1.3 Overview of the ITQ Process

This ITQ is designed to provide Respondents with the information necessary for the preparation of competitive Proposals. The ITQ process is for the Agency's benefit and is intended to provide the Agency with competitive information to assist in the selection process. It is not intended to be comprehensive. Each Respondent is responsible for determining all factors necessary for submission of a comprehensive Proposal.

Respondent should review Attachment 3, Form 22 Request for Confidentiality, for more information if its Proposal contains confidential information. Any Proposal marked "Confidential" or "Proprietary" on every page may be disqualified.

Respondents will be required to submit their Proposals in hardcopy and on digital media (i.e. CD, USB drive, etc.). It is the Agency's intention to evaluate Proposals from all Respondents that submit timely Responsive Proposals, and award the Contract(s) in accordance with Section 6, Evaluation and Selection.

1.4 Background Information

This ITQ is designed to provide Respondents with the information necessary for the preparation of competitive proposals. The ITQ process is for the Agency's benefit and is intended to provide the Agency with competitive information to assist in the selection process. It is not intended to be comprehensive. Each Respondent is responsible for determining all factors necessary for submission of a comprehensive Proposal.

We are pleased to announce the issuance of an INVITATION TO QUALIFY (ITQ) for Vehicle Mobility Modifications (Mobility Modifications) for the Iowa Vocational Rehabilitation Services (IVRS). The Mobility Modifications are being funded through state funding and a federal formal grant from Rehabilitation Services Administration, Office of Special Education and Rehabilitation Services, US Department of Education.

The purpose of this Invitation to Qualify (ITQ) is to address the requirements of IVRS. The ITQ's purpose is threefold:

1. Accomplish Mobility Modifications in a manner consistent with State standards.
2. Reduce time required for solicitation of bids from Bidders for individual projects.

3. Standardize State of Iowa terms and conditions relating to all goods and services provided by Respondents, thereby creating consistency in the provision of goods and services.

You are invited to submit a response to this ITQ for consideration by the State of Iowa to be included in a Mobility Modifications multi-award ITQ.

A Respondent successfully meeting the ITQ requirements and criteria, in the sole opinion of the IVRS evaluation committee, will be placed on the ITQ Prequalified List. IVRS may then, if they so choose, limit their bid invitation for projects associated with the ITQ requirements to only the Qualified Respondents on the ITQ Prequalified List. IVRS may NOT contract for services directly with those on the ITQ Prequalified List but must follow the State's Administrative Rules concerning the process for procurement of goods and services. (See Iowa Administrative Code 11-117 and 11-118)

The State reserves the right to open up the ITQ prequalification process at any time to enable additional Respondents to apply for pre-qualification. Qualified Respondents from this ITQ will not be required to re-apply in a subsequent ITQ and will remain qualified throughout the duration of the awarded ITQ, provided that they remain qualified for the ITQ per the ITQ requirements.

1.5 Award and Rejection of Respondents

This ITQ is structured as a *multiple-award prequalification*, each with identical terms and conditions. A Respondent who meets all mandatory requirements and achieves a minimum score will be named a **prequalified ITQ Respondent**. A Respondent who does NOT meet all mandatory requirements and achieve the required minimum score will receive a notice of disqualification.

Once a Respondent(s) is awarded, they will execute an Agreement with the State. An Agreement template is attached to this ITQ as Attachment #5 and is for information purposes only.

1.6 Process for Agency USE of ITQ Prequalified Respondents

Based on the standard terms and conditions established for the pre-qualified ITQ Respondents and consistent with IAC 11-117.8(7) concerning Invitation to Qualify (ITQ), for each vehicle modification needed the State will conduct a competitive solicitation process limited to the pre-qualified ITQ Respondents and issue a Purchase Order to the successful Contractor. All projects must be approved by IVRS prior to the release of the competitive solicitation.

Pricing for Mobility Modifications will be included as a part of the response submitted for a specific solicitation. IVRS will evaluate individual project responses and award a Contract to the responsive Bidder with the lowest bid price for quotes (Request for Quote) and bids (Request for Bid). For Request for Proposals, a Contract will be awarded to the responsive Respondent based on best value (Respondent with the highest score based on scored technical requirements and the project cost).

The Agency must receive the Proposal at the Issuing Officer's address identified on the ITQ cover sheet before the "Proposals Due" date and time listed on the ITQ cover sheet. **This is a mandatory specification and will not be waived by the Agency. Any Proposal received after this deadline will be rejected and returned unopened to the Respondent.** Respondents sending Proposals must allow ample mail delivery time to ensure timely receipt of their Proposals. It is the Respondent's responsibility to ensure that the Proposal is received prior to the deadline. Postmarking by the due date will not substitute for actual receipt of the Proposal. Electronic mail and faxed Proposals will not be accepted.

