SECTION 1 INTRODUCTION

1.1 Purpose

The purpose of this Request for Proposals (RFP) is to solicit proposals from Responsible Respondents to provide the goods and/or services identified on the RFP cover sheet and further described in Section 4 of this RFP to the Agency identified on the RFP cover sheet. The Agency intends to award a Contract(s) for the initial period identified on the RFP cover sheet, and the Agency, in its sole discretion, may extend the Contract(s) for up to the number of annual extensions identified on the RFP cover sheet.

1.2 Definitions

For the purposes of this RFP and the resulting contract, the following terms shall mean:

“Accuracy” means captions must match the spoken words in the dialogue, convey background noises and other sounds, be synchronized with the video, and have correct spelling, punctuation, and grammar.

“Agency” means the agency identified on the RFP cover sheet that is issuing the RFP and any other agency that purchases from the Contract.

“Buyer” means the individual state agency or political subdivision making a purchase pursuant to the Resulting Contract.

“Caption File” means a computer file that stores a program’s caption information, including the text, timing and placement information.

“Captioning” means the process of converting the audio content of a television program, webcast or livestream, film, video, DVD, live event or broadcast, or other production into text that is synchronized and displayed on a screen. Captions not only display words as the textual equivalent of spoken dialogue or narration, but they also include speaker identification, sound effects, music description and lyrics.

“Completeness” means captions must run from the beginning to the end of the program.

“Contract” means the contract(s) entered into with the successful Respondent(s) as described in Section 6.1.

“Contractor” means the awarded business/person to provide the contractual services agreed upon.

“Deliverable” means the completion of a milestone or accomplishment of a task.

“Encoder” means a device that electronically inserts the caption data into the TV signal.

“General Terms and Conditions” means the General Terms and Conditions for Services Contracts as referenced on the RFP cover page.

“Interpretation” is the act of converting spoken language into another language.

“Live-display Captions” means captioning when an accurate script or transcript is available prior to the time a program is telecast. Captions are prepared in advance and stored on a computer disk. As the program is telecast, a captioner pushes a button on the captioning system to display each caption. The roll-up captions appear line-by-line and are synchronized with the program audio.

“Live (On-line)/Real-Time Captioning” means captioning that is provided at the time of program origination. Captions are simultaneously prepared and transmitted at the time of origination by specially trained real-time captioners using a stenotype machine or other technology. Appearance of captions is “roll-up.”

“Placement” means captions should not block other important visual content on the screen, overlap one another or run off the edge of the video screen.

“Pop-on Captions” means a phrase or sentence appears on the screen all at once – not line by line – stays there for a few seconds and then disappears or is replaced by another full caption. The captions are timed to synchronize with the program and placed on the screen to help identify the speaker. Pop-on captions are used for prerecorded (Post-Production) captioning.

“Post-Production (Prerecorded Off-line) Captioning” means the preparation of captions for recorded programming so that, at the time of air or media playback, the captions are a part of the media. Off-line (Post-Production) captions are created and added after a video segment has been recorded and before it is aired or played. Appearance of captions is usually “pop-on” but could also be “roll-up.” Captions are typically placed in the upper or lower third of the television screen but can be placed anywhere on the screen to avoid on-screen graphics, etc.

“Proposal” means the Respondent’s proposal submitted in response to the RFP.

“Re-captioning” means the process of revising previously captioned programs for rebroadcast, requiring the retiming and/or editing of caption text to synchronize it to the edited video and audio.

“Respondent” means the company, organization or other business entity submitting a proposal in response to this RFP.

“Responsible Respondent” means a Respondent that has the capability in all material respects to perform the scope of work and specifications of the Contract. In determining whether a Respondent is a Responsible Respondent, the Agency may consider various factors including, but not limited to, the Respondent’s competence and qualifications to provide the goods or services requested, the Respondent’s integrity and reliability, the past performance of the Respondent and the best interest of the Agency and the State.

