

KIMREYNOLDS, GOVERNOR

April 18, 2025

To: All Potential Respondents

From: Steve Dawson, Issuing Officer

Subject: RFP-185-1586-2025

Addendum Three

Please amend the subject RFP to include the following:

1. IMPACS Question 3.2 regarding the use of the resulting contract from this RFP by nonprofit organizations has been deleted. The contract will not be made available to nonprofit organizations.
2. Section 6.5 is amended to read:

6.5 Total Score

The total score for each Respondent will be the sum of the Technical Proposal points and Financial Proposal points for each component: the Instant Ticket Program Management Plan and for the Player Engagement Technology. Each component is calculated separately (the highest score out of 1,000 possible points for each).

3. The Agency would like to clarify that the only response required to Appendix F of the RFP is to send physical samples where requested. All other sections that do not request physical printed samples are provided for informational purposes only and do not require response.
