SECTION 1 INTRODUCTION

1.1 Purpose

The purpose of this Request for Proposals (RFP) is to solicit proposals from Responsible Contractors to provide the goods and/or services identified on the RFP cover sheet and further described in Section 4 of this RFP to the Agency identified on the RFP cover sheet. The Agency intends to award a Contract(s) beginning and ending on the dates listed on the RFP cover sheet, and the Agency, in its sole discretion, may extend the Contract(s) for up to the number of annual extensions identified on the RFP cover sheet.

1.2 Definitions

For the purposes of this RFP and the resulting contract, the following terms shall mean:

“Proposal” means the Contractor’s proposal submitted in response to the RFP.

“Contract” means the contract(s) entered into with the successful Contractor(s) as described in Section 6.1.

“Contractor” means a vendor submitting Proposals in response to this RFP.

“Agency” means the agency identified on the RFP cover sheet that is issuing the RFP and any other agency that purchases from the Contract.

“General Terms and Conditions” shall mean the General Terms and Conditions for Services Contracts as referenced on the RFP cover page.

“Responsible Contractor” means a Contractor that has the capability in all material respects to perform the specifications of the Contract. In determining whether a Contractor is a Responsible Contractor, the Agency may consider various factors including, but not limited to, the Contractor’s competence and qualifications to provide the goods or services requested, the Contractor’s integrity and reliability, the past performance of the Contractor and the best interest of the Agency and the State.

“Responsive Proposal” means a Proposal that complies with the material provisions of this RFP.

“RFP” means this Request for Proposals and any attachments, exhibits, schedules or addenda hereto.

“State” means the State of Iowa, the Agency identified on the Contract Declarations & Execution Page(s), and all state agencies, boards, and commissions, and any political subdivisions making purchases from the Contract as permitted by this RFP.

1.3 Overview of the RFP Process

Contractors will be required to submit their Proposals in hardcopy and on CD-ROM. It is the Agency’s intention to evaluate Proposals from all Responsible Contractors that submit timely Responsive Proposals, and award the Contract(s) in accordance with Section 5, Evaluation and Selection.

1.4 Background Information

This RFP is designed to provide Contractors with the information necessary for the preparation of competitive Proposals. The RFP process is for the Agency's benefit and is intended to provide the Agency with competitive information to assist in the selection process. It is not intended to be comprehensive. Each Contractor is responsible for determining all factors necessary for submission of a comprehensive Proposal.

Scope of Work

This project is a roughly 22,000 SF vehicle maintenance instructional facility with five (5) non-standard vehicle maintenance drive-thru bays of 32' wide by 40' long x 48' high (FFE to bottom of joist), and an approximately 4,500 SF administration, storage and latrine area. Bays will include safety egress lanes around bays, electrical, water, and compressed air distribution systems to serve all bays, a 15-ton overhead traveling crane to serve all bays, a through floor vehicle exhaust system (ceiling height will be too great to go overhead most likely), and one bay must also serve as a wash bay. All building systems and finishes to be typical of a field maintenance shop, meaning industrial and durable in nature. Bays cannot be arranged lengthwise. Two-story configuration for the administration section is an option. Site work includes service aprons and access roads that will total nearly 8,500 SY of pavement. Depending on the site determination, some selective demolition may be required. All available site utility and topographic data maintained by the Iowa Army National Guard will be provided to the successful offeror. Soils investigation will be required by the design firm/team. The exact site is still to be determined but it will be located near to the Sustainment Training Center Complex at Camp Dodge, Johnston, IA. The project must meet and be certified by the US Green Building Council as LEED Silver.

SECTION 2 ADMINISTRATIVE INFORMATION
--

2.1 Issuing Officer

The Issuing Officer identified in the RFP cover sheet is the sole point of contact regarding the RFP from the date of issuance until a Notice of Intent to Award the Contract is issued.

2.2 Restriction on Communication

From the issue date of this RFP until a Notice of Intent to Award the Contract is issued, Contractors may contact only the Issuing Officer. The Issuing Officer will respond only to written questions regarding the procurement process. Questions related to the interpretation of this RFP must be submitted as provided in Section 2. Oral questions related to the interpretation of this RFP will not be accepted. Contractors may be disqualified if they contact any State employee other than the Issuing Officer about the RFP except that Contractors may contact the State Targeted Small Business Office on issues related to the preference for Targeted Small Businesses.

