### 1.3 Overview of the RFP Process

This RFP is designed to provide Respondents with the information necessary for the preparation of competitive Proposals. The RFP process is for the Agency's benefit and is intended to provide the Agency with competitive information to assist in the selection process. It is not intended to be comprehensive. Each Respondent is responsible for determining all factors necessary for submission of a comprehensive Proposal.

**Respondent should review Attachment 3, Form 22 Request for Confidentiality, for more information if its Proposal contains confidential information. Any Proposal marked "Confidential" or "Proprietary" on every page may be disqualified.**

It is the Agency's intention to evaluate Proposals from all Respondents that submit timely Responsive Proposals, and award the Contract(s) in accordance with evaluation and selection criteria provided in this RFP.

### 1.4 Background

The Iowa Department of Natural Resources (DNR) is seeking proposals for a complete, fair market Appraisal Report of Honey Creek Resort State Park located at Rathbun Lake, 12633 Resort Drive in Moravia Iowa. The Appraisal Report will be performed to the most recent edition of the Uniform Standards for Professional Appraisal Practice (USPAP). Due to the complexity of this special-use property, in particular ownership interests and mode of operation, it could include more than one premise of value conclusion. This is expected to be decided after consultation with the eventual awarded vendor/appraiser. The intended use of the Appraisal Report is for internal purposes.

The Issuing Officer will respond only to written questions regarding the procurement process. Questions related to the interpretation of this RFP must be submitted as provided in Section 2. Oral questions related to the interpretation of this RFP will not be accepted. Respondents may be disqualified if they contact any State employee other than the Issuing Officer about the RFP except that Respondents may contact the State Targeted Small Business Office on issues related to the preference for Targeted Small Businesses.

This section shall not be construed as restricting communications related to the administration of any contract currently in effect between a Respondent and the State.

**2.3      Downloading the RFP from the Internet**

The Respondent is advised to check the website periodically for addenda to this RFP, particularly if the Respondent downloaded the RFP from the Internet as the Respondent may not automatically receive addenda. It is the Respondent's sole responsibility to check daily for addenda to posted documents.

**2.4      Procurement Timetable**

Oral questions will not be permitted. If the questions, requests for clarifications, or suggestions pertain to a specific section of the RFP, Respondent shall reference the page and section number(s). The Agency will post written responses to questions, requests for clarifications, or suggestions received from Respondents. The Agency's written responses will become an addendum to the RFP. If the Agency decides to adopt a suggestion that modifies the RFP, the Agency will issue an addendum to the RFP.

The Agency assumes no responsibility for oral representations made by its officers or employees unless such representations are confirmed in writing and incorporated into the RFP through an addendum.

## **2.6 Amendment to the RFP**

The Agency reserves the right to amend the RFP at any time using an addendum. The Respondent shall acknowledge receipt of all addenda in its Proposal. If the Agency issues an addendum after the due date for receipt of Proposals, the Agency may, in its sole discretion, allow Respondents to amend their Proposals in response to the addendum.

## **2.7 Amendment and Withdrawal of Proposal**

The Respondent may amend or withdraw and resubmit its Proposal at any time before the Proposals are due. The amendment must be in writing, signed by the Respondent and received by the time set for the receipt of Proposals. Electronic mail and faxed amendments will not be accepted. ## **2.8 Submission of Proposals**

Respondent must submit Proposal in the State's Vendor Self Service portal before the "Proposals Due" date and time listed on the RFP cover sheet. **This is a mandatory specification and will not be waived by the Agency. Any Proposal received after this deadline will be rejected and returned unopened to the Respondent.** Respondents sending Proposals must allow ample upload time to ensure timely receipt of their Proposals. It is the Respondent's responsibility to ensure that the Proposal is received prior to the deadline. Electronic mail and faxed Proposals will not be accepted. There is a 10MB per file size limitation, but no limit to number of files. Plan accordingly.