Respondents must furnish all information necessary to enable the Agency to evaluate the Proposal. Oral information provided by the Respondent will not be considered part of the Respondent's Proposal unless it is reduced to writing.

2.9 Proposal Opening

The Proposals will remain confidential until the Agency has issued a Notice of Intent to Award a Contract. *See Iowa Code Section 72.3.* However, the names of Respondents who submitted timely Proposals will be publicly available after the Proposal opening. The announcement of Respondents who timely submitted Proposals does not mean that an individual Proposal has been deemed technically compliant or accepted for evaluation.

2.10 Costs of Preparing the Proposal

The costs of preparation and delivery of the Proposal are solely the responsibility of the Respondent.

2.11 No Commitment to Contract

The Agency reserves the right to reject any or all Proposals received in response to this ITQ at any time prior to the execution of the Contract. Issuance of this ITQ in no way constitutes a commitment by the Agency to award a contract.

2.12 Rejection of Proposals

The Agency may reject outright and not evaluate a Proposal for reasons including, without limitation:

- 2.12.1** The Respondent acknowledges that a mandatory specification of the ITQ cannot be met.

The Agency reserves the right to waive or permit cure of nonmaterial variances in the Proposal if, in the judgment of the Agency, it is in the State's best interest to do so. Nonmaterial variances include but are not limited to, minor failures to comply that: do not affect overall responsiveness, are merely a matter of form or format, do not change the relative standing or otherwise prejudice other Respondents, do not change the meaning or scope of the ITQ, or do not reflect a material change in the specifications of the ITQ. In the event the Agency waives or permits cure of nonmaterial variances, such waiver or cure will not modify the ITQ specifications or excuse the Respondent from full compliance with ITQ specifications or other Contract specifications if the

Respondent is awarded the Contract. The determination of materiality is in the sole discretion of the Agency.

This contact may include written questions, interviews, site visits, a review of past performance if the Respondent has provided goods and/or services to the State or any other political subdivision wherever located, or requests for corrective pages in the Respondent's Proposal. The Agency will not consider information received from or through Respondent if the information materially alters the content of the Proposal or the type of goods and/or services the Respondent is offering to the Agency. An individual authorized to legally bind the Respondent shall sign responses to any request for clarification. Responses shall be submitted to the Agency within the time specified in the Agency's request. Failure to comply with requests for additional information may result in rejection of the Proposal.

2.19 Public Records and Requests for Confidential Treatment

The Agency's release of public records is governed by Iowa Code chapter 22. Respondents are encouraged to familiarize themselves with Chapter 22 before submitting a Proposal. SECTION 5 SPECIFICATIONS

Overview

The successful Respondent shall provide the goods and/or services to the State using the Contract in accordance with the specifications as provided in this Section. The Respondent shall address each specification in this Section and indicate whether or not it will comply with the specification. If the context requires more than a yes or no answer or the section specifically indicates, Respondent shall explain how it will comply with the specification. Proposals must address each specification. Merely repeating the specifications may be considered non-responsive and may disqualify the Respondent. Proposals must identify any deviations from the specifications of this ITQ or specifications the Respondent cannot satisfy. If the Respondent deviates from or cannot satisfy the specification(s) of this section, the Agency may reject the Proposal.

5.1 Mandatory Specifications

All items listed in this section are Mandatory Specifications. Respondents must mark either “yes” or “no” to each specification in their Proposals. By indicating “yes” a Respondent agrees that it shall comply with that specification throughout the full term of the Contract, if the Respondent is successful. In addition, if specified by the specifications or if the context otherwise requires, the Respondent shall provide references and/or supportive materials to verify the Respondent’s compliance with the specification. The Agency shall have the right to determine whether the supportive information and materials submitted by the Respondent demonstrate the Respondent will be able to comply with the Mandatory Specifications. If the Agency determines the responses and supportive materials do not demonstrate the Respondent will be able to comply with the Mandatory Specifications, the Agency may reject the Proposal.

- 5.1.1** Respondent must be currently registered with the National Highway Traffic and Safety Administration (NHTSA) as a vehicle modifier under the requirements of 49 CFR Part 595 for persons with disabilities. To verify Respondent is registered with the NHTSA, the State will search the NHTSA Modifier Database for the Respondent’s business name at this link:

<https://vpic.nhtsa.dot.gov/mid/home/ModifierSearch>

If Respondent is registered under a name other than their legal entity name, provide the correct name the business is registered in the NHTSA Modifier Database. The address listed in the database must match an address provided in Section 3.2.4.5 of this ITQ for verification purposes. If Respondent has a letter from NHTSA stating their business is registered, the letter may be submitted in the Proposal as verification of meeting this mandatory requirement. The name and address in the letter must match the business entity name and address submitted in Section 3.2 of this ITQ in order to comply with this requirement.