2.3 Downloading the RFP from the Internet

The RFP document and any addenda to the RFP will be posted at <http://bidopportunities.iowa.gov/>. The Contractor is advised to check the website periodically for Addenda to this RFP, particularly if the Contractor downloaded the RFP from the Internet as the Contractor may not automatically receive addenda. It is the Contractor's sole responsibility to check daily for addenda to posted documents.

2.4 Procurement Timetable

The dates provided in the procurement timetable on the RFP cover sheet are provided for informational and planning purposes. The Agency reserves the right to change the dates. If the Agency changes any of the deadlines for Contractor submissions, the Agency will issue an addendum to the RFP.

2.5 Questions, Requests for Clarification, and Suggested Changes

Contractors are invited to submit written questions and requests for clarifications regarding the RFP. Contractors may also submit suggestions for changes to the specifications of this RFP. The questions, requests for clarifications, or suggestions must be in writing and received by the Issuing Officer before the date and time listed on the RFP cover sheet. Oral questions will not be permitted. If the questions, requests for clarifications, or suggestions pertain to a specific section of the RFP, Contractor shall reference the page and section number(s). The Agency will send written responses to questions, requests for clarifications, or suggestions will be received from Contractors on before the date listed on the RFP cover sheet. The Agency's written responses will become an addendum to the RFP. If the Agency decides to adopt a suggestion that modifies the RFP, the Agency will issue an addendum to the RFP.

The Agency assumes no responsibility for oral representations made by its officers or employees unless such representations are confirmed in writing and incorporated into the RFP through an addendum.

2.6 Amendment to the RFP

The Agency reserves the right to amend the RFP at any time using an addendum. The Contractor shall acknowledge receipt of all addenda in its Proposal. If the Agency issues an addendum after the due date for receipt of Proposals, the Agency may, in its sole discretion, allow Contractors to amend their Proposals in response to the addendum.

2.7 Amendment and Withdrawal of Proposal

The Contractor may amend or withdraw and resubmit its Proposal at any time before the Proposals are due. The amendment must be in writing, signed by the Contractor and received by the time set for the receipt of Proposals. Electronic mail and faxed amendments will not be accepted. Contractors must notify the Issuing Officer in writing prior to the due date for Proposals if they wish to completely withdraw their Proposals.

2.8 Submission of Proposals

The Agency must receive the Proposal at the Issuing Officer's address identified on the RFP cover sheet before the "Proposals Due" date listed on the RFP cover sheet. **This is a mandatory specification and will not be waived by the Agency. Any Proposal received after this deadline will be rejected and returned unopened to the Contractor.** Contractors mailing Proposals must allow ample mail delivery time to ensure timely receipt of their Proposals. It is the Contractor's responsibility to ensure that the Proposal is received prior to the deadline. Postmarking by the due date will not substitute for actual receipt of the Proposal. Electronic mail and faxed Proposals will not be accepted.

Contractors must furnish all information necessary to enable the Agency to evaluate the Proposal. Oral information provided by the Contractor shall not be considered part of the Contractor's Proposal unless it is reduced to writing.

2.9 Proposal Opening

The Agency will open Proposals after the deadline for submission of Proposals has passed. The Proposals will remain confidential until the Evaluation Committee has reviewed all of the Proposals submitted in response to this RFP and the Agency has issued a Notice of Intent to Award a Contract. See Iowa Code Section 72.3. However, the names of Contractors who submitted timely Proposals will be publicly available after the Proposal opening. The announcement of Contractors who timely submitted Proposals does not mean that an individual Proposal has been deemed technically compliant or accepted for evaluation.

2.10 Costs of Preparing the Proposal

The costs of preparation and delivery of the Proposal are solely the responsibility of the Contractor.

2.11 No commitment to Contract

The Agency reserves the right to reject any or all Proposals received in response to this RFP at any time prior to the execution of the Contract. Issuance of this RFP in no way constitutes a commitment by the Agency to award a contract.

