dealing in Illinois*, 30 Loy.U.Chi.L.J.247 (1999). Outside the realm of contract law, courts do not recognize a breach of the implied covenant of good faith and fair dealing claim based in tort. See, e.g., *App. 3d 1071, 691 N.E.2d 787, 229 Ill. Dec. 314 (Ill. App. Ct. 1998); Voyles v. Sandia Mortgage Corp.*

At Risk (1) Passage: 1 of 1

The court will not dismiss a claim pursuant to Fed.R.Civ.P. 12(b)(6) unless it appears beyond a doubt that the plaintiff can prove no set of facts in support of his claim which would entitle him to relief. *Conley v. Gibson*, 355 U.S. 41, 45-46, 2 L. Ed. 2d 80, 78 S. Ct. 99 (1957). All well-pleaded facts alleged by the plaintiff in the complaint will be accepted as true, and all reasonable inferences from those facts will be drawn in the plaintiff's favor.

● **Conley v. Gibson, 355 U.S. 41**

- **Shepard's at Risk.** This tool highlights the portion of a case that is at risk, streamlining users' research into which cases they can reliably cite.

With *Shepard's At Risk*, users can:

- Quickly identify cases at risk of being overruled, where the underlying points of law have been negatively treated by other decisions.
- Get ahead of potential weak points in your legal arguments and strengthen your position and strategy with *Shepard's At Risk*.
- Be alerted to “at risk” cases and points of law based on negative treatment by other decisions in the same jurisdiction.
- *Shepard's At Risk* highlights “at risk” cases and points of law with clarity, via an orange “At Risk” warning, which upon selection also highlights the specific passage. A side panel shows the basis, for a complete picture of both risk and citing relationship.

Bidder Experience

LexisNexis began in 1973 and leads the information industry with the largest full-text one-stop, online information service providing access to legal, news, legislative, financial, public records, patent, medical materials, and much more. Providing access to primary and secondary legal information, thousands of worldwide newspapers, magazines, trade journals, industry newsletters, tax and accounting information, financial data, public records, legislative records, data on companies and their executives makes the LexisNexis online services an indispensable tool for gathering information and making confident decisions.

LexisNexis maintains one of the largest professional information services in the world. Operational capacity, performance monitoring capabilities and industry leading customer support is available 24 hours a day, 7 days a week. We maintain a large database with over 60,000 sources and billions of documents, and we add more than 1.7 million new searchable documents per day.

The company employs more than 14,000 individuals nationwide who help provide the electronic legal research services. Every day, more than five million legal, risk management, corporate, government, law enforcement, tax, accounting and academic professionals in over 175 countries rely on us to inform their decisions.

Subscribing to the LexisNexis brand on the Internet, and those of its subsidiaries, carries with it the guarantee of access to information from only legitimate sources, enriched with valuable enhancements – such as indexing, linkages and segmentation – from the company that created electronic legal information research.

LexisNexis has grown from a small start-up company to a major global leader in the information industry. We partner with a wide range of legal, business, government, and academic customers including:

- Thousands of state and local government agencies nationwide
- Virtually every federal agency
- Virtually every Fortune 500 company
- Top 100 largest law firms
- All American Bar Association accredited law schools
- Major accounting firms
- International customers
- Hundreds of universities and colleges

Bidder References

Confidential and Proprietary

Bidder references pursuant to RFB section 4.8 shall be regarded as confidential and exempt from public disclosure pursuant to Iowa Code § 22.7. Bidder reference information shall be regarded as a trade secret and confidential and proprietary information to LexisNexis. In addition, disclosure of client information could cause competitive harm to LexisNexis and unwanted solicitations to our clients.

Attachment 3 – Exceptions Form

Section	Exception
1. RFB Section 3.7(g)	LexisNexis can provide unlimited live Web-based training and customer support. However, onsite training is not available on an unlimited basis for all agencies without regard to contract value and number of users.
2. RFB Section 4.17	Please amend one sentence as follows: “The State of Iowa and Agency shall be named as additional insureds on all such liability policies, and all such liability policies shall include the following endorsement: ...”
3. RFB Section 4.17.1	Revise the section as follows: “At the time of execution of this Contract, Bidder shall deliver to the Agency certificates of insurance certifying the types and the amounts of coverage, certifying that said insurance is in force before the Bidder starts work, certifying that said insurance applies to, among other things, the work, activities, products and liability of the Bidder related to this Contract, certifying that the State of Iowa and the Agency are named as additional insureds on the <u>liability</u> policies of insurance by endorsement as required herein. and certifying that a No cancellation or modification of the insurance will be made without at least thirty (30) days prior written notice to the Agency. All certificates of insurance shall be subject to approval by the Agency. The Bidder shall simultaneously with the delivery of the certificates deliver to the Agency one duplicate original of each insurance policy. ...”
4. General Terms and Attachment 6 Security Terms – all sections referencing “subcontractor”	For clarification, the definition of Subcontractor shall exclude the Contractor’s third parties and affiliates that the Contractor uses for the provision billing and hosting support and technical support for all customers nationwide. The contractor’s third-party data sources that the contractor uses for all customers nationwide also shall not be considered subcontractors.
5. General Terms Section 1.1	At the end of the definition for “Contract” add: “Contract shall include the Contractor’s data licensing agreement, consisting of the LexisNexis Master Terms and Conditions – Government, Non-FCRA Permissible Use Certification, Schedule A, and any additional addenda identified by the Contractor, incorporated by reference.”
6. General Terms Section 1.6.2	Starting in line 3, delete: “the time period specified in the Agency’s notice of breach or any subsequent notice or correspondence delivered by the Agency to Contractor,” and replace with “sixty (60) days”.
7. General Terms Section 1.6.2.6	In line 1, add “intentionally” before “failed”. In line 3, delete “rules, ordinances, regulations, or orders” and replace with “that impact performance”.
8. General Terms Section 1.6.2.8	Delete “or allegedly infringes” in line 1 and “or allegedly misappropriates” in line 3.
9. General Terms Section 1.6.3	Please delete the last sentence because we prefer not to agree to termination for convenience.

