THE STATE OF OREGON ("STATE"), ACTING BY AND THROUGH ITS
DEPARTMENT OF ADMINISTRATIVE SERVICES, PROCUREMENT
SERVICES ("DAS PS"), for the member states of the NASPO ValuePoint
Cooperative Purchasing Program ("NASPO ValuePoint"),

FOR

Parks and Recreation Equipment and Related Services

MASTER AGREEMENT
WITH

Playworld Systems, Inc.

Master Agreement number 6485

This Master Agreement ("Master Agreement") is between the State of Oregon, acting by and through its Department of Administrative Services, Procurement Services ("DAS PS") for the member states of the NASPO ValuePoint Cooperative Purchasing Program ("NASPO ValuePoint") and other Purchasing Entities and Playworld Systems, Inc., a Pennsylvania Corporation ("Contractor").

Recitals

1. DAS PS issued RFP DASPS-2114-16 seeking offers from qualified and responsible contractors to provide to Purchasing Entities Parks and Recreation Equipment and related services ("Parks and Recreation Equipment and Related Services")
2. Contractor submitted a Proposal in response to the RFP offering to provide to Purchasing Entities the described in Exhibit B according to the terms and conditions of this Master Agreement.
3. DAS PS has awarded Contractor this Master Agreement for the Parks and Recreation Equipment and Related Services at the prices set forth in Exhibit B.

Agreement

In consideration of the foregoing recitals and subject to the covenants, terms and conditions set forth below, the parties agree as follows:

Section 1 –Master Agreement

1.1 Parties

1.1.1 The only parties to this Master Agreement are Contractor and DAS PS.

1.1.2 Participating States may enter into Participating Addendum with Contractor substantially in the form attached hereto as Exhibit A.

1.1.3 Purchasing Entities may purchase Park and Recreation Equipment and related services as specified in Exhibit B ("Parks and Recreation Equipment and Related Services") by issuing ordering instruments that create and become part of separate contracts ("Contracts") as permitted by Purchasing Entity's laws. The only parties to Contracts created by ordering instruments are the applicable Purchasing Entity and Contractor.

As used in this Master Agreement, "Purchasing Entity" means: a state, city, county, district, other political subdivision of a State, and a nonprofit organization under the laws of some states if authorized by a Participating Addendum, who issues a Purchase Order against the Master Agreement and becomes financially committed to the purchase.

1.2 Ordering Process

1.2.1 Purchasing Entities may order Parks and Recreation Equipment and Related Services during the Term of this Master Agreement using an ordering instrument:

1.2.1.1 Purchasing Entities may use an electronic ordering method as agreed to by Contractor and Purchasing Entity.

1.2.1.2 Purchasing Entities may use their own purchase order forms as ordering instruments as agreed to by Contractor.

1.2.1.3 To be effective, the ordering instrument must specify all of the following:

- Language stating that the ordering instrument is submitted under this Master Agreement (and include the Master Agreement reference number).
- The specific Goods, Services or both and quantity of each item ordered.
- The net price.
- The requested delivery schedule.
- The delivery location(s).
- The invoicing address.
- The Purchasing Entity's authorized representative and relevant contact information, including an e-mail address or fax number.

1.2.2 A Contract created by an ordering instrument consists only of the terms specified or required by this Master Agreement. Additional, different or conflicting terms and conditions in any purchase order(s) or any other form of either a Purchasing Entity or the Contractor may not vary the terms of the Master Agreement. Additional, different or conflicting terms and conditions on a purchase order or other form are of no effect.

1.2.3 Contractor shall accept ordering instruments from Purchasing Entities that comply with the provisions of this Master Agreement until this Master Agreement terminates. Contractor may, but is not required to accept an ordering instrument that requests delivery schedule of less than any minimum lead time (if any) specified in Exhibit B.

1.2.4 An ordering instrument is deemed accepted by Contractor unless Contractor rejects an ordering instrument within 10 business days of the date it is issued. Contractor may reject an ordering instrument: i) using the same means as were used to deliver the ordering instrument, or ii) by e-mail or facsimile if that information is evident on the ordering instrument. Contractor shall specify the reason(s) for rejection.

1.2.5 Accepted ordering instruments establish separate Contracts between the Purchasing Entity and Contractor and include the terms set forth in Sections 2 and 3 of this Master Agreement. As used in the Contracts, "Master Agreement" means this Master Agreement.

1.2.6 The State of Oregon is not obligated or liable under an ordering instrument unless a State of Oregon agency is purchasing Goods, Service or both as the Purchasing Entity.

1.2.7 Nothing in this Master Agreement obligates any Purchasing Entity to place any ordering instrument.

1.2.8 Contractor shall reject an ordering instrument that does not meet the requirements of this Master Agreement.

1.3 Prices

1.3.1 Except as provided in this Section, during the Term of this Master Agreement, Contractor shall offer Goods, Services or both to Purchasing Entities at prices that do not exceed the prices listed in Exhibit B.