2.12 Rejection of Proposals

The Agency may reject outright and not evaluate a Proposal for reasons including without limitation:

- 2.12.1** The Contractor fails to deliver the cost proposal in a separate envelope.
- 2.12.2** The Contractor acknowledges that a mandatory specification of the RFP cannot be met.
- 2.12.3** The Contractor's Proposal changes a material specification of the RFP or the Proposal is not compliant with the mandatory specifications of the RFP.
- 2.12.4** The Contractor's Proposal limits the rights of the Agency.
- 2.12.5** The Contractor fails to include information necessary to substantiate that it will be able to meet a specification of the RFP as provided in Section 3 of this RFP.
- 2.12.6** The Contractor fails to timely respond to the Agency's request for information, documents, or references.
- 2.12.7** The Contractor fails to include Proposal Security, if required.
- 2.12.8** The Contractor fails to include any signature, certification, authorization, stipulation, disclosure or guarantee as provided in Section 3 of this RFP.
- 2.12.9** The Contractor presents the information requested by this RFP in a format inconsistent with the instructions of the RFP or otherwise fails to comply with the specifications of this RFP.
- 2.12.10** The Contractor initiates unauthorized contact regarding the RFP with state employees.
- 2.12.11** The Contractor provides misleading or inaccurate responses.
- 2.12.12** The Contractor's Proposal is materially unbalanced.
- 2.12.13** There is insufficient evidence (including evidence submitted by the Contractor and evidence obtained by the Agency from other sources) to satisfy the Agency that the Contractor is a Responsive Contractor.
- 2.12.14** The Contractor alters the language in Attachment 1, Certification Letter or Attachment 2, Authorization to Release Information letter.

2.13 Nonmaterial Variances

The Agency reserves the right to waive or permit cure of nonmaterial variances in the Proposal if, in the judgment of the Agency, it is in the State's best interest to do so. Nonmaterial variances include but are not limited to: minor failures to comply that do not affect overall responsiveness, that are merely a matter of form or format, that do not change the relative standing or otherwise prejudice other Contractors, that do not change the meaning or scope of the RFP, or that do not reflect a material change in the specifications of the RFP. In the event the Agency waives or permits cure of nonmaterial variances, such waiver or cure will not modify the RFP specifications or excuse the Contractor from full compliance with RFP specifications or

other Contract specifications if the Contractor is awarded the Contract. The determination of materiality is in the sole discretion of the Agency.

2.14 Reference Checks

The Agency reserves the right to contact any reference to assist in the evaluation of the Proposal, to verify information contained in the Proposal and to discuss the Contractor's qualifications and the qualifications of any subcontractor identified in the Proposal.

2.15 Information from Other Sources

The Agency reserves the right to obtain and consider information from other sources concerning a Contractor, such as the Contractor's capability and performance under other contracts, the qualifications of any subcontractor identified in the Proposal, the Contractor's financial stability, past or pending litigation, and other publicly available information.

2.16 Verification of Proposal Contents

The content of a Proposal submitted by a Contractor is subject to verification. If the Agency determines in its sole discretion that the content is in any way misleading or inaccurate, the Agency may reject the Proposal.

2.17 Proposal Clarification Process

The Agency reserves the right to contact a Contractor after the submission of Proposals for the purpose of clarifying a Proposal. This contact may include written questions, interviews, site visits, a review of past performance if the Contractor has provided goods and/or services to the State or any other political subdivision wherever located, or requests for corrective pages in the Contractor's Proposal. The Agency will not consider information received from or through Contractor if the information materially alters the content of the Proposal or the type of goods and/or services the Contractor is offering to the Agency. An individual authorized to legally bind the Contractor shall sign responses to any request for clarification. Responses shall be submitted to the Agency within the time specified in the Agency's request. Failure to comply with requests for additional information may result in rejection of the Proposal.

2.18 Disposition of Proposals

All Proposals become the property of the State and shall not be returned to the Contractor. Once the Agency issues a Notice of Intent to Award the Contract, the contents of all Proposals will be in the public domain and be available for inspection by interested parties, except for information for which Contractor properly requests confidential treatment or according to exceptions provided in Iowa Code Chapter 22 or other applicable law.

2.19 Public Records and Requests for Confidential Treatment

The Agency's release of public records is governed by Iowa Code chapter 22. Contractors are encouraged to familiarize themselves with Chapter 22 before submitting a Proposal. The Agency will copy and produce public records upon request as required to comply with Chapter 22 and will treat all information submitted by a Contractor as non-confidential records unless Contractor requests specific parts of the Proposal be treated as confidential at the time of the submission as set forth herein **AND the information is confidential under Iowa or other applicable law.**

A Contractor requesting confidential treatment of specific information must: (1) identify the request in the transmittal letter with the Contractor's Proposal, (2) conspicuously mark the outside of its Proposal as containing confidential information, (3) mark each page upon which confidential information appears, and (4) submit a "Public Copy" from which the confidential information has been excised.