Section	Exception
10. General Terms Section 1.6.6.6	Add an additional Section 1.6.6.6.: “Notwithstanding the above, 1) Contractor will not be required to delete the property, materials, or Deliverables stored in back-up/archival storage in accordance with Contractor’s policies, provided that any such retained property, materials, or Deliverables will continue to be subject to the terms of this Contract until it is destroyed by Contractor; and 2) Contractor may retain copies of the property, materials, or Deliverables to the extent required to comply with applicable legal and regulatory requirements, provided, however, that such property, materials, or Deliverables shall remain subject to the terms and conditions herein. Where such retention occurs, Contractor shall delete all property, materials, or Deliverables upon such requirements permitting deletion.”
11. General Terms Section 1.7.2	LexisNexis must have the ability to retain confidential information as needed for regulatory, legal, or compliance purposes as well as for routine backups. At the end of the clause, add: “Notwithstanding the above, 1) Contractor will not be required to delete the data stored in back-up/archival storage in accordance with Contractor’s policies, provided that any such retained data will continue to be subject to the terms of this Agreement until it is destroyed by Contractor; and 2) Contractor may retain copies of the data to the extent required to comply with applicable legal and regulatory requirements, provided, however, that such data shall remain subject to the terms and conditions herein. Where such retention occurs, Contractor shall delete all data upon such requirements permitting deletion.”
12. General Terms Section 1.7.3	Please qualify this section with “to the extent permitted by law.” We cannot notify if the subpoena or request forbids us from notifying.
13. General Terms Section 1.7.5	In line 6, delete “or without advance” and replace with “reasonable prior written” before “notice”.
14. General Terms Section 1.8.1	In line 3, after “all” add “third-party”. In line 6, after “and the” add “reasonable”. In line 7, delete “or indirectly related to”. In line 8, delete “related to”.
15. General Terms Section 1.8.1.2	In line 1, add “grossly” before “negligent”.
16. General Terms Section 1.8.1.3	Please delete entirely.
17. General Terms Section 1.8.2	Please delete entirely. This is too broad.
18. General Terms Section 1.9.1	Delete “, among other things, be occurrence based and shall”.
19. General Terms Section 1.10	Please delete entirely. This is N/A.

Section	Exception
20. General Terms Section 1.12	Please delete this section. We cannot transfer ownership rights to content or the delivery mechanisms.
21. General Terms Section 1.13.3	In line 13, replace “or” with “of” after “violation”. In line 16, after “sole expense,” add “and discretion”. In line 24, after “amounts”, replace “paid” with “prepaid”. Delete the final two sentences: “In addition, Contractor agrees to... termination of this Contract”.
22. General Terms Section 1.13.4	Please delete. As we are simply providing access to content, much of it from third party sources, we cannot accept this section.
23. General Terms Section 1.13.6	In line 2-3, delete “rules, regulations, codes, and ordinances”. In line 4, after “all” add “applicable”. At the end of the clause, after “Chief Information Officer” add “in existence and provided to Contract at the time of contracting.”
24. General Terms Section 1.14	Please delete because it is not applicable. We are simply providing access to content, much of it from third party sources
25. General Terms Section 1.15.11	Please delete the third sentence: “The Agency reserves the right to review and approve all subcontracts.” We can provide notice but cannot allow a consent requirement in this multitenant system. Doing otherwise would grind our system to a halt, as every customer could then require consent leading to paralysis in the event one will not consent.
26. General Terms Section 1.15.13	Please delete this section. LexisNexis needs the ability to assign for internal reorganizations and restructures without consent.
27. General Terms Section 1.15.17	Please delete this section. LexisNexis, a division of RELX Inc. is the contractor providing access to online legal research services. The contractor uses an affiliate company, LexisNexis Risk Solutions FL Inc. to provide access to investigative research content. The two companies cannot be jointly liable due to one being a FCRA entity and one not. The two companies must be independently liable of each other to maintain proper and required FCRA/non-FCRA delineation.
28. General Terms Section 1.15.23	Please delete. It is not possible to implement this section for a web-based service, as timing issues are multifactorial and typically out of our control.
29. General Terms Section 1.15.26	At the end of the clause, add: “Notwithstanding the foregoing, such access shall be subject to the execution of a separate, non-disclosure confidentiality agreement between the parties and Contractor’s security policies. No documents, books, or records shall be allowed to be removed from Contractor’s premises.”
30. General Terms Section 1.15.42	Please delete. We cannot agree to this section in the context of licensed content.

Section	Exception
31. Security Terms Section 1.3	Revise as follow: “...or otherwise obtained by or from a Governmental Entity making purchases pursuant to an Underlying Agreement(s), including Authorized Contractors of the foregoing, or otherwise related to an Underlying Agreement(s) in any way whatsoever, regardless of form, including all information, data, materials, or documents accessed, used, or developed by Contractor, Subcontractor, or Contractor Personnel in connection with any Services or Deliverables provided pursuant to an Underlying Agreement(s). ” As written, this is too broad. It would include the content provided by LexisNexis, which is not customer data.
32. Security Terms Section 1.11	In line 1, after “Customer Data” add “provided by the Customer”. Delete the last sentence. It’s too broad in the context of a multitenant system such as ours. There must be a nexus to Customer Data.
33. Security Terms Section 1.12	In lines 2-3, delete “or indirectly”.
34. Security Terms Section 1.13	In line 2, delete “or indirectly”.
35. Security Terms Section 2.1	In lines 3-4, delete “that were independently and exclusively developed by Contractor prior to the Effective Date of this Agreement”. LexisNexis cannot transfer or concede ownership of any deliverables under the Agreement. In the last line, make the following changes: “access <u>and</u> use, reproduce and distribute Documentation <u>in accordance with its Data License.</u> ”
36. Security Terms Section 2.2	Please delete entirely.
37. Security Terms Section 2.3	In line 5, add “provided by the State” after “license terms”. In line 10, add “third-party” before “claims, demands”. In line 12, add “or” before “resulting from” and delete “or in any way related to” after “resulting from”.
38. Security Terms Section 2.4	In line 2, immediately after “Third-Party” add “or Contractor”. Also delete the last sentence. We cannot agree to this because the State is only getting the rights as set forth in our licensing terms, attached separately.
39. Security Terms Section 2.5	Please delete this section. As written this is too broad and would include the content provided by LexisNexis.
40. Security Terms Section 3.0	In line 7, add “and” before “(ii) have”. In line 8, delete “, and (iii) are free from any significant defects.” In lines 10-15, delete the two sentences: “During the Term, Contractor shall... for the failed products.”

