## Description

AEA Purchasing is an independent, tax-exempt, nonprofit institution supporting the mission of the Iowa Area Education Agencies. The Consortium's primary function is to provide a voluntary purchasing program for K-12 schools by bringing all statewide school purchasing programs under one legal entity and one fiscal management group. AEA Purchasing purchases allow AEA Purchasing members to take advantage of aggressive pricing based on the purchasing volume of many Iowa clients. Iowa AEA's currently serve both public and private K-12 public school districts representing over 514,000 students.

The purpose of this RFP is to provide a comprehensive procurement program that will provide competitive pricing and high quality products for cut paper as used by AEA Purchasing Members.

Bid documents and responses are managed via the Public Purchase Electronic Bid System. Public Purchase is located here: <https://www.publicpurchase.com/gems/login/login>

There is no cost to register in Public Purchase to view and download the documents. For assistance with the system, please contact Public Purchase directly.