“Responsive Proposal” means a Proposal that complies with the material provisions of this RFP.

“RFP” means this Request for Proposals and any attachments, exhibits, schedules or addenda hereto.

“Roll-up Captions” means captions roll onto and off the screen in a continuous motion. Usually two to three lines of text appear at one time. As a new line comes along, it appears on the bottom, pushing the other lines on the screen up. Roll-up captions are used for all live captioning and can also be used for prerecorded (Post-Production) captioning.

“State” means the State of Iowa, the Agency, and all state agencies, boards, and commissions, and any political subdivisions making purchases from the Contract as permitted by this RFP.

“Synchronicity” means captions must coincide with their corresponding spoken words and sounds to the greatest extent possible and must be displayed on the screen at a speed that can be read by viewers.

“Transcription” means the process of listening to the audio file and typing what has been said verbatim in the same language that the original speakers used.

“Translation” is the act of converting written language into another language.

This RFP is designed to provide Respondents with the information necessary for the preparation of competitive Proposals. The RFP process is for the Agency’s benefit and is intended to provide the Agency with competitive information to assist in the selection process. It is not intended to be comprehensive. If the Agency decides to adopt a suggestion that modifies the RFP, the Agency will issue an addendum to the RFP.

The Agency assumes no responsibility for oral representations made by its officers or employees unless such representations are confirmed in writing and incorporated into the RFP through an addendum.

2.6 Amendment to the RFP

The Agency reserves the right to amend the RFP at any time using an addendum. The Respondent shall acknowledge receipt of all addenda in its Proposal. If the Agency issues an addendum after the due date for receipt of Proposals, the Agency may, in its sole discretion, allow Respondents to amend their Proposals in response to the addendum.

Any Proposal received after this deadline will be rejected and returned unopened to the Respondent.** Respondents sending Proposals must allow ample upload time to ensure timely receipt of their Proposals. It is the Respondent's responsibility to ensure that the Proposal is received prior to the deadline. Electronic mail and faxed Proposals will not be accepted. There is a 50MB per file size limitation, but no limit to number of files. Plan accordingly.

Respondents must furnish all information necessary to enable the Agency to evaluate the Proposal. Oral information provided by the Respondent will not be considered part of the Respondent's Proposal unless it is reduced to writing.

The Proposals will remain confidential until the Agency has issued a Notice of Intent to Award a Contract. *See Iowa Code Section 72.3.* However, the names of Respondents who submitted timely Proposals will be publicly available after the Proposal opening. The announcement of Respondents who timely submitted Proposals does not mean that an individual Proposal has been deemed technically compliant or accepted for evaluation.

2.10 Costs of Preparing the Proposal

The costs of preparation and delivery of the Proposal are solely the responsibility of the Respondent.

2.11 No Commitment to Contract

The Agency reserves the right to reject any or all Proposals received in response to this RFP at any time prior to the execution of the Contract. Issuance of this RFP in no way constitutes a commitment by the Agency to award a contract.

2.12 Rejection of Proposals

The Agency may reject outright and not evaluate a Proposal for reasons including, without limitation:

- 2.12.1** The Respondent fails to deliver the Cost Proposal as a separate file.
- 2.12.2** The Respondent acknowledges that a mandatory specification of the RFP cannot be met.
- 2.12.3** The Respondent's Proposal changes a material specification of the RFP or the Proposal is not compliant with the mandatory specification of the RFP.

- 2.12.11** The Respondent provides misleading or inaccurate responses.

- 2.12.13** There is insufficient evidence (including evidence submitted by the Respondent and evidence obtained by the Agency from other sources) to satisfy the Agency that the Respondent is a Responsible Respondent.
- 2.12.14** The Respondent is a "scrutinized company" included on a "scrutinized company list" created by a public fund pursuant to Iowa Code section 12J.3.

are merely a matter of form or format, do not change the relative standing or otherwise prejudice other Respondents, do not change the meaning or scope of the RFP, or do not reflect a material change in the specifications of the RFP. In the event the Agency waives or permits cure of nonmaterial variances, such waiver or cure will not modify the RFP specifications or excuse the Respondent from full compliance with RFP specifications or other Contract specifications if the Respondent is awarded the Contract. The determination of materiality is in the sole discretion of the Agency.

