

ADDENDUM #1

Project Name: MPCF IPI Roof Replacement
DAS#9357.00
RFP935700-01
Addendum #1
Dated: September 7, 2023

This Addendum forms a part of the Request for Proposal documents. This Addendum supersedes and supplements all portions of the original Request for Proposal dated August 18, 2023, with which it conflicts.

ACKNOWLEDGE RECEIPT OF THIS ADDENDUM IN THE REQUEST FOR PROPOSAL. FAILURE TO DO SO MAY SUBJECT TO DISQUALIFICATION.

1. **Schedule** – Proposal date does not change.
2. **Questions:**
 - a. Q. Any original drawings / plans available for use? *A. Existing CAD/PDF drawings will be provided to the successful design firm if they are available. Accuracy of drawings shall be verified by the design firm.*
 - b. Q. Access to roof – can MPCF provide a lift and operator if roof height higher than 15 feet for conventional ladder? *A Yes, the facility can help with getting to the roof for design.*
 - c. Q. Will DAS consider roof overlay with metal roof or single-ply? With single ply can do either EPDM or thermoplastic sheet with “fake” ribs heat welded to simulate metal roof. *A. The intent is to remove and replace the metal roofing panels with like and kind. If the designer comes up with other options, they can be looked at during the design process with the successful design firm.*
3. **Attachments:**
 - a. NONE