- 5.1.2** Respondent agrees that the contents of your Proposal will become part of any resulting solicitation and related PO’s.
- 5.1.3** Respondent agrees to adhere to the guidelines of the [National Mobility Equipment Dealers Association \(NMEDA\) or Quality Assurance Program \(QAP\)](#).
- 5.1.4** Respondent agrees to the terms and conditions of this ITQ which by reference will be included in any future solicitations for the Mobility Modifications described in this ITQ.

5.1.5 Respondent agrees to maintain the insurance coverage outlined in this ITQ for the duration of the Contract including renewals.

5.2 Scored Technical Specifications

All items listed below are Scored Technical Specifications. All specifications will be evaluated and scored by the evaluation committee in accordance with Section 6.

5.2.1 Is the Respondent a member of the National Mobility Equipment Dealer’s Association (NMEDA) and a participant in this organization’s Quality Assurance Program? If Respondent is a member, submit documentation in the Proposal verifying your NMEDA membership.

5.2.8 Are replacement parts stocked and readily available? If not, how long does it generally take to get replacement parts?

SECTION 6 EVALUATION AND SELECTION

6.1 Introduction

This section describes the evaluation process that will be used to determine which Proposal(s) provides the greatest benefit to the State. The Agency will award to the Respondent whose Responsive Proposal the Agency believes will provide the best value to the State.

6.2 Evaluation Committee

The Agency will conduct a comprehensive, fair, and impartial evaluation of Proposals received in response to this ITQ. The Agency will use an evaluation committee to review and evaluate the Technical Proposals. The evaluation committee will recommend an award based on the results of their evaluation to the Agency or to such other person or entity who must approve the recommendation.

6.3 Technical Proposal Evaluation and Scoring

All Technical Proposals will be reviewed to determine if they comply with the Mandatory Specifications. The Technical Proposals will then be evaluated and scored on the Scored Technical Specifications described in Sections 5.1 and 5.2. To be deemed a Responsive Proposal, the Proposal must:

- Answer “Yes” to all parts of Section 5.1 and include supportive materials as required to demonstrate the Respondent will be able to comply with the Mandatory Specifications in that section and
- Obtain the minimum score for the Technical Proposal.

An addendum identifying the points assigned to evaluation criteria and minimum score required will be posted on the due date of the ITQ.

6.4 Tied Score and Preferences

6.4.1 An award shall be determined by a drawing when responses are received that are equal in all respects and tied in price. Whenever it is practical to do so, the drawing will be held in the presence of the Respondents who are tied in price. Otherwise the drawing will be made in front of at least three non-interested parties. All drawings shall be documented.

6.4.2 Notwithstanding the foregoing, if a tied score involves an Iowa-based Respondent or products produced within the State of Iowa and a Respondent based or products produced outside the State of Iowa, the Iowa Respondent will receive preference. If a tied score involves one or more Iowa Respondents and one or more Respondents outside the state of Iowa, a drawing will be held among the Iowa Respondents only.

6.4.3 In the event of a tied score between Iowa Respondents, the Agency shall contact the Iowa Employer Support of the Guard and Reserve (ESGR) committee for confirmation and verification as to whether the Respondents have complied with ESGR standards. Preference, in the case of a tied score, shall be given to Iowa Respondents complying with ESGR standards.

- 6.4.4** Second preference in tied scores will be given to Respondents based in the United States or products produced in the United States over Respondents based or products produced outside the United States.
- 6.4.5** Preferences required by applicable statute or rule shall also be applied, where appropriate.

SECTION 7 CONTRACT TERMS AND CONDITIONS

7.1 Contract Terms and Conditions

The Contract that the Agency expects to award as a result of this ITQ shall comprise the specifications, terms and conditions of the ITQ, written clarifications or changes made by the Agency to the ITQ through an amendment to the ITQ in accordance with the provisions of the ITQ, the Terms and Conditions, the offer of the successful Respondent contained in its Proposal, and any other terms deemed necessary by the Agency. No objection or amendment by a Respondent to the provisions or terms and conditions of the ITQ or the Terms and Conditions shall be incorporated into the Contract unless Agency has explicitly accepted the Respondent's objection or amendment in writing.

