### 1.3 OVERVIEW OF THE RFP PROCESS

The RFP process is for the IJB’s benefit and is intended to provide the IJB with competitive information to assist in the selection process. It is not intended to be comprehensive. Each Respondent is responsible for determining all factors necessary for submission of a comprehensive Proposal.

*Respondent should review Attachment 3, Form 22 Request for Confidentiality, for more information if its Proposal contains confidential information. Any Proposal marked “Confidential” or “Proprietary” on every page may be disqualified.*

Respondents will be required to submit their Proposals electronically via email to the Issuing Officer.

### 1.4 BACKGROUND INFORMATION

Early intervention and follow-up programs/graduated sanctions services are services to be provided to youth adjudicated delinquent and to youth who have been referred to juvenile court services (JCS) for a delinquency violation or who have exhibited behaviors that put them at risk of a juvenile delinquency referral. The Youth Centered Planning Meeting services are directed to enhance personal adjustment to help Youth as they Transition into productive adulthood and to prevent or reduce delinquent acts, Out-of-Home Placement, and recidivism.

IJB is seeking proposals for one vendor to provide Youth Centered Planning Meetings (YCPMs) to cover the entire State of Iowa, including all JCS Districts; this may be achieved with the successful vendor subcontracting with other providers.

There are instances where Youth that are under the supervision of JCS have exhausted community-based services to meet their immediate and long-term needs to be successful in their home, school, and community. When this occurs, the assigned JCO will obtain a court order for the Youth to be placed including but not limited to Out-of-Home facility such as a Qualified Residential Treatment Facility (QRTP), the Iowa State Training School (STS), Foster Care, Supervised Apartment Living (SAL), a Kinship Caregiver, or substance abuse residential programming.

Reintegration or reunification begins on the Youth's first day of admission to an Out-of-Home Placement. This allows Youth and their Family to begin identifying and strengthening relationships with formal and informal support and develop a transition plan for successful Reintegration back to their home, community, and school.

Youth Centered Planning Meetings (YCPMs) uplift a Youth's voice to share their dreams and partner with them on developing goals including identifying who can assist the Youth in meeting their goals. Although the YCPM practice began with a targeted clientele of individuals 16 years of age or older Transitioning out of placement, state laws for Transition Planning now required that all Youth 14 years of age complete a Transition Plan. YCPMs assist with the development of the Transition plan. Historically, each Judicial District JCS was responsible for their own execution of YCPM services.

Various levels of Youth engagement in this process are expected based on developmental age, mental health status, interests, and other factors. YCPMs are to be conducted in accordance with JCS guidelines. Training will be provided both initially, for Respondent not currently trained in JCS YCPM guidelines, and throughout the duration of any resulting Contract(s). The Respondent will be required to travel as necessary to meet with referred Youth placed in QRTP, the STS, other residential locations in Iowa, and out of state as needed. Respondents must consider these travel costs in their budget.

#### **Problematic Sexualized Behavior**

Youth with Problematic Sexualized Behavior (PSB) often require longer, highly structured treatment due to the complexity of their therapeutic needs and level of support necessary to promote long term safety, healthy relationships, and successful reintegration/reunification into their communities. Their treatment focuses not only on accountability and behavioral change, but also on building regulation skills, addressing trauma, strengthening prosocial connections, and supporting safe Family and community involvement. Because of these unique characteristics, Youth with PSB typically remain in placement for an extended period and benefit from a more gradual, developmentally responsive Youth Centered Planning process with scheduled check-in's throughout their treatment journey. Therefore, the YCPM process timeframe will be slightly adjusted and will also include additional check-in meetings.

#### **Youth requiring Out-of-State Placement**

Youth who have been assessed as high-risk, high need and require a level of care that cannot meet their therapeutic needs in an in-state facility may be required to be placed Out-of-State to receive the appropriate services. By facilitating the YCPM at detention, it allows for in person attendance from Family, JCO, providers and informal/formal supports as well as eases any anxiety for the Youth, by giving them information, and a clear and supportive roadmap for their successful return to Iowa. Lastly, it ensures that the Youth know they have a team committed to helping them return home successfully.

The following best practices related to Transition and Reentry are effective in achieving successful reintegration/reunification of the Youth back into their home, school, and community.