1.3.2 Contractor and Purchasing Entity may agree to lower prices for Goods or Services. Those lower prices apply only to applicable Contracts between Contractor and Purchasing Entity.

1.3.3 Goods, Services or both that have been approved and that meet the category standards listed in Exhibit B, may be added or deleted as approved by DAS PS. Contractor or DAS PS may provide a list of goods or services that may be approved and added. DAS PS may prohibit goods or services on this Master Agreement for environmental health or performance reasons, in addition the DAS PS or Contractor may request to add new goods or services that meet the specification in Exhibit B. All goods or services added must be at the same discounts already agreed upon and cannot be lesser than what was agreed upon for each category. However, the discount can always be deeper.

1.3.4. Contractor may request unit price increases from DAS PS no more often than quarterly, commencing after the first year. Contractor must submit a request to the Contract Administrator in writing at least 60 days before the proposed effective date of the increase. The request must show all proposed increases by line item and include supporting documentation acceptable to DAS PS. DAS PS may require Contractor to provide U.S. Bureau of Labor Statistics Producer Price Index or Consumer Price Index data or any other relevant manufacturer or industry data substantiating the increase. Prices based on the manufacturer's list price may change on an annual basis and must be verifiable and auditable from the factory. However, a price increase may not produce a higher profit margin for Contractor than at the beginning of the initial term of this Master Agreement. Other considerations such as increase in usage or decrease will be considered.

1.4 NASPO ValuePoint Administrative Fee: Contractor shall remit to NASPO ValuePoint the NASPO ValuePoint Administrative Fee and quarterly sales reports found at <http://www.naspo.org/WNCPO/Calculator.aspx>. Requirements for payment of the NASPO ValuePoint Administrative Fee and usage reporting to NASPO ValuePoint are specified in sections 6 and 7 of the NASPO ValuePoint Master Agreement Terms and Conditions, attached hereto as Exhibit D.

1.5 Term of Master Agreement

1.5.1 The initial term of this Master Agreement begins on the date this Master Agreement has been signed by DAS PS and Contractor and all required approvals have been obtained (the "Effective Date") and ends one year after the Effective Date, unless sooner terminated or extended as provided in this Master Agreement. DAS PS may extend this Master Agreement for additional terms, provided, however, that the total term, including the initial term and all renewals, may not be more than 6 years from the Effective Date. DAS PS will exercise the option to extend, if at all, by giving Contractor written notice of such exercise no later than 30 calendar days before the expiration of the then-current term. The initial term and all extension terms are collectively the "Term" of this Master Agreement.

1.5.2 After this Master Agreement is terminated, Contractor shall not accept new ordering instruments.

1.5.3 Termination of this Master Agreement also terminates ordering instruments in which the Contractor is not legally required to deliver specific quantities of Goods or Services at specific times. The intent of this paragraph is to terminate what is commonly known as a blanket purchase order

(an order that may contain detail of the Goods, but actual sale of Goods is made by periodic releases that specify a date for delivery of specific Goods).

1.5.4 Except as provided in Section 1.5.3, termination of this Master Agreement does not terminate any right or obligation of a party to a Contract that is based on an ordering instrument accepted before termination of this Master Agreement.

1.5.5 DAS PS may terminate this Master Agreement upon 30 calendar days written notice to Contractor for any or no reason.

1.6 Insurance: Contractor shall obtain insurance specified in Exhibit C and shall maintain the insurance as required by DAS PS until all Contracts under this Master Agreement are terminated.

1.7 Miscellaneous

1.7.1 NASPO ValuePoint Terms and Conditions. Incorporated herein and attached hereto as Exhibit D are the NASPO ValuePoint terms and conditions.

1.7.2 Choice of Law. The laws of the State of Oregon (without giving effect to its conflicts of law principles) govern all matters arising out of or relating to this Master Agreement, including, without limitation, its validity, interpretation, construction, performance, and enforcement.

1.7.3 Designation of Forum and Consent to Jurisdiction. Any party bringing a legal action or proceeding against any other party arising out of or relating to this Master Agreement shall bring the legal action or proceeding in the Circuit Court of the State of Oregon for Marion County or if the proceeding must be brought in federal court in the United States District Court for the District of Oregon. **Contractor hereby consents to the exclusive jurisdiction of such court, waives any objection to venue, and waives any claim that such forum is an inconvenient forum.** Nothing in these provisions shall be construed as a waiver of the State of Oregon's sovereign or governmental immunity, whether derived from the Eleventh Amendment to the United States Constitution or otherwise, or a waiver of any defenses to any legal action or proceedings, or consent to jurisdiction based thereon.

1.7.4 Amendments: DAS PS and Contractor may need to modify selected terms, conditions, price(s) and services under this Master Agreement due to the following illustrative, although not exhaustive, categories of anticipated amendments:

- i. Amendments to extend the term of the Master Agreement for additional periods;
- ii. Amendments to add new Goods or Services within the scope of the Master Agreement, if any, at the prices specified within the Master Agreement or at a discount to these prices, or amendments to delete Goods or Services; or
- iii. Amendments to increase or decrease prices for the Goods or Services.