Respondents must furnish all information necessary to enable the Agency to evaluate the Proposal. Oral information provided by the Respondent will not be considered part of the Respondent's Proposal unless it is reduced to writing.

## **2.9 Proposal Opening**

The Agency will open Proposals after the deadline for submission of Proposals has passed. The Proposals will remain confidential until the Agency has issued a Notice of Intent to Award a Contract. See Iowa Code Section 72.3. However, the names of Respondents who submitted timely Proposals will be publicly available after the Proposal opening. The announcement of Respondents who timely submitted Proposals does not mean that an individual Proposal has been deemed technically compliant or accepted for evaluation.

## **2.10 Costs of Preparing the Proposal**

The costs of preparation and delivery of the Proposal are solely the responsibility of the Respondent.

## **2.11 No Commitment to Contract**

The Agency reserves the right to reject any or all Proposals received in response to this RFP at any time prior to the execution of the Contract. Issuance of this RFP in no way constitutes a commitment by the Agency to award a contract.

## **2.12 Rejection of Proposals**

The Agency may reject outright and not evaluate a Proposal for reasons including, without limitation:

- 2.12.1** The Respondent fails to deliver the Cost Proposal as a separate file.
- 2.12.2** The Respondent acknowledges that a mandatory specification of the RFP cannot be met.
- 2.12.3** The Respondent's Proposal changes a material specification of the RFP or the Proposal is not compliant with the mandatory specification of the RFP.
- 2.12.4** The Respondent's Proposal limits the rights of the Agency.
- 2.12.5** The Respondent fails to include information necessary to substantiate that it will be able to meet a specification of the RFP as provided in Section 4 of the RFP.
- 2.12.6** The Respondent fails to timely respond to the Agency's request for information, documents, or references.
- 2.12.7** The Respondent fails to include proposal security, if required.

- 2.12.10** The Respondent initiates unauthorized contact regarding the RFP with a State employee other than the Issuing Officer.
- 2.12.11** The Respondent provides misleading or inaccurate responses.
- 2.12.12** The Respondent's Proposal is materially unbalanced. A Proposal in which line item prices are structured so that it is possible that the Respondent who appears to be low will not end up having the lowest overall cost to the State, due to high prices on particular line items.
- 2.12.13** There is insufficient evidence (including evidence submitted by the Respondent and evidence obtained by the Agency from other sources) to satisfy the Agency that the Respondent is a Responsible Respondent.
- 2.12.14** The Respondent alters the language in Attachment 1, Certification Letter or Attachment 2, Authorization to Release Information letter.
- 2.12.15** The Respondent is a "scrutinized company" included on a "scrutinized company list" created by a public fund pursuant to Iowa Code section 12J.3.

**2.13 Nonmaterial Variances**

The Agency reserves the right to waive or permit cure of nonmaterial variances in the Proposal if, in the judgment of the Agency, it is in the State's best interest to do so. Nonmaterial variances include but are not limited to, minor failures to comply that: do not affect overall responsiveness, are merely a matter of form or format, do not change the relative standing or otherwise prejudice other Respondents, do not change the meaning or scope of the RFP, or do not reflect a material change in the specifications of the RFP. In the event the Agency waives or permits cure of nonmaterial variances, such waiver or cure will not modify the RFP specifications or excuse the Respondent from full compliance with RFP specifications or other Contract specifications if the Respondent is awarded the Contract. The determination of materiality is in the sole discretion of the Agency.

**2.14 Reference Checks**

The Agency reserves the right to contact any reference to assist in the evaluation of the Proposal, to verify information contained in the Proposal and to discuss the Respondent's qualifications and the qualifications of any subcontractor identified in the Proposal.

**2.15 Information from Other Sources**

The Agency reserves the right to obtain and consider information from other sources concerning a Respondent, such as the Respondent's capability and performance under other contracts, the qualifications of any subcontractor identified in the Proposal, the Respondent's financial stability, past or pending litigation, and other publicly available information.

