# Choosing The Right Gun Rack

**STEP 1:** Determine the vehicle this gun rack will be mounted to

**STEP 2:** Determine the location of the gun rack in the vehicle

- Tri-Lock Partition and Self-Supporting Mounts will not need a Gun Rack Order Form, but lock override key type will need to be identified when selecting part numbers
- Standard Partition Mounts, Self-supporting Mounts, Trunk, and all other applications will need to proceed to steps 3 -5 and fill-out a Gun Rack Order Form

**STEP 3:** What type of weapon(s) will be housed in the gun rack

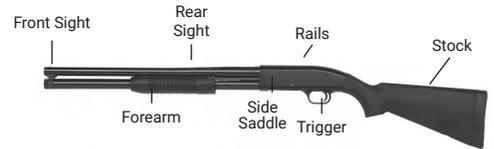

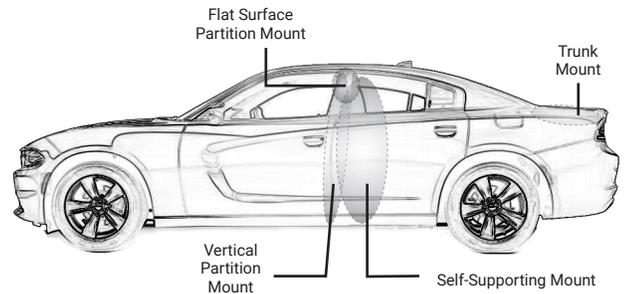

- Indicate the type of weapon(s) to be housed in the gun rack so that the lock heads, guards, and brackets can be properly assembled to fit the weapon

**STEP 4:** Choose a lock override key option

- We offer three styles: Handcuff Key, Straight Key, or Vending Style Key
- Identify preference on "Gun Rack Order Form"

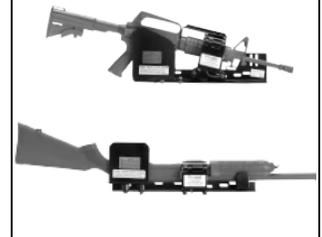

**STEP 5:** Weapon(s) Accessories

- On the "Gun Rack Order Form" identify the types and locations of all accessories. This will determine where we place the lock heads, guards, and brackets on the gun rack
- Photographs of the weapon fully equipped with the accessories is the optimal way to guarantee a secure fit
