The RFP process is for the Agency's benefit and is intended to provide the Agency with competitive information to assist in the selection process. It is not intended to be comprehensive. Each Contractor is responsible for determining all factors necessary for submission of a comprehensive Proposal.

Respondent should review Attachment 3, Form 22 Request for Confidentiality, for more information if its Proposal contains confidential information. Any Proposal marked "Confidential" or "Proprietary" on every page may be disqualified.

Contractors are required to submit their Proposals electronically through the State of Iowa Vendor Self Service portal at: https://vss.iowa.gov/webapp/VSS_ON/AltSelfService. 1.4 Background Information

This program is expected to provide Project SEARCH Transition to Work to IVRS job candidates who are individuals with disabilities. The purpose of Project SEARCH Transition to Work is to assist an IVRS job candidate in developing specific work skills. Project SEARCH Transition to Work is defined as a licensed agreement signed with Project SEARCH International curriculum-based, one-year employment preparation program that takes place entirely at the workplace. Total workplace immersion facilitates a seamless combination of classroom instruction, career exploration, and hands-on training through worksite rotations. The program culminates in individualized job development that leads to year round competitive integrated employment. Project SEARCH Transition to Work also provides strategies on job seeking and keeping skills.

1.4.1 Activities

For adult programs that are not tied to the academic calendar, the program operates for a minimum of eight months (academic year less school vacations).

Any Proposal received after this deadline will be rejected and returned unopened to the Respondent.** Respondents sending Proposals must allow ample mail delivery time to ensure timely receipt of their Proposals. It is the Respondent's responsibility to ensure that the Proposal is received prior to the deadline. *Faxed Proposals will not be accepted.*

The costs of preparation and delivery of the Proposal are solely the responsibility of the Respondent.

2.11 No Commitment to Contract

The Agency reserves the right to reject any or all Proposals received in response to this RFP at any time prior to the execution of the Contract. Issuance of this RFP in no way constitutes a commitment by the Agency to award a contract.

The Agency reserves the right to waive or permit cure of nonmaterial variances in the Proposal if, in the judgment of the Agency, it is in the State’s best interest to do so. Nonmaterial variances include but are not limited to, minor failures to comply that: do not affect overall responsiveness, are merely a matter of form or format, do not change the relative standing or otherwise prejudice other Respondents, do not change the meaning or scope of the RFP, or do not reflect a material change in the specifications of the RFP. In the event the Agency waives or permits cure of nonmaterial variances, such waiver or cure will not modify the RFP specifications or excuse the Respondent from full compliance with RFP specifications or other Contract specifications if the Respondent is awarded the Contract. The determination of materiality is in the sole discretion of the Agency.

The content of a Proposal submitted by a Respondent is subject to verification. If the Agency determines in its sole discretion that the content is in any way misleading or inaccurate, the Agency may reject the Proposal.

2.17 Proposal Clarification Process

The Agency reserves the right to contact a Respondent after the submission of Proposals for the purpose of clarifying a Proposal. This contact may include written questions, interviews, site visits, a review of past performance if the Respondent has provided goods and/or services to the State or any other political subdivision wherever located, or requests for corrective pages in the Respondent’s Proposal. The Agency will not consider information received from or through Respondent if the information materially alters the content of the Proposal or the type of goods and/or services the Respondent is offering to the Agency. An individual authorized to legally bind the Respondent shall sign responses to any request for clarification. Responses shall be submitted to the Agency within the time specified in the Agency's request. Failure to comply with requests for additional information may result in rejection of the Proposal.

Proposals will be public records available for inspection by interested parties, except for information for which Respondent properly requests confidential treatment according to exceptions provided in Iowa Code Chapter 22 or other applicable law.

2.23 Evaluation of Proposals Submitted

Proposals that are timely submitted and are not rejected will be reviewed and evaluated in accordance with Section 6 of the RFP. SECTION 4 SCOPE OF WORK

Overview

The successful Respondent(s) shall provide the services to the State in accordance with the specifications as provided in this Scope of Work. (NOTE: This section is informational for other parts of the RFP. Respondent not required or expected to submit a response within this section.)

