RFP Purpose.

The purpose of this RFP is to solicit proposals that will enable the Department of Human Services (Agency) and the Clinton/Jackson Counties Decategorization Board in selecting the most qualified contractor to provide Brief Intervention Services for families in Clinton and Jackson Counties experiencing parent/child difficulties who would otherwise require child welfare and/or juvenile court services in the future if immediate intervention does not occur. Acceptable crisis situations where services would be needed could be, but are not limited to the following: a child refusing to return home, parents refusing to accept a child back into the home, a child identified as beyond parental control, or other situations where the child is a risk of placement. The focus of the Brief Intervention Services is to intervene early, prevent out of home placement, provide short-term support, link the families with informal and formal supports, as well as community resources, and reduce the risk for child welfare and/or juvenile court services. Brief Intervention Services is a voluntary program which may provide up to 45 days of service. Only families willing to cooperate with voluntary services will be accepted. .

Duration of Contract.

The Agency anticipates executing a contract that will have an initial 1 year contract term with the ability to extend the contract for 5 additional 1-year terms. The Agency will have the sole discretion to extend the contract.

Procurement Timetable

There are no exceptions to any deadlines for the Bidder; however, the Agency reserves the right to change the dates. Times provided are in Central Time.

Only Bidders that meet the mandatory requirements and are not subject to disqualification will be considered for award of a contract.

2.13.1 Mandatory Requirements.

2.13.2 Reasons Proposals May be Disqualified.

- Bidder is a "scrutinized company" included on a "scrutinized company list" created by a public fund pursuant to Iowa Code §12J.3. No Bidder shall obtain any right by virtue of the Agency's election to not exercise that discretion. In the event the Agency waives or permits cure of variances, such waiver or cure will not modify the RFP specifications or excuse the Bidder from full compliance with RFP specifications or other contract requirements if the Bidder enters into a contract.

If a Bidder submitted multiple Bid Proposals and requests that the Agency reconsider a notice of disqualification or notice of intent to award decision for more than one Bid Proposal, a separate written request shall be submitted for each. 3.2 Contents and Organization of Technical Proposal.

This section describes the information that must be in the Technical Proposal. Bid Proposals should be organized into sections **in the same order provided here**. Hard copies of Bid Proposals should use tabs to separate each section. If a Bidder chooses to provide information in attachments to respond to any section below, please create a new tabbed attachment section immediately behind the applicable section. For example, to add attachments related to information asked for in Section 3.2.3 Information to Include Behind Tab 3: Bidder’s Approach to Meeting Deliverables, the Bidder would create a new tab in the Technical Proposal that is called Tab 3 Attachments and place the attachment(s) there. The Bidder would follow suit by creating new tabbed sections for attachments created to respond to any other section below in their bid proposal

3.2.1 Information to Include Behind Tab 1: Transmittal Letter.

The transmittal letter serves as a cover letter for the Technical Proposal. It must consist of an executive summary that briefly reviews the strengths of the Bidder and key features of its proposed approach to meet the specifications of this RFP.

3.2.2 Information to Include Behind Tab 2: Proposal Table of Contents.

The Bid Proposal must contain a table of contents.

3.2.3 Information to Include Behind Tab 3: Bidder’s Approach to Meeting Deliverables.

The Bidder shall address each Deliverable that the successful contractor will perform as listed in Section 1.3, Scope of Work, by first restating the Deliverable from the RFP and then detailing the Bidder’s planned approach to meeting each contractor Deliverable immediately after the restated text. Bid responses should provide sufficient detail so that the Agency can understand and evaluate the Bidder’s approach, and should not merely repeat the Deliverable.

Bidders are given wide latitude in the degree of detail they offer or the extent to which they reveal plans, designs, examples, processes, and procedures. Bidders do not need to address any responsibilities that are specifically designated as Agency responsibilities.

Note:

- Responses to Deliverables shall be in the same sequence as presented in the RFP.
- Bid Proposals shall identify any deviations from the specifications the Bidder cannot satisfy.
- Bid Proposals shall not contain promotional or display materials unless specifically required.

