Doosan Freight Rates

Freight is a **Freight Delivered Plan** in the continental United States, which includes net importation fees and insurance per unit (truck) to be added to Invoice. Freight is non-discountable. Dealer is responsible for unloading of equipment or the fees associated with unloading by trucking company.

Class I, II, IV & V	Freight per Unit
G/GC18, B18T/X/SU, BC18 Series	\$ 1,050
BC25S, B25S, B25X Series	\$ 1,270
BR18/20SP-7, BOP15S-9 Series	\$ 1,270
GC25S, G25N, D25S-7 Series	\$ 1,270
B45X, GC45, G40S, D40S Series	\$ 1,885
G60/70; D60-90; D100-160; DV180/250 Series	Actual freight from Port of Entry or Warehouse

Note 1: There will be a \$250 freight charge per truck if scheduled as a customer pickup. This does not apply to G60/70; D60-90; D100-160 or DV180-DV250. These models have a \$900 per truck fee if being picked up from a warehouse or dealer location. This does not apply to a pickup from a port.

Note 2: Any shipment that is over 1,600 miles will be a quoted rate shipment. Any shipment requiring a roll back or ground drop due to no dock being present will carry an additional \$250 charge. This does not apply to D/G60 and up.

Note 3: For BR18/20 with 258"-318" masts, the trucks ship mast detached.

Note 4 For RORO Shipments: If the OAL is between 101" and 144" the truck will ship with the Mast Attached. If the OAL is over 144" the Mast will ship detached.

Class III & Productivity Series	Freight per Unit
BW23S-7, BUV03S-7, BSC05S-7	\$ 410
BWS17S-7, BWP17S-7	\$ 610
BWC33S-7, BWT45S-7, BER30/40S-9	\$ 635
BBC23S-7, BBC28S-7	\$ 760

Note 5: BW23 shipments scheduled as customer pickup will have a \$65 freight charge added to the invoice. All other class 3 machines will have a freight charge added to the invoice.

Note 6: Any shipment that is over 1,600 miles will be a quoted rate shipment. Any shipment requiring a roll back or ground drop due to no dock being present will carry an additional \$250 charge.

General Price Pages Information

1. List prices are in U.S. Dollars. Please refer to sales brochures, specification sheets, and sales bulletins for technical data.
2. Special Quotations (SQ) are available. Call the Machine Order department for quotes and part numbers.
3. Trucks shipped without forks or without a Mast will require new capacity plate prior to any warranty administration.
4. Revision dates for pricing or specification changes are indicated next to the component number.

Machine Order Policies

1. All machine orders will be acknowledged by e-mail.
2. The Machine Order department should be informed immediately of any discrepancies between an order as submitted and the corresponding acknowledgement.
3. Unless immediate notification is given by phone or e-mail, all acknowledgements will be deemed to be correct.
4. Any lift truck modification(s) required due to a dealer's failure to contact Doosan Industrial Vehicle of America concerning an incorrect acknowledgement will be done at the dealer's expense.
5. All machine orders are non-cancelable without the written permission of Doosan Industrial Vehicle of America.
6. Any machine order changes must be approved by Doosan Industrial Vehicle of America. Upon approval, an updated acknowledgement will be generated and sent to the ordering dealer.
7. Doosan Industrial Vehicle of America Machine Order department can be reached via phone at (678) 745-2200 or (678) 745-2285.