4.1 Description of Work

The following program specifications are required components of the services to be delivered. Project SEARCH Transition to Work is a collaboration between an approved business, Community Rehabilitation Program Provider (CRP) and Iowa Vocational Rehabilitation Services (IVRS). The focus of Project SEARCH Transition to Work programs is on developing and providing training to individuals with disabilities referred by IVRS. Project SEARCH Transition to Work programs are expected to focus on development and implementation of training programs based on the needs of the local community/economy. The outcome expected for an IVRS job candidate (JC) who completes a Project SEARCH Transition to Work program is competitive integrated employment. IVRS JCs will have the opportunity to participate in Project SEARCH Transition to Work which will provide them with the opportunities to develop work skills, identify aspects of work that are of interest, and help them transition into paid employment. Participants will also develop self-awareness and advocacy skills, and learn about the demands and tasks involved in certain careers. The objectives of a Project SEARCH Transition to Work program include the following:

- 4.1.1** Utilize the Project SEARCH Cincinnati Children's Hospital Medical Center Curriculum program that teaches specific work tasks located at the work site.
- 4.1.2** Provide internships that enhance a job candidate's ability to do a specific job.
- 4.1.3** Provide training that teaches job retention skills and improves a job candidate's ability to perform an identified job within the community.
- 4.1.4** Submit to IVRS a written report that includes recommendations based on outcomes of the Project SEARCH Transition to Work program. Participate in a meeting with IVRS counselor and job candidate to plan next steps.
- 4.1.5** Address barriers that interfere or prevent vocational success in achieving placement in job candidate's desired occupation.

Participants in a Project SEARCH Transition to Work program are eligible individuals of IVRS and have an Individual Plan for Employment (IPE) written to include the need for training. CRP staff will work with IVRS to determine if a referred individual meets all criteria to participate. Project SEARCH Transition to Work staff will also collaborate with business and industry to create job opportunities and open doors for JCs who successfully complete a Project SEARCH Transition to Work program. CRP staff will utilize customized employment strategies when necessary; develop work readiness training, job development and job coaching services. Project SEARCH Transition to Work staff will work with local workforce development boards, one-stop centers and employers to address business needs and

develop work opportunities that facilitates placement for individuals receiving Project SEARCH Transition to Work.

If an individual with a most significant disability requires supported employment services, arrangements should be made with the IVRS Counselor to review the necessary supports.

Project SEARCH Transition to Work staff will submit a progress report and time card to the IVRS Counselor on a monthly basis. Project SEARCH Transition to Work staff will inform IVRS within 24 hours of any issues or concerns that may impede a job candidate's ability to complete their Project SEARCH Transition to Work program.

Employer engagement is a critical factor for any proposed Project SEARCH Transition to Work program. CRP staff will report on their work with employers to identify local or regional hiring needs. They will share information with IVRS supervisory staff in identifying employer needs and gaps a Project SEARCH Transition to Work participant might fill.

A Project SEARCH Transition to Work experience should enhance an IVRS job candidate's access to competitive integrated employment (CIE). Staff will develop a working knowledge of an individual's learning strategies and supports needed to achieve CIE including, but not limited to: job coaching; transportation, workplace accommodations, childcare, and financial benefits counseling. A JC's team will collaborate to determine funding for the supports services necessary.

Examples of Project SEARCH Transition to Work intern areas that may be of interest to IVRS job candidates include but are not limited to the following:

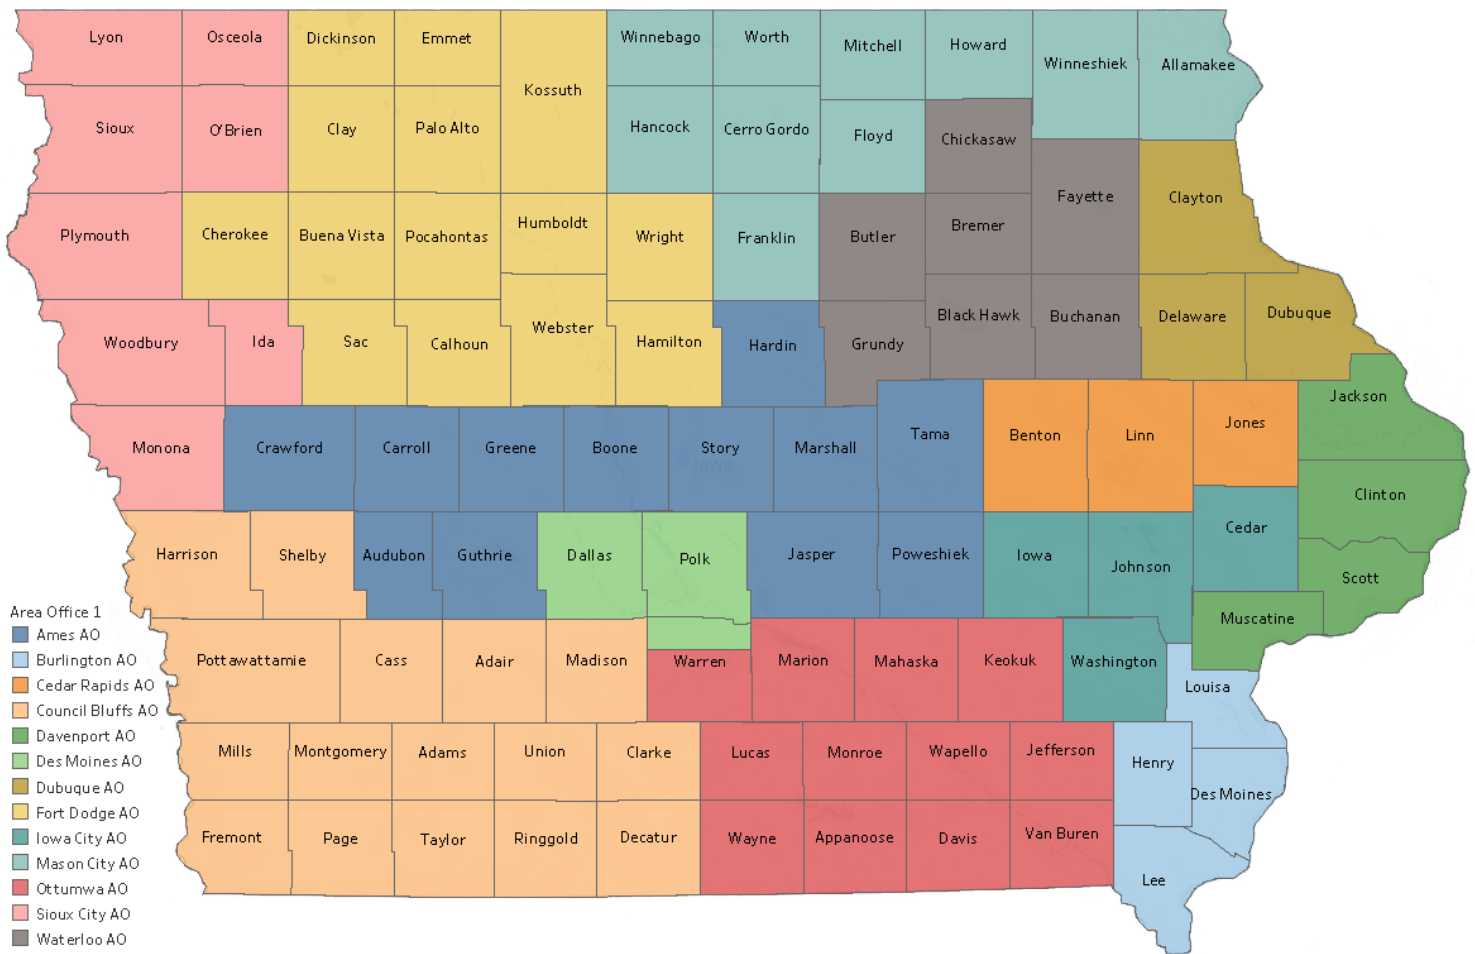

- Sterilization Technician

- Cafeteria worker
- Maintenance & Grounds
- Supply Chain Management

4.2 Reporting Requirements

Supporting documentation should be included with the report submission. This report will include the following: A progress report and time sheet will be provided to IVRS itemizing the time period billed, hours worked, payment amount and documentation of achievement of performance measures and recommendations or certificate of completion.

4.3 Performance Measures

The following are the performance measures for a Project SEARCH Transition to Work program. If a performance measure is not met, funding for the program may be jeopardized unless a corrective action plan is implemented.