Section	Exception
41. Security Terms Section 3.1	In line 2, delete “including” before “as” and delete “may be further” after “as”.
42. Security Terms Section 3.2	In lines 3-4, delete “and to assign, grant, and ... the State hereunder”. Please delete subsections (ii) and (iii) in their entirety.
43. Security Terms Section 3.3	In line 4, delete “and will not, under any circumstances,” and replace with “knowingly”. We cannot state that they don’t or won’t, in particular with third party content. See also our licensing terms regarding infringement claim remedies. In line 13, after “expense” add “and at the Contractor’s sole discretion”. In line 19, before “fees” add “prepaid”. Delete the last two sentences: “In addition, Contractor ... termination of this Agreement.”
44. Security Terms Section 3.5	In line 3, delete “foreign”. In line 4, edit as follows: “ rules, regulations, and codes, standards, ordinances, and orders both”.
45. Security Terms Section 3.5.6	Please delete. These would not apply because we are not building a specific solution for the State. We have our own set of policies, standards, processes, guidelines and procedures that we adhere to.
46. Security Terms Section 3.6	Please clarify that throughout this clause, instead of Section 7.6, this should say Section 3.5.
47. Security Terms Section 3.10	Please delete.
48. Security Terms Section 4.3	In line 1, after “Personnel shall” add “use reasonable commercial measures to”.
49. Security Terms Section 4.3.1	In line 8, delete “rules, standards, policies, or procedures”. In lines 10-12, delete “, including applicable I.T. Governance Document(s) or any applicable Governmental Entity’s then-current security policies, standards, or procedures that have been supplied to Contractor or Subcontractor by the applicable Governmental Entity.” This section refers to State of Iowa processes. We have our own policies and standards that we adhere to in lieu and do not measure compliance with the State’s guidelines specifically.
50. Security Terms Section 4.3.3	At the end of the clause, add “and except to the extent needed to perform the Contract.”
51. Security Terms Section 4.3.4	This is worded as if we are providing technical support for a solution we built for the customer. Authorized personnel access to data is based on least use privilege in order to perform their jobs which includes technical support.
52. Security Terms Sections 4.4.1.1	In line 2, add “written” before “request”.

Section	Exception
53. Security Terms Sections 4.4.1.1.1 and 4.4.1.1.2	We do not have an ISO 27001 certification nor a NIST 800-53 certification. Our security policies, procedures and program as a whole align with ISO 27001/27002. It is possible to hold a certification for these standards, though we do not. In addition we also assess and audit our program and infrastructure against other industry standards to include CIS, NIST, SOC1 type II and SOC2 type II reports and are audited twice annually for SSAE18.
54. Security Terms Sections 4.4.1.1.3 and 4.4.1.1.4	Please delete. We do not provide test/assessment results to customers due to policy and security implications of releasing results externally. This would make sense to provide if we were building a solution for a single tenant, but since our solutions are multi-tenant, we cannot provide this. Our policies do request solutions to follow OWASP standards.
55. Security Terms Section 4.4.1.1.6	A remediation plan would make sense if we were building a solution (i.e. statement of work). We do not provide remediation plans to customers for identified vulnerabilities. Our service is very complex such that the resolution period is dependent on the dynamic nature of the various applications supporting the service. We can provide an attestation that we use best practices for remediation but no plans.
56. Security Terms Section 4.4.1.1.7	Add an additional Section 4.4.1.1.7: “Nothing in the above sections shall be construed as requiring privileged or otherwise confidential information.”
57. Security Terms Section 4.4.1.2	This section is applicable if our solution were deployed within the State of Iowa environment and we built the system for the State. We do perform ongoing security testing and have external independent vendor perform tests on our service. In line 5, replace “copy” with “summary”. In line 6, after “Authorized Contractors” add “if requested in writing”.
58. Security Terms Section 4.4.1.3	Delete entirely. We do not allow for customers to perform such tests or audits and rely on our SOC2 report to attest to compliance with our security policies and best practices.
59. Security Terms Section 4.4.1.4	Delete entirely. Our service is a multi-tenant service. The only condition for sharing of any logs would be in the event of a security breach and we were mandated to show proof of the breach. The business does provide usage information via the LexisNexis Account Center service, but it is not at an IP address level and no performance metrics (latency statistics).

Section	Exception
60. Security Terms Section 4.4.1.5	Add an additional section: “LexisNexis agrees to make available information necessary to demonstrate its compliance with its obligations as to personal information and to allow for audits, including inspections (collectively or individually referred to hereinafter referred to collectively or individually as a “Review” or “Reviews”). Such Reviews shall be conducted so as not to disrupt LexisNexis’s business operations, scheduled upon thirty (30) days advance written notice, subject to the execution of a confidentiality and non-disclosure agreement, occur no more than once per year and a plan for any such Review shall be provided and agreed upon in advance between the Parties. Customer agrees to abide by LexisNexis’s applicable policies during any such review. Nothing contained herein shall be construed as requiring LexisNexis to disclose information that is protected by the attorney-client privilege or otherwise confidential.”
61. Security Terms Section 4.4.2	In lines 2-3, delete “that may be recovered within two (2) hours at any point in time.” Delete the second and third sentences. Since we deploy our service to a third-party hosting site, LexisNexis does not own or maintain hardware located in those parties’ data centers and operates under a shared security responsibility model, where the third party is responsible for the security of the underlying cloud infrastructure (i.e., physical infrastructure, geographical regions, availability zones, edge locations, components from the host operating system (OS), and virtualization layer and storage). As such, LexisNexis has no direct control around how the third-party hosting service manages the data (i.e. off-site “hardened” facility).
62. Security Terms Section 4.4.3	Delete entirely. LexisNexis does not provide a facility referenced in this section. The customer data is mostly search strings. The individual can view their search history to retrieve what we have stored. We do not have a facility for an organization to export their data for the entire organization. If such is needed, we can perform an ad hoc request on the State’s behalf.
63. Security Terms Section 4.4.4	Please revise as follows to make mutual: “Upon termination or expiration of any Underlying Agreement(s), Contractor may be required, <u>except to the extent otherwise required by applicable laws, rules, regulations, policies, or procedures, including but not limited to record-retention requirements,</u> to promptly return or destroy, ...”
64. Security Terms Section 4.5.1.2	LexisNexis would like to discuss this requirement with the State prior to agreeing to it. LexisNexis performs background checks, including criminal history, on all newly hired employees and periodically thereafter. LexisNexis respects the privacy of its employees and does not share any criminal history of its employees outside those internal employees with a need to know.
65. Security Terms Section 4.5.1.3	Please delete entirely.