- A. Comprehensive assessment: Conduct thorough assessments to identify the individual needs, strengths, and challenges of each Youth. This should include but are not limited to evaluations of mental health, educational needs, family dynamics, and social skills such as the IDA, Casey Life Skills, safety planning tools, and domain and benchmark self-assessment.
- B. Individualized Reentry/Transition plans: Develop tailored reentry/transition plans that address the specific circumstances of each Youth. These plans should include but are not limited to goals for education, employment, mental health support and family engagement.
- C. Family Involvement: Engage families in the Reentry process by providing support and resources to help them understand and assist their Youth. Family involvement is crucial for emotional support and stability.
- D. Educational Support: Ensure Youth have access to educational resources and support upon reentry. This may include but not limited to enrollment in school, tutoring, and alternative education programs that cater to a Youth's learning needs.
- E. Community Engagement: Foster connections with community organizations and resources that can provide ongoing support to include but not limited to job training programs, recreational activities, and mental health services.
- F. Collaboration among Stakeholders: Promote collaboration among various stakeholders, including but not limited to community organizations and agencies, schools, and families to create a cohesive support network for the Youth.
- G. Continuous Monitoring and Support: Implement systems for ongoing monitoring of Youth progress and providing continuous support to address any emerging challenges. Regular check-ins can help maintain accountability and encourage positive behavior.

The competency of a YCPM Facilitator will be determined by demonstrated knowledge and skills related to transitioning Youth resources and eligibility. All YCPM Facilitators will facilitate YCPMs in accordance with established statewide YCPM process, as set by the JCS T&R Program Manager.

## 5 EVALUATION AND SELECTION

---

### 5.1 INTRODUCTION

This section describes the evaluation process that will be used to determine which Proposal(s) provides the greatest value to the IJB. The IJB will not necessarily award the Contract to the Respondent offering the lowest cost to the IJB. Instead, the IJB will award to the Respondent whose Responsive Proposal the IJB believes will provide the best value to the State.

### 5.2 EVALUATION COMMITTEE

The IJB will evaluate Proposals received in response to this RFP. The IJB will use an evaluation committee to review and evaluate the Proposals. The evaluation committee will recommend an award based on the results of their evaluation to the IJB or to such other person or entity who must approve the recommendation.

The IJB's Evaluation Committee, or a subset of the Evaluation Committee, will initially review and evaluate each proposal received to determine the Respondent's ability to meet the RFP requirements.

The IJB may request additional information or clarification of proposals and hereby reserves the right to select the particular response to this RFP that it believes will best serve its business and operational requirements, considering the evaluation criteria set forth below.

The IJB reserves the right to cancel this RFP at any time or reject any or all proposals received as a result of this RFP if it is in the best interest of the IJB.

### 5.3 TECHNICAL PROPOSAL EVALUATION AND SCORING

All Technical Proposals will be evaluated to determine if they comply with the Mandatory Specifications.

#### 5.3.1 Technical Proposal Specifications Scoring Guide.

Points will be assigned to each specification as follows, unless otherwise designated:

4	Bidder has agreed to comply with the requirements and provided a clear and compelling description of how each requirement would be met, with relevant supporting materials. Bidder's proposed approach frequently goes above and beyond the minimum requirements and indicates superior ability to serve the needs of the Agency.
3	Bidder has agreed to comply with the requirements and provided a good and complete description of how the requirements would be met. Response clearly demonstrates a high degree of ability to serve the needs of the Agency.
2	Bidder has agreed to comply with the requirements and provided an adequate description of how the requirements would be met. Response indicates adequate ability to serve the needs of the Agency.

1	Bidder has agreed to comply with the requirements and provided some details on how the requirements would be met. Response does not clearly indicate if all the needs of the Agency will be met.
0	Bidder has not addressed any of the requirements or has provided a response that is limited in scope, vague, or incomplete. Response did not provide a description of how the Agency's needs would be met.