1. The Project SEARCH Transition to Work program will increase the number of successful ("Status 26") closures resulting from participation in the program from the prior year. The first year of the contract is considered the baseline year for determining this number.
2. To be considered a successful closure, a JC must meet the criteria established for competitive integrated employment as outlined below. All JC's closed successfully must:
 - a. work on a full-time or part-time basis;
 - b. earn at or above minimum wage;
 - c. earn not less than the customary rate paid by the employer for the same or similar work performed by other employees who are not individuals with disabilities, and who are in similar occupations by the same employer, and who have similar training, experience, and skills;
 - d. be eligible for the level of benefits provided to other employees;
 - e. work in a CIE location where the employee interacts with other persons who are not individuals with disabilities (not including supervisory personnel or individuals who are providing services to such employee) to the same extent that individuals who are not individuals with disabilities and who are in comparable positions interact with other persons, and;
 - f. have opportunities for advancement that are similar to those for other employees who are not individuals with disabilities and who have similar positions.
 - g. Employment position obtained is consistent with the agreed upon employment goal stated in the Individual Plan for Employment.
3. Maintain a success rate of 55.8% or above annually.

An Annual Report will be provided by IVRS for review with the CRP provider with Project SEARCH Transition to Work outcome information that includes: IVRS expenditures; numbers served; hourly wage and hours worked per week.

Project SEARCH Transition to Work programs funded by IVRS should acknowledge IVRS as a partner in any marketing materials developed by a CRP. IVRS requires input and approval for marketing materials prior to publishing. All marketing materials must include the following statement: "The vocational rehabilitation program in Iowa is funded with 78.7% federal funds in the amount of \$29,204,702.00 for FFY2021. No non-governmental funds are used to finance this program." An updated statement should be requested to IVRS each following year for any new marketing material.

SECTION 5 SPECIFICATIONS

Overview

The successful Respondent shall provide the goods and/or services to the State using the Contract in accordance with the specifications as provided in this Section. The Respondent shall address each specification in this Section and indicate whether or not it will comply with the specification. If the context requires more than a yes or no answer or the section specifically indicates, Respondent shall explain how it will comply with the specification. Proposals must thoroughly address each specification. Merely repeating the specifications may be considered non-responsive and may disqualify the Respondent. Proposals must identify any deviations from the specifications of this RFP or specifications the Respondent cannot satisfy. If the Respondent deviates from or cannot satisfy the specification(s) of this section, the Agency may reject the Proposal.

5.1 Mandatory (Pass/Fail) Specifications

The Agency shall have the right to determine whether the supportive information and materials submitted by the Respondent demonstrate the Respondent will be able to comply with the Mandatory Specifications. Contractor shall be responsible for all premiums, deductibles and for any inadequacy, absence or limitation of coverage, and the Contractor shall have no claim or other recourse against the State or the Department for any costs or loss attributable to any of the foregoing, all of which shall be borne solely by the Contractor. SECTION 6 EVALUATION AND SELECTION
--

6.1 Introduction

This section describes the evaluation process that will be used to determine which Proposal(s) provides the greatest benefit to the State. Agency will not necessarily award the Contract to the Respondent offering the lowest cost to the Agency. Instead, the Agency will award to the Respondent whose Responsive Proposal the Agency believes will provide the best value to the State.

6.2 Evaluation Committee

The Agency will conduct a comprehensive, fair, and impartial evaluation of Proposals received in response to this RFP. The Agency will use an evaluation committee to review and evaluate the Technical Proposals. The evaluation committee will recommend an award based on the results of their evaluation to the Agency or to such other person or entity who must approve the recommendation.

6.3 Technical Proposal Evaluation and Scoring

All Technical Proposals will first be reviewed to determine if they comply with the Section 5.1 Mandatory (Pass/Fail) Specifications. The Technical Proposals will then be evaluated and scored on the Scored Technical Specifications described in Section 5.2. To be deemed a Responsive Proposal, the Proposal must:

- Answer “Yes” to all parts of Section 5.1 and include supportive materials as required to demonstrate the Respondent will be able to comply with the Mandatory Specifications in that section and
- Obtain the minimum score for the Scored Technical Specifications.

An addendum identifying the points assigned to evaluation criteria and minimum score will be posted on the closing date of the RFP.

6.4 Cost Proposal

The Cost Proposal will remain sealed during the evaluation of the Technical Proposals and any demonstrations. Only the Cost Proposals of prospective Respondents who obtain the minimum score for their Scored Technical Specifications will be opened. When a Technical Proposal does not meet the minimum score, the associated Cost Proposal will remain unopened and will be deleted upon request after the Lead State Agency issues a Notice of Intent to Award the Contract. After the Technical Proposals are evaluated and scored, the Cost Proposals will be opened and scored.

