“Agency” means the agency identified in the VSS solicitation that is issuing the RFB and any other agency that purchases from the Contract.

“Alternative Bid” means a response to a bid that does not meet the exact requirements of the specification but offers an alternative for consideration. An alternative bid is submitted with an intentional variation to a provision, specification, term or condition of the solicitation. This alternative, in the opinion of the bidder, achieves the same end result. Alternative bids may be rejected as non-responsive.

“Bid” means the Bidder's bid submitted in response to the RFB.

1.4 **Contract Term** The term of the contract will begin 09/01/2019 and end on 08/31/2022. The Agency shall have the sole option to renew the contract upon the same or more favorable terms and conditions for up to three (3) annual extensions. The resulting contract will be available to all State Agencies.

1.5 **Background Information**

This RFB is designed to provide Bidders with the information necessary for the preparation of competitive Bids. The RFB process is for the Lead Agency's and Participating Agencies' benefit and is intended to provide the Lead Agency with competitive information to assist in the selection process. It is not intended to be comprehensive. Each Bidder is responsible for determining all factors necessary for submission of a comprehensive Bid.

The resulting Contract will be made available to all State Agencies and Political Subdivisions. Any Bidder that meets the requirements of this RFB is encouraged to submit a bid.

Teleradiology is the process of electronically transmitting medical images to offsite radiologists for diagnostic interpretation and or consultative second opinions. The resulting reports are then transmitted back to the original Agency, providing key findings and diagnosis.

1.3 Unscheduled Downtime Reporting

Vendor shall track and report monthly to the State of Iowa each Unscheduled Downtime.

1.4 Application Services Download Times

Vendor represents, warrants, and covenants that the download time for a page of the Services during Critical Hours shall be:

Service Level Metric	Service Level Credits
<p>During Critical Hours: At a maximum, the lesser of (a) 0.5 seconds above the KB40, or (b) three (3) seconds.</p>	<p>In the event these average Download Times are not achieved, 3% of the monthly fees.</p>

“Download Time” means the average time to download any page related to the Services, including all content contained therein. Download time shall be measured using a Vendor-supplied program, and by clock, and shall be measured to the nearest one-tenth of a second for each page, commencing from the operative input from the user, whether by keyboard, mouse click, or any other input device.

“KB40” means the Keynote Business 40 Internet Performance Index. In the event KB40 is discontinued, a successor index (such as average download times for all other customers of the Vendor) may be mutually agreed upon by the parties.

Tests of Download Times shall be conducted by Vendor over any two (2) hour period during Critical Hours every ten (10) business day(s) using a representative number of logged-on computers or terminals for the selected two (2) hour period, and running a representative sampling of applications then installed. Vendor shall supply the State of Iowa with the results of these tests on a monthly basis. Vendor further agrees to provide, at no cost to the State of Iowa, measurement tools capable of directly making all measurements necessary to apply the Application Services Response Time warranty in this Section.

1.5 Service Level Audits

The State of Iowa or its designee will have the right to audit Vendor’s measurement, monitoring, and reporting on all service levels herein, including providing the State of Iowa with access to the data used by Vendor to calculate its performance against the service levels and the measurement and monitoring tools and procedures utilized by Vendor to generate such data for purposes of audit and verification.

1.6 Meetings

Vendor and the State of Iowa shall meet at least every two weeks to review the status of open Support Requests, and discuss trends and issues relating to Support Requests and approaches to reducing the number of Support Requests as well as improving both the State of Iowa and Vendor responses to such Support Requests.

1.7 Additions, Deletions, and Modifications of Service Levels

After the initial six (6) months following the Effective Date, the State of Iowa may add, modify, or delete service levels specified herein by sending written notice to Vendor at least ninety (90) days in advance; provided that, the total number of such notices (which notices may contain multiple changes) sent by the State of Iowa pursuant to this Section 2.7 (Additions, Deletions, and Modifications of Service Levels) shall not exceed twenty (20) in any contract year.

1.8 Service Levels Added

Service Levels shall be added in accordance with the following:

- a. Where data exists for at least six (6) months from which measurements can be derived, the State of Iowa and Vendor shall review the measurement trends and the levels of quality that were attained during the measurement period and shall work together in good faith to mutually agree, and to establish the service level standard that Vendor will be required to meet; or
- b. Where no such data exists, the Parties shall attempt in good faith to mutually agree during a thirty (30) day period on a service level standard using industry standard measures or third party vendor advisory services.

2. Service Level Failures and Service Level Credits

2.1 Service Level Failures

Failure to achieve any of the service levels described in Section 5 (Service Levels) of this Attachment shall constitute a “**Service Level Failure**” and Vendor shall be liable for the Service Level Credits in the amounts set forth in Section 5 (Service Levels). Vendor shall not be responsible for any Service Level Failure caused by the State of Iowa or its agents. Vendor shall promptly notify the State of Iowa of any Service Level Failure.

