About Kimball International

Kimball International is a leading omnichannel commercial furnishings company with deep expertise in the Workplace, Health, and Hospitality markets. We combine our bold entrepreneurial spirit, a history of craftsmanship, and today's design-driven thinking alongside a commitment to our culture of caring and lasting connections with our customers, shareholders, employees, and communities.

For over 70 years, our brands have seized opportunities to customize solutions into personalized experiences, turning ordinary spaces into meaningful places. Our Workplace & Health family of brands includes Kimball, National, Etc., Interwoven, and David Edward

KIMBALL®

NATIONAL®

ETC.™

INTERWOVEN®

DAVID EDWARD®

Our story started in 1950 as an upstart company with a vision to be more. That vision became the foundation that guides us today and inspires the culture we cultivate.

As humans, we relentlessly search for meaning. And since long before the first Kimball-built cabinet rolled out of production, people have been finding that meaning in the spaces we shape into places — places that build communities, form connections, and develop a sense of belonging. But it's not enough.

We have an itch to do more — to grow, learn, and seek something new. While change requires embracing the unknown, we know that only by breaking out of our own worlds can we make a better one. And at Kimball International, we bring this promise to life with every product we create.

That's why we build heart into everything we make and do. Why we give each other the room to discover our best and bring out the best in others.

From shop floor to showroom, we've always crafted with an eye to the future. Helping every life our products touch to not just stage moments; but seize them. We believe that we can do more than just search for meaning. We can empower people to unlock their potential and bring it to life. Because we Dare to Be Makers of Possibility.

We exist to enhance where people work, live and gather.

We will:

- Create long-term value for shareholders and stakeholders
- Be a great place to work
- Be a responsible global citizen

We are fueled by a passionate winning spirit. Our success depends on living our core beliefs every day

Our Products by Brand | Kimball

Trends may come and go, but quality design and craftsmanship stand the test of time. At Kimball, our mission is to change the way work is done by turning the spaces you envision into the places you love. With our rich history of crafting thoughtfully-designed, quality products, we're a partner that will elevate the experience of creating places that support the work you do today – and tomorrow.

We understand that the place we work is more than just windows, walls, and an area to sit, which is why we find great meaning and identity in helping turn ordinary spaces into distinctive places.

Our Products by Brand | National

In 1980, National Office Furniture joined the contract office furniture market with a goal to be a standout. Determined to offer customers a better value with shorter lead times, National created a brand by successfully delivering products that were on budget and on time. Customers were drawn to our ability to design and develop innovative products, while offering personal support and extraordinary experiences. Today, that foundation still holds true. Our exceptional value, combined with design-driven products, on-time delivery, and our dedication to customer experiences have made us a standout in the furniture industry.

Our Products by Brand | David Edward

For over 60 years, David Edward has been a recognized design leader with a reputation for high-end designs, exceptional craftsmanship, and integrity of product. But what most may not know is that David Edward started as a small company that few had ever heard of. It was the dream of Edward Pitts, an entrepreneurial spirit with a bright mind and unwavering work ethic who wanted to make his best contribution to society and provide for both his customers and his employees. A vision similar to that of Kimball International founder, Arnold Habig.

Kimball International acquired David Edward in 2018. Through this partnership, Kimball and David Edward have been able to leverage unique strengths from both businesses to create a united path for the future. Leaning on Kimball's decades of refining and perfecting manufacturing processes, the David Edward portfolio is able to fixate on what David Edward has always done best: delivering interior designers and architects with original, quality pieces designed to inspire sensational interactions in unexpected places. Craftsmanship still reigns supreme, with the best of the founders' ideologies guiding the brand to the next exciting era.

Iconic style meets sensible craftsmanship in this culmination of 125 years of quality and experience. It's time to expect a new unexpected.

Products & Pricing

Questions

i. Offerors shall provide pricing based on a discount from a manufacturer's price list or catalog, or fixed price, or a combination of both with indefinite quantities. Offeror may offer their complete product, and service offering as a balance of line. Prices listed will be used to establish the extent of a manufacturer's product lines, services, warranties, etc. that are available from Offeror and the pricing per item. Multiple percentage discounts are acceptable if, where different percentage discounts apply, the different percentages are specified. Additional pricing and/or discounts may be included. Products and services proposed are to be priced separately with all ineligible items identified. Offerors may elect to limit their proposals to any category or categories. The discount proposed shall remain the same throughout the term of the contract and at all renewal options.