2.14 Reference Checks

The Agency reserves the right to contact any reference to assist in the evaluation of the Proposal, to verify information contained in the Proposal and to discuss the Respondent's qualifications and the qualifications of any subcontractor identified in the Proposal.

2.15 Information from Other Sources

The Agency reserves the right to obtain and consider information from other sources concerning a Respondent, such as the Respondent's capability and performance under other contracts, the qualifications of any subcontractor identified in the Proposal, the Respondent's financial stability, past or pending litigation, and other publicly available information.

2.16 Verification of Proposal Contents

The content of a Proposal submitted by a Respondent is subject to verification. If the Agency determines in its sole discretion that the content is in any way misleading or inaccurate, the Agency may reject the Proposal.

2.17 Proposal Clarification Process

The Agency reserves the right to contact a Respondent after the submission of Proposals for the purpose of clarifying a Proposal. This contact may include written questions, interviews, site visits, a review of past performance if the Respondent has provided goods and/or services to the State or any other political subdivision wherever located, or requests for corrective pages in the Respondent's Proposal. The Agency will not consider information received from or through Respondent if the information materially alters the content of the Proposal or the type of goods and/or services the Respondent is offering to the Agency. An individual authorized to legally bind the Respondent shall sign responses to any request for clarification. Responses shall be submitted to the Agency within the time specified in the Agency's request. Failure to comply with requests for additional information may result in rejection of the Proposal.

2.18 Disposition of Proposals

All Proposals become the property of the State and shall not be returned to the Respondent. Once the Agency issues a Notice of Intent to Award the Contract, the contents of all Proposals will be public records and be available for inspection by interested parties, except for information for which Respondent properly requests confidential treatment according to exceptions provided in *Iowa Code Chapter 22* or other applicable law.

2.23 Evaluation of Proposals Submitted

Proposals that are timely submitted and are not rejected will be reviewed in accordance with Section 5 of the RFP. 2.25 No Contract Rights until Execution

No Respondent shall acquire any legal or equitable rights regarding the Contract unless and until the Contract has been fully executed by the successful Respondent and the Agency.

2.26 Choice of Law and Forum

This RFP and the Contract shall be governed by the laws of the State of Iowa. Changes in applicable laws and rules may affect the award process or the Contract. SECTION 4 SPECIFICATIONS

Overview

The successful Respondent shall provide the goods and/or services to the State in accordance with the specifications and technical specifications as provided in this Section. The Respondent shall address each specification in this Section and indicate whether or not it will comply with the specification. If the context requires more than a yes or no answer or the section specifically indicates, Respondent shall explain how it will comply with the specification. Proposals must address each specification. Merely repeating the specifications may be considered non-responsive and may disqualify the Respondent. Proposals must identify any deviations from the specifications of this RFP or specifications the Respondent cannot satisfy. If the Respondent deviates from or cannot satisfy the specification (s) of this section, the Agency may reject the Proposal.

All items listed in this section are Mandatory Specifications. Respondents must indicate either “**yes**” or “**no**” to each specification in their Proposals and provide an explanation as to how the specification is met. By indicating “yes” a Respondent agrees that it shall comply with that specification throughout the full term of the Contract, if the Respondent is successful. In addition, if specified by the specifications or if the context otherwise requires, the Respondent shall provide references and/or supportive materials to verify the Respondent’s compliance with the specification. The Agency shall have the right to determine whether the supportive information and materials submitted by the Respondent demonstrate that the Respondent will be able to comply with the Mandatory Specifications. If the Agency determines the responses and supportive materials do not demonstrate the Supplier will be able to comply with the Mandatory Specifications, the Agency may reject the Proposal.