Section	Exception
66. Security Terms Section 4.6.1	Throughout the clause, in lieu of the stated notification periods, LexisNexis agrees to notify the applicable government entity “promptly” in the event of a confirmed security breach. Throughout the clause, replace “actual or suspected” with “confirmed” before “Security Breach”. In sentence 1, after “Security Breach” add “of Customer provided data”.
67. Security Terms Section 4.6.2	Please make the following changes to this section: Investigations in Response to Actual or Suspected <u>Confirmed</u> Breach. Contractor and Subcontractor agree, at their sole expense, to take all steps necessary to promptly remedy any actual or suspected <u>confirmed</u> Security Breach and to fully cooperate with the applicable Governmental Entity and OCIO in resolving and mitigating any damage from such actual or suspected Security Breach at Contractor's sole cost. At no additional cost to the applicable Governmental Entity or the State of Iowa, Contractor and Subcontractor will fully cooperate with the applicable Governmental Entity, OCIO, and the Authorized Contractors of either of the foregoing in investigating such actual or suspected <u>confirmed</u> Security Breach, including reviewing and assisting in reviewing system, application, and access logs, conducting and assisting in conducting forensic audits of relevant systems, imaging and assisting in imaging relevant media, and making personnel available for interview. On notice of any actual or suspected <u>confirmed</u> Security Breach, Contractor and Subcontractor will immediately institute appropriate controls to maintain and preserve all electronic evidence relating to such actual or suspected <u>confirmed</u> Security Breach in accordance with industry best practices. Contractor and Subcontractor will deliver to the applicable Governmental Entity and OCIO a root cause assessment and future incident mitigation plan, and deliver a preliminary assessment and plan as soon as practical and regularly maintain and update such assessment and plan throughout the course of any investigation. Contractor agrees that it will not notify any regulatory authority relating to any actual or suspected Security Breach unless the applicable Governmental Entity specifically requests Contractor do so in writing.

Section	Exception
68. Security Terms Section 4.6.2	Please make the following changes to this section: 4.6.3 Additional Remedies in the Event of Actual Breach. Upon the applicable Governmental Entity’s determination that a Security Breach involving or relating to Customer Data has occurred, Contractor and Subcontractor shall fully cooperate with the applicable Governmental Entity and OCIO in fully rectifying/responding to such Security Breach, including notifying all of the Governmental Entity’s affected users. The applicable Governmental Entity shall determine, in its sole discretion, the content and means of delivery of any such notifications. Notwithstanding any provision in these Security terms or any Underlying Agreement(s), Contractor will be solely responsible and liable for all costs, expenses, damages, fines, penalties, taxes, assessments, legal fees, claims, service fees, and any and all other amounts of any kind or nature whatsoever (including the reasonable value of time of the Iowa Attorney General’s Office or the costs, expenses and attorney fees of other counsel retained by the State or any other Governmental Entity) related to, arising out of, or incurred by or on behalf of any Governmental Entity as a result of, any Security Breach caused directly or indirectly, in whole or in part, by Contractor Personnel’s negligence or intentional misconduct, including the cost of: notifying affected individuals and businesses or reporting to applicable regulators or Governmental Entities (including preparation, printing, mailing and delivery); opening and closing accounts, printing new checks, embossing new cards; forensic and other audits, investigations, public relations services, call center services, websites and toll-free numbers for assisting affected individuals; obtaining credit-monitoring services and identity-theft insurance for any person or entity whose information has or may have been acquired or compromised; and all other costs associated with corrective or other actions that are taken to mitigate or address the Security Breach. Contractor will reimburse or pay to the applicable Governmental Entity all such reasonable expenses, fees, damages, and all other amounts within fifteen (15) business days of the date of any written demand or request delivered to Contractor.

Section	Exception
69. Security Terms Section 4.7.1	Please delete the third sentence. We cannot provide the State a copy of our plan, as doing so is counter to the purpose of the plan, which is to ensure continuity. The fourth sentence implies we have built a solution specifically for the customer. Our program does actively test, review and update the plan as the solution is under our control in providing our industry leading solutions. Please delete the fifth sentence. We do not provide our Business Continuity and Disaster Recovery test plan, history or test results to customers. This is proprietary information. We do provide attestations and can provide an ISO certification with a fully executed NDA to highlight we comply with industry standards for business continuity/disaster recovery.
70. Security Terms Section 4.7.2	Regarding the second sentence, there is no context as to how the customer is to be notified if a business continuity/disaster recovery is executed. Regarding the third sentence, we would need to meet with the state to discuss a mutually agreeable SLA.
71. Security Terms Section 4.8	In line 1, replace “execute” with “agree to negotiate”.
72. Security Terms Section 4.9	It may not be necessary to have a 365-day transition period. We would like to change it to a “reasonable period of time.” Please also make the following revision: “During the Transition Period, Contractor will take all <u>reasonable</u> actions as may be necessary or requested by the applicable Governmental Entity to accomplish a complete and timely transition, including but not limited to a full migration of all <u>applicable</u> Customer Data from Contractor to the applicable Governmental Entity or its Authorized Contractor(s) hired or utilized by the State to provide any replacement or similar services related to the services (the “New Contractor”).” In line 21, replace “determined” with “requested”.
73. N/A	Attached separately are the LexisNexis licensing terms. They shall be included in the final agreement with the State.

Pricing

LEGAL, NEWS, AND PUBLIC RECORDS CONTENT

Government agencies must purchase above products for ALL government professionals at the agency. A “government professional user” is defined as an attorney, judge, librarian, researcher, investigator or analyst who is employed by the agency.

Printed Legal Research Materials – Discounts

For purchases of new publications, customers will receive a standard discount. Additional discounting may apply, and you may contact your account manager for details.

To browse a listing of available LexisNexis publications available in print and eBook formats along with list prices, please visit <https://store.lexisnexis.com/>. Shipping and handling fees would also apply and be added as separate line items to invoices.

Multi-Year Options

LexisNexis has customer loyalty programs available that could offer significant savings to the agency over the long term. For example, our three-year customer price incentives would provide predictability, flexibility, and affordability and potentially save the agency a considerable amount over that period. Please contact your Account Manager for details.

Volume Discounts

Volume discounts may apply to purchases of multiple quantities of a publication. Please contact your sales representative for details.

Standard Discounting

For other purchases of new publications not qualifying for discounts in any aforementioned scenarios, the agency would receive up to a 20% discount. Please contact your account manager for additional bulk or promotional discounts if applicable. Some exclusions may apply. This discounting applies to new purchases only and not to renewals, updates or existing subscriptions.

Accurint®

Accurint offers fast, efficient search technology that allows you to instantly locate both people and businesses, and authenticate their identities. It verifies such essential personal information as name, address and Social Security Number or Federal Identification number, and confirms the identities of businesses and their authorized agents. It also allows you to verify the identities and validate professional licenses, DEA licensing, legal standing and criminal records.