All amendments must be in writing and signed by all approving parties before becoming effective. Only DAS PS has the final authority to execute changes, notices or amendments to the Master Agreement.

1.7.5 Transfer: Contractor shall not assign, delegate or otherwise transfer any of its rights or obligations under this Master Agreement without first obtaining the written consent of DAS PS. DAS PS' consent to any subcontract (or other delegation of duties) does not relieve Contractor of any of its duties or obligations under this Master Agreement. This Master Agreement is binding upon and inures to the benefit of each of the parties, and, except as otherwise provided their permitted legal successors and assigns.

1.7.6 Counterparts: This Master Agreement may be executed in two or more counterparts, each of which is an original, and all of which together are deemed one and the same instrument. Notwithstanding that all parties are not signatories to the same counterpart.

1.7.7 Force Majeure: Neither party is responsible for delay or default caused by an unallocated risk such as fire, riot, and acts of God or war, or by any other cause not within the control of the party whose performance is interfered with, and, which by the exercise of reasonable diligence, the party is unable to prevent. DAS PS may terminate this Master Agreement upon written notice after determining such delay or default will reasonably prevent successful performance of this Master Agreement.

In the event of any such delay, Contractor's obligations are suspended to the extent of and for the duration of such causes. However, Contractor shall take all good faith efforts to eliminate the cause of any such delay, and upon the cessation of such cause, shall resume performance of Contractor's obligations with all reasonable diligence. If necessary, the period for performance under this Master Agreement will be extended to enable Contractor, once such causes have been removed, to fulfill its obligations hereunder.

1.7.8 Entire Agreement: This Master Agreement, together with the attached exhibits, constitutes the entire agreement between the parties and merges all prior and contemporaneous communications with respect to the subject matter.

1.7.9 Notices: Except as otherwise expressly provided in this Master Agreement, any communications between the parties, or notices to be given under this Master Agreement, are effective only if given in writing by personal delivery, express courier, facsimile, or United States Postal Service, postage prepaid, to Contractor or DAS PS at the address or number set forth below in Sections 4 and 5, or to such other addresses or numbers as either party may later indicate pursuant to this Section. Any communication or notice so addressed and mailed is deemed given five (5) days after mailing. Any communication or notice delivered by facsimile is deemed given on the day the transmitting machine generates a receipt of a successful transmission of the notice, if transmission was during normal business hours, or on the next business day, if transmission was outside normal business hours. To be effective against DAS PS, any notice transmitted by facsimile must be confirmed by telephone notice to DAS PS's Contract Administrator. Any communication or notice given by personal delivery or express courier is deemed given immediately upon such delivery, provided such delivery is made to the person indicated below.

1.7.10 Intended Beneficiaries: DAS PS and Contractor are the only parties to this Master Agreement and are the only parties entitled to enforce its terms. Nothing in this Master Agreement gives, is intended to give, or will be construed to give or provide, any benefit or right, whether directly, indirectly, or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this

Master Agreement. Purchasing Entities from the member states of NASPO ValuePoint are intended beneficiaries of this Master Agreement.

1.7.11 Waiver: The failure of DAS PS to enforce any provision of this Master Agreement or the waiver of any violation or nonperformance of this Master Agreement in one instance does not constitute a waiver by DAS PS of that or any other provision nor is it a waiver of any subsequent violation or nonperformance. Such failure to enforce waiver, if made, is effective only in the specific instance and for the specific purpose given.

1.7.12 Certification of Compliance with Tax Laws: By signature on this Master Agreement for Contractor, the undersigned hereby certifies under penalty of perjury that the undersigned is authorized to act on behalf of Contractor and that Contractor is, to the best of the undersigned's knowledge, not in violation of any Oregon Tax Laws and that for a period of no fewer than six calendar years preceding the Effective Date of this Master Agreement, Contractor faithfully has complied with: (i) all tax laws of this state, including but not limited to ORS 305.620 and ORS chapters 316, 317, and 318; (ii) any tax provisions imposed by a political subdivision of this state that applied to Contractor, to Contractor's property, operations, receipts, or income, or to Contractor's performance of or compensation for any work performed by Contractor; (iii) any tax provisions imposed by a political subdivision of this state that applied to Contractor, or to goods, services, or property, whether tangible or intangible, provided by Contractor; and (iv) any rules, regulations, charter provisions, or ordinances that implemented or enforced any of the foregoing tax laws or provisions.

1.7.13 Compliance with Law: DAS PS' performance under this Master Agreement is conditioned upon Contractor's compliance with the obligations intended for contractors under ORS 279B.220, 279B.225 (if applicable to this Master Agreement), 279B.230 and 279B.235 (if applicable to this Master Agreement), which are incorporated into this Master Agreement by reference. Contractor shall, to the maximum extent economically feasible in the performance of this Master Agreement, use recycled paper (as defined in ORS 279A.010(1)(gg)), recycled PETE products (as defined in ORS 279A.010(1)(hh)), and other recycled plastic resin products and recycled products (as "recycled product" is defined in ORS 279A.010(1)(ii)).