4.1 Respondent Requirements

- 4.1.1** Respondent shall state agreement to comply with FCC rules and regulations regarding closed captioning, audio description, and other accessibility services specified in the following link:

The Respondent shall be responsible for all Respondent-owned equipment. The risk of loss and/or damage to Respondent-owned equipment and/or software shall be fully assumed by the Respondent at all times pertinent to the contract.

SECTION 5 EVALUATION AND SELECTION
--

5.1 Introduction

This section describes the evaluation process that will be used to determine which Proposal(s) provides the greatest value to the State. Agency will not necessarily award the Contract to the Respondent offering the lowest cost to the Agency. Instead, the Agency will award to the Respondent whose Responsive Proposal the Agency believes will provide the best value to the State.

5.2 Evaluation Committee

The Agency will use an evaluation committee to conduct a comprehensive, fair, and impartial evaluation of Technical Proposals received in response to this RFP. The evaluation committee will recommend an award based on the results of their evaluation to the Agency or to such other person or entity that must approve the recommendation.

5.3 Technical Proposal Evaluation and Scoring

All Technical Proposals will be evaluated to determine if they comply with the Mandatory Specifications. The evaluation committee will fully evaluate and score all Responsive Proposals submitted by Responsible Respondents in accordance with this Section. In addition to other RFP requirements, to be deemed a Responsive Proposal, the Technical Proposal must:

- Answer “Yes” to all parts of Section 4 and include supportive materials as required to demonstrate the Respondent will be able to comply with the Mandatory Specifications in that section and
- Obtain the minimum score for the Technical Proposal. If a Technical Proposal does not meet the minimum score, it will be rejected and the Respondent’s Cost Proposal will not be evaluated.

An addendum identifying the points assigned to the scoring criteria and identifying the minimum score for the Technical Proposal will be posted prior to the RFP closing.

5.4 Cost Proposal Scoring

After the Technical Proposals are evaluated and scored, the Cost Proposals will be opened and scored.

The cost proposal for each respondent will be evaluated in comparison with the other cost proposals received; however, the number of points possible will be proportional to each respondent’s technical evaluation score.

The technical evaluation points received (numerator) is divided by the technical evaluation points possible (denominator) and multiplied by the maximum number of points in the cost evaluation. This provides the total points possible for the respondent in the cost evaluation.

Points Possible for Respondent =
$$\frac{\text{Technical Evaluation Points Received}}{\text{Technical Evaluation Points Possible}} \times \text{Maximum Points in Cost Evaluation}$$

The lowest cost proposal (numerator) is divided by the cost proposal being evaluated (denominator) and multiplied by the points possible for the respondent. This provides the cost evaluation points awarded.

Cost Evaluation Points Awarded =
$$\frac{\text{Lowest Cost Proposal Received}}{\text{Cost Proposal Being Evaluated}} \times \text{Points Possible for Respondent}$$

For example, suppose there are 10 maximum points in the cost evaluation. A respondent that receives 100% of the points possible in the technical evaluation has the opportunity to earn 100% of the points possible in the cost evaluation (e.g., 10 points). If the cost proposal is the lowest cost, the full 10 points will be awarded.

However, a respondent that receives only 50% of the points possible in the technical evaluation has the opportunity to earn only 50% of the points possible in the cost evaluation (e.g., 5 points). If the cost proposal is the lowest cost, only 5 points are awarded, compared to the 10 points that could have been awarded if the respondent had received the highest technical evaluation score.