The Contract terms and conditions in this Section 6, the General Terms and Conditions to the extent referenced and linked to on the ITQ cover page, and/or any Terms and Conditions attached to and accompanying this ITQ as an attachment hereto, will be incorporated into the Contract. The Terms and Conditions may be supplemented at the time of contract execution and are provided to enable Respondents to better evaluate the costs associated with the ITQ specifications and the Contract. All costs associated with complying with such Terms and Conditions should be included in any pricing quoted by the Respondent.

By submitting a Proposal, Respondent acknowledges its acceptance of the terms and conditions of the ITQ and the Terms and Conditions without change except as otherwise expressly stated in its Proposal. If the Respondent takes exception to a provision, it must identify it by page and section number, state the reason for the exception, and set forth in its Proposal the specific ITQ or Terms and Conditions language it proposes to include in place of the provision. If Respondent's exceptions or proposed responses materially alter the ITQ, or if the Respondent submits its own terms and conditions or otherwise fails to follow the process described herein, the Agency may reject the Proposal, in its sole discretion.

The Agency will evaluate all Proposals without regard to any proposed modifications to any terms and conditions of the ITQ or Terms and Conditions by Contractor. Once a Proposal has been identified as the one for which an Award recommendation has been made, but prior to notifying Respondents of the decision, the Agency, in its sole discretion, may consider any proposed modifications to the terms and conditions of the ITQ or Terms and Conditions identified in that Proposal. The Agency reserves the right to either award a Contract(s) without further negotiation with the successful Respondent or to negotiate Contract terms with the successful Respondent if the best interests of the State would be served. As such, if any proposed modifications are not determined to be in the best interests of the State, or appear to pose a substantial impediment to reaching agreement, the Agency may, in its sole discretion:

- 7.1.1** Issue a Notice of Intent to Award in favor of the successful Respondent, but decline to agree to or further negotiate any proposed modifications to terms and conditions identified by the Respondent in its Proposal;
- 7.1.2** Issue a Notice of Intent to Award in favor of the successful Respondent, and identify in the Notice proposed modifications to terms and conditions identified by the Respondent in its Proposal with which the agency will or will not agree or further negotiate;

- 7.1.3** Enter open-ended negotiations with the successful Respondent; provided, that any such negotiations shall be limited to the proposed modifications to terms and conditions identified by Respondent in its Proposal;
- 7.1.4** Change the Agency’s recommendation for Award and issue a Notice of Intent to Award to a Respondent whose proposal does not pose as great of a challenge to the Agency.

Any ambiguity, vagueness, inconsistency or conflict, either internal to such modification(s) or arising when read in conjunction with other portions of the Contract, shall be construed strictly in favor of the State. Only those proposed modifications identified in the Notice of Intent to Award issued by the Agency as terms and conditions with which the agency will or will not agree or further negotiate shall be part of the Contract, and the State may ignore all proposed modifications, accept one or more and ignore others, accept all or, through negotiations after an award, agree to compromise language concerning one or more proposed modifications to be incorporated into a final Contract between the parties. By executing and submitting its Proposal in response to this ITQ, Respondent understands and agrees that the State may exercise its discretion not to consider any or all proposed modifications Respondent may request and may accept Respondent’s proposal under the terms and conditions of this ITQ and the Terms and Conditions.

7.2 Contractual Terms and Conditions – No Material Changes/Non-Negotiable

Notwithstanding anything in this ITQ to the contrary, Respondent may not take exception to or propose including language in any resulting contract that conflicts with or is otherwise inconsistent with the following:

7.2.1 Indemnification

Without specific authority to do so, the State, or agencies, cannot enter into agreements indemnifying Respondents, or any other entity, against third-party claims. A clause that intends to seek indemnification from the State, whether or not the clause contains the words “indemnity” or “indemnify,” are not clauses to which the State may agree. The State will not agree to clause that includes the language “to the extent permitted by law” because, as explained, the State cannot indemnify Respondents to any extent.

7.2.2 Limitation of Liability

Iowa Code section 8A.311(22) and 11 Iowa Admin. Code Chapter 120 establish the rules to allow for the State to agree to a contractual limitation of vendor liability clause in limited circumstances. Any request by Respondent for the State to limit damages not in accordance with Iowa law or administrative rules is a request with which the State cannot agree.

7.2.3 Jurisdiction and Venue

Iowa Code chapter 13 establishes that the Iowa Attorney General is the State’s attorney for all purposes, including management of litigation and claims against the state. The State may not preempt the Attorney General’s authority by agreeing in advance to control the way litigation may be managed in the event of a dispute. Likewise, the State cannot agree to the jurisdiction or laws of another state or its courts, cannot agree to venue in another state, and cannot agree to participate in any form of alternative dispute resolution.

