Choosing The Right Gun Rack

Step 1: Determine on the vehicle where this gun rack will be mounted

Step 2: Determine the location of the gun rack in the vehicle

- Tri-Lock Partition and Self-Supporting Mounts will **not** need a Gun Rack Order Form, but will need to identify which lock override key type when selecting part numbers
- Standard Partition Mounts, Self-supporting Mounts, Trunk, and all other applications will need to proceed to steps 3 -5 and fill-out a Gun Rack Order Form

Step 3: What type of weapon(s) will be housed in the gun rack

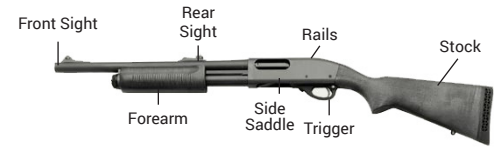

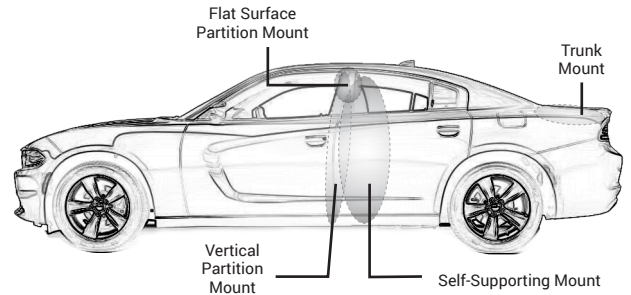

- Indicate the type of weapon(s) to be housed in the gun rack to properly assemble the lock heads, guards, and brackets to fit the weapon

Step 4: Choose a lock override key option

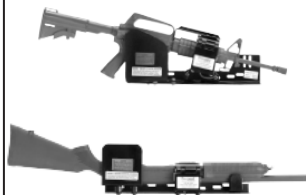

- We offer three styles: Handcuff Key, Straight Key, or Vending Style Key
- Identify preference on "Gun Rack Order Form"

Step 5: Weapon(s) Accessories

- On the "Gun Rack Order Form" identify the types and locations of all accessories. This will determine where we place the lock heads, guards, and brackets on the gun rack
- Photographs of the weapon fully equipped with the accessories is the optimal way to guarantee a secure fit