5.5 Tied Score and Preferences

- 5.5.1** An award shall be determined by a drawing when responses are received that are equal in all respects and tied in price. Whenever it is practical to do so, the drawing will be held in the presence of the Respondents who are tied in price. Otherwise the drawing will be made in front of at least three non-interested parties. All drawings shall be documented.
- 5.5.2** Notwithstanding the foregoing, if a tied score involves an Iowa-based Respondent or products produced within the State of Iowa and a Respondent based or products produced outside the State of Iowa, the Iowa Respondent will receive preference. If a tied score involves one or more Iowa Respondents and one or more Respondents outside the state of Iowa, a drawing will be held among the Iowa Respondents only.
- 5.5.3** In the event of a tied score between Iowa Respondents, the Agency shall contact the Iowa Employer Support of the Guard and Reserve (ESGR) committee for confirmation and verification as to whether the Respondents have complied with ESGR standards. Preference, in the case of a tied score, shall be given to Iowa Respondents complying with ESGR standards.
- 5.5.4** Second preference in tied scores will be given to Respondents based in the United States or products produced in the United States over Respondents based or products produced outside the United States.
- 5.5.5** Preferences required by applicable statute or rule shall also be applied, where appropriate.

SECTION 6 CONTRACT TERMS AND CONDITIONS

6.1 Contract Terms and Conditions

The Contract that the Agency expects to award as a result of this RFP shall comprise the specifications, terms and conditions of the RFP, written clarifications or changes made by the Agency to the RFP through an amendment to the RFP in accordance with the provisions of the RFP, the Terms and Conditions, the offer of the successful Respondent contained in its Proposal, and any other terms deemed necessary by the Agency. No objection or amendment by a Respondent to the provisions or terms and conditions of the RFP or the Terms and Conditions shall be incorporated into the Contract unless the Agency has explicitly accepted the Respondent's objection or amendment in writing.

The Contract terms and conditions in this Section 6, the General Terms and Conditions to the extent referenced and linked to on the RFP cover page, and/or any Terms and Conditions attached to and accompanying this RFP as an attachment hereto, will be incorporated into the Contract. The Terms and Conditions may be supplemented at the time of contract execution and are provided to enable Respondents to better evaluate the costs associated with the RFP specifications and the Contract. All costs associated with complying with such Terms and Conditions should be included in any pricing quoted by the Respondent.

By submitting a Proposal, Respondent acknowledges its acceptance of the terms and conditions of the RFP and the Terms and Conditions without change except as otherwise expressly stated in its Proposal. If the Respondent takes exception to a provision, it must identify it by page and section number, state the reason for the exception, and set forth in its Proposal the specific RFP or Terms and Conditions language it proposes to include in place of the provision. If Respondent's exceptions or proposed responses materially alter the RFP, or if the Respondent submits its own terms and conditions or otherwise fails to follow the process described herein, the Agency may reject the Proposal, in its sole discretion.

The Agency will evaluate all Proposals without regard to any proposed modifications to any terms and conditions of the RFP or Terms and Conditions by Contractor. Once a Proposal has been identified as the one for which an Award recommendation has been made, but prior to notifying Respondents of the decision, the Agency, in its sole discretion, may consider any proposed modifications to the terms and conditions of the RFP or Terms and Conditions identified in that Proposal. The Agency reserves the right to either award a Contract(s) without further negotiation with the successful Respondent or to negotiate Contract terms with the successful Respondent if the best interests of the State would be served. As such, if any proposed modifications are not determined to be in the best interests of the State, or appear to pose a substantial impediment to reaching agreement, the Agency may, in its sole discretion:

- 6.1.1** Issue a Notice of Intent to Award in favor of the successful Respondent, but decline to agree to or further negotiate any proposed modifications to terms and conditions identified by the Respondent in its Proposal;
- 6.1.2** Issue a Notice of Intent to Award in favor of the successful Respondent, and identify in the Notice proposed modifications to terms and conditions identified by the Respondent in its Proposal with which the agency will or will not agree or further negotiate;

- 6.1.3** Enter open-ended negotiations with the successful Respondent; provided, that any such negotiations shall be limited to the proposed modifications to terms and conditions identified by Respondent in its Proposal;
- 6.1.4** Change the Agency's recommendation for Award and issue a Notice of Intent to Award to a Respondent whose proposal does not pose as great of a challenge to the Agency.