To assist the Agency in evaluating, Cost Proposals may be evaluated and points awarded as follows:

- 1) The Cost Proposals will be ranked from least to most expensive within each Project SEARCH Transition to Work program proposal.

- 2) The least expensive Cost Proposal for each individual Project SEARCH Transition to Work program proposal shall receive the maximum number of points available.
- 3) To determine the number of points to be awarded to all other Cost Proposals within that Project SEARCH Transition to Work program, the least expensive Cost Proposal will be used in all cases as the numerator. Each of the other Cost Proposals for that Project SEARCH Transition to Work program will be used as the denominator per the example below.
- 4) The percentage will then be multiplied by the maximum number of available points and the resulting number will be the cost points awarded to other compliant Respondents for that Project SEARCH Transition to Work program.

Example:

Respondent A quotes \$35,000, Respondent B quotes \$45,000, and Respondent C quotes \$65,000.

Respondent A: $\frac{\$35,000}{\$35,000} =$ receives 100% of available points on cost.

Respondent B: $\frac{\$35,000}{\$45,000} =$ receives 78% of available points on cost.

Respondent C: $\frac{\$35,000}{\$65,000} =$ receives 54% of available points on cost.

6.5 Total Score

The compliant Respondent's overall Technical Proposal points will be added to its Cost Proposal points (within each proposed Project SEARCH Transition to Work program) to obtain the total points awarded for the Respondent's Proposal for that individual Project SEARCH Transition to Work program.

The State of Iowa reserves the right to award to one or more vendors in each of the prospective Project SEARCH Transition to Work program for which responsible RFP proposal responses are received.

6.6 Tied Score and Preferences

- 6.6.1 An award shall be determined by a drawing when responses are received that are equal in all respects and tied in price. Whenever it is practical to do so, the drawing will be held in the presence of the Respondents who are tied in price. Otherwise the drawing will be made in front of at least three non-interested parties. All drawings shall be documented.
- 6.6.2 Notwithstanding the foregoing, if a tied score involves an Iowa-based Respondent or products produced within the State of Iowa and a Respondent based or products produced outside the State of Iowa, the Iowa Respondent will receive preference. If a tied

score involves one or more Iowa Respondents and one or more Respondents outside the state of Iowa, a drawing will be held among the Iowa Respondents only.

- 6.6.3** In the event of a tied score between Iowa Respondents, the Agency shall contact the Iowa Employer Support of the Guard and Reserve (ESGR) committee for confirmation and verification as to whether the Respondents have complied with ESGR standards. Preference, in the case of a tied score, shall be given to Iowa Respondents complying with ESGR standards.
- 6.6.4** Second preference in tied scores will be given to Respondents based in the United States or products produced in the United States over Respondents based or products produced outside the United States.
- 6.6.5** Preferences required by applicable statute or rule shall also be applied, where appropriate.

SECTION 7 CONTRACT TERMS AND CONDITIONS

7.1 Contract Terms and Conditions

The Contract that the Agency expects to award as a result of this RFP shall comprise the specifications, terms and conditions of the RFP, written clarifications or changes made by the Agency to the RFP through an amendment to the RFP in accordance with the provisions of the RFP, the General Terms and Conditions for Services Contracts (see cover page link), the offer of the successful Respondent contained in its Proposal, and any other terms deemed necessary by the Agency. No objection or amendment by a Respondent to the provisions or terms and conditions of the RFP or the General Terms and Conditions for Services Contracts shall be incorporated into the Contract unless Agency has explicitly accepted the Respondent's objection or amendment in writing.

The Contract terms and conditions in this Section 7 and the General Terms and Conditions for Services Contracts will be incorporated into the Contract. The General Terms and Conditions for Services Contracts may be supplemented at the time of contract execution and are provided to enable Respondents to better evaluate the costs associated with the RFP specifications and the Contract. All costs associated with complying with these specifications should be included in any pricing quoted by the Respondent.