If a Bidder proposes more than one method of meeting the RFP requirements, each method must be drafted and submitted as separate Bid Proposals. Each will be evaluated separately.

3.2.4 Information to Include Behind Tab 4: Bidder's Experience.

3.2.4.1 Level of technical experience in providing the types of services sought by the RFP.

- G. Contract value;
- H. Whether the services were provided timely and within budget;
- I. Any damages, penalties, disincentives assessed, or payments withheld, or anything of value traded or given up by the Bidder that were valued at or above \$500,000. Include the estimated cost assessed against the Bidder for the incident with the details of the occurrence;

3.2.4.3 Letters of reference from three (3) of the Bidder's previous clients knowledgeable of the Bidder's performance in providing services similar to those sought in this RFP, including a contact person, telephone number, and email address for each reference. It is preferred that letters of reference are provided for services that were procured in a competitive environment. Form letters of reference that do not elaborate on the Bidder's performance under the specific relationships addressed in the reference letter may negatively impact the Bidder's evaluation/score. Persons who are currently employed by the Agency are not eligible to be references.

3.2.4.4 Description of experience managing subcontractors, if the Bidder proposes to use subcontractors.

3.2.5 Information to Include Behind Tab 5: Personnel.

3.3 Cost Proposal.

Pricing Restrictions.

Contract Budget.

The Agency is limiting the funding that is available for these Services. Cost proposals may not exceed \$1,132,488 for the entire term of the contract, including any contract extension years. This amount is \$188,748 per contract year. Please note, this amount is subject to decrease over the years due to funding availability.

Administrative Costs.

The Agency is placing a cap on the amount of funds that may be spent for Administrative Costs in any contract(s) resulting from this RFP. Spending on Administrative Costs under each contract, for both the contractor and all their subcontractors, cannot exceed 15% of the total contract amount. For the purposes of this subsection, "Administrative Costs" means the costs that may include, but are not limited to, such categories as: salary and benefits for administrators and support staff, rent and lease payments, utilities, data collection and data processing costs, printing, communications equipment and services, and other costs necessary to support the delivery of services.

Content and Format.

The Bidder shall provide the following information in the Cost Proposal:

The bidder's Cost Proposal shall be submitted using the pricing worksheet set forth in Attachment F of this RFP. Please include a brief narrative of the budget items being requested.

Section 4 Evaluation Of Bid Proposals

4.1 Introduction.

This section describes the evaluation process that will be used to determine which Bid Proposal provides the greatest benefit to the Agency. When making this determination, the Agency will not necessarily award a contract to the Bidder offering the lowest cost to the Agency or to the Bidder with the highest point total. Rather, a contract will be awarded to the Bidder that offers the greatest benefit to the Agency.

4.2 Evaluation Committee.

The Agency intends to conduct a comprehensive, fair, and impartial evaluation of Bid Proposals received in response to this RFP. In making this determination, the Agency will be represented by an evaluation committee.

4.3 Proposal Scoring and Evaluation Criteria.

The evaluation committee will use the method described in this section to assist with initially determining the relative merits of each Bid Proposal.

Scoring Guide.

Points will be assigned to each evaluation component as follows, unless otherwise designated:

4	Bidder has agreed to comply with the requirements and provided a clear and compelling description of how each requirement would be met, with relevant supporting materials. Bidder’s proposed approach frequently goes above and beyond the minimum requirements and indicates superior ability to serve the needs of the Agency.
3	Bidder has agreed to comply with the requirements and provided a good and complete description of how the requirements would be met. Response clearly demonstrates a high degree of ability to serve the needs of the Agency.
2	Bidder has agreed to comply with the requirements and provided an adequate description of how the requirements would be met. Response indicates adequate ability to serve the needs of the Agency.
1	Bidder has agreed to comply with the requirements and provided some details on how the requirements would be met. Response does not clearly indicate if all the needs of the Agency will be met.
0	Bidder has not addressed any of the requirements or has provided a response that is limited in scope, vague, or incomplete. Response did not provide a description of how the Agency’s needs would be met.

