1.4 Background Information

This RFB is designed to provide Bidders with the information necessary for the preparation of competitive Bids. The RFB process is for the Lead Agency’s and Participating Agencies’ benefit and is intended to provide the Lead Agency with competitive information to assist in the selection process. It is not intended to be comprehensive. Each Bidder is responsible for determining all factors necessary for submission of a comprehensive Bid.

The Iowa Department of Administrative Services (DAS) is seeking bids from qualified, licensed, and certified vendors to conduct comprehensive environmental site assessments and hazardous materials investigations on state-owned and leased properties statewide.

The objective is to identify, characterize, and quantify environmental risks in compliance with the ASTM E1527-21 standard and Federal EPA All Appropriate Inquiries (AAI) requirements. Contracted vendors must perform multi-media investigations to determine the presence, severity, and extent of contaminants, including but not limited to:

- Hazardous Materials: Asbestos-containing materials (ACM), lead-based paint, and mercury.
- Biological & Air Quality Factors: Mold, pollen, and vapor intrusion.
- Emerging Contaminants: Per- and polyfluoroalkyl substances (PFAS) and other regulated substances within soil, groundwater, and air.

To ensure an independent and unbiased evaluation, contractors performing these assessments are prohibited from providing any mitigation or abatement services.

The costs of preparation and delivery of the Bid are solely the responsibility of the Bidder.

2.8 Rejection of Bids

The Agency reserves the right to reject any or all Bids, in whole and in part, received in response to this RFB at any time prior to the execution of a written Contract. Issuance of this RFB in no way constitutes a commitment by the Agency to award a Contract. This RFB is designed to provide Bidders with the information necessary to prepare a competitive Bid. This RFB process is for the Agency's benefit and is intended to provide the Agency with competitive information to assist in the selection of a Bidder to provide goods and/or services. It is not intended to be comprehensive and each Bidder is responsible for determining all factors necessary for submission of a comprehensive Bid.

- The Respondent is a "scrutinized company" included on a "scrutinized company list" created by a public fund pursuant to Iowa Code section 12J.3.

The Agency reserves the right to waive or permit cure of nonmaterial variances in the Bid if, in the judgment of the Agency, it is in the Agency's best interest to do so. Nonmaterial variances include minor informalities that do not affect responsiveness, that are merely a matter of form or format,

that do not change the relative standing or otherwise prejudice other Bidders, that do not change the meaning or scope of the RFB, or that do not reflect a material change in the requirements of the RFB. In the event the Agency waives or permits cure of nonmaterial variances, such waiver or cure will not modify the RFB requirements or excuse the Bidder from full compliance with RFB specifications or other contract requirements if the Bidder is awarded the contract. The determination of materiality is in the sole discretion of the Agency.

The Agency will not consider information received if the information materially alters the content of the Bid or alters the type of goods and/or services the Bidder is offering to the Agency. An individual authorized to legally bind the Bidder shall sign responses to any request for clarification. Responses shall be submitted to the Agency within the time specified in the Agency's request.
