<b><u>Delivery (If any)</u></b>			
Transportation to Agency Location (per mile)	\$2.10/mile one way	Pumps from Des Moines	
Transportation for expedited delivery (per mile)	\$2.10/mile one way	Pumps from Des Moines	

- 1. Above rental rates for pumps are based on a 10 hours per day shift. If the pumps are ran more than 10 hours per day, the daily rate will be multiplied by 1.5 times.**
- 2. Above rental rates for pumps are based on 50 hours per week shift. If the pumps are ran more than 50 hours per week, the weekly rate will be multiplied by 1.5 times.**
- 3. Above rental rates for pumps are based on 200 hours per month shift. If the pumps are ran more than 200 hours per month, the monthly rate will be multiplied by 1.5 times.**
- 4. If the inventory in Des Moines is exhausted during the flood event, pumps will be brought from various locations throughout the United States. Freight Amounts will need to be determined at the time of rental. Freight Amounts will be determined by the number of pumps ordered, shipments locations, and trucks needed.**