Kimball International is proposing a range of discounts off of manufacturer list price to Region 4 ESC, varying by product category, including tiered discounting for larger orders. The discounts that have been provided are based on delivery to an Authorized Dealer for redelivery to the customer. Pricing per category offered is outlined on the discount matrix on page 49.

ii. Include an electronic copy of the catalog from which discount, or fixed price, is calculated. Electronic price lists must contain the following: (if applicable)

- *Manufacturer part #*
- *Offeror's Part # (if different from manufacturer part #)*
- *Description*
- *Manufacturers Suggested List Price and Net Price*
- *Net price to Region 4 ESC (including freight)*

Submitted price list must include the Offerors' company name, name of the solicitation, and date.

We have attached electronic copies of catalogs for all brands and product series from which our proposed discounts are calculated. Our price lists include part numbers, product descriptions, and list pricing. Due to the overwhelming number of SKUs available across all five brands, we are unable to efficiently provide a comprehensive list of net pricing for our offering. Current price lists do not reflect any potential price adjustments made between RFP submission date and contract award/effective dates. Any price adjustments will not impact proposed discounting off list pricing. Final net pricing to be based on price lists as of contract effective date. Proposed discounting by product category may be found on our discount matrix on page 49.

Electronic price lists can also be referenced here: [Kimball International Commercial Price Lists](#).

iii. List the category or categories you are offering.

Systems Furniture, Freestanding Furniture, Seating/Chairs, Soft Seating, Filing Systems, Storage and Equipment, Technology and Esports Support Furniture, Library Furniture, Health and Science Furniture, Cafeteria Furniture, Learning Spaces Furniture, Audio/Visual Furniture, Educational Office Furniture, Privacy Pods, Phone, Sound Isolation Rooms and Furniture Booths, Related and Ancillary Products, Accessories, and Solutions, Services and Support Solutions.

Products & Pricing

Questions

iv. Is pricing available for all products and services?

Pricing is available for all products and services offered by Kimball International.

v. Furniture Offerings: New, Used, Parts, Accessories, Service and Repair, Trade- Ins, Leasing/Financing and provide pricing structure for each of these items.

We specialize in new, made to order furniture and accessories with available service parts as needed. We offer a financing program through PEAC Solutions. Please see KII Financing Guide on page 56 for more details.

vi. What is the ability to provide custom or special orders furniture products? Include catalogs and any fees related to custom or special orders.

End users are able to customize our standard product offering by submitting a By Design request to our product engineering team by providing a reference standard model number. If feasible, product team will supply the custom product order number, price, and lead time. The By Design request form is readily available on the Kimball International website.

vii. Describe any minimums order quantities or fees.

We do not have any minimum order requirements for standard product orders. In some instances for custom or discontinued product, we may need to determine an order minimum, but the necessity is rare.

viii. Describe ordering methods, tracking, and reporting.

Participating Members may place orders directly from Seller and/or from Authorized Dealers. Orders placed directly with Seller can be sent via email to orders@kimball.com or via fax at 866.418.8516

Some dealers use a web-based service maintained by Kimball International to place orders electronically. The orders go through our ERP (SAP) system and electronic acknowledgments are sent back to the dealers as their orders are confirmed and processed. We also offer OrderXChange on our website as a way to electronically upload a .sif file and submit an order.

Order tracking information can be provided once an order ships with one of our third-party shipping partners.

Our team of Strategic Sales Managers utilize robust sales reporting every day. They are able to customize reporting based on End User needs and can provide reports with an established cadence or upon request.

Products & Pricing

Questions

ix. Describe any shipping charges.

i. Describe delivery charges along with definitions for:

- 1. Dock Delivery**
- 2. Inside Delivery**
- 3. Deliver and Install**

1. Dock Delivery

Definition: Products are priced and will be delivered FOB Destination to 48 contiguous states, District of Columbia, or port of exit. Kimball International reserves the right to select the most appropriate shipping terms. Pricing is based on standard dock delivery between 8am and 3pm Monday through Friday. No additional charge would be incurred for a standard dock delivery. A standard dock delivery entails delivery to a dock with personnel available to unload the truck.

Charge: Included in product pricing

2. Inside Delivery

Definition: Inside Delivery includes placing in-carton product inside the main level of a building. This service does not typically include stairs or elevators. Quote is based on answers to the criteria below:

- Is this location a residential area?
- Can this location accept a 53' trailer/truck combination at potentially 76'?
- Is there a 42" receiving height dock available?
- Can this location accept skidded product?