Accurint® Flat Rate, Per User Subscriptions

Implementation Fee	Annual Minimum
N/A	1 user = \$150/month (\$1,800/year)

Accurint: Annual minimum must be \$1,800 per user. Minimal Accurint annual revenue commitment for any Accurint account. Prior to the final invoice, a review of the account will determine if the commitment has been met. If not, the customer will be billed for the difference on their final annual invoice. The annual minimum can be met with Add-Ons (see below.)

Description	Per Subscriber, Per Agency

Flat Rate Price Schedule: Accurint® for Government Plus (A4Gov+)

Implementation Fee	Annual Minimum
N/A	1 user = \$150/month (\$1,800/year)

Accurint: Annual minimum must be \$1,800 per user. Minimal Accurint annual revenue commitment for any Accurint account. Prior to the final invoice, a review of the account will determine if commitment has been met. If not, the customer will be billed for the difference on their final annual invoice.

Pricing is per hit unless otherwise indicated. All searches/reports with a price of \$0.00 are considered “Standard Features” and are included in Subscription plan.

Accurint® Transactional Subscriptions

Accurint transactional (per-search) pricing is also available, if desired. This pricing requires a \$150 per-month minimum commitment from each agency, regardless of the number of users. Each month the agency would pay \$150 or the total fee for all Accurint searches conducted during the month, whichever is greater. Each agency would incur charges for each search, pursuant to prices listed in the separately attached Accurint Transactional Price Schedules.

Implementation Fee	Monthly Minimum
N/A	\$150/month

Batch Solutions

Implementation Fee	Annual Minimum
Priced based on customer requirements	\$5,000

Annual batch minimum of \$5,000. Minimal batch job revenue commitment for any single or a combination of batch products for a single batch job. Prior to the final invoice, a review of the account will determine if the commitment has been met. If not, the customer will be billed for the difference on their final annual invoice. If there are separate batch jobs with the same customer each implementation will be assessed its own minimum.

All pricing is per hit unless otherwise specified.

XML Access

Implementation Fee	Annual Minimum
Priced based on customer requirements	\$10,000

Annual XML minimum of \$10,000. Minimal XML job revenue commitment for any single or a combination of XML products for a single XML job. Prior to the final invoice, a review of the account will determine if the commitment has been met. If not, the customer will be billed for the difference on their final annual invoice. If there are separate XML jobs with the same customer each implementation will be assessed its own minimum.

Pricing is per hit unless otherwise indicated.

Identity Assurance and Fraud Detection Solutions

LexisNexis® Risk Defense Platform (RDP)/LexisNexis® Dynamic Decision Platform (DDP)

LexisNexis® Risk Defense Platform and LexisNexis® Dynamic Decision Platform are identity platforms.

Implementation Fee	Annual Minimum
\$10,000 - \$50,000 depending on customer configuration	\$20,000

Implementation Fee based on customer configuration. Professional implementation services include but may not be limited to project management, technical implementation support, configuration, and adjustments as necessary. The flat fee will cover the implementation of all RDP/DDP products in a SINGLE implementation. If there are separate RDP/DDP implementations with the same customer each implementation will be assessed a separate implementation fee; this can include adding additional services to existing RDP/DDP implementations.

Annual RDP/DDP minimum of \$20,000. Minimal annual revenue commitment for any single or a combination of RDP/DDP products for a single RDP/DDP implementation. Prior to the final annual invoice, a review of the account will determine if the annual commitment has been met. If not, the customer will be billed for the difference on their final annual invoice. If there are separate RDP/DDP implementations with the same customer each implementation will be assessed its own annual minimum.

LexisNexis® AmplifyID (formerly known as Risk Intelligence Network)

LexisNexis® AmplifyID (formerly known as Risk Intelligence Network) is a collaborative identity risk information and analytics platform. The platform links and integrates internal agency data and large-scale external identity data sets. It provides comprehensive, configurable, purposeful views of identities.

LexisNexis® AmplifyID: Identity Risk Navigator Module

Identity Risk Navigator is designed to help agencies make better informed decisions to ensure benefits and services are more efficiently getting to the right people while defending against a spectrum of costly threats from identity fraud and facilitating more equitable access to benefits. The platform not only provides user-friendly investigative intelligence but also integrates into real-time identity authentication and threat prevention workflows, saving time and taxpayer dollars. Backed by expert analyst support from LexisNexis Risk Solutions, this easy-to-use solution is the most practical and comprehensive solution for uncovering hidden threats, minimizing false positives, and giving agency staff actionable insights for intelligent decisions on priority cases.

Identity Risk Navigator	\$0.90/identity
-------------------------	-----------------

1. Module pricing is an Annual License Fee plus a One Time Implementation Fee. The Annual License Fee can be set up 1) As an annual subscription payable in 12 equal monthly installments, or 2) As an annual subscription paid in 1st invoice of initial term and any renewal term. One Time Implementation Fee is \$15,000 payable in customer's first invoice. Implementation includes the following services:

project management, data evaluation and testing, business requirements assessment model calibration, and end user training.

2. All pricing is per Identity. Annual License Fee includes Network Scoring and Device Assessment for Application and Log-In Transaction and unlimited Portal User. Pricing volumes are based on program adult; however, the Network will accept and analyze all program participants (entire household including minors) for analysis up to a volume cap of total adults x 5 (Volume Cap). Batch query transactions will be limited to one batch per day, not to exceed the total adult program population x 5 (Volume Cap).
3. If Customer exceeds the Volume Cap, Customer will pay a per identity overage fee defined in the Schedule A.
4. At each renewal term, a 5% increase will be applied to the Annual License Fee. The overage fee will also increase by 5% every 12 months.

LexisNexis® AmplifyID: Master Person Index Module

Master Person Index (MPI) allows agencies to improve their population data management with a cross-program, non-PII, HIPAA-compliant unique identifier. The MPI provides the capability to link identities at points where accuracy is mission critical. Leveraging the LexisNexis built-in referential data sets and linking technology, the MPI will resolve identities with precision, provide transparency through a data remediation platform, and enable data sharing for effective decision-making.

Master Person Index	\$0.70/identity
---------------------	-----------------

Master Person Index pricing is an Annual License Fee plus a One Time Implementation Fee of \$15,000.