**2.16 Verification of Proposal Contents**

The content of a Proposal submitted by a Respondent is subject to verification. If the Agency determines in its sole discretion that the content is in any way misleading or inaccurate, the Agency may reject the Proposal.

**2.17 Proposal Clarification Process**

The Agency reserves the right to contact a Respondent after the submission of Proposals for the purpose of clarifying a Proposal. This contact may include written questions, interviews, site visits, a review of past performance if the Respondent has provided goods and/or services to the State or any other political subdivision wherever located, or requests for corrective pages in the Respondent's Proposal. The Agency will not consider information received from or through Respondent if the information materially alters the content of the Proposal or the type of goods and/or services the Respondent is offering to the Agency. An individual authorized to legally bind the Respondent shall sign responses to any request for clarification. Responses shall be submitted to the Agency within the time specified in the Agency's request. Failure to comply with requests for additional information may result in rejection of the Proposal.

**2.18 Disposition of Proposals**

All Proposals become the property of the State and shall not be returned to the Respondent. Once the Agency issues a Notice of Intent to Award the Contract, the contents of all Proposals will be public records and be available for inspection by interested parties, except for information for which Respondent properly requests confidential treatment according to exceptions provided in *Iowa Code Chapter 22* or other applicable law.

**2.19 Public Records and Requests for Confidential Treatment**

The Agency's release of public records is governed by Iowa Code chapter 22. Respondents are encouraged to familiarize themselves with Chapter 22 before submitting a Proposal. The Agency will copy and produce public records upon request as required to comply with Chapter 22 and will treat all information submitted by a Respondent as non-confidential records unless Respondent requests specific parts of the Proposal be treated as confidential at the time of the submission as set forth herein **AND the information is confidential under Iowa or other applicable law.**

**2.20 Form 22 Request for Confidentiality**

***FORM 22 MUST BE COMPLETED AND INCLUDED WITH RESPONDENT'S PROPOSAL. COMPLETION AND SUBMITTAL OF FORM 22 IS REQUIRED WHETHER THE PROPOSAL DOES OR DOES NOT CONTAIN INFORMATION FOR WHICH CONFIDENTIAL TREATMENT WILL BE REQUESTED. FAILURE TO SUBMIT A COMPLETED FORM 22 WILL RESULT IN THE PROPOSAL BEING CONSIDERED NON-RESPONSIVE AND ELIMINATED FROM EVALUATION.***

**2.22 Release of Claims**

By submitting a Proposal, the Respondent agrees that it will not bring any claim or cause of action against the Agency or the State based on Respondent's misunderstanding concerning the information provided in the RFP or concerning the Agency's or the State's failure, negligent or otherwise, to provide the Respondent with complete, pertinent, or accurate information in this RFP, or for any failure to provide information that any Respondent might consider relevant for purposes of making a decision to submit a Proposal or to enter into any Contract resulting from this RFP.

The presentation shall not materially change the information contained in the Proposal.

**2.24 Evaluation of Proposals Submitted**

Proposals that are timely submitted and are not rejected will be reviewed in accordance with Section 5 of the RFP. The Agency will not necessarily award a Contract resulting from this RFP to the Respondent offering the lowest cost. Instead, the Agency will award the Contract(s) to the Responsible Respondent(s) whose Responsive Proposal the agency believes will provide the best value to the Agency and the State.

**2.25 Award Notice and Acceptance Period**

Notice of Intent to Award the Contract(s) will be sent to all Respondents submitting a timely Proposal and may be posted at the website shown on the RFP cover sheet. Negotiation and

execution of the Contract(s) shall be completed no later than thirty (30) days from the date of the Notice of Intent to Award or such other time as designated by Agency. If the successful Respondent fails to negotiate and deliver an executed Contract by that date, the Agency, in its sole discretion, may cancel the award and award the Contract to the remaining Respondent the Agency believes will provide the best value to the State.

No Respondent shall acquire any legal or equitable rights regarding the Contract unless and until the Contract has been fully executed by the successful Respondent and the Agency.