Charge: Quoted on a per order basis

3. Deliver and Install

Definition: Standard installation rates are based upon the following terms and conditions:

- Installation occurs during normal weekday business hours, Monday thru Friday from 7:00 AM to 5:00 PM local time, excluding holidays.
- Adequate facilities for delivery, unloading, moving, staging and storing the product during the installation process shall be provided.
- The immediate installation area shall be complete and free of debris, including the carpet/flooring during the installation time frame.
- Electricity, heat and adequate elevator service shall be furnished by the client at no charge.

Charge: Quoted on a per project basis. Minimum charge of up to \$200. Standard installation (non-union, normal business hours): \$60.00 - \$95.00 per hour. Pricing for Deliver and Install is outlined on page 49.

x. Provide pricing for warranties on all products and services.

Kimball International Brands (Kimball, National, Etc., Interwoven, and David Edward) warrants that its products are free from defects in materials and workmanship given normal use and care for as long as the original customer owns and uses the product subject to the following full warranty document included on page 50. Kimball International, at its option, will repair or replace any product with a comparable product, part, or component, if the claim is eligible under the conditions of this warranty. The costs associated with the delivery and labor to replace products, parts, or components can also be approved on a case-by-case basis for reimbursement.

Products & Pricing

Questions

xi. Describe any return and restocking fees.

Kimball International discourages product returns due to the likelihood of damage during the return transportation. In the event a product return is necessary, Kimball International will make every attempt to help keep the product in the field. Please contact customer service for assistance.

If attempts to keep the product in the field are unsuccessful, Kimball International will allow returns on stocked items only with the following stipulations:

- 50% restocking fee
- Freight charge prepaid by dealer
- Product was never removed from the original carton
- Product must be returned within 30 days of RGA issue date
- Credit will not be issued if product returned is damaged

Please note most models in the Quick Delivery programs are produced on demand and cannot be returned.

xii. Describe any additional discounts, special offers, promotions, or rebates available. Additional discounts or rebates may be offered for large quantity orders, single ship to location, growth, annual spend, guaranteed quantity, etc.

Kimball International has provided tiered discounting. Discounts off list price will increase as the volume increases by product category. Please refer to the included discount sheet on page 49. Any single order over \$250,000 list will be negotiated on a per-project basis.

xiii. Describe how customers verify they are receiving Contract pricing.

When a purchaser submits an order using a contract number, our system has the capability to flag pricing discrepancies and pause the ordering process so correct contract pricing can be applied. We offer pricing transparency with our OMNIA contract. Our member discounting is available on our website. End users are also able to verify with our Strategic Contracts Manager.

xiv. Describe payment terms and methods offered. Indicate if payment will be accepted via credit card. If so, may credit card payment(s) be made online? Also state the Convenience Fee, if allowable, per the Visa Operating Regulations.

For direct bill orders, Kimball International will accept payment through wire transfer, ACH, and Visa/MasterCard with signature; however, ACH or wire transfer are preferred. For government entities, no convenience fees will apply on credit card orders. Kimball International has an online payment portal in which direct bill customers can make payments via ACH or credit card (government only). If an authorized dealer is purchasing from Kimball International and invoicing the Participating Agency, the dealer's invoice processes would apply. Any invoice issued will reference a contract or purchase order number provided by or otherwise agreed to by the Participating Agency.

Products & Pricing

Questions

xv. Propose the frequency of updates to the Offeror's pricing structure. Describe any proposed indices to guide price adjustments. If offering a catalog contract with discounts by category, while changes in individual pricing may change, the category discounts should not change over the term of the Contract. Updates may no be more frequently than quarterly.

Member pricing will be discounted off Kimball International's identified list pricing. Discounts will remain in effect through the life of the contract duration. Kimball International requests that new price lists may be submitted for approval at any time upon a thirty (30) day written notification and agrees that price decreases shall be accepted at any time during the term of the contract. Kimball International will continue to do their best to absorb the increased costs from transportation vendors; however, if the price of fuel increases above the normal rates, tariff tax increase, or other similar situation, it may require Kimball International to pass on the increased costs. Kimball International may address this situation with a surcharge, rather than a price increase, so that it can be eliminated when appropriate.

xvi. Describe how future product introductions will be priced and align with Contract pricing proposed. What is the proposed frequency for new product introductions?