1.7.14 Access to Records: Contractor shall retain, maintain, and keep accessible all records relevant to this Master Agreement (the "Records") for a minimum of six (6) years, or such longer period as may be required by applicable law following expiration or termination of the Master Agreement, or until the conclusion of any audit, controversy or litigation arising out of or related to the Master Agreement or any Contract, whichever date is later. Financial Records will be kept in accordance with Generally Accepted Accounting Principles (GAAP). During the record-retention period established in this Section, Contractor shall permit DAS PS and its duly authorized representatives, and the federal government access to the Records at a reasonable time and place for purposes of examination and copying.

2.7 Cancellation; Inspection and Acceptance: Purchasing Entity may cancel an order in whole or in part before Goods or Services described in the cancelled whole or part are delivered. Purchasing Entity has ten (10) calendar days from date of delivery of the entire order within which to inspect and accept or reject the Goods or Services. If the Goods or Services are rejected, Purchasing Entity shall provide Contractor with written notice of rejection. Notice of rejection must include itemization of apparent defects, including but not limited to (i) discrepancies between the Goods or Services and the applicable specifications or warranties (including variance from demonstrations or sample characteristics where demonstrations or samples have been provided), or (ii) otherwise nonconforming Goods or Services (including late delivery). Notice of rejection must also specify when cure will be allowed.

2.7.1 Purchasing Entity may elect to have Contractor deliver substitute conforming Goods or Services at no additional cost to the Purchasing Entity. In such an event, Contractor shall deliver substitute conforming Goods or Services within 10 calendar days of receipt of notice of rejection.

2.7.2 If the Goods or Services are rejected or acceptance is revoked, Contractor shall refund any Contract payments that have been made with regard to the rejected Goods or Services, and shall (at Contractor's sole cost and expense) remove the Goods within seven (7) calendar days of receiving notice of rejection or revocation of acceptance.

2.7.3 Nothing contained in Section 2.7 precludes Purchasing Entity from other remedies to which it may be entitled upon rejection or revocation of acceptance.

2.8 Representations and Warranties:

2.8.1 Officer Status, Insurance: Contractor represents and warrants that it is not an "officer," "employee," or "agent" of Purchasing Entity, as those terms are used in ORS 30.265. Contractor represents and warrants that Contractor has obtained and will maintain during the term of this Contract all insurance required by the Master Agreement.

2.8.2 Warranty on Materials, Design, Manufacture: Contractor represents and warrants that all Goods are new, unused, current production models, and are free from defects in materials, design and manufacture. Contractor further represents and warrants that all Goods are in compliance with and meet or exceed all specifications in Exhibit F to the Master Agreement.

2.8.4 Warranty of Title: Contractor represents and warrants that all Goods are free and clear of any liens or encumbrances, that Contractor has full legal title to the Goods, and that no other person or entity has any right, title or interest in the Goods which is superior to or infringes upon the rights granted to Purchasing Entity under this Contract.

2.8.5 Warranty on Safety and Health Requirements: Contractor represents and warrants that Goods provided under this Contract comply with all applicable federal health and safety standards, including but not limited to, Occupational Safety and Health Administration (OSHA), and all Oregon safety and health requirements, including, but not limited to, those of the Oregon Consumer and Business Services Department.

2.8.6 Manufacturer Warranties: Contractor shall have all manufacturer warranties covering the Goods and component parts, if any, transferred to Purchasing Entity at time of delivery at no charge.

2.8.7 Warranties Cumulative: The warranties set forth in this section are in addition to, and not in lieu of, any other warranties provided in this Contract. All warranties provided in this Contract are cumulative, and are intended to afford Purchasing Entity the broadest warranty protection available.

2.9 Compliance with Applicable Law and Standards:

2.9.1 Contractor shall comply with all federal, state and local laws, regulations, and ordinances applicable to this Contract as they may be adopted or amended from time to time, including those set forth on Exhibit E.

2.9.2 Noncompliant Goods: In the event of a conflict between the specifications in this Contract and applicable federal or State law, the law prevails. Contractor shall make any modifications required to achieve compliance with law. When Contractor is notified or becomes aware of any required modifications, Contractor shall immediately notify DAS PS and Purchasing Entity.

2.9.3 Recalled Goods or Components: In the event any Goods or component parts are recalled by a regulatory body or the manufacturer, or discovered by Contractor not to be in compliance with the applicable specifications, Contractor shall immediately notify DAS PS and Purchasing Entity of the recall or non-compliance, and shall provide copies of the notice or other documentation. Upon notification, Purchasing Entity may elect to do any of the following:

- 2.9.3.1 Cancel any portion of the ordering instrument.
- 2.9.3.2 Reject the Goods.
- 2.9.3.3 Revoke its acceptance of the Goods.
- 2.9.3.4 Require Contractor to complete necessary modifications, where applicable, in a timely manner, at no charge to Purchasing Entity.
- 2.9.3.5 Terminate the Contract.