**2.27 Choice of Law and Forum**

This RFP and the Contract shall be governed by the laws of the State of Iowa. Changes in applicable laws and rules may affect the award process or the Contract. Accountability for such business experts will fall under the Respondent's liability for producing credible opinions of value. The Cost Proposal must include this additional service.

### **Exhibit 13 – Appraisal Approach**

Describe the valuation methodologies the Respondent will use to evaluate Honey Creek Resort in order to provide credible opinions of value. This should include the Respondent's intended approach, as of the inspection and effective date of value, of the following premises of value, which are currently being considered by DNR, but could be altered after consultation with the awarded vendor/appraiser:

- 1) **Going Concern Value** of the resort, operated by a contractually-bound concessionaire and subject to a long-term USACE land lease on a portion of the improved land (*land, improvements, personal property (FF&E), and goodwill/business, if applicable*), and
- 2) **Market Value of the fee simple interest** (*land, improvements, and personal property (FF&E) only*, subject to the long-term USACE land lease on a portion of the improved land. NOTE: This value premise might likely be based on an assignment condition which includes at least one Hypothetical Condition, as of the current/effective date of value (inspection date), assuming that the Resort is not being operated by a contractually-obligated concessionaire. This value premise may involve a second Hypothetical Condition which could assume, if sold to a single private entity, that the current land lease between USACE and DNR becomes null and void, requiring a new land lease to be executed between USACE, as Landlord, and said private entity, as Tenant, to continue operating the property as a resort and allowance of public access to the SW boat ramp and SE boat docks/slips.

In addition to both of these possible premises, value allocations should be made between those *components* of the respective, overall values.

This section should also address the approaches to value (*Income, Sales Comparison, and Cost*) expected to be performed for each value and or the Respondent's intention for not providing an approach or a specific type of value, given their experience in this industry with this type of special-use property, coupled with their limited knowledge of Honey Creek Resort.

If allocations between the main, revenue-producing components can or could be provided, then that plan should also be addressed in this section. This would address allocating possible market value estimates (in the above 2<sup>nd</sup> scenario only), if sold to a single entity, and subject to a long-term USACE land lease with that entity, for the following: 1) The Lodge (includes 105 guest rooms, convention halls/rooms, restaurant & bar, gift shop, fitness-spa room, lobby/offices, mechanical rooms, and the 16,000 Sf indoor aquatic center), 2) RV Park (20 electrical, concrete

sites), 3) 18-Hole Golf Course (Audubon-Certified) & Clubhouse (including a Pro-shop), and 4) The Cottages of Rathbun Lake (28 Luxury Cottage (cabin) Rentals).

**NOTE:** In either value premise, it must be recognized that the Lodge and periphery site improvements, including the sidewalks, patios, parking lots, and drive-up lanes, portions of at least two holes of the 18-hole golf course, the majority of the RV Park electrical sites, about 19 of the 28 luxury cottages, the outdoor Pavilion and Pavilion Restrooms and portions of the accompanying parking lot and playground equipment, the boat docks/slips off of the southeast end of the peninsula and boat ramps and parking southwest of the Lodge and south of the RV Parking lot, are located on land owned by USACE and leased to the DNR until December 31, 2045. USACE retains the right to allow for water to back up onto the property at which point portions of those two golf course holes are or can be partially or entirely submerged by Lake Rathbun; recent history has shown that this is usually only for a short time, but it could be indefinite.

Further, the DNR's current USACE and lease contemplates DNR operating "Honey Creek State Resort facility" on site. It does not specify in more detail what that means; however, if DNR were to consider changing the business model, DNR would vet this with USACE. DNR's lease is our own lease with USACE; any other owner would be required to have their own lease and may have different terms. The USACE lease and addendum, associated maps, and list of improvements encumbered under the lease, are provided in Exhibits F & G.

Proposals must address each specification. Merely repeating the specifications may be considered non-responsive and may disqualify the Respondent. Proposals must identify any deviations from the specifications of this RFP or specifications the Respondent cannot satisfy. If the Respondent deviates from or cannot satisfy the specification (s) of this section, the Agency may reject the Proposal.