Technical Proposal Components.

When Bid Proposals are evaluated, the total points for each component are comprised of the component’s assigned weight multiplied by the score the Bid Proposal earns. Points for all components will be added together. The evaluation components, including maximum points that may be awarded, are as follows:

Technical Proposal Components	Weight	Score (0-4)	Potential Maximum Points
Bidder demonstrates a thorough understanding of the purpose and scope of the project.	10	-----	40
Bidder demonstrates understanding of the services and deliverables related to the project.	10	-----	40
Bidder proposed a logical approach to fulfilling the requirements of the RFP	20	-----	80
Bidder's proposal includes a logical and feasible timeline	10	-----	40
Bidder exceeded the minimum tasks of the RFP or offers alternatives	10	-----	40
Are there pending legal proceedings that could affect the bidder's performance under the proposed contract.	10	-----	40
Bidder demonstrates knowledge and experience applicable to the services described in this RFP	15	-----	60
References provided by the bidder support the organization's ability to perform the project	10	-----	40
Resumes demonstrate applicable education and experience of key personnel designated to work on the project.	10	-----	40
The number of staff and/or subcontractors appropriate for the work they will be performing.	10	-----	40

Scoring of Cost Proposal Pricing.

Cost Proposal pricing will be scored based on a ratio of the lowest Cost Proposal versus the cost of each higher priced Bid Proposal. Under this formula, the lowest Cost Proposal receives all of the points assigned to pricing. A Cost Proposal twice as expensive as the lowest Cost Proposal would earn half of the available points. The formula is:

Weighted Cost Score = (price of lowest Cost Proposal/price of each higher priced Cost Proposal) X (points assigned to pricing)

Total Points Assigned to Pricing: 800.

Total Points Possible for Technical and Cost Proposals: 1,260

4.4 Recommendation of the Evaluation Committee.

The evaluation committee shall present a final ranking and recommendation(s) to the Service Area Manager for consideration. In making this recommendation, the committee is not bound by any scores or scoring system used to assist with initially determining the relative merits of each Bid Proposal. This recommendation may include, but is not limited to, the name of one or more Bidders recommended for selection or a recommendation that no Bidder be selected. The Service Area Manager shall consider the committee's recommendation when making the final decision, but is not bound by the recommendation.

By submission of a Bid Proposal, the Bidder certifies (and in the case of a joint proposal, each party thereto certifies) that:

1. The Bid Proposal has been developed independently, without consultation, communication or agreement with any employee or consultant of the Agency who has worked on the development of this RFP, or with any person serving as a member of the evaluation committee;
2. The Bid Proposal has been developed independently, without consultation, communication or agreement with any other Bidder or parties for the purpose of restricting competition;
3. Unless otherwise required by law, the information in the Bid Proposal has not been knowingly disclosed by the Bidder and will not knowingly be disclosed prior to the award of the contract, directly or indirectly, to any other Bidder;
4. No attempt has been made or will be made by the Bidder to induce any other Bidder to submit or not to submit a Bid Proposal for the purpose of restricting competition;
5. No relationship exists or will exist during the contract period between the Bidder and the Agency that interferes with fair competition or is a conflict of interest.
6. The Bidder and any of the Bidder's proposed subcontractors have no other contractual relationships which would create an actual or perceived conflict of interest.

2. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION -- LOWER TIER COVERED TRANSACTIONS

By signing and submitting this Bid Proposal, the Bidder is providing the certification set out below:

1. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the Bidder knowingly rendered an erroneous certification, in addition to other remedies available to the federal government the Agency or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
2. The Bidder shall provide immediate written notice to the person to whom this Bid Proposal is submitted if at any time the Bidder learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
3. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principle, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this Proposal is submitted for assistance in obtaining a copy of those regulations.
4. The Bidder agrees by submitting this Proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Agency or agency with which this transaction originated.
5. The Bidder further agrees by submitting this Proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

6. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. A participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.
7. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
8. Except for transactions authorized under paragraph 4 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the Agency or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