Request for confidential treatment will not be considered fully complete unless, for each confidentiality request, the Contractor: (1) enumerates the specific grounds in Iowa Code chapter 22 or other applicable law that supports treatment of the material as confidential, (2) justifies why the material should be maintained in confidence, (3) explains why disclosure of the material would not be in the best interest of the public, and (4) sets forth the name, address, telephone, and e-mail for the person authorized by Contractor to respond to inquiries by the Agency concerning the confidential status of such material.

The Public Copy from which confidential information has been excised is in addition to the number of copies requested in Section 3 of this RFP. The confidential material must be excised in such a way as to allow the public to determine the general nature of the material removed and to retain as much of the Proposal as possible.

Failure to request information be treated as confidential as specified herein shall relieve Agency and State personnel from any responsibility for maintaining the information in confidence. Contractors may not request confidential treatment with respect to pricing information and transmittal letters. A contractor's request for confidentiality that does not comply with this section or a contractor's request for confidentiality on information or material that cannot be held in confidence as set forth herein are grounds for rejecting contractor's Proposal as non-responsive. Requests to maintain an entire Proposal as confidential will be rejected as non-responsive.

If Agency receives a request for information that Contractor has marked as confidential and if a judicial or administrative proceeding is initiated to compel the release of such material, Contractor shall, at its sole expense, appear in such action and defend its request for confidentiality. If Contractor fails to do so, Agency may release the information or material with or without providing advance notice to Contractor and with or without affording Contractor the opportunity to obtain an order restraining its release from a court possessing competent jurisdiction. Additionally, if Contractor fails to comply with the request process set forth herein, if Contractor's request for confidentiality is unreasonable, or if Contractor rescinds its request for confidential treatment, Agency may release such information or material with or without providing advance notice to Contractor and with or without affording Contractor the opportunity to obtain an order restraining its release from a court possessing competent jurisdiction.

2.20 Copyright Permission

By submitting a Proposal, the Contractor agrees that the Agency may copy the Proposal for purposes of facilitating the evaluation of the Proposal or to respond to requests for public records. By submitting a Proposal, the Contractor consents to such copying and warrants that such copying will not violate the rights of any third party. The Agency shall have the right to use ideas or adaptations of ideas that are presented in Proposals.

2.21 Release of Claims

By submitting a Proposal, the Contractor agrees that it will not bring any claim or cause of action against the Agency based on any misunderstanding concerning the information provided in the RFP or concerning the Agency's failure, negligent or otherwise, to provide the Contractor with pertinent information in this RFP.

2.22 Contractor Presentations

Contractors may be required to make a presentation. The determination as to need for presentations, and the location, order, and schedule of the presentations is at the sole discretion of the Agency. The presentation may include slides, graphics and other media selected by the Contractor to illustrate the Contractor's Proposal. The presentation shall not materially change the information contained in the Proposal.

2.23 Evaluation of Proposals Submitted

Proposals that are timely submitted and are not rejected will be reviewed in accordance with Section 5 of the RFP. The Agency will not necessarily award a contract resulting from this RFP to the Contractor offering the lowest cost. Instead, the Agency will award the Contract(s) to the Responsible Contractor(s) whose Responsive Proposal the agency believes will provide the best value to the Agency and the State.

2.24 Award Notice and Acceptance Period

Notice of Intent to Award the Contract(s) will be sent to all Contractors submitting a timely Proposal and may be posted at the website shown on the RFP cover sheet. Negotiation and execution of the Contract(s) shall be completed no later than thirty (30) days from the date of the Notice of Intent to Award or such other time as designated by Agency. If the successful Contractor fails to negotiate and deliver an executed Contract by that date, the Agency, in its sole discretion, may cancel the award and award the Contract to the remaining Contractor the Agency believes will provide the best value to the State.

2.25 No Contract Rights until Execution

No Contractor shall acquire any legal or equitable rights regarding the Contract unless and until the Contract has been fully executed by the successful Contractor and the Agency.

2.26 Choice of Law and Forum

This RFP and the Contract shall be governed by the laws of the State of Iowa. Changes in applicable laws and rules may affect the award process or the Contract. Contractors are responsible for ascertaining pertinent legal requirements and restrictions. Any and all litigation or actions commenced in connection with this RFP shall be brought in the appropriate Iowa forum.