All items listed in this section are Mandatory Specifications. **Respondents must indicate either “yes” or “no” to each specification in their Proposals and provide an explanation as to how the specification is met.** By indicating “yes” a Respondent agrees that it shall comply with that specification throughout the full term of the Contract, if the Respondent is successful. In addition, if specified by the specifications or if the context otherwise requires, the Respondent shall provide references and/or supportive materials to verify the Respondent’s compliance with the specification. The Agency shall have the right to determine whether the supportive information and materials submitted by the Respondent demonstrate that the Respondent will be able to comply with the Mandatory Specifications. <b>SECTION 5      EVALUATION AND SELECTION</b>
--

**5.1 Introduction**

This section describes the evaluation process that will be used to determine which Proposal(s) provides the greatest value to the State. Agency will not necessarily award the Contract to the Respondent offering the lowest cost to the Agency. Instead, the Agency will award to the Respondent whose Responsive Proposal the Agency believes will provide the best value to the State.

**5.2 Evaluation Committee**

The Agency will use an evaluation committee to conduct a comprehensive, fair, and impartial evaluation of Technical Proposals received in response to this RFP. The evaluation committee will recommend an award based on the results of their evaluation to the Agency or to such other person or entity that must approve the recommendation.

**5.3 Technical Proposal Evaluation and Scoring**

All Technical Proposals will be evaluated to determine if they comply with the Mandatory Specifications. The evaluation committee will fully evaluate and score all Responsive Proposals submitted by Responsible Respondents in accordance with this Section. In addition to other RFP requirements, to be deemed a Responsive Proposal, the Technical Proposal must:

- Answer “Yes” to all parts of Section 4 and include supportive materials as required to demonstrate the Respondent will be able to comply with the Mandatory Specifications in that section and
- Obtain the minimum score for the Technical Proposal. If a Technical Proposal does not meet the minimum score, it will be rejected and the Respondent’s Cost Proposal will not be evaluated.

An addendum identifying the points assigned to the scoring criteria and identifying the minimum score for the Technical Proposal will be posted prior to the RFP closing.

**5.4 Cost Proposal Scoring**

After the Technical Proposals are evaluated and scored, the Cost Proposals will be opened and scored. The Cost Proposals will remain sealed during the evaluation of the Technical Proposals and any demonstrations. Only prospective Respondents who obtain the minimum score for their Technical Proposal will be considered during the cost evaluation phase of the review process. When a Technical Proposal does not meet the minimum score, the associated Cost Proposal will remain unopened and will be returned to the Respondents upon request after the Lead State issues a Notice of Intent to Award the Contract. After the Technical Proposals are evaluated and scored, the Cost Proposals will be opened and scored.

The Cost Proposal for each respondent will be evaluated in comparison with the other Cost Proposals received; however, the number of points possible will be proportional to each respondent’s technical evaluation score.

The technical evaluation points received (numerator) is divided by the technical evaluation points possible (denominator) and multiplied by the maximum number of points in the cost evaluation. This provides the total points possible for the respondent in the cost evaluation.

Points Possible for Respondent =  
$$\frac{\text{Technical Evaluation Points Received} \times \text{Maximum Points in Cost Evaluation}}{\text{Technical Evaluation Points Possible}}$$

The lowest Cost Proposal (numerator) is divided by the Cost Proposal being evaluated (denominator) and multiplied by the points possible for the respondent. This provides the cost evaluation points awarded.

Cost Evaluation Points Awarded =  
$$\frac{\text{Lowest Cost Proposal Received} \times \text{Points Possible for Respondent}}{\text{Cost Proposal Being Evaluated}}$$

For example, suppose there are 10 maximum points in the cost evaluation. A respondent that receives 100% of the points possible in the technical evaluation has the opportunity to earn 100% of the points possible in the cost evaluation (e.g., 10 points). If the cost proposal is the lowest cost, the full 10 points will be awarded.

