23CRDLWBJWENC-0001 Questions & Answers

Question: Section 4.1, second paragraph states that "Respondent must have background in natural resources planning and AICP accreditation or a Landscape Architect with ASLA accreditation." By "ASLA accreditation" do you mean landscape architecture licensure? If so, do you require landscape architects to be licensed in Iowa?

Answer: The manager of this project has to either be a licensed LA (doesn't matter what state) or a certified AICP planner.