1. The Annual License Fee can be set up 1) As an annual subscription payable in 12 equal monthly installments, or 2) As an annual subscription paid in 1st invoice of initial term and any renewal term.
2. The One Time Implementation Fee is per program/eligibility system implemented and is payable in customer's first invoice. Implementation includes the following services: project management, data evaluation and testing, business requirements assessment model calibration, and end user training.
3. All pricing is per program based on current program participation volumes by individual program participant or those eligible, which includes adults and children. Each contract year the program participation volumes will be reviewed by customer and LexisNexis. If Customer exceeds the Volume Cap, Customer will be moved to the next volume tier and invoiced for the volume tier price difference on the next available billing cycle.
4. At each renewal term, a 5% increase will be applied to the prior years' Annual License Fee or the Annual License Fee of the selected tier per program based on program participation volume.

LexisNexis® AmplifyID: Program Participation Analyzer Module

Program Participation Analyzer (PPA) is a contributory platform solution that assists State Agencies with the identification and prevention of duplicate participation.

Program Participation Analyzer	\$0.80/identity
--------------------------------	-----------------

Program Participation Analyzer pricing is an Annual License Fee plus a One Time Implementation Fee of \$15,000.

1. The Annual License Fee can be set up 1) As an annual subscription payable in 12 equal monthly installments, or 2) As an annual subscription paid in 1st invoice of initial term and any renewal term.
2. The One Time Implementation Fee is per program/eligibility system implemented and is payable in customer's first invoice. Implementation includes the following services: project management, data evaluation and testing, business requirements assessment model calibration, and end user training.
3. All pricing is per program based on current program participation volumes by individual program participant or those eligible, which includes adults and children. Each contract year the program participation volumes will be reviewed by customer and LexisNexis. If Customer exceeds the Volume Cap, Customer will be moved to the next volume tier and invoiced for the volume tier price difference on the next available billing cycle.
4. At each renewal term, a 5% increase will be applied to the prior years' Annual License Fee or the Annual License Fee of the selected tier per program based on program participation volume.

Fraud Risk Decisioning

FraudPoint®

FraudPoint® solutions can help prevent fraud, reduce costs, and streamline decisions so that your business steers clear of fraud and stays focused on profitable customers. FraudPoint® solutions are available as an effective, calculated risk score or as attributes for modeling within internal scoring or rules engines.

---	--------------

LexisNexis® Email Risk Assessment

LexisNexis® Email Risk Assessment (ERA) connects you to coverage of more than 5 billion email addresses obtained from a proven variety of sources to help your business quickly detect valid and invalid email addresses. By returning an easy-to-interpret risk score between 0 and 1,000 along with risk indicators and when available, other Personally Identifiable Information (PII), ERA delivers succinct decisioning data that supports risk-based assessment and fraud mitigation strategies.

LexisNexis® Email Risk Assessment	\$0.15/input
-----------------------------------	--------------

LexisNexis® Emailage®

LexisNexis® Emailage® is a powerful fraud risk scoring solution fueled by email intelligence. It gives a clear picture of who is behind a transaction—and the risk associated—so government agencies can automate decisioning workflows, improve citizen experience, maximize efficiencies, and protect program integrity. LexisNexis® Emailage® returns an overall risk score and confidence scores, along with metadata points such as email and domain details and other Personally Identifiable Information (PII) to provide users with succinct decisioning data that supports risk-based assessment and fraud mitigation strategies.

LexisNexis® Emailage®	\$0.14/input
-----------------------	--------------

ThreatMetrix® for Government

ThreatMetrix® for Government offers one of the world’s largest digital identity networks, combined with a dynamic decisioning platform, and the ability to integrate with mobile applications and electronic transmissions of consumer or business data within an organization. With the intelligence from billions of electronic transmissions and transactions, embedded machine learning, and a powerful decision platform, LexisNexis Risk Solutions provides an enterprise solution for digital identity intelligence and authentication. This helps your government agency to make insightful, real-time customer trust decisions and unify decision analytics across the entire digital journey, while reducing fraud loss and abandoned transactions.

ThreatMetrix® for Government Transaction Types	Price
Logins	\$0.07 per input
New Account Opening	\$0.55 per input
BOT Detection	\$0.03 per input
ThreatMetrix® Professional Consulting Services	\$300.00 per hour

NOTE: In addition, ThreatMetrix® for Government requires a \$20,000 annual purchase commitment. A minimum of 166 hours of professional services support at \$300 per hour is required to implement each use case and each channel; this implementation fee will be billed monthly over the first 12 months. Support and maintenance charges are included. Other fees or optional add-ons:

1. Optional onsite training is available for \$10,000 per session; on-demand portal-based training is available at no additional cost.
2. One SSL Certificate included additional SSL Certificates can be purchased for \$1,500 per URL.

3. Three Org IDs included there's a one-time fee of \$600 per additional Org ID.
4. SFTP access, which allows the download of input/output data from transactions, can be purchased separately for \$15,000 per quarter.

ThreatMetrix® for Government Add-On: Behavioral Biometrics

Behavioral Biometrics, an add-on to ThreatMetrix® for Government, provides an additional layer of defense to risk assessment without creating a negative user experience. Behavioral biometrics looks at interactive gestures, such as how an individual types on a keyboard, moves a mouse, holds a phone, or taps a touch screen and compares those characteristics with known digital behavioral traits common to fraudsters, bots, and trusted users. By combining Behavioral Biometrics' capabilities with ThreatMetrix® for Government digital identity intelligence, you gain additional risk signals across high-risk events such as account openings.

Behavioral Biometrics	Price
Logins	\$0.02 per input
New Account Openings	\$0.11 per input

LexisNexis® Order Score and/or Attributes

LexisNexis® Order Score delivers a single score derived from public record information, identity characteristics, and connection method to assess the fraud risk of online transactions. It also uses advanced IP address geo-location software to verify each order's originating city, state, country, and continent. The robust fraud detection engine in LexisNexis® Order Score evaluates high-risk patterns or conditions found during address and identity verification. It resolves false-positive failures using a customer's most current address data and summarizes all results in a single three-digit score.

LexisNexis® Order Score and/or Attributes	\$0.13/input
---	--------------

Identity Verification**LexisNexis® Instant Verify**

LexisNexis® Instant Verify instantly helps verify personal identity data and professional credentials, to make more informed decisions quickly and securely.

LexisNexis® Instant Verify	\$0.35/input
----------------------------	--------------

LexisNexis® InstantID®

LexisNexis® InstantID® quickly searches billions of public records, alerting you to potential data mis-keys, which can often be mistaken for fraudulent data. LexisNexis® InstantID® can also spot discrepancies in Social Security Numbers (SSN), addresses, and dates of birth. Digital Insights provides additional risk indicators if email and/or phone number is found within the Digital Identity Network blacklist.

