

RFQ 58223000071
ATTACHMENT 1
SPECIFICATIONS AND SCOPE OF WORK

Provide all labor, equipment, and materials for tilling approximately 110 acres of land near Jefferson Township (near intersection of Northwest Saylorville Drive & NW Beaver Drive), spreading seed for grass type cover, and establishing of soil erosion control where it's required/needed.

Preferred grass types are listed below but you can also provide pricing for other similar/equivalent products/seed type:

Brome
Alfalfa
Oats

Timeline Requested:

Complete all work by August 31, 2022. If your company is interested in the project but CAN NOT complete it by 8/30/2022 please submit a quote and state dates of when you CAN complete it. If needed the "complete by" date can be changed due to weather/environmental/industry wide issues.
