Each Bidder is responsible for determining all factors necessary for submission of a comprehensive Bid.

The DNR’s Mobile Education Exhibit is a standard 53-foot semi-trailer equipped with interior public awareness messaging and educational interactives. The education exhibit is powered by both electrical plug-in and onboard generator.

The mobile education exhibit is transported to a variety of locations throughout Iowa, including schools, county fairs, business/industry facilities, community events and similar destinations.

In 2019, the last year the mobile education exhibit was available for reservations, the exhibit was transported to 16 events across Iowa. In 2020, 16 events had been scheduled early in the year, but were cancelled due to COVID 19 safety protocol measures that were implemented.