In the event of rejection or revocation of acceptance under this subsection, Contractor shall promptly remove the Goods at its sole cost and expense, and reimburse Purchasing Entity for any payments made.

2.10 Foreign Contractor: If the amount of the Contract exceeds ten thousand dollars (\$10,000), and if Contractor is not domiciled in or registered to do business in the State, Contractor shall promptly provide to the Oregon Department of Revenue all information required by that Department relative to the Contract. Purchasing Entity may withhold final payment under the Contract until Contractor has met this requirement.

2.11 Material Safety Data Sheet: Contractor shall provide Purchasing Entity at time of delivery with a Material Safety Data Sheet (MSDS) as defined by the Occupational Safety and Health Administration (OSHA) for any Goods provided under the Master Agreement which may release or otherwise result in exposure to a hazardous chemical under normal conditions of use. In addition, Contractor must properly label, tag or mark such Goods. Additionally, Contractor shall deliver EPA labels and MSDS information if available and as requested by Purchasing Entities.

2.12 Time is of the Essence: Time is of the essence for performance of Contractor's performance obligations under this Contract.

2.13 Force Majeure: Neither Purchasing Entity nor Contractor shall be held responsible for delay or default caused by fire, riot, acts of God, war, or any other cause which is beyond the party's reasonable control. Contractor shall, however, make all reasonable efforts to remove or eliminate such a cause of delay or default and shall, upon the cessation of the cause, diligently pursue performance of its obligations under this Contract. Purchasing Entity may terminate this Contract upon written notice to Contractor after reasonably determining that such delay or default will likely prevent successful performance of the Contract.

2.14 Funds Available and Authorized; Payments: Purchasing Entity's payment obligations under this Contract are conditioned upon Purchasing Entity receiving funding, appropriations, limitations, allotments, or other expenditure authority sufficient to allow Purchasing Entity, in the exercise of its reasonable administrative discretion, to meet its payment obligations under this Contract. At the time the ordering instrument was issued, Purchasing Entity had sufficient funds available and authorized to make payments under this Contract.

2.16 Independent Contractor Status; Responsibility for Taxes and Withholding:

2.16.1 Contractor is an independent contractor. Although Purchasing Entity reserves the right (i) to determine (and modify) the delivery schedule for the Goods or Services or both and (ii) to evaluate the quality of completed performance, Purchasing Entity cannot and will not control the means or manner of Contractor's performance. Contractor is responsible for determining the appropriate means and manner of performing any obligations required by this Contract.

2.16.2 Contractor is responsible for all federal and state taxes applicable to compensation or payments paid to Contractor under this Contract and, unless Contractor is subject to backup withholding, Purchasing Entity will not withhold from such compensation or payments any amount(s) to cover Contractor's federal or state tax obligations. Contractor is not eligible for any social security, unemployment insurance or workers' compensation benefits from compensation or payments paid to Contractor under this Contract, except as a self-employed individual.

2.17 Indemnification:

2.17.1 Contractor shall defend, save, hold harmless, and indemnify Purchasing Entity, the State of Oregon and their officers, employees and agents from and against all claims, suits, actions, proceedings, losses, damages, liabilities, awards and costs of every kind and description (collectively, "Claim") which may be brought or made against any Purchasing Entity, the State, or their officers, employees and agents arising out of or related to (i) any personal injury, death or property damage caused by any alleged act, omission, error, fault, mistake or negligence of Contractor, its employees or agents, related to this Contract, (ii) any act or omission by Contractor that constitutes a material breach of this Contract, including without limitation any breach of warranty, or (iii) the infringement of any patent, copyright, trade secret or other Proprietary right of any third party by delivery or use of the Goods. Purchasing Entity or state shall promptly notify Contractor in writing of any claim of which Purchasing Entity or State becomes aware. Contractor's obligation under this section shall not extend to any Claim primarily caused by (i) the negligent or willful misconduct of Purchasing Entity, or (II) Purchasing Entity's modification of Goods without Contractor's approval and in a manner in consistent with the purpose and proper usage of such goods.

2.17.2 The Oregon Attorney General must give written authorization to any legal counsel purporting to act in the name of, or represent the interests of, the State or its officers, employees and agents prior to such action or representation. Further, the State, acting by and through its Department of Justice, may assume its own defense, including that of its officers, employees and agents, at any time when in the State's sole discretion it determines that (i) proposed counsel is prohibited from the particular representation contemplated; (ii) counsel is not adequately defending or able to defend the interests of the State, its officers, employees or agents; (iii) important governmental interests are at stake; or (iv) the best interests of the State are served thereby.

Contractor's obligation to pay for all costs and expenses shall include those incurred by the State in assuming its own defense and that of its officers, employees, or agents under (i) and (ii) above.