Any ambiguity, vagueness, inconsistency or conflict, either internal to such modification(s) or arising when read in conjunction with other portions of the Contract, shall be construed strictly in favor of the State. Only those proposed modifications identified in the Notice of Intent to Award issued by the Agency as terms and conditions with which the agency will or will not agree or further negotiate shall be part of the Contract, and the State may ignore all proposed modifications, accept one or more and ignore others, accept all or, through negotiations after an award, agree to compromise language concerning one or more proposed modifications to be incorporated into a final Contract between the parties. By executing and submitting its Proposal in response to this RFP, Respondent understands and agrees that the State may exercise its discretion not to consider any or all proposed modifications Respondent may request and may accept Respondent's proposal under the terms and conditions of this RFP and the Terms and Conditions.

6.2 Contractual Terms and Conditions – No Material Changes/Non-Negotiable

Notwithstanding anything in this RFP to the contrary, Respondent may not take exception to or propose including language in any resulting contract that conflicts with or is otherwise inconsistent with the following:

6.2.1 Indemnification

Without specific authority to do so, the State, or agencies, cannot enter into agreements indemnifying Respondents, or any other entity, against third-party claims. A clause that intends to seek indemnification from the State, whether or not the clause contains the words "indemnity" or "indemnify," are not clauses to which the State may agree. The State will not agree to clause that includes the language "to the extent permitted by law" because, as explained, the State cannot indemnify Respondents to any extent.

6.2.2 Limitation of Liability

Iowa Code section 8A.311(22) and 11 Iowa Admin. Code Chapter 120 establish the rules to allow for the State to agree to a contractual limitation of vendor liability clause in limited circumstances. Any request by Respondent for the State to limit damages not in accordance with Iowa law or administrative rules is a request with which the State cannot agree.

6.2.3 Jurisdiction and Venue

Iowa Code chapter 13 establishes that the Iowa Attorney General is the State's attorney for all purposes, including management of litigation and claims against the state. The State may not preempt the Attorney General's authority by agreeing in advance to control the way litigation may be managed in the event of a dispute. Likewise, the State cannot agree to the jurisdiction or laws of another state or its courts, cannot agree to venue in

another state, and cannot agree to participate in any form of alternative dispute resolution.

6.2.4 Confidentiality

All Iowa state agencies are subject to Iowa public records laws. The State cannot agree to contractual terms that attempt to prevent it from disclosing or disseminating records that constitute public records under Iowa Code chapter 22.

6.2.5 Unliquidated Expenses (i.e., Attorney Fees, Add-ons, or Cost Increases)

The State may not agree to clauses which may obligate it to pay for claims that might exceed its current funding appropriation. The State may only obligate those funds that have been appropriated to it by the Iowa Legislative Assembly and may only obligate those funds for the purposes for which the funds were appropriated.

6.3 Special Terms and Conditions

Awarded Respondent(s) contract will include the following performance provisions:

- Live captioning shall meet a minimum of 85% accuracy.
- Post-production captioning shall meet a minimum of 99% accuracy.

More than three (3) performance failures may result, in the State's sole discretion, a suspension of use of the Respondents services for a period of time determined by the State. Continued failures may result in the discontinuance of the use of the Respondents services.

6.3.1 Term Length

The Contract shall have an initial term of one (1) year, beginning on the date of contract execution (the "**Effective Date**"). At the end of the Contract's initial term, the State shall have the option, in its sole discretion, to renew the Contract on the same terms and conditions for up to a total of five (5) one-year terms. The State will give the Vendor written notice of its intent whether to exercise each option no later than sixty (60) days before the end of the Contract's then-current term.