However, a respondent that receives only 50% of the points possible in the technical evaluation has the opportunity to earn only 50% of the points possible in the cost evaluation (e.g., 5 points). If the cost proposal is the lowest cost, only 5 points are awarded, compared to the 10 points that could have been awarded if the respondent had received the highest technical evaluation score.

## **5.5 Tied Score and Preferences**

- 5.5.1** An award shall be determined by a drawing when responses are received that are equal in all respects and tied in price. Whenever it is practical to do so, the drawing will be held in the presence of the Respondents who are tied in price. Otherwise the drawing will be made in front of at least three non-interested parties. All drawings shall be documented.
- 5.5.2** Notwithstanding the foregoing, if a tied score involves an Iowa-based Respondent or products produced within the State of Iowa and a Respondent based or products produced outside the State of Iowa, the Iowa Respondent will receive preference. If a tied score involves one or more Iowa Respondents and one or more Respondents outside the state of Iowa, a drawing will be held among the Iowa Respondents only.
- 5.5.3** In the event of a tied score between Iowa Respondents, the Agency shall contact the Iowa Employer Support of the Guard and Reserve (ESGR) committee for confirmation and verification as to whether the Respondents have complied with ESGR standards. Preference, in the case of a tied score, shall be given to Iowa Respondents complying with ESGR standards.
- 5.5.4** Second preference in tied scores will be given to Respondents based in the United States or products produced in the United States over Respondents based or products produced outside the United States.
- 5.5.5** Preferences required by applicable statute or rule shall also be applied, where appropriate.

## SECTION 6 CONTRACT TERMS AND CONDITIONS

### 6.1 Contract Terms and Conditions

The Contract that the Agency expects to award as a result of this RFP shall comprise the specifications, terms and conditions of the RFP, written clarifications or changes made by the Agency to the RFP through an amendment to the RFP in accordance with the provisions of the RFP, the Terms and Conditions, the offer of the successful Respondent contained in its Proposal, and any other terms deemed necessary by the Agency. No objection or amendment by a Respondent to the provisions or terms and conditions of the RFP or the Terms and Conditions shall be incorporated into the Contract unless Agency has explicitly accepted the Respondent's objection or amendment in writing.

The Contract terms and conditions in this Section 6, the General Terms and Conditions to the extent referenced and linked to on the RFP cover page, and/or any Terms and Conditions attached to and accompanying this RFP as an attachment hereto, will be incorporated into the Contract. The Terms and Conditions may be supplemented at the time of contract execution and are provided to enable Respondents to better evaluate the costs associated with the RFP specifications and the Contract. All costs associated with complying with such Terms and Conditions should be included in any pricing quoted by the Respondent.

By submitting a Proposal, Respondent acknowledges its acceptance of the terms and conditions of the RFP and the Terms and Conditions without change except as otherwise expressly stated in its Proposal. If the Respondent takes exception to a provision, it must identify it by page and section number, state the reason for the exception, and set forth in its Proposal the specific RFP or Terms and Conditions language it proposes to include in place of the provision. If Respondent's exceptions or proposed responses materially alter the RFP, or if the Respondent submits its own terms and conditions or otherwise fails to follow the process described herein, the Agency may reject the Proposal, in its sole discretion.

The Agency will evaluate all Proposals without regard to any proposed modifications to any terms and conditions of the RFP or Terms and Conditions by Contractor. Once a Proposal has been identified as the one for which an Award recommendation has been made, but prior to notifying Respondents of the decision, the Agency, in its sole discretion, may consider any proposed modifications to the terms and conditions of the RFP or Terms and Conditions identified in that Proposal. The Agency reserves the right to either award a Contract(s) without further negotiation with the successful Respondent or to negotiate Contract terms with the successful Respondent if the best interests of the State would be served. As such, if any proposed modifications are not determined to be in the best interests of the State, or appear to pose a substantial impediment to reaching agreement, the Agency may, in its sole discretion:

- 6.1.1** Issue a Notice of Intent to Award in favor of the successful Respondent, but decline to agree to or further negotiate any proposed modifications to terms and conditions identified by the Respondent in its Proposal;
- 6.1.2** Issue a Notice of Intent to Award in favor of the successful Respondent, and identify in the Notice proposed modifications to terms and conditions identified by the Respondent in its Proposal with which the agency will or will not agree or further negotiate;

- 6.1.3** Enter open-ended negotiations with the successful Respondent; provided, that any such negotiations shall be limited to the proposed modifications to terms and conditions identified by Respondent in its Proposal;
- 6.1.4** Change the Agency's recommendation for Award and issue a Notice of Intent to Award to a Respondent whose proposal does not pose as great of a challenge to the Agency.

Any ambiguity, vagueness, inconsistency or conflict, either internal to such modification(s) or arising when read in conjunction with other portions of the Contract, shall be construed strictly in favor of the State. Only those proposed modifications identified in the Notice of Intent to Award issued by the Agency as terms and conditions with which the agency will or will not agree or further negotiate shall be part of the Contract, and the State may ignore all proposed modifications, accept one or more and ignore others, accept all or, through negotiations after an award, agree to compromise language concerning one or more proposed modifications to be incorporated into a final Contract between the parties. By executing and submitting its Proposal in response to this RFP, Respondent understands and agrees that the State may exercise its discretion not to consider any or all proposed modifications Respondent may request and may accept Respondent's proposal under the terms and conditions of this RFP and the Terms and Conditions.

**6.2 Contractual Terms and Conditions – No Material Changes/Non-Negotiable**

Notwithstanding anything in this RFP to the contrary, Respondent may not take exception to or propose including language in any resulting contract that conflicts with or is otherwise inconsistent with the following:

**6.2.1 Indemnification**

Without specific authority to do so, the State, or agencies, cannot enter into agreements indemnifying Respondents, or any other entity, against third-party claims. A clause that intends to seek indemnification from the State, whether or not the clause contains the words "indemnity" or "indemnify," are not clauses to which the State may agree. The State will not agree to clause that includes the language "to the extent permitted by law" because, as explained, the State cannot indemnify Respondents to any extent.

**6.2.2 Limitation of Liability**

Iowa Code section 8A.311(22) and 11 Iowa Admin. Code Chapter 120 establish the rules to allow for the State to agree to a contractual limitation of vendor liability clause in limited circumstances. Any request by Respondent for the State to limit damages not in accordance with Iowa law or administrative rules is a request with which the State cannot agree.

**6.2.3 Jurisdiction and Venue**

Iowa Code chapter 13 establishes that the Iowa Attorney General is the State's attorney for all purposes, including management of litigation and claims against the state. The State may not preempt the Attorney General's authority by agreeing in advance to control the way litigation may be managed in the event of a dispute. Likewise, the State cannot agree to the jurisdiction or laws of another state or its courts, cannot agree to venue in

another state, and cannot agree to participate in any form of alternative dispute resolution.

#### **6.2.4 Confidentiality**

All Iowa state agencies are subject to Iowa public records laws. The State cannot agree to contractual terms that attempt to prevent it from disclosing or disseminating records that constitute public records under Iowa Code chapter 22.

#### **6.2.5 Unliquidated Expenses (i.e., Attorney Fees, Add-ons, or Cost Increases)**

The State may not agree to clauses which may obligate it to pay for claims that might exceed its current funding appropriation. The State may only obligate those funds that have been appropriated to it by the Iowa Legislative Assembly and may only obligate those funds for the purposes for which the funds were appropriated.

