**For material changes, the awarded contract holder and/or subsequent assignee agrees to and understands the following principles:**

i. **Contract holder reference.** If the contract holder undergoes a merger, acquisition, or partial assignment, in which case they still maintain the contract, then all transactions made under the existing contract number (including purchase orders) must reference the name of the awarded contract holder. The exception to this requirement is if the contract holder no longer holds the contract or if the company has been acquired by another company and undergone a name change. Notice of the authorized name change, to the existing contract, must be provided and approved by Region 4.

In instances where the contract holder has acquired a separate and distinct company, and it is necessary to designate those certain purchases facilitated by the non-contract holder, then this designation may be made if, and only if, the contract holder is also referenced on the transaction.

ii. **Maintenance of records.** Both the awarded contract holder and subsequent assignee agree to remain responsible for maintaining all auditable records, including documents kept in the ordinary course of business and sales invoices, related to OMNIA Partners, Public Sector and/or contract number pursuant to the statutory requirements identified in the vendor contract.

iii. **Payments.** Both the awarded contract holder and subsequent assignee agree that all payments made by participating entities must be made directly to the contract holder, unless otherwise approved by Region 4. Accordingly, both parties acknowledge that in instances where it is necessary to designate the purchases facilitated by assignee, that the contract holder must also be referenced on the purchase order.

iv. **Handling of Proprietary and/or Confidential Information.** In accord with the terms of the contract, both awarded vendor and assignee agree that at all times it will hold in strict confidence and not disclose to any third party Confidential and/or Proprietary information of Region 4, except as approved in writing by Region 4, and will use the Confidential Information for no purpose other than providing services under the contract. Both awarded vendor and assignee shall only permit access to Confidential Information to those of its employees or authorized representatives having a need to know and who have signed confidentiality agreements or are otherwise bound by confidentiality obligations at least as restrictive as those contained herein.

This document is to be construed in strict accordance with the terms and conditions outlined in the Region 4/vendor Master Agreement referenced herein. Both awarded vendor and assignee agree to uphold the vendor obligations set forth in the vendor agreement. This Agreement will become effective when signed by all parties.

**MEMORANDUM**

TO: ServiceWear Apparel  
FROM: Rachel Tate, Workwear Outfitters  
DATE: February 17, 2025  
RE: Annual Pricing Adjustments (April 1, 2025 – March 31, 2026)  
=====

As you know, inflation continues, even though the severe inflationary pressures affecting the economy and the apparel market over the past few years have eased somewhat. Many manufacturers and distributors have taken increases over the past year. ServiceWear, however, continues to be one of the few distributors that have not passed along any increases mid-cycle. As your primary manufacturing partner, we are committed to supporting you and your annual pricing commitment to Region 4 ESC and OMNIA members, and we are pleased to be able to do so.

Like others in the industry, we continue to experience escalating production and operations costs. However, we have diligently worked to mitigate and absorb as much of this as possible. As a result, we are pleased to report that you will have only a minimal increase in the cost of goods we are sourcing for you, effective April 1, 2025. Below are some of the driving factors influencing costs in the apparel market.

Inflation continues to be a factor, with an uptick in recent months. According to the U.S. Bureau of Labor Statistics, the overall Consumer Price Index (CPI) increased by 3.0% for the 12 months ending January 2025. The “All Items Less Food and Energy” Index increased by 3.3% over the same period. <https://www.bls.gov/news.release/pdf/cpi.pdf>

Raw materials are a driver of the cost of goods, particularly cotton. Fortunately, after reaching a 52-week high of \$1.07/lb, the market seems to have stabilized and is hovering today at \$.66/lb. Also, a large number of garments are made using Polyester fabric, which is a nearly 100% petroleum product. As the cost of crude oil has risen substantially in recent years, this has significantly impacted the cost of production. The market has retreated from a high in April 2024 of 86.91/barrel to \$73.96 at the end of the year but is still considerably higher than it was just four years ago. <https://markets.businessinsider.com/commodities/cotton-price>  
<https://tradingeconomics.com/commodity/crude-oil>

The high cost of petroleum also drives transportation costs, impacting all facets of production and distribution. Gasoline prices are still higher than anyone would like, with a national average of \$3.424 in 2024. The cost of gasoline affects the cost of transporting raw materials to manufacturing plants and finished goods to our distribution facilities and also impacts shipping costs included in your cost of goods. Ocean container shipping costs have increased significantly and impact certain categories of products. [https://www.eia.gov/dnav/pet/hist/LeafHandler.ashx?n=pet&s=emm\\_epm0\\_pte\\_nus\\_dpg&f=m](https://www.eia.gov/dnav/pet/hist/LeafHandler.ashx?n=pet&s=emm_epm0_pte_nus_dpg&f=m)

Like for many, labor is another driver in production costs for us. In our industry, labor costs have continued to rise in the US and in our manufacturing plants in Honduras and Mexico. According to the U.S. Bureau of Labor Statistics, the Employment Cost Index rose 3.6% and 3.8% for private industry and civilian workers in 2024.

<https://www.bls.gov/news.release/eci.nr0.htm>

We understand that no industry is immune to these inflationary pressures. However, we have worked diligently (and successfully) to minimize the increases passed along to you, just as you have to your customers. This shared goal of managing costs is a testament to our strong partnership. Please let me know if you need anything else from us.

**MEMORANDUM**

TO: Region 4 ESC  
 FROM: Jim Burnett  
 DATE: February 20, 2025  
 RE: Request for Annual Pricing Adjustment (effective April 1, 2025)

---

I have attached our revised pricing file for Region 4 ESC’s review and approval. There are a total of 3,616 items with this update. (This does not take into account the multiple number of sizes available in each item. We price all sizes the same to Region 4 and OMNIA Partners, no matter how large. The total number of SKUs is approximately 100,000.)

There currently are a total of 3,616 garment lots on the contract reflecting an average adjustment of +2.48% across the offering.

- Discontinued w Revised Item Numbers: (N/A)
- Discontinued (211 items, see below)
- New items (190 Items, see below)
- UOM Changes: (N/A)
- There are 3,484 items where the pricing has changed an average of 2.58%.
- There are 3,256 items with an average increase of 2.87%.
- There are 228 items that have been reduced by an average of 1.66% in price.