6.3.2 Payment Terms

6.3.2.1 Payment Methods

The State of Iowa, in its sole discretion, will determine the method of payment for goods and/or services as part of the Contract. The State Pcard and EAP are preferred payment methods, but payments may be made by any of the following methods: Pcard/EAP, EFT/ACH, or State Warrant. Respondents shall indicate in their Cost Proposals all of the payment methods they will accept. **This information will not be scored as part of the Cost Proposal or evaluated as part of the Technical Proposal.**

6.3.2.2 Electronic Funds Transfer (EFT) by Automated Clearing House (ACH)

The State of Iowa may make payment by EFT by ACH. Payments are deposited into the financial institution of the claimant's choice three working days from the issue date of the direct deposit.

6.3.2.3 State Warrant

The State of Iowa's warrant drawn on the Treasurer of State is used to pay claims against the departments of the State of Iowa. The warrant is issued upon receipt of proper documentation from the issuing department.

6.3.2.4 Credit card or ePayables

The State of Iowa's Purchasing Cards (Pcards) and ePayable solution (EAP) are commercial payment methods utilizing the VISA credit card network. The State of Iowa will not accept price changes or pay additional fees if Respondent uses the Pcard or EAP payment methods. Pcard-accepting Respondents must abide by the State of Iowa's Terms of Pcard Acceptance. Respondents must provide a statement regarding their ability to meet the requirements in this subsection, as well as identifying their transaction reporting capabilities (Level I, II, or III).

6.3.2.5 Terms and Conditions for State of Iowa Purchasing Cards

The State of Iowa shall pay Contractor's invoices using its Purchasing Card Program (Pcard) whenever possible. The Pcard is a VISA credit card issued by U.S. Bank to allow authorized employees to make purchases on behalf of the State. It is a faster, more convenient alternative to traditional invoicing and remittance processing, allowing US Bank to pay the Contractor directly, generally within 48 hours of the transaction. Contractor shall comply with security measures for Pcard payments including:

6.3.2.5.1 Contractor shall comply with Payment Card Industry Data Security Standard (PCI DSS) to assure confidential card information is not compromised;

6.3.2.5.2 Contractor shall adhere to Fair and Accurate Credit Transactions Act requirements that limit the amount of consumer and account information shared for greater security protection;

6.3.2.5.3 Contractor shall not write down card numbers or store card information. When accepting orders by phone, Contractor shall process the transaction during the call and send itemized receipts (excluding card numbers) to the cardholder by fax, email, or mail (with delivery);

6.3.2.5.4 Contractor shall process payment for items when an order is placed only for items currently in stock and available for shipment, and only for services already rendered;

6.3.2.5.5 Contractor shall confirm that the name of purchaser matches the name on the card;

6.3.2.5.6 Contractor shall ensure Internet orders are processed via secure websites, featuring Verisign, TRUSTe, BBBOnline, or "https" in the web address;

6.3.2.5.7 Contractor shall shred any documentation with credit card numbers.

Contractor shall be responsible for all premiums, deductibles and for any inadequacy, absence or limitation of coverage, and the Contractor shall have no claim or other recourse against the State or the Department for any costs or loss attributable to any of the foregoing, all of which shall be borne solely by the Contractor. Notwithstanding any other provision of this Contract, Contractor shall be fully responsible and liable for meeting and fulfilling all of its obligations under this section of the Contract.

6.3.4 Performance Security

The Contract may require the Respondent to provide security for performance [e.g. performance bond, escrow, letter of credit, liquidated damages]. Agency shall retain ten percent (10%) of each payment due under the Contract. Agency shall pay the retained amount only after all Deliverables have been completed by Contractor and accepted by the Agency.

6.3.5 Quarterly Report

The Contractor shall provide an electronic detailed quarterly report on all sales made under this agreement within the State of Iowa via E-Mail to the Iowa Department of Administrative Services, Central Procurement, Attn: Issuing Officer Name, e-Mail Address.