2.18 Breach:

2.18.1 BY CONTRACTOR: Contractor breaches this Contract if:

- 2.18.1.1 Contractor institutes or has instituted against it insolvency, receivership or bankruptcy proceedings, makes an assignment for the benefit of creditors, or ceases doing business on a regular basis;
- 2.18.1.2 Contractor no longer holds a license or certificate that is required for Contractor to perform Contractor's obligations under this Contract; or
- 2.18.1.3 Contractor commits any breach of any covenant, warranty, obligation or certification under this Contract, provided however that Contractor may cure the breach within the period specified in Purchasing Entity's notice of default when Purchasing Entity determines the breach is curable by Contractor.

2.18.2 BY PURCHASING ENTITY: Purchasing Entity breaches this Contract if:

- 2.18.2.1 Purchasing Entity fails to pay Contractor any amount pursuant to the terms of this Contract, and Purchasing Entity fails to cure such failure within ten (10) business days after delivery of Contractor's notice or such longer period as Contractor may specify in such notice; or
- 2.18.2.2 Purchasing Entity commits any breach of any covenant, warranty, or obligation under this Contract and such breach is not cured within ten (10) business days after delivery of Contractor's notice of breach or such longer period as Contractor may specify in such notice.

2.19 Remedies:

2.19.1 PURCHASING ENTITY'S REMEDIES: If Contractor is in breach under Section 2.18.1, in addition to the remedies afforded elsewhere in this Contract, Purchasing Entity may recover any and all damages suffered as the result of Contractor's breach, including but not limited to direct, indirect, incidental and consequential damages, as provided in ORS 72.7110 to 72.7170. Purchasing Entity may, at its option, pursue any or all of the remedies available to it under this Contract and at law or in equity, including, but not limited to:

- 2.19.1.1 Termination of the Contract as provided in Section 2.20.1;
- 2.19.1.2 Withholding all monies due for invoiced Goods that Contractor is obligated but has failed to deliver or perform within any scheduled completion dates or has performed inadequately or defectively;
- 2.19.1.3 Initiation of an action or proceeding for damages, specific performance, declaratory or injunctive relief; and
- 2.19.1.4 Exercise of its right of setoff, and withholding of monies otherwise due and owing in an amount equal to Purchasing Entity's setoff without penalty to Purchasing Entity.

These remedies are cumulative to the extent the remedies are not inconsistent, and Purchasing Entity may pursue any remedy or remedies singly, collectively, successively or in any order whatsoever.

2.19.2 CONTRACTOR'S REMEDIES: If Purchasing Entity terminates this Contract, or if Purchasing Entity is in breach under Section 2.18.2 and whether or not Contractor elects to exercise its right to terminate this Contract under Section 2.20.3, Contractor's sole remedy is:

- 2.19.2.1 A claim against Purchasing Entity for the unpaid purchase price for Goods or Services delivered and accepted by Purchasing Entity,
- 2.19.2.2 With respect to services compensable on an hourly basis, a claim for unpaid invoices, hours worked but not yet billed and authorized expenses for services completed and accepted by Purchasing Entity, and
- 2.19.2.3 With respect to deliverable-based services, a claim for the sum designated for completing the deliverable multiplied by the percentage of services completed and accepted by Purchasing Entity, less previous amounts paid and any claim(s) which Purchasing Entity has against Contractor. If previous amounts paid to Contractor exceed the amount due to Contractor under this Section, Contractor shall pay any excess to Purchasing Entity upon written demand.

2.20 Termination:

2.20.1 BY MUTUAL CONSENT: This Contract may be terminated at any time by mutual written consent of Purchasing Entity and Contractor.

2.20.2 RIGHTS OF PURCHASING ENTITY: Purchasing Entity may, at its sole discretion, terminate this Contract for convenience with thirty (30) calendar days written notice. Purchasing Entity may terminate this Contract immediately upon notice to Contractor, or at such later date as Purchasing Entity may establish in such notice, upon the occurrence of any of the following events:

- 2.20.2.1 Purchasing Entity fails to receive funding, appropriations, limitations, allotments, or other expenditure authority sufficient to allow Purchasing Entity, in the exercise of its reasonable administrative discretion, to meet its payment obligations under this Contract;
- 2.20.2.2 Federal or state laws, regulations, or guidelines are modified or interpreted in such a way that either the purchase of the Goods by Purchasing Entities under the Master Agreement is prohibited, or Purchasing Entities are prohibited from paying for such Goods from the planned funding sources; or
- 2.20.2.3 Contractor is in breach of this Contract under Section 2.18.1.

Upon receipt of written notice of termination, Contractor shall stop performance under this Contract if and as directed by Purchasing Entity.

2.20.3 Contractor Remedies: Contractor may terminate this Contract with a minimum ten (10) calendar days written notice to Purchasing Entity, if Purchasing Entity is in breach of this Contract as described in Section 2.18.2.