By submitting a Proposal, Respondent acknowledges its acceptance of the terms and conditions of the RFP and the General Terms and Conditions for Services Contracts without change except as otherwise expressly stated in its Proposal. If the Respondent takes exception to a provision, it must identify it by page and section number, state the reason for the exception, and set forth in its Proposal the specific RFP or General Terms and Conditions for Services Contracts language it proposes to include in place of the provision. If Respondent's exceptions or proposed responses materially alter the RFP, or if the Respondent submits its own terms and conditions or otherwise fails to follow the process described herein, the Agency may reject the Proposal, in its sole discretion.

The Agency will evaluate all Proposals without regard to any proposed modifications to any terms and conditions of the RFP or Terms and Conditions by Contractor. Once a Proposal has been identified as the one for which an Award recommendation has been made, but prior to notifying Respondents of the decision, the Agency, in its sole discretion, may consider any proposed modifications to the terms and conditions of the RFP or Terms and Conditions identified in that Proposal. The Agency reserves the right to either award a Contract(s) without further negotiation with the successful Respondent or to negotiate Contract terms with the successful Respondent if the best interests of the State would be served. As such, if any proposed modifications are not determined to be in the best interests of the State, or appear to pose a substantial impediment to reaching agreement, the Agency may, in its sole discretion:

- 7.1.1** Issue a Notice of Intent to Award in favor of the successful Respondent, but decline to agree to or further negotiate any proposed modifications to terms and conditions identified by the Respondent in its Proposal;

- 7.1.2** Issue a Notice of Intent to Award in favor of the successful Respondent, and identify in the Notice proposed modifications to terms and conditions identified by the Respondent in its Proposal with which the agency will or will not agree or further negotiate;
- 7.1.3** Enter open-ended negotiations with the successful Respondent; provided, that any such negotiations shall be limited to the proposed modifications to terms and conditions identified by Respondent in its Proposal;
- 7.1.4** Change the Agency's recommendation for Award and issue a Notice of Intent to Award to a Respondent whose proposal does not pose as great of a challenge to the Agency.

Any ambiguity, vagueness, inconsistency or conflict, either internal to such modification(s) or arising when read in conjunction with other portions of the Contract, shall be construed strictly in favor of the State. Only those proposed modifications identified in the Notice of Intent to Award issued by the Agency as terms and conditions with which the agency will or will not agree or further negotiate shall be part of the Contract, and the State may ignore all proposed modifications, accept one or more and ignore others, accept all or, through negotiations after an award, agree to compromise language concerning one or more proposed modifications to be incorporated into a final Contract between the parties. By executing and submitting its Proposal in response to this RFP, Respondent understands and agrees that the State may exercise its discretion not to consider any or all proposed modifications Respondent may request and may accept Respondent's proposal under the terms and conditions of this RFP and the Terms and Conditions.

7.2 Contract Terms and Conditions – No Material Changes/Non-Negotiable

Notwithstanding anything in this RFP to the contrary, Respondent may not take exception to or propose including language in any resulting contract that conflicts with or is otherwise inconsistent with the following:

7.2.1 Indemnification

Without specific authority to do so, the State, or agencies, cannot enter into agreements indemnifying Respondents, or any other entity, against third-party claims. A clause that intends to seek indemnification from the State, whether or not the clause contains the words "indemnity" or "indemnify," are not clauses to which the State may agree. The State will not agree to a clause that includes the language, "to the extent permitted by law" because, as explained, the State cannot indemnify Respondents to any extent.

7.2.2 Limitation of Liability

Iowa Code section 8A.311(22) and 11 Iowa Admin. Code Chapter 120 establish the rules to allow for the State to agree to a contractual limitation of vendor liability clause in limited circumstances. Any request by Respondent for the State to limit damages not in accordance with Iowa law or administrative rules is a request with which the State cannot agree.

7.2.3 Jurisdiction and Venue

Iowa Code chapter 13 establishes that the Iowa Attorney General is the State's attorney for all purposes, including management of litigation and claims against the state. The State may not preempt the Attorney General's authority by agreeing in advance to control the way litigation may be managed in the event of a dispute. Likewise, the State cannot agree

to the jurisdiction or laws of another state or its courts, cannot agree to venue in another state, and cannot agree to participate in any form of alternative dispute resolution.

7.2.4 Confidentiality

All Iowa state agencies are subject to Iowa public records laws. The State cannot agree to contractual terms that attempt to prevent it from disclosing or disseminating records that constitute public records under Iowa Code chapter 22.

