

RFP 11121 – Ultrasounds with Mobile Carts

Question1: *“Does the University have a GPO affiliation?”*

Response: Yes, the University is a member institution in the E&I Cooperative Services organization

Question2: *“What product/manufacture are the specs based on and is there an opportunity to propose alternative system/products?”*

Response: The University currently uses the Chison E-bit 60 and are open to machines with similar specs, functionality, and knobology and to list exceptions on their specs