We are continuously researching furniture applications, performance, materials, production, usability needs, and much more to bring forth new ideas and solutions to the markets we serve. We average around 30 product introductions/enhancements per year usually in the spring and/or fall. Product introductions/enhancements will be submitted with the list price, at the same discounting on the awarded contract, unless it is a new product category for Kimball International.

xvii. Are repurpose or end of life programs offered? If so, explain the process.

Kimball International collaborates with Green Standards to provide a sustainable solution for the redistribution of surplus workplace furniture. We introduce dealers and end users to our contact at Green Standards and they will work directly with each other to determine how best to proceed with responsible recycling of product. Please reference the Green Standards overview beginning on page 51 for more information.

xviii. Are product loaner programs available? If so, explain the requirements.

While we do not offer our own product loaner program, this is a common service provided or organized through our distribution partners.

xix. Describe experience with Prevailing Wage and Bacon-Davis.

We are familiar with the Davis-Bacon Act, however, we do not offer labor services directly. Labor and prevailing wages will be applicable to services provided by our distribution partners.

xx. Provide any additional information relevant to this section.

We have no additional information to provide at this time.

LIFETIME WARRANTY

Kimball International Brands (Kimball, National, Etc., Interwoven, and David Edward) warrants that its products are free from defects in materials and workmanship given normal use and care for as long as the original customer owns and uses the product subject to the conditions below.

This warranty is valid only if the product is given proper care and maintenance. Normal use is defined as the equivalent of a single shift, forty-hour work week. Products used in a multi-shift have a 12-year warranty unless noted with exceptions. Certain products are warranted for three-shift 24/7 service as shown in the applicable price list at the time of order acceptance.

The Company, at its option, will repair or replace any product with a comparable product, part, or component, if the claim is eligible under the conditions of this warranty, however, if a product has been discontinued prior to the Company's receipt of the warranty claim, the Company reserves the right to replace with a comparable product in our current portfolio, as determined by the Company in its sole discretion.

Some products and parts may have limited warranty periods (warranty periods run from original date of purchase), may be excluded from this warranty, or may be subject to different terms, as shown in the following exceptions:

12-Year Warranty

- Wood chair frames/legs

10-Year Warranty

- Wood veneers and laminates
- Solid surface and EOS

5-Year Warranty

- All Etc. products except outdoor products
- Mechanical & high-wear parts (such as casters, glides, drawer slides, moving chair arms, pneumatic lifts, door seals)
- Height adjustable tables
- Electrical/power products
- Inflatable lumbar supports
- Lighting
- Monitor arms
- Keyboard kits
- Sinks/faucets
- Keyless locking
- Trendelenburg mechanism
- Central locking caster systems
- Recliner mechanism
- Covering materials (such as foam, most textiles, 3D laminate, marker-board, decorative trim)

3-Year Warranty

- Wool felt
- Mesh

2-Year Warranty

- Etc. outdoor products

1-Year Warranty

- Bean bags and poufs with EPS (Expanded Polystyrene) fill

Exclusions:

This warranty does not apply to:

- Damage caused by a carrier
- Normal wear and tear that is expected during the period of ownership

- The substitution of non-Company components for use in place of Company components
- Appearance, durability, quality, behavior, colorfastness, or any other attribute of C.O.M. (Customer's Own Materials) or any other non-standard material specified by the customer
- Color, grain, or texture of wood, laminate, and other covering materials, including but not limited to, naturally occurring variations and differences in grain character and color between and within wood species, and natural variations in marble and leather, and industry dye-lot variations in fabric color
- Alliance program fabrics
- Fabric, leather, and felt fading and wear, discoloration from contact with liquids, or change in color or texture caused by the application of finishes (flame proofing, stain resistance)
- Products considered to be consumable (bulbs, light ballast, and certain electronic products)
- Non-compliance with installation and maintenance instructions
- Damages or failures resulting from modifications, alterations, misuse, abuse, negligence, or improper care and maintenance of our products

EXCEPT AS EXPRESSLY SET FORTH ABOVE, THERE ARE NO OTHER WARRANTIES EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE. TO THE EXTENT PERMITTED BY LAW, WE EXCLUDE AND WILL NOT PAY CONSEQUENTIAL, PUNITIVE, OR INCIDENTAL DAMAGES UNDER THIS WARRANTY.