7.2.4 Confidentiality

All Iowa state agencies are subject to Iowa public records laws. The State cannot agree to contractual terms that attempt to prevent it from disclosing or disseminating records that constitute public records under Iowa Code chapter 22.

7.2.5 Unliquidated Expenses (i.e., Attorney Fees, Add-ons, or Cost Increases)

The State may not agree to clauses which may obligate it to pay for claims that might exceed its current funding appropriation. The State may only obligate those funds that have been appropriated to it by the Iowa Legislative Assembly and may only obligate those funds for the purposes for which the funds were appropriated.

7.2.6 Term Length

The Contract shall have an initial term of three (3) years, beginning on the date of contract execution (the “**Effective Date**”). At the end of the Contract’s initial term, the State shall have the option, in its sole discretion, to renew the Contract on the same terms and conditions for one three year renewal period, not to exceed a total contract term of six (6) years. The State will give the Contractor written notice of its intent whether to exercise each option no later than sixty (60) days before the end of the Contract’s then-current term.

7.2.7 Payment Terms

7.2.7.1 Payment Methods

The State of Iowa, in its sole discretion, will determine the method of payment for goods and/or services as part of the Contract. The State Pcard and EAP are preferred payment methods, but payments may be made by any of the following methods: Pcard/EAP, EFT/ACH, or State Warrant. Respondents shall indicate in their Technical Proposals all of the payment methods they will accept. **This information will not be evaluated as part of the Technical Proposal.**

7.2.7.2 Electronic Funds Transfer (EFT) by Automated Clearing House (ACH)

The State of Iowa may make payment by EFT by ACH. Payments are deposited into the financial institution of the claimant's choice three working days from the issue date of the direct deposit.

https://das.iowa.gov/sites/default/files/acct_sae/man_for_ref/forms/eft_authorization_form.pdf

7.2.7.3 State Warrant

The State of Iowa's warrant drawn on the Treasurer of State is used to pay claims against the departments of the State of Iowa. The warrant is issued upon receipt of proper documentation from the issuing department.

7.2.7.4 Payment Terms

Per Iowa Code 8A.514 the State of Iowa is allowed sixty (60) days to pay an invoice submitted by a Contractor.

7.2.7.5 Respondent Discounts

Respondents shall state in their Technical Proposals whether they offer any payment discounts.

7.2.7.6 Prompt Payment Discount

The State can agree to pay in less than sixty (60) days if an incentive for earlier payment is offered.

7.2.7.7 Invoices

Any invoices submitted must comply with applicable rules concerning payment of claims, including but not limited to those set forth at Iowa Administrative Code chapter 11—41.

7.2.8 Insurance

The Contract will require the successful Respondent to maintain insurance coverage(s) in accordance with the insurance provisions of the General Terms and Conditions and of the type and in the minimum amounts set forth below, unless otherwise required by the Agency.

Type of Insurance	LIMIT	AMOUNT
General Liability (including contractual liability) written on an occurrence basis	General Aggregate	\$2 million

Acceptance of the insurance certificates by the Department shall not act to relieve Contractor of any obligation under this Contract. It shall be the responsibility of

Contractor to keep the respective insurance policies and coverages current and in force during the life of this Contract. Contractor shall be responsible for all premiums, deductibles and for any inadequacy, absence or limitation of coverage, and the Contractor shall have no claim or other recourse against the State or the Department for any costs or loss attributable to any of the foregoing, all of which shall be borne solely by the Contractor. Notwithstanding any other provision of this Contract, Contractor shall be fully responsible and liable for meeting and fulfilling all of its obligations under this section of the Contract.

7.3 Order of Precedence

If there is a conflict or inconsistency between any documents comprising the Terms and Conditions, such conflict or inconsistency shall be resolved according to the following priority, ranked in descending order: (1) any terms and conditions specifically set forth in this Section 6 (Contract Terms and Conditions & Administration) under a subsection with a heading entitled Special Terms & Conditions; (2) the General Terms and Conditions for Services Contracts or Goods Contracts to the extent referenced and linked to on the ITQ cover page the Contract; (3) if neither the General Terms and Conditions for Service Contracts or Goods Contracts are linked to on the ITQ cover page, any terms and conditions attached to and accompanying this ITQ as attachment 5 (Terms and Conditions); and (4) any terms and conditions specifically set forth in this Section 6 (Contract Terms and Conditions & Administration) set forth under a subsection with a title other than Special Terms & Conditions.