2.2 Service Level Credits

Upon the occurrence of any Service Level Failure, Vendor shall issue to the State of Iowa a credit in the amount set forth in Section 2 (Service Levels) (“**Service Level Credit**”). If more than one (1) Service Level Failure has occurred in a single month, the sum of the corresponding Service Level Credits shall be credited to the State of Iowa. In no event will the aggregate of all Service Level Credits arising as a result of failures by Vendor to perform its Support Services obligations in any month exceed 25% of the amount of the Support Services fees otherwise payable for the most recent three (3) month period except for instances of Service Level Credits associated failures on “Critical” and “High” Resolution Time service levels which will not exceed 100% of the amount of the said Support Services fees. Vendor shall notify the State of Iowa in writing if the State of Iowa becomes entitled to a Service Level Credit, which notice shall be included in the monthly performance reports as described in this Attachment.

The total amount of Service Level Credits that Vendor will be obligated to pay to the State of Iowa, with respect to Service Level Failure(s) occurring each month shall be reflected on the invoice issued in the second month following the month during which the Service Level Failure(s) giving rise to such Service Level Credit(s) occurred. Notwithstanding the foregoing, the calculation of such Service Level Credit(s) shall be based on the credit amounts in effect, and the Support Services fees for, the month during which the Service Level Failure occurred. For example, the amount of Service Level Credits payable with respect to Service Level Failures occurring in August shall be set forth in the invoice issued in October, but shall be calculated using August data. In the event the State of Iowa prepays for any Services more than one month in advance, Vendor will issue refunds or credits to the State of Iowa at the State’s sole discretion, within 30 days of the end of the month in which the Service Level Failure occurred.

2.3 Termination for Chronic Service Level Failures

In addition to its termination rights under the Agreement, the State of Iowa may, in its sole discretion, terminate the Agreement without further obligation to Vendor in the event Vendor fails to achieve any of the required Service Levels for (a) three (3) months consecutively, or (b) any three (3) months during a consecutive six (6) month period.

3. Corrective Action Plan

In the event two (2) or more Critical Support Requests occur in any thirty (30) calendar day period during the Term of the Agreement, or in the event of any Service Level Failure, Vendor shall promptly investigate the root causes of such support issues and shall provide to the State of Iowa within five (5) business days of the occurrence of the second Critical Support Request or the occurrence of the Service Level Failure an analysis of such root causes and a proposed

corrective action plan for the State of Iowa's review, comment, and approval (the "**Corrective Action Plan**"). The Corrective Action Plan shall include, at a minimum: (a) a commitment by Vendor to devote the appropriate time, skilled Vendor personnel, systems support and equipment, and/or resources to remedy, and prevent any further occurrences of Critical Support Request issues; and (b) time frames for implementation of the Corrective Action Plan. There shall be no additional charge (other than those fees set forth in this Agreement(s)) for Vendor's implementation of such Corrective Action Plan in the time frames and manner set forth in the Corrective Action Plan.

4. Service Outages

4.1 Scheduled

Vendor shall notify the State of Iowa of scheduled outages at least twenty-four (24) hours in advance, and such outages shall last no longer than one hour. Such outages shall be scheduled between the hours of 1:00 a.m. and 5:00 a.m., CST on Saturday nights ("**Scheduled Downtime**"). Vendor may request extensions of scheduled down time above one (1) hour and such approval by the State of Iowa, which may not be unreasonably withheld or delayed. Unscheduled outages (such as the kind described in Section 6 of this Attachment below) are not excluded from the Availability service levels set forth above (i.e., an Unscheduled outage, except due to the actions of the State of Iowa and its agents, shall not relieve Vendor of its obligation to achieve the service levels set forth herein).

5. Security Breaches

In the event of an attack or threatened or suspected breach of security against the Services and/or Server, Vendor will take whatever reasonable steps that are necessary to halt such action, including taking the Services down. Down time due to external attacks shall not count against Availability requirement set forth above. Vendor will immediately contact the person designated by the State of Iowa to discuss what measure to take. However, if time is critical, action may be required before the contact can be reached. Vendor's actions will include, as appropriate:

5.1 Confirm the threat;

5.2 Deny access from the source of the attack;

5.3 Investigate the extent of the damage, if any;

5.4 Back-up the affected systems and those suspected to be affected;

5.5 Strengthen defenses everywhere, not just the suspected path that the attacker used;

5.6 Contact the ISP where the threat or attack originated and/or law enforcement to work with Vendor's security team; and

5.7 Produce an Incident Report within 24 hours detailing Vendor's findings.

5.8 Re-instate the denial of access after a set time period, but continue to monitor traffic from that source until risk of further attacks is deemed to be minimized.