Notes:

Kimball International's family of brands includes Kimball, National, Etc., Interwoven, and David Edward. References to the "Company" in this warranty refer to the relevant brand whose product is at issue. Facility managers and users are urged to make periodic inspections to look for signs of structural fatigue, damage, and potential failure that may occur as a result of daily handling and use. Inspections should include the structural joints, corner blocks, screws or fasteners, welds, and any other points of stress. If any problems are found, the product should be taken out of service and Customer Service should be contacted promptly at 800.482.1717.

This warranty is made to the original customer for as long as the original customer owns and uses the product. This warranty is only valid if the products are given normal and proper use, as well as installed, used, and maintained in accordance with the Company's installation and/or application guidelines and installed by an authorized dealer or agent. The Company assumes no responsibility for repairs to products sustaining damages resulting from user modification, attachments to a product, misuse, abuse, alteration, or negligent use of our products.

Wood Finish Color Matching

Each piece of natural wood offers unique texture and grain. Minor variations in finish color and value may occur due to the natural characteristics of wood. The Company carefully selects all materials used in every product ensuring a commercially acceptable color and finish. Factors such as aging and exposure to light alter finishes.

Fabric Color Matching

The Company will always ship a satisfactory commercial match on fabric. Because of industry dye-lot variation, colors may not match exactly.

Process for Warranty Issues:

- ① Contact Customer Service (800.482.1717) and provide them with the serial number from the product in question and the purchase order number or acknowledgement number and a detailed description of the warranty issue. Serial numbers are mandatory before the claim can be processed.
- ② Customer Service will determine and pre-approve all resolutions to the claim such as replacement units, service parts, labor, and repair charges. Upon approval, resolutions will be assigned an authorization number.
- ③ The authorization number must be included on all invoices for reimbursement. Any unauthorized charges will not be the responsibility of the Company.

i. Provide any additional information related to products and services Offeror proposes to enhance and add value to the Contract.

Please reference enclosed information regarding the following services that we believe will add significant value to the Contract, beginning on page 200.

ii. Furniture and related products not noted in categories can be included as a Value Add, include any fees such as installation, delivery options, setup/cleaning, design/layout, custom, special orders, etc.

Kimball International maintains strong partnerships with our authorized dealers nationwide. Our dealer partners are strategically selected to sell, service, and install our product offering based on their proven service capabilities, expertise, and alignment with our unwavering principles around customer satisfaction. We are committed to delivering a positive and valuable experience. Our dealer partners demonstrate this same commitment as we work to earn your satisfaction and look to continue and grow our relationship with you.

Dealer services include, but are not limited to:

- Delivery
- Installation
- *Warehousing
- Setup
- Cleanup
- Reconfiguration
- Inventory Management
- Loan and Rental Furniture
- *Design/Layout Services
- *Project Management Services
- *After Hours Support
- *Custom and Special Orders
- *Customer's Own Material/Laminate
- *Installation Support
- *Product Training
- *Final Walkthrough Support
- Warranty Service

Labor and storage-related services like delivery, installation, warehousing, etc. are quoted per project based on a variety of criteria such as normal business hour or after-hours installation, prevailing wages, storage volume required, etc.

*These are services Kimball International also has the ability to offer. While there may be cost associated with warehousing and custom product and materials, most other services such as project management and in-house design are included at no charge.

ecoChecker powered by ecomedes: <https://kimballinternational.ecomedes.com/>

Kimball International's ecoChecker tool is a digital database where you can explore our brands and portfolio of products to easily find, compare, and evaluate a wide range of environmental and social criteria. This product portal, powered by ecomedes, provides verified, 3rd party certification and scientific data points that can fuel ESG disclosures, LEED credits, and a growing number of enterprise declarations. The recycled content, certifications, and more are available for each product series. ecoChecker can help with calculations and documentation, making it easy to evaluate how Kimball International furniture can contribute to sustainability efforts.

Kimball International's Kolo Pods are accredited as a Certified Autism Resource

Kimball International is proud to announce that our Kolo Pods have been recognized by the International Board of Credentialing and Continuing Education Standards (IBCCES) as a Certified Autism Resource (CAR). IBCCES, a global leader in professional autism and neurodiversity training and certification, with a focus on cognitive disorders, evaluated Kolo Pods and found that they can be utilized for improved communications and outcomes for those with autism or other sensory sensitivities. This recognition signifies Kimball International's ongoing commitment to offering solutions that create inclusive spaces.