Identity Authentication

InstantID® Q&A

InstantID® Q&A combines the industry’s most authoritative identity verification, fraud analytics and consumer authentication services for the most optimal decisioning. InstantID® Q&A is a consumer knowledge-based authentication (KBA) technology and identity fraud prevention service that confirms a consumer’s identity in seconds by leveraging access to billions of public records and non-credit data to generate non-intrusive authentication questions. InstantID® Q&A can be integrated across multiple touchpoints in the financial institution—delivered via XML or web services.

Instant ID® Q&A	\$1.30/input
-----------------	--------------

TrueID®

TrueID® helps organizations instantly authenticate identity documents in face-to-face transactions, fight fraud and improve the patient experience by:

- Performing up to 50 different text- and image-based tests and checking IDs against a database of nearly 4,100 ID types from approximately 200 countries
- Consistently flagging suspicious items on IDs that may be invisible to the naked eye
- Reducing authentication times without compromising security—manual authentication can take anywhere from 90 seconds to 5 minutes per ID; with TrueID Mobile, ID authentication can be completed in a few seconds
- Having simple and flexible deployment across multiple platforms (Microsoft Windows, mobile, cloud, POS, etc.)
- Extracting identity data for automated form fill or for additional identity proofing leveraging LexisNexis verification or KBA solutions

TrueID® Web Service

- Non-FCRA product
- Available via Online
- *Hardware purchase includes a 1-year warranty

Barcode Scan -- Submit ID image back only for barcode decryption to accurately extract ID document data.	\$0.17/input
FormFill - Submit an ID image and utilize OCR and/or barcode decryption to accurately extract ID document data.	\$0.62/input
Document Authentication (includes FormFill) - Automated forensic analysis of submitted ID images with real time computerized response in seconds.	\$1.04/input
Portrait Match - Facial biometrics used to match ID portrait image with user provided selfie image.	\$0.20/input
Add on: Passive Liveness – Provides a pass/fail score for selfie image. (Document Authentication is required to add on Passive Liveness.)	\$0.05/input

TrueID® All In One

*** Care Free will be invoiced at \$430 per workstation as a one-time, upfront payment in the Initial Term (to cover 1st 24 months) and then \$215 per workstation annually thereafter

LexisNexis® Phone Finder

LexisNexis® Phone Finder leverages a database of over 1,500 sources for phone content that includes a proprietary, aggregated database of wireless, unlisted, and listed landlines, gateway providers for additional phone content, Electronic Directory Assistance, and many others. The solution tells our customers whom a phone number belongs to as well as what additional phone numbers might be associated with an identity. When trying to authenticate an individual and/or prevent fraud, gaining a clear understanding of the associations between a phone number, an identity, and the risk with that phone number is a key step in several account opening and management processes. What are the best subjects for a phone number? What are the best phone numbers for a subject? Is there any risk in calling/contacting this person at a given phone number? Phone Finder will deliver relevant, rank-ordered connections between phones and identities. Phone Finder will also assess the risk of the phone number prior to our clients making a phone call to a client and/or prior to sending an OTP. This risk assessment will look at indicators such as dates of phone association, porting, forwarding, spoofing, high-risk carriers like prepaid/VOIP, OTP velocity and many others. Knowing there may be risk with a phone ahead of time allows our customers to adjust their authentication method to protect themselves and their customers. Phone Finder can help facilitate key authentication activities for high-risk, high-value transactions while helping you strengthen compliance, protect your agency, and improve the customer experience.

LexisNexis® Phone Finder Basic	\$0.23/input
LexisNexis® Phone Finder Ultimate	\$0.56/input

LexisNexis® Line Risk Assessment with MNO Call Forwarding and Device Change/SIM Swap	\$0.64/input

LexisNexis® One Time Password

LexisNexis® One Time Password provides a cost effective, easy-to-use alternative, sending a simple alphanumeric authentication code via email, text, or voice telephone call to a device they already have in their possession. LexisNexis® One Time Password can help protect your system against identity theft, weak passwords, password reuse, and session-based attacks with little disruption to the customer experience. Additionally, it allows your organization to verify and authenticate users prior to enabling a high-risk or high-value transaction, providing an additional factor of authentication.

LexisNexis® One Time Password	\$0.08/input
LexisNexis® One Time Password International	\$1.00/input

Business Due Diligence Suite

LexisNexis® InstantID® Business

LexisNexis® InstantID® Business delivers instant access to proven business content, stronger entity linking and advanced analytics to give your business precise decisioning perspective to maximize approval rates and minimize risk. By combining the reach of more than 10,000 data sources with the intelligence of industry-leading linking capabilities, InstantID® Business accelerates entity verification and rapidly connects businesses with associated representatives to provide a detailed decisioning viewpoint. The standard version runs people and business through OFAC; the Compliance version runs people and business through OFAC as well as 14 other sanctions databases.

InstantID® Business: InstantID Business (includes Consumer Verification Index for one authorized representative)	\$2.00 per transaction
InstantID® Business: InstantID Business Compliance (includes Consumer Verification Index for one authorized representative)	\$2.50 per transaction
InstantID® Business: Additional Consumer Verification Index (CVIs, for up to four additional authorized representatives)	\$0.75 per transaction

LexisNexis® Flex ID Business

LexisNexis® Flex ID Business combines instant verification with critical intelligence that sheds light into the business and its representatives. Quickly see linkages between the business and authorized agents—and attain precise insight with flags and codes that highlight specific areas of concern, increasing decision clarity and consistency.

LexisNexis® Flex ID Business	\$1.00 per input
------------------------------	------------------

LexisNexis® Business Attributes

LexisNexis® Business Attributes analyzes data from business and business owner public records and is a set of 200+ attributes derived from LexisNexis data. Attributes are often used for in-house modeling, enhancing database, and supporting auto-decisioning.

Business Attributes: set of 200+ attributes derived from LexisNexis alternative data	\$4.75 per hit
---	----------------

LexisNexis® Business Credit Score & LexisNexis® Business Blended Credit Score

LexisNexis® Business Credit Scores predict the likelihood that a business will have serious delinquency, bankruptcy or charge-off within the next 18 months. Provides an indication of a business’ general stability / viability. Two versions of the Business Credit Score are offered: 1) LexisNexis® Business Credit Score is commercial version of the Score and uses only data associated with the business. 2) The LexisNexis® Business Blended Credit Score uses data about the provided authorized representative as well as the business. The Business Credit Scores are also sold in bundles with Business Attributes (described above).