#### 5.4 COST PROPOSAL SCORING

The Cost Proposal file(s) will remain unopened during the evaluation of the Technical Proposals and any Contractor presentations. After the Technical Proposals are evaluated and scored, the Cost Proposals will be opened and scored. Cost Proposal pricing will be scored based on a ratio of the lowest cost proposal versus the cost of each higher priced Contractor Proposal. Under this formula, the lowest Cost Proposal will receive all of the points assigned to pricing. A Cost Proposal twice as expensive as the lowest Cost Proposal will earn half of the available points. Percentages and points will be rounded to the nearest whole value. The formula is:

**Weighted Cost Score = (price of lowest Cost Proposal/price of each higher priced Cost Proposal) X (points assigned to pricing)**

**Example:**

Contractor A quotes \$35,000; Contractor B quotes \$45,000 and Contractor C quotes \$65,000.

Contractor A:        \$35,000 = receives 100% of available points for cost.

\$35,000

Contractor B:        \$35,000 = receives 78% of available points for cost.

\$45,000

Contractor C:        \$35,000 = receives 54% of available points for cost.

\$65,000

**Total Points Assigned to Cost: 3,000**

#### 5.5 TOTAL SCORES

Each Contractor's Technical Proposal points will be added to its Cost Proposal points to obtain the total points awarded for the Contractor's Proposal.

**Total Possible Points: 15,000**

## 5.6 TIED SCORE AND PREFERENCES

- 5.6.1 An award shall be determined by a drawing when responses are received that are equal in all respects and tied in price. Whenever it is practical to do so, the drawing will be held in the presence of the Respondents who are tied in price. Otherwise the drawing will be made in front of at least three non-interested parties. All drawings shall be documented.
- 5.6.2 Notwithstanding the foregoing, if a tied score involves an Iowa-based Respondent or products produced within the State of Iowa and a Respondent based or products produced outside the State of Iowa, the Iowa Respondent will receive preference. If a tied score involves one or more Iowa Respondents and one or more Respondents outside the state of Iowa, a drawing will be held among the Iowa Respondents only.
- 5.6.3 In the event of a tied score between Iowa Respondents, the Agency shall contact the Iowa Employer Support of the Guard and Reserve (ESGR) committee for confirmation and verification as to whether the Respondents have complied with ESGR standards. Preference, in the case of a tied score, shall be given to Iowa Respondents complying with ESGR standards.
- 5.6.4 Second preference in tied scores will be given to Respondents based in the United States or products produced in the United States over Respondents based or products produced outside the United States.
- 5.6.5 Preferences required by applicable statute or rule shall also be applied, where appropriate.

## 6 CONTRACTUAL TERMS AND CONDITIONS

---

### 6.1 CONTRACT TERMS AND CONDITIONS

Any Contract(s) resulting from this RFP between the IJB and any Respondent(s) selected by the IJB shall be a combination of the specifications, terms and conditions referenced in this RFP, including without limitation, the General Terms for Juvenile Court Services (the "General Terms") located on the website linked on the RFP Cover Page (with such modifications thereto as the IJB determines to be necessary or desirable), the offer of the Respondent contained in the Respondent's proposal (excluding any exceptions taken by Respondent in accordance with this Section 6 that are not accepted by the IJB specifically in writing and contained in an executed Contract), written clarifications or changes made by the IJB through an amendment to the RFP in accordance with the provisions of this RFP, and any other terms deemed necessary by the IJB. The Contract terms and conditions in Section 6 and the General Terms will be incorporated into and become part of the Contract. The IJB reserves the right to supplement and modify any of the foregoing terms and conditions prior to the execution of any Contract.

The IJB reserves the right to either award a Contract without further negotiation with any successful Respondent(s) or to negotiate Contract terms with any selected Respondent(s) if the best interests of the IJB would be served. No exception or proposed amendment by a Respondent to the provisions or terms and conditions of this RFP, including the General Terms, shall be incorporated into any resulting Contract unless the IJB has explicitly accepted the Respondent's exception or amendment in writing in the resulting Contract.

All costs associated with complying with such terms and conditions should be included in any pricing quoted by Respondent.

