## QUALITY & SAFETY

At Lakeshore, children's safety is our highest priority—and we know it's the top concern of our customers, too. That's why we want to provide you with detailed information about Lakeshore's testing and certification process, including the rigorous steps we take to ensure our products are safe.

In the more than 67 years that we've been in business, Lakeshore has always been a huge step ahead when it comes to safety. Not only are we in full compliance with all the current U.S. safety regulations, but we also have our own in-house Quality Assurance Team that tests and inspects every item we carry with even more rigorous standards than those required by law. Every item we sell must meet or exceed all the government safety requirements, or we don't carry it—period.

For us, safety begins at the moment a product idea is conceived and put into development. First, we ensure that all the materials that go into each new product are safe. For example, materials in all children's products must be phthalate compliant (phthalates are sometimes found in PVC and other plastics) and must also meet strict standards for lead content.

Once we confirm that the materials we're using are safe, we conduct exhaustive "use and abuse" testing to make sure each product will remain safe through years of everyday use. And after a product passes our rigorous testing, it is then tested and certified by a third-party testing laboratory. Finally, we continue to monitor the safety of our products through periodic testing, both internally and by third-party labs, to ensure that our suppliers maintain the high level of integrity we demand of our materials.

For Lakeshore, children's safety always comes first. You can rest assured that the products we sell are safe and that we are doing everything we can to provide our customers with superior-quality products that they can trust with their children.

## GREENGUARD® CERTIFICATION

Lakeshore offers a variety of classroom furniture pieces that have earned GREENGUARD Certification. Many of our furniture lines (Classic Birch, Flex-Space, First Steps® and Heavy-Duty) are certified by the GREENGUARD Environmental Institute to support low emissions standards—reducing chemical pollutants and helping to improve indoor air quality.

GREENGUARD Certification is recognized by numerous sustainable building programs, including the LEED® Building Rating System. Purchasing products that are GREENGUARD Certified helps you earn points toward LEED certification. Products on our website that feature the GREENGUARD logo are certified by the GREENGUARD Environmental Institute to comply with low emissions standards—reducing chemical pollutants and helping improve the quality of indoor air.

## BRIEF HISTORY

Like many great enterprises, Lakeshore started with one person taking a chance. In 1954, an Omaha homemaker named Ethelyn decided to pack up her family and move to California to open a toy store. The move was a bit unconventional for a woman in 1950s America—but entrepreneurs don't typically follow the status quo. Initially, Ethelyn focused on selling toys to parents, but before long, local schools started calling her for art materials and other classroom supplies. Ethelyn listened to her customers. Sensing an untapped market, she sold the store and started Lakeshore Learning Materials.

Eventually, Ethelyn's sons, Charles and Michael, joined the business—expanding operations and turning Lakeshore into a million-dollar company within just a few years. When Ethelyn retired in 1971, Michael assumed the duties of CEO, while Charles became the Vice President in charge of merchandise and buying. Today, Michael's sons, Bo and Josh, are an integral part of the business as well—having worked their way up from summer jobs in the warehouse to President/CEO and Chief Product Officer, respectively.

Two generations later, Lakeshore continues to offer the best products and service around—and we're still expanding! In addition to our growing network of over 60 retail stores, we offer multiple mail-order catalogs to meet the needs of parents, teachers and children worldwide. Plus, our full-service website offers instantaneous access to our catalogs as well as free activity ideas, classroom designs for infants through 8th grade and much more.

Killeen ISD is now equipped with flexible, multipurpose spaces to support teachers, students and overall classroom management.

**San Diego City Schools** - based in San Diego, California, this sprawling district partnered with Lakeshore to modernize 151 elementary classrooms at 32 different sites. The goal was to provide teachers and students with environments that reflect best practices for 21st-century learning—while also encouraging engagement, exploration and collaboration across multiple learning domains. Lakeshore fulfilled every order and provided comprehensive setup for each location, including installation and debris removal. All 151 classrooms were completed ahead of schedule and in less than four weeks.

**Los Angeles Unified School District** - based in Los Angeles, California, the district's Early Childhood and Special Education Department partnered with Lakeshore's Custom Learning Solutions division to develop and deliver more than 24,000 custom backpack kits to support its distance learning goals. Lakeshore also offered customized Professional Development for the dozens of curriculum coaches and teachers involved in the project to ensure each educational professional was comfortable using the resources with fidelity.

**Governor's Office of Early Childhood/Kentucky Department of Education** - based in Frankfort, Kentucky, the governor's office reached out to Lakeshore to provide area-specific custom classroom solutions for the entire state. Lakeshore delivered and installed 2,200 programs statewide—all on schedule, and with a total value of more than \$10 million. Each custom classroom solution was designed to meet the specific needs of its intended program and contained a combination of furniture, carpets, and manipulatives. All 2,200 programs were delivered successfully and on time, with no drop shipments.