2.21 Access to Records: Contractor shall retain, maintain, and keep accessible all records relevant to this Contract (the "Records") for a minimum of six (6) years, or such longer period as may be required by applicable law following expiration or termination of the Contract, or until the conclusion of any audit, controversy or litigation arising out of or related to the Contract, whichever date is later. Financial Records will be kept in accordance with Generally Accepted Accounting

NASPO ValuePoint facilitates administration of the NASPO cooperative group contracting consortium of state chief procurement officials for the benefit of state departments, institutions, agencies, and political subdivisions and other eligible entities (i.e., colleges, school districts, counties, cities, some nonprofit organizations, etc.) for all states, the District of Columbia, and territories of the United States. NASPO ValuePoint Program Provisions

3. Term of the Master Agreement

a. The initial term of this Master Agreement begins on the date of execution of the Master Agreement and ends one year after the Effective Date, as set forth in section 1.5 of the Master Agreement. Provisions for extension for additional terms are also set forth in section 1.5.1.

b. The Master Agreement may be extended for a reasonable period of time, not to exceed six months, if in the judgment of the Lead State a follow-on, competitive procurement will be unavoidably delayed (despite good faith efforts) beyond the planned date of execution of the follow-on master agreement. This subsection shall not be deemed to limit the authority of a Lead State under its state law otherwise to negotiate contract extensions.

4. Amendments

The terms of this Master Agreement shall not be waived, altered, modified, supplemented or amended in any manner whatsoever without prior written agreement of the Lead State and Contractor.

5. Participants and Scope

a. Contractor may not deliver Products under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed. The NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum. By way of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating Entity, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the consent of the Purchasing Entity and Contractor, may be included in the ordering document (e.g. purchase order or contract) used by the Purchasing Entity to place the Order.

b. Use of specific NASPO ValuePoint cooperative Master Agreements by state agencies, political subdivisions and other Participating Entities (including cooperatives) authorized by Participating Entity's state's statutes to use state contracts are subject to the approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the respective State Chief Procurement Official.

c. Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities within the scope of those Participating Addenda. Financial obligations of Participating Entities who are states are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating Entities who are states incur no financial obligations on behalf of other Purchasing Entities. Contractor shall email a fully executed PDF copy of each Participating Addendum to PA@naspovaluepoint.org to support documentation of participation and posting in appropriate data bases.

d. NASPO Cooperative Purchasing Organization LLC, doing business as NASPO ValuePoint, is not a party to the Master Agreement. It is a nonprofit cooperative purchasing organization assisting states in administering the NASPO cooperative purchasing program for state government departments, institutions, agencies and political subdivisions (e.g., colleges, school districts, counties, cities, etc.) for all 50 states, the District of Columbia and the territories of the United States.

e. Participating Addenda shall not be construed to amend the following provisions in this Master Agreement between the Lead State and Contractor that prescribe NASPO ValuePoint Program requirements: Term of the Master Agreement; Amendments; Participants and Scope; Administrative Fee; NASPO ValuePoint Summary and Detailed Usage Reports; NASPO ValuePoint Cooperative Program Marketing and Performance Review; NASPO ValuePoint eMarketCenter; Right to Publish; Price and Rate Guarantee Period; and Individual Customers. Any such language shall be void and of no effect.

f. Participating Entities who are not states may under some circumstances sign their own Participating Addendum, subject to the approval of participation by the Chief Procurement Official of the state where the Participating Entity is located. Coordinate requests for such participation through NASPO ValuePoint. Any permission to participate through execution of a Participating Addendum is not a determination that procurement authority exists in the Participating Entity; they must ensure that they have the requisite procurement authority to execute a Participating Addendum.

g. **Resale.** "Resale" means any payment in exchange for transfer of tangible goods, software, or assignment of the right to services. Subject to any specific conditions included in the solicitation or Contractor's proposal as accepted by the Lead State, or as explicitly permitted in a Participating Addendum, Purchasing Entities may not resell Products (the definition of which includes services that are deliverables). Absent any such condition or explicit permission, this limitation does not prohibit: payments by employees of a Purchasing Entity for Products; sales of Products to the general public as surplus property; and fees associated with inventory transactions with other governmental or nonprofit entities and consistent with a Purchasing Entity's laws and regulations. Any sale or transfer permitted by this subsection must be consistent with license rights granted for use of intellectual property.

6. Administrative Fees

a. The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one-quarter of one percent (0.25% or 0.0025) no later than sixty (60) days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee shall be submitted quarterly and is based on all sales of products and services under the Master Agreement (less any charges for taxes or shipping). The NASPO ValuePoint Administrative Fee is not negotiable. This fee is to be included as part of the pricing submitted with proposal.

b. Additionally, some states may require an additional fee be paid directly to the state only on purchases made by Purchasing Entities within that state. For all such requests, the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Contractor may adjust the Master Agreement pricing accordingly for purchases made by Purchasing Entities within the jurisdiction of the state. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee. The NASPO ValuePoint Administrative Fee in subsection 6a shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.