***By submitting a proposal, each Respondent acknowledges its complete acceptance of the terms, conditions, and specifications contained in this RFP, including the General Terms, without change except as otherwise expressly stated in its Proposal.***

***If a Respondent takes exception to any terms, conditions, specifications or other provisions of this RFP (including those set forth in the General Terms), it must state the reason for the exception and set forth in its proposal the specific Contract language it proposes to substitute in place of the excepted provision(s).***

***If a Respondent takes exception to any term, condition, or provisions contained in the General Terms, the Respondent must produce a redlined draft of such terms, conditions, or provisions, and such redlined draft must clearly reflect all of Respondent's exceptions thereto and all alternative language or other changes that Respondent specifically proposes to make.***

***Exceptions and/or proposed changes that materially change the terms, conditions, specifications, or provisions of the RFP (including those in the General Terms) may be deemed non-responsive by the IJB, as determined in its sole discretion, resulting in possible disqualification of the Respondent's proposal.***

***A Respondent's failure to state an exception to any term, condition, requirement or other provision of this RFP (including those contained in the General Terms) and propose alternative language in accordance with this Section 6.1 may be conclusively deemed by the IJB to constitute Respondent's acceptance thereof.***

***Any term, condition, provision, or requirement to which a Respondent fails to take exception and propose changes and/or alternative language in accordance with this Section 6.1 will not be subject to negotiation.***

***A Respondent may not take exception to any of the provisions or terms contained in this RFP or the General Terms.***

***A Respondent may not state that it takes exception to any of the terms, conditions, requirements, or other provisions of the RFP (including those contained in the General Terms) to the extent any of the foregoing conflict with any terms or conditions contained in the Respondent's standard form contracts. If a Respondent submits its own terms and conditions or otherwise fails to follow the process described herein, the IJB may reject the Respondent's Proposal, at its sole discretion.***

***The IJB reserves the right to refuse to enter into a Contract with the successful Respondent for any reason, even after delivery of notice of selection or intent to award or negotiate a contract. The IJB further reserves the right to negotiate contract terms with the successful Respondent if the best interests of the IJB or the State would be served.***

The IJB will evaluate all Proposals without regard to any proposed modifications to any terms and conditions of the RFP or the General Terms. Once a Proposal has been identified as the one for which an Award recommendation has been made, but prior to notifying Respondents of the decision, the IJB, in its sole discretion, may consider any modifications to the terms and conditions of the RFP or the General Terms proposed by a Respondent in that Proposal. The IJB reserves the right to either award a Contract(s) without further negotiation with the successful Respondent or to negotiate Contract terms with the successful Respondent if the best interests of the IJB or the State would be served. As such, if any proposed modifications are not determined to be in the best interests of the IJB or the State, or appear to pose a substantial impediment to reaching agreement, the IJB may, in its sole discretion:

1. Issue a Notice of Intent to Award in favor of the successful Respondent, but decline to agree to or further negotiate any modifications to terms and conditions proposed by Respondent in its Proposal;
2. Issue a Notice of Intent to Award in favor of the successful Respondent, and may identify in the Notice any modifications to terms and conditions proposed by Respondent in its Proposal with which the IJB will or will not agree or further negotiate;
3. Enter open-ended negotiations with the successful Respondent; provided, that any such negotiations shall be limited to the modifications to terms and conditions proposed by Respondent in its Proposal;
4. Change the IJB's recommendation for Award and issue a Notice of Intent to Award to a Respondent whose proposal does not pose as great of a challenge to the IJB.

Any ambiguity, vagueness, inconsistency or conflict, either internal to such modification(s) or arising when read in conjunction with other portions of the Contract, shall be construed strictly in favor of the State. Only those proposed modifications identified in the Notice of Intent to Award

issued by the IJB as terms and conditions with which the IJB will agree, or ultimately agrees to after further negotiations, shall be part of the Contract. The State may ignore all modifications or exceptions proposed by a Respondent, accept one or more and ignore others, accept all or, through negotiations after an award, agree to compromise language concerning one or more proposed modifications to be incorporated into a final Contract between the parties. By executing and submitting its Proposal in response to this RFP, Respondent understands and agrees that the State may exercise its discretion not to consider any or all proposed modifications or exceptions Respondent may request and may accept Respondent's proposal under the terms and conditions contained in this RFP and the General Terms.

## 6.2 TERM LENGTH

The Contract shall have an initial term of one (1) year, beginning on the later date of Contract execution or the anticipated start date for the initial term specified on the RFP Cover Page. At the end of the Contract's initial term, the IJB shall have the option, in its sole discretion, to renew the Contract on the same terms and conditions for up to a total of five (5) additional one-year terms. The resulting Contract may be terminated in accordance with its terms. The IJB may not agree to penalties for termination in any of the above-described scenarios.
