RE: **Addendum No. 1**, to RFB0214005018 Abatement Services, Term Contract(s)

The following additions, changes, and clarifications are hereby made by addendum #1:

1. (Question) The "allowable" charge for travel, does that mean an hour will be allowable for the trip out and an hour will be allowable for the trip back? Or, two up and two back?
(Response) The charge should be the actual time up to a maximum of one hour out and one hour back (for up to 3 workers).
2. (Question) The cities used in the quadrants for bidding, are they examples? None are within an hour of any of our abatement locations. Will any additional travel need to be built into the hourly rate?
(Response) The cities listed are where we have our larger facilities. Depending on where your offices are located you may need to factor additional travel into your hourly rate.

Please acknowledge receipt of addendum #1 in your bid. Thank You.