2.27 Restrictions on Gifts and Activities

Iowa Code Chapter 68B restricts gifts which may be given or received by State employees and requires certain individuals to disclose information concerning their activities with State government. Contractors are responsible to determine the applicability of this Chapter 68B to their activities and to comply with its requirements. In addition, pursuant to Iowa Code section 722.1, it is a felony offense to bribe or attempt to bribe a public official.

2.28 No Minimum Guaranteed

The Agency does not guarantee any minimum level of purchases under the Contract.

provision, it must identify it by page and section number, state the reason for the exception, and set forth in its Proposal the specific RFP or General Terms and Conditions language it proposes to include in place of the provision. If Contractor's exceptions or responses materially alter the RFP, or if the Contractor submits its own terms and conditions or otherwise fails to follow the process described herein, the Agency may reject the Proposal, in its sole discretion.

Any exceptions taken must be listed in this section or contractor shall acknowledge acceptance of RFP and General Terms and Conditions without change.

SECTION 4 SPECIFICATIONS

Overview

The successful Contractor shall provide the goods and/or services to Agency and other agencies using the Contract in accordance with the specifications as provided in this Section. The Contractor shall address each specification in this Section and indicate whether or not it will comply with the specification. If the context requires more than a yes or no answer or the section specifically indicates, Contractor shall explain how it will comply with the specification. Proposals must address each specification. Merely repeating the specifications may be considered non-responsive and may disqualify the Contractor. Proposals must identify any deviations from the specifications of this RFP or specifications the Contractor cannot satisfy. If the Contractor deviates from or cannot satisfy the specification(s) of this section, the Agency may reject the Proposal.

4.1 Mandatory Specifications

All items listed in **Attachment 3** are **Mandatory Specifications**. Contractors must mark either **“Yes” or “No”** to each specification in their Proposals. By indicating “yes” a Contractor agrees that it shall comply with that specification throughout the full term of the Contract, if the Contractor is successful. In addition, if specified by the specifications or if the context otherwise requires, the Contractor shall provide references and/or supportive materials to verify the Contractor’s compliance with the specification. The Agency shall have the right to determine whether the supportive information and materials submitted by the Contractor demonstrate the Contractor will be able to comply with the Mandatory Specifications. If the Agency determines the responses and supportive materials do not demonstrate the Contractor will be able to comply with the Mandatory Specifications, the Agency may reject the Proposal.

Please complete **Attachment 3** and include it with your proposal submittal.

4.2 Scored Technical Specifications

All items listed in **Attachment 4** are **Scored Technical Specifications**. All specifications will be evaluated and scored by the evaluation committee in accordance with Section 5.

Please complete **Attachment 4** and include it with your proposal submittal.

SECTION 5 EVALUATION AND SELECTION

5.1 Introduction

This section describes the evaluation process that will be used to determine which Proposal(s) provides the greatest benefit to the State. Agency will not necessarily award the Contract to the Contractor offering the lowest cost to the Agency. Instead, the Agency will award to the Contractor whose Responsive Proposal the Agency believes will provide the best value to the State.

5.2 Evaluation Committee

The Agency will conduct a comprehensive, fair, and impartial evaluation of Proposals received in response to this RFP. The Agency will use an evaluation committee to review and evaluate the Proposals. The evaluation committee will recommend an award based on the results of their evaluation to the Agency or to such other person or entity who must approve the recommendation.

5.3 Overview of Scoring

Technical Proposal	900 points
<u>Cost Proposal</u>	<u>100 points</u>
Total Points Available	1,000 Points

5.4 Technical Proposal Evaluation and Scoring

All Technical Proposals will be evaluated to determine if they comply with the Mandatory Specifications and Scored Technical Specifications described in Section 4.1 and 4.2 and meet the minimum score. To be deemed a Responsive Proposal, the Proposal must:

- Answer “Yes” to all parts of Section 4.1 and include supportive materials as required to demonstrate the Contractor will be able to comply with the Mandatory Specifications in that section and
- Obtain the minimum score of **650 points** for the Content and Technical Criteria.

An addendum identifying the points assigned to evaluation criteria and minimum score will be posted prior to the RFP due date.

5.5 Cost Proposal Scoring

After the Technical Proposals are evaluated and scored, the Cost Proposals will be opened and scored.