7.2.5 Unliquidated Expenses (i.e., Attorney Fees, Add-ons, or Cost Increases)

The State may not agree to clauses which may obligate it to pay for claims that might exceed its current funding appropriation. The State may only obligate those funds that have been appropriated to it by the Iowa Legislative Assembly and may only obligate those funds for the purposes for which the funds were appropriated.

7.3 Contract Length

The term of the Contract will begin and end on the dates indicated on the RFP cover sheet. The Agency shall have the sole option to renew the Contract upon the same or more favorable terms and conditions for up to the number of annual extensions identified on the RFP cover sheet.

7.4 Payment Terms

7.4.1 Payment Methods

The State of Iowa, in its sole discretion, will determine the method of payment for goods and/or services as part of the Contract. The State Pcard and EAP are preferred payment methods, but payments may be made by any of the following methods: Pcard/EAP, EFT/ACH, or State Warrant. Respondents shall indicate in their Cost Proposals all of the payment methods they will accept. **This information will not be scored as part of the Cost Proposal or evaluated as part the Technical Proposal.**

7.4.2 Electronic Funds Transfer (EFT) by Automated Clearing House (ACH)

The State of Iowa may make payment by EFT by ACH. Payments are deposited into the financial institution of the claimant's choice three working days from the issue date of the direct deposit.

https://das.iowa.gov/sites/default/files/acct_sae/man_for_ref/forms/eft_authorization_form.pdf

7.4.3 State Warrant

The State of Iowa's warrant drawn on the Treasurer of State is used to pay claims against the departments of the State of Iowa. The warrant is issued upon receipt of proper documentation from the issuing department.

7.4.4 Credit card or ePayables

The State of Iowa's Purchasing Cards (Pcards) and ePayable solution (EAP) are commercial payment methods utilizing the VISA credit card network. The State of Iowa will not accept price changes or pay additional fees if Respondent uses the Pcard or EAP payment methods. Pcard-accepting Respondents must abide by the State of Iowa's Terms of Pcard Acceptance, as provided in Section 7.7 of the RFP. Respondents must provide a statement regarding their ability to meet the requirements in this subsection, as well as identifying their transaction reporting capabilities (Level I, II, or III).

7.4.5 Terms and Conditions for State of Iowa Purchasing Cards

The State of Iowa shall pay Contractor's invoices using its Purchasing Card Program (Pcard) whenever possible. The Pcard is a VISA credit card issued by U.S. Bank to allow authorized employees to make purchases on behalf of the State. It is a faster, more convenient alternative to traditional invoicing and remittance processing, allowing US Bank to pay the Contractor directly, generally within 48 hours of the transaction. Contractor shall comply with security measures for Pcard payments including:

- 7.4.5.1** Contractor shall comply with Payment Card Industry Data Security Standard (PCI DSS) to assure confidential card information is not compromised;
- 7.4.5.2** Contractor shall adhere to Fair and Accurate Credit Transactions Act requirements that limit the amount of consumer and account information shared for greater security protection;
- 7.4.5.3** Contractor shall not write down card numbers or store card information. When accepting orders by phone, Contractor shall process the transaction during the call and send itemized receipts (excluding card numbers) to the cardholder by fax, email, or mail (with delivery);
- 7.4.5.4** Contractor shall process payment for items when an order is placed only for items currently in stock and available for shipment, and only for services already rendered;
- 7.4.5.5** Contractor shall confirm that the name of purchaser matches the name on the card;
- 7.4.5.6** Contractor shall ensure Internet orders are processed via secure websites, featuring Verisign, TRUSTe, BBBOnline, or "https" in the web address;
- 7.4.5.7** Contractor shall shred any documentation with credit card numbers.

7.4.6 Payment Term Length

Per Iowa Code 8A.514 the State of Iowa is allowed sixty (60) days to pay an invoice submitted by a Contractor.

7.4.7 Respondent Discounts

Respondents shall state in their Cost Proposals whether they offer any payment discounts.

7.4.8 Prompt Payment Discount

The State can agree to pay in less than sixty (60) days if an incentive for earlier payment is offered.

7.4.9 Invoices

Any invoices submitted must comply with applicable rules concerning payment of claims, including but not limited to those set forth at Iowa Administrative Code chapter 11—41.

