

RFQ 08112023
ATTACHMENT 1
SPECIFICATIONS AND SCOPE OF WORK

Provide all labor, equipment, and materials for tilling and hydroseeding approximately 21,000 square feet of land at the Sioux City Readiness Center, 3200 Mech Dr. Sioux City, IA 51111.

Base Bid should include the following:

- Tilling of the 21,000 square feet of soil with soil conditioner
- Clear rocks and debris as necessary
- perform hydro-seeding (list the product that will be used)
- travel charges (if applicable)

Alternate:

- Combine all base bid scope of work but also perform drill seeding

Timeline Requested:

Begin execution of work by August 28, 2023 and work needs to be completed no later than September 8, 2023. If your company is interested in the project but CAN NOT complete it on the above timelines, please submit a quote and state dates of when you CAN complete it. If needed the "complete by" date can be changed due to weather/environmental/industry wide issues.