To assist the agency in evaluating, Cost Proposals may be evaluated and points awarded as follows. The Cost Proposals will remain sealed during the evaluation of the Technical Proposal and any Bidder Demonstration. Only prospective contractors that meet all of the required features will be considered during the cost evaluation phase of the review process. The compliant prospective contractor’s technical points will be added to the cost points, to obtain the total points awarded for the proposal. The Cost Proposals will be ranked from lowest to the highest cost. The lowest cost shall receive the maximum number of points available in this section. To determine the number of points to be awarded all other Cost Proposals, the lowest cost bid will be used in all cases as the numerator. Each of the other bids will be used as the denominator. The percentage will then be multiplied by the maximum number of points and

the resulting number will be the cost points awarded to other compliant contractors. Percentages and points will be rounded to the nearest whole value.

Example:

Contractor A quotes \$35,000; Contractor B quotes \$45,000 and Contractor C quotes \$65,000.

Contractor A: $\frac{\$35,000}{\$35,000} = \text{receives } 100\% \text{ of available points on cost.}$

Contractor B: $\frac{\$35,000}{\$45,000} = \text{receives } 78\% \text{ of available points on cost.}$

Contractor C: $\frac{\$35,000}{\$65,000} = \text{receives } 54\% \text{ of available points on cost.}$

5.6 Tied Bid and Preferences

5.6.1 An award shall be determined by a drawing when responses are received that are equal in all respects and tied in price. Whenever it is practical to do so, the drawing will be held in the presence of the contractors who are tied in price. Otherwise the drawing will be made in front of at least three non-interested parties. All drawings shall be documented.

Notwithstanding the foregoing, if a tied bid involves an Iowa-based contractor or products produced within the State of Iowa and a contractor based or products produced outside the State of Iowa, the Iowa contractor will receive preference. If a tied bid involves one or more Iowa contractors and one or more contractors outside the state of Iowa, a drawing will be held among the Iowa contractors only.

In the event of a tied bid between Iowa contractors, the Agency shall contact the Iowa Employer Support of the Guard and Reserve (ESGR) committee for confirmation and verification as to whether the contractors have complied with ESGR standards. Preference, in the case of a tied bid, shall be given to Iowa contractors complying with ESGR standards.

Second preference in tied bids will be given to contractors based in the United States or products produced in the United States over contractors based or products produced outside the United States.

Preferences required by applicable statute or rule shall also be applied, where appropriate.

SECTION 6 CONTRACTURAL TERMS AND CONDITIONS

6.1 Contract Terms and Conditions

The Contract that the Agency expects to award as a result of this RFP shall comprise the specifications, terms and conditions of the RFP, written clarifications or changes made in accordance with the provisions of the RFP, the General Terms and Conditions, the offer of the successful Contractor contained in its Proposal, and any other terms deemed necessary by the Agency. No objection or amendment by a Contractor to the provisions or terms and conditions of the RFP or the General Terms and Conditions shall be incorporated into the Contract unless Agency has explicitly accepted the Contractor's objection or amendment in writing.

The General Terms and Conditions will be incorporated into the Contract. The General Terms and Conditions may be supplemented at the time of contract execution and are provided to enable Contractors to better evaluate the costs associated with the RFP specifications and the Contract. All costs associated with complying with these specifications should be included in any pricing quoted by the Contractor.

By submitting a Proposal, Contractor acknowledges its acceptance of the terms and conditions of the RFP and the General Terms and Conditions without change except as otherwise expressly stated in its Proposal. If the Contractor takes exception to a provision, it must identify it by page and section number, state the reason for the exception, and set forth in its Proposal the specific RFP or General Terms and Conditions language it proposes to include in place of the provision. If Contractor's exceptions or proposed responses materially alter the RFP, or if the Contractor submits its own terms and conditions or otherwise fails to follow the process described herein, the Agency may reject the Proposal, in its sole discretion.

The Agency reserves the right to either award a Contract(s) without further negotiation with the successful Contractor or to negotiate Contract terms with the successful Contractor if the best interests of the State would be served.

6.2 Contract Length

The term of the Contract will begin and end on the dates indicated on the RFP cover sheet. The Agency shall have the sole option to renew the Contract upon the same or more favorable terms and conditions for up to the number of annual extensions identified on the RFP cover sheet.

6.3 Insurance

The Contract will require the successful Contractor to maintain insurance coverage(s) in accordance with the insurance provisions of the General Terms and Conditions and of the type and in the minimum amounts set forth in **Appendix C** page 5 & 6, unless otherwise required by the Agency.

Contractor also acknowledges that the Agency may declare the Contractor’s Proposal or resulting contract void if the above certification is false. The Contractor also understands that fraudulent certification may result in the Agency or its representative filing for damages for breach of contract in addition to other remedies available to Agency.
