PRICE AND PRODUCT CHANGE REQUEST
FORM**

Supplier Name: Palmer Hamilton

Sourcewell Contract Number: 091423-PHL

Request Type: Price Decrease

Changed Product List

Respawn Product Line – Across-the-board MSRP Reduction

All listed Respawn SKUs are being reduced by approximately 8%.

This update applies to the full Respawn furniture line included under Contract 091423-PHL.

No changes are being made to product specifications, availability, discount structures, or warranty.

Justification for Changes

We are reducing the RESPAWN list prices to make the product line more competitive for our dealers and end users, and to improve overall market positioning. These reductions reflect improved sourcing and production efficiencies. All products will continue to meet the same quality, performance, and specification standards as previously listed.

Price changes or product/service additions only

The revised pricing remains consistent with the current Sourcewell contract structure.

Only MSRP is being reduced, no changes are being made to discount tiers, ordering procedures, freight/service handling, or administrative fees. All RESPAWN products remain within the original scope and categories awarded under Contract 091423-PHL.

For Wilsonart®, our standards are most colors in Type 335 laminate and finish type ending in -38 or -60. Exceptions apply, including colors that begin with “Y” or end with K-38 or K-60. Standard Formica® Laminates are Grade 12 or Grade 20 ending in finish type -58 and -43.

Group 2: Standard Pionite®, Nevamar®, and non-standard Wilsonart® laminates Type 335 and 107 Recycled Content, and finish types not ending in -38 or -60.

Group 3: Wilsonart® Specialty Types 136 / 137 Chalkboard Laminates, Arborite®, and premium Formica®, Pionite®, and Nevamar®.

Group 4: Non-Standard Premium Wilsonart® Laminate Types 362 (VDL, Y-Type), 156/336 (Markerboard), 376-HD / 366 Wilsonart® HD, and 515 Compact Laminate.

All premium laminates are subject to an upcharge.

Hive: COM (Customers Own Material)

The Hive products and product line may be available in COM (Customers Own Material). Due to the complexity of manufacturing which requires certain fabric characteristics and properties, it is critical that we test the actual fabric on all COM requests. Below is the procedure for Hive COM requests:

1. Please complete our COM material form. Contact Customer Service for the form.
2. Place a swatch of your material in the space allotted on the COM form.
3. Two yards of fabric are required for proper testing.
4. Please send the two yards of fabric to be tested along with the completed COM form. The COM form must be sent with the fabric to properly track and identify your fabric.