As a part of the CAR application process, a board of experts conducted a review to determine how Kolo Pods are aligned with one or more of their six areas of competency and, ultimately, how it meets the needs of individuals with autism. IBCCES proudly promotes CAR partners to their network of therapists, educators, and parents to ensure they have access to products and services that can improve the lives of individuals on the spectrum.

Explore our Pod Comparison tool here:

Alternative Design is a platform that explores what's changing in our world to help designers become makers of a better future. We discuss how diverse perspectives and disruptive ideas can revolutionize the design industry. Tune in to the Alternative Design podcast, check out our blog, and listen to our conversations to be inspired to craft the world of tomorrow, today.

Hosted by Kaelynn Reid
As a Certified Design Futurist and the Host of Kimball International's Alternative Design podcast, Kaelynn encourages designers to make creative decisions today for a more promising human experience tomorrow. Through her enthusiasm for uncovering trailblazing topics, Kaelynn captures crucial foresight indicators including signals, trends, and drivers. Her experience as an Interior Designer ignited her passion to improve the quality of space for all and now she brings light to much-needed conversations to make a difference. By venturing into unconventional topics outside of the furniture industry, Kaelynn uncovers emerging signals that reflect shifts in the human experience. She offers insights for designers to create spaces that will support the needs of people tomorrow, through the creative choices they make today.

Creating Places to Belong®

The Value of Culture & Connection

The furniture you choose can influence the spaces you live, work, and unwind. We are proud to put science-based research and design at the forefront of the products we offer to the world.

Kimball International partnered with Ipsos, a global leader in market research, and Arigami, a distinguished interdisciplinary research team, to study how sensory design and furniture can make people feel like they belong.

Experts from Harvard, Stanford, Oxford, Cambridge, and other top schools led the research, which was carried out by a team with diverse skills in behavioral science, neuroaesthetics, and creative design innovation.

Connecting to a Greater Purpose

New Kimball International research unlocks design features that amplify employee connection and belonging.

Kimball International partnered with Ipsos, a global leader in market research, and Arigami, a distinguished interdisciplinary research team, to study how sensory design and furniture can make people feel like they belong. Experts from Harvard, Stanford, Oxford, Cambridge, and other top schools led the research, which was carried out by a team with diverse skills in behavioral science, neuroaesthetics, and creative design innovation.

Contributors To Belonging

This report aims to offer actionable, research-based insights to enhance belonging in the spaces we create. We're committed to design solutions rooted in rigorous research, tailored for today's evolving workplaces.

Key Finding #1: Company culture is intricately linked to the sense of belonging, with five distinct culture types influencing how it is nurtured.

Key Finding #2: There are four fundamental needs—connection, community, comfort, and choice—that must be addressed in workplace design to create spaces for belonging.

Key Finding #3: Sensory experiences in the workplace affect belonging, engagement, and productivity. Thoughtful sensory design fosters meaningful connections and a sense of belonging among workers.

The world is changing, and almost every aspect of design has changed with it. We have an opportunity to create better solutions and efficiencies in the collaborative design of space.

Enter the power of ELEVATE. We believe that by using design thinking – working together in real-time to visualize and explore the possibilities of design – we can create incredible solutions that enhance individuals' productivity and overall happiness through great design.

ELEVATE eliminates the complexity from the front end of space planning and specification. The foundational elements of ELEVATE bring clarity from the start, so that we can get to solutions faster, maximize investments, and deliver better experiences from start to finish.

ELEVATE combines the value of co-creation with the power of design-in-real-time technology to help customers enhance the effectiveness of people and efficiency of space.

Put us to the test

Experience the power of design thinking first-hand by continuing the conversation with our ELEVATE design experts.

By Design

We know customers don't seek products; they seek solutions. From rough ideas to specific requirements, the dedicated and experienced Kimball International By Design team offers dynamic alternatives to standard product. By Design works closely with customers to turn visions into reality, providing the solutions they need.

Product Modification

Standard sizes, shapes, materials, or configurations of Kimball International products can be modified for a custom-like fit or look.

Stitch-It™

Add stitched patterns to upholstered products with our Stitch-it program.

Engraving & Embroidering

Seating can be enhanced by utilizing Kimball International's embroidery and laser engraving capabilities.

Value Add

Our showrooms feature products seamlessly blended from all five of our distinct brands. We are proud to serve 7 metropolitan areas around the country, in addition to our breathtaking headquarters located in Jasper, Indiana.