Business Credit Score: Score based on data about the business (per hit per month)	\$5.50 per hit
Business Blended Credit Score: Score based on data about the business as well as the provided authorized representative (per hit per month)	\$7.50 per hit
Bundle of Business Credit Score and Business Attributes: includes both products (per hit per month)	\$8.50 per hit
Bundle of Business Blended Credit Score and Business Attributes: includes both products (per hit per month)	\$10.50 per hit

LexisNexis® Business Data Enrichment Suite

Updating your business relationships is essential to sound risk management. LexisNexis® Business Data Enrichment Suite facilitates that process. Drawing from an unparalleled reach of fresh data filtered by sophisticated analytics, you can quickly update customer profiles, fill in gaps and stay in the loop on developments that impact your risk. It is also a useful tool for identifying ways to better match your services to customers’ profiles.

Business Data Enrichment: FEIN Plus Pack (FEIN)	\$1.25 per hit
Business Data Enrichment: Business Address and Phone Pack (Name, Address, Phone)	\$1.25 per hit
Business Data Enrichment: Business Executives Pack (Executive/Owner/Auth Rep info)	\$1.25 per hit

Pricing discounts are available based on volume.

Orbis Reports

Orbis Reports offer seamless access to firmographics, risk insights, corporate ownership, and ultimate beneficial owner (UBO) information on non-U.S. businesses. Orbis reports cover more than 300 million international companies. Reports are available in three formats: Summary, Standardized Financial and Full Business Report. These reports help government agencies which need to manage, verify, and vet businesses, or need to do research & investigations on commercial / business entities. Resold from Bureau van Dijk, global Orbis reports are available via our US online portal RMS.

Pricing generally ranges from \$30 to \$300 for a report, depending on the format desired (Summary, Financial, Full) and information available on the subject company.

Healthcare Solutions

Integrity Scans

Implementation Fee	Annual Minimum
Depends on customer specifications	\$5,000

Annual batch minimum of \$5,000. Minimal batch job revenue commitment for any single or a combination of batch products for a single batch job. Prior to the final invoice, a review of the account will determine if the commitment has been met. If not, the customer will be billed for the difference on their final annual invoice. If there are separate batch jobs with the same customer each implementation will be assessed its own minimum.

LexisNexis® Benefit Assessment batch solution	\$1.80/input

LexisNexis® Socioeconomic Health Attributes and LexisNexis® Health Score

Product Overview

1. The LexisNexis® Socioeconomic Health Attributes product comprises over 400 data attributes that were selected based on statistical analysis of the predictive power of each attribute for specific healthcare targets and outcomes.
2. The LexisNexis® Socioeconomic Health Attributes are to be used by customers that have strong clinical modeling expertise to build their own predictive health risk models in order to more effectively manage their members/patients. They can also be used for developing care management programs and member/patient outreach initiatives.
3. The LexisNexis® Socioeconomic Health Score: Total Cost Risk Score product predicts the health risk for individuals over the next 12 months based on total cost. The score is particularly beneficial for customers who are trying to assess the risk of members/patients who have no claims or clinical data. Customers can use the score to stratify risk in their populations and to incorporate into their own health risk predictive models. The score is represented in three (3) ways: 1) an index relative to the customer's member/patient population; 2) a percentile ranking (1 – 100); and 3) a risk category (1 - 5).

Socioeconomic Health Attributes and Score	Price Per Input
LexisNexis® Socioeconomic Health Score	\$0.82
LexisNexis® Socioeconomic Health Attributes	\$1.07
LexisNexis® Socioeconomic Health Score and LexisNexis® Socioeconomic Health Attributes	\$1.18

Socioeconomic Health Attributes and Scores requires a minimum 1-year term and a Minimum Year 1 Commitment of \$10,000 and \$2,500 one-time implementation fee.

Payment Protection

Example pricing - the actual pricing will be based on the number of lives covered at the time of contract.

Product	Minimum Annual License Fee
LexisNexis® Intelligent Investigator™	\$60,000
- Pharmacy/Dental Add On	\$6,000/each
LexisNexis® Trail Tracker	\$25,000
LexisNexis® PrePayment Manager	\$60,000
LexisNexis® POI Predictive Modeling	\$100,000
Implementation	One-Time Fee
Standard	\$102,000
High	\$292,000
Low	\$64,000

General Rules

1. Minimum 3-year term
2. Frequency: Quarterly or Monthly processing frequency available for Intelligent Investigator, Intelligent Investigator Add-ons, Trail Tracker and POI Predictive Modeling. Weekly or Daily processing frequency for PrePayment Manager.
3. Add-on: Intelligent Investigator has three available add-ons. Pharmacy and Dental, and Accurant Provider Comprehensive Reports. Pharmacy and Dental Add-ons must be the same frequency of Intelligent Investigator.
4. Customer responsible for T&E for onsite visits.
5. Software upgrades included at no additional charge when LN hosts data.
6. Account management support included at no additional charge to customer.
7. New companies, subsidiaries, or lines of business acquired by or merged with an existing client is subject to the same pricing guidelines.
8. An increase above 20% in the number of members in a year will incur additional fees.
9. Both Parties agree to treat this project as a top-level project and will use best business efforts to ensure that the project does not incur unreasonable delays.
10. Any material modifications to the agreement may result in additional fees.
11. All Fees (except Implementation) are Annual and will be invoiced in 12 equal monthly installments.

Training

1. Intelligent Investigator, Trail Tracker and PrePayment Manager Implementation includes 2 days of on-site training. Customer will be responsible for reasonable travel expenses related to onsite training.
2. Additional on-site training may be purchased for \$1,400 per day plus travel expenses.

Professional Services

1. Trail Tracker conversion of existing cases depends on number of cases to be converted.

Users

1. Annual license grants customer 5 named users. Additional named users can be added at \$2,000 per user, per year.
2. When adding Comprehensive Provider Report on a Subscription, the \$50/user/month fee will be added. Any additional users will be billed at \$50/user/month.

Licensing, Hosting and Implementation

1. Licensing and Hosting fees are Annual, invoiced in 12 equal monthly installments. Implementation fees are One-Time, invoiced in customer's first invoice.
2. Implementation includes the following services: project management, data evaluation and testing, business requirements assessment model calibration, and end user training.
3. Implementation is required.

Renewals

1. Customers will be renewed in accordance with the rates defined in their Schedule A.
2. All customers are subject to a 5% annual increase (automatically, without a new contract/signature required).