Certification Regarding Debarment

6. I certify that, to the best of my knowledge, neither Respondent nor any of its principals: (a) are presently or have been debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by a Federal Agency or State Agency; (b) have within a three year period preceding this Proposal been convicted of, or had a civil judgment rendered against them for commission of fraud, a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction, violation of antitrust statutes; commission of embezzlement, theft, forgery, falsification or destruction of records, making false statements, or receiving stolen property; (c) are presently indicted for or criminally or civilly charged by a government entity (federal, state, or local) with the commission of any of the offenses enumerated in (b) of this certification; and (d) have not within a three year period preceding this Proposal had one or more public transactions (federal, state, or local) terminated for cause.

RFP05032100011

This certification is a material representation of fact upon which the Agency has relied upon when this transaction was entered into. If it is later determined that Respondent knowingly rendered an erroneous certification, in addition to other remedies available, the Agency may pursue available remedies including suspension, debarment, or termination of the contract.

Certification Regarding Registration, Collection, and Remission of Sales and Use Tax

7. Pursuant to *Iowa Code sections 423.2(10) and 423.5(4) (2016)* a retailer in Iowa or a retailer maintaining a business in Iowa that enters into a contract with a state agency must register, collect, and remit Iowa sales tax and Iowa use tax levied under *Iowa Code chapter 423* on all sales of tangible personal property and enumerated services. The Act also requires Respondents to certify their compliance with sales tax registration, collection, and remission requirements and provides potential consequences if the certification is false or fraudulent.

By submitting a Proposal in response to the RFP, the Respondent certifies the following: (check the applicable box)

- Respondent is registered with the Iowa Department of Revenue, collects, and remits Iowa sales and use taxes as required by *Iowa Code Chapter 423*; or
- Respondent is not a “retailer” or a “retailer maintaining a place of business in this state” as those terms are defined in *Iowa Code subsections 423.1(47) and (48)(2016)*.

Respondent also acknowledges that the Agency may declare the Respondent’s Proposal or resulting contract void if the above certification is false. The Respondent also understands that fraudulent certification may result in the Agency or its representative filing for damages for breach of contract in addition to other remedies available to Agency.

Sincerely,

3. Cost Proposal and Narrative Explanation

1) When developing their Cost Proposal, respondents are encouraged to become familiar with and follow the guidance concerning allowable costs in the following two websites:

Costs should be allowable, allocable, and reasonable in accordance with Federal Regulations at 2CFR Part 200, subpart E for Cost Principles <https://www.ecfr.gov/cgi-bin/retrieveECFR?gp=&SID=cfd4f86bda366931793de68b2c485294&mc> and any other applicable laws, rules, regulations, and policies.

Costs should be in accordance with State of Iowa Policies located at <https://das.iowa.gov/stateaccounting/sae-policies-procedures-manual>

The State of Iowa, in its sole discretion, will determine the allowable costs and methods of payment for goods and/or services as part of the Contract.

2) Possible options related to calculating your proposed per participant (job candidate) costs.

a) Respondent determines the total annual cost of operating the program, and divides by the anticipated annual participants;

Example: Annual program cost is \$X,XXX. Annual participation is YY. Per Job Candidate cost is then equal to $\$X,XXX / YY = \VVV .

b) A second option is itemization of program expenditures for each round of the program, divided by the maximum number of JCs per each round of the training program:

Example: The following categories are by example and the proposals may or may not include these categories or other expense categories they have identified as costs of the program.

Staff Wages	\$X,XXX
Staff Benefits	\$XXX
Supplies	\$XXX
Travel	\$XXX
Uniforms	\$XXX
PPE	\$XXX
Phone	\$XXX
Other	\$XX
Total	\$X,XXX

Total cost of \$X,XXX/ #JCs per program session = Per JC participant cost.

3) Payment Methods for costs submitted by contracted vendors: In reviewing a proposed cost analysis, IVRS can support direct service costs associated with an Occupational Skills Training program such as program staff; wages, benefits, insurance, taxes, etc.; equipment used in direct support of the program; and miscellaneous expenses such as specified time and travel required to deliver training services. **Administrative costs are considered indirect costs and not allowable by IVRS unless your agency/entity has negotiated a federally approved indirect cost rate.**

RFP05032100011

IVRS will not be able to provide billing reimbursement for other costs that are not identified in Direct Cost expenditures. Therefore, if a respondent desires to capture these other costs, IVRS will need documentation of your federally approved indirect cost rate.