#### **6.2.6 Payment Terms**

##### **6.2.6.1 Payment Methods**

The State of Iowa, in its sole discretion, will determine the method of payment for goods and/or services as part of the Contract. The State Pcard and EAP are preferred payment methods, but payments may be made by any of the following methods: Pcard/EAP, EFT/ACH, or State Warrant. Respondents shall indicate in their Cost Proposals all of the payment methods they will accept. **This information will not be scored as part of the Cost Proposal or evaluated as part the Technical Proposal.**

##### **6.2.6.2 Electronic Funds Transfer (EFT) by Automated Clearing House (ACH)**

The State of Iowa may make payment by EFT by ACH. Payments are deposited into the financial institution of the claimant's choice three working days from the issue date of the direct deposit.

##### **6.2.6.3 State Warrant**

The State of Iowa's warrant drawn on the Treasurer of State is used to pay claims against the departments of the State of Iowa. The warrant is issued upon receipt of proper documentation from the issuing department.

##### **6.2.6.4 Credit card or ePayables**

The State of Iowa's Purchasing Cards (Pcards) and ePayable solution (EAP) are commercial payment methods utilizing the VISA credit card network. The State of Iowa will not accept price changes or pay additional fees if Respondent uses the Pcard or EAP payment methods. Pcard-accepting Respondents must abide by the State of Iowa's Terms of Pcard Acceptance. Respondents must provide a statement regarding their ability to meet the requirements of this subsection, as well as identifying their transaction reporting capabilities (Level I, II, or III).

##### **6.2.6.5 Terms and Conditions for State of Iowa Purchasing Cards**

The State of Iowa shall pay Contractor's invoices using its Purchasing Card Program (Pcard) whenever possible. The Pcard is a VISA credit card issued by

U.S. Bank to allow authorized employees to make purchases on behalf of the State. It is a faster, more convenient alternative to traditional invoicing and remittance processing, allowing US Bank to pay the Contractor directly, generally within 48 hours of the transaction. Contractor shall comply with security measures for Pcard payments including:

**6.2.6.5.1** Contractor shall comply with Payment Card Industry Data Security Standard (PCI DSS) to assure confidential card information is not compromised;

**6.2.6.5.2** Contractor shall adhere to Fair and Accurate Credit Transactions Act requirements that limit the amount of consumer and account information shared for greater security protection;

**6.2.6.5.3** Contractor shall not write down card numbers or store card information. When accepting orders by phone, Contractor shall process the transaction during the call and send itemized receipts (excluding card numbers) to the cardholder by fax, email, or mail (with delivery);

**6.2.6.5.4** Contractor shall process payment for items when an order is placed only for items currently in stock and available for shipment, and only for services already rendered;

**6.2.6.5.5** Contractor shall confirm that the name of purchaser matches the name on the card;

**6.2.6.5.6** Contractor shall ensure Internet orders are processed via secure websites, featuring Verisign, TRUSTe, BBBOnline, or "https" in the web address;

**6.2.6.5.7** Contractor shall shred any documentation with credit card numbers.

**6.2.6.6 Payment Terms**

Per Iowa Code 8A.514 the State of Iowa is allowed sixty (60) days to pay an invoice submitted by a Contractor.

**6.2.6.7 Respondent Discounts**

Respondents shall state in their Cost Proposals whether they offer any payment discounts.

**6.2.6.8 Prompt Payment Discount**

The State can agree to pay in less than sixty (60) days if an incentive for earlier payment is offered.

#### 6.2.6.9 Invoices

Any invoices submitted must comply with applicable rules concerning payment of claims, including but not limited to those set forth at Iowa Administrative Code chapter 11—41.

#### 6.2.7 Insurance

The Contract will require the successful Respondent to maintain insurance coverage(s) in accordance with the insurance provisions of the General Terms and Conditions and of the type and in the minimum amounts set forth below, unless otherwise required by the Agency.

Contractor shall be responsible for all premiums, deductibles and for any inadequacy, absence or limitation of coverage, and the Contractor shall have no claim or other recourse against the State or the Department for any costs or loss attributable to any of the foregoing, all of which shall be borne solely by the Contractor. Notwithstanding any other provision of this Contract, Contractor shall be fully responsible and liable for meeting and fulfilling all of its obligations under this section of the Contract.

#### 6.2.8 Performance Security