7. NASPO ValuePoint Summary and Detailed Usage Reports

In addition to other reports that may be required by this solicitation, the Contractor shall provide the following NASPO ValuePoint reports.

The report shall be submitted in any form required by the solicitation. Reports are due on a quarterly basis and must be received by the Lead State and NASPO ValuePoint Cooperative Development Team no later than thirty (30) days after the end of the reporting period. Reports shall be delivered to the Lead State and to the NASPO ValuePoint Cooperative Development Team electronically through a designated portal, email, CD-ROM, flash drive or other method as determined by the Lead State and NASPO ValuePoint. Detailed sales data reports shall include sales information for all sales under Participating Addenda executed under this Master Agreement. The format for the detailed sales data report is shown in Exhibit G.

c. Reportable sales for the summary sales data report and detailed sales data report includes sales to employees for personal use where authorized by the solicitation and the Participating Addendum. Report data for employees should be limited to ONLY the state and entity they are participating under the authority of (state and agency, city, county, school district, etc.) and the amount of sales. No personal identification numbers, e.g. names, addresses, social security numbers or any other numerical identifier, may be submitted with any report.

d. Contractor shall provide the NASPO ValuePoint Cooperative Development Coordinator with an executive summary each quarter that includes, at a minimum, a list of states with an active Participating Addendum, states that Contractor is in negotiations with and any Participating Addendum roll out or implementation activities and issues. NASPO ValuePoint Cooperative Development Coordinator and Contractor will determine the format and content of the executive summary. The executive summary is due thirty (30) days after the conclusion of each calendar quarter.

e. Timely submission of these reports is a material requirement of the Master Agreement. The recipient of the reports shall have exclusive ownership of the media containing the reports. The Lead State and NASPO ValuePoint shall have a perpetual, irrevocable, non-exclusive, royalty free, transferable right to display, modify, copy, and otherwise use reports, data and information provided under this section.

b. Contractor agrees to participate in an annual contract performance review at a location selected by the Lead State and NASPO ValuePoint, which may include a discussion of marketing action plans, target strategies, marketing materials, as well as Contractor reporting and timeliness of payment of administration fees.

9. NASPO ValuePoint eMarket Center

a. In July 2011, NASPO ValuePoint entered into a multi-year agreement with SciQuest, Inc. whereby SciQuest will provide certain electronic catalog hosting and management services to enable eligible NASPO ValuePoint's customers to access a central online website to view and/or shop the goods and services available from existing NASPO ValuePoint Cooperative Contracts. The central online website is referred to as the NASPO ValuePoint eMarket Center.

b. The Contractor will have visibility in the eMarket Center through Ordering Instructions. These Ordering Instructions are available at no cost to the Contractor and provide customers information regarding the Contractor's website and ordering information. The Contractor is required at a minimum to participate in the eMarket Center through Ordering Instructions.

c. At a minimum, the Contractor agrees to the following timeline: NASPO ValuePoint eMarket Center Site Admin shall provide a written request to the Contractor to begin Ordering Instruction process. The Contractor shall have thirty (30) days from receipt of written request to work with NASPO ValuePoint to provide any unique information and ordering instructions that the Contractor would like the customer to have.

10. Right to Publish

Throughout the duration of this Master Agreement, Contractor must secure from the Lead State prior approval for the release of information that pertains to the potential work or activities covered by the Master Agreement. This limitation does not preclude publication about the award of the Master Agreement or marketing activities consistent with any proposed and accepted marketing plan. The Contractor shall not make any representations of NASPO ValuePoint's opinion or position as to the quality or effectiveness of the services that are the subject of this Master Agreement without prior written consent. Failure to adhere to this requirement may result in termination of the Master Agreement for cause.

11. Price and Rate Guarantee Period

All prices and rates must be guaranteed for the initial one-year term of the Master Agreement. Following the initial Master Agreement period, any request for price or rate adjustment are governed by section 1.3.4 of the Master Agreement. No retroactive adjustments to prices or rates will be allowed.

12. Individual Customers

Except to the extent modified by a Participating Addendum, each Purchasing Entity shall follow the terms and conditions of the Master Agreement and applicable Participating Addendum and will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement, including but not limited to, any indemnity or right to recover any costs as such right is defined in the Master Agreement and applicable Participating Addendum for their purchases. Each Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.

Administration of Orders

13. Ordering

a. Master Agreement order and purchase order numbers shall be clearly shown on all acknowledgments, shipping labels, packing slips, invoices, and on all correspondence.

b. Purchasing Entities may define project-specific requirements and informally compete the requirement among companies having a Master Agreement on an "as needed" basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to the Purchasing Entity's rules and policies. The Purchasing Entity may in its sole discretion determine which Master Agreement

Contractors should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost and other factors considered.

c. Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. Contractor is expected to become familiar with the Purchasing Entities' rules, policies, and procedures regarding the ordering of supplies and/or services contemplated by this Master Agreement.

d. Contractor shall not begin work without a valid Purchase Order or other appropriate commitment document under the law of the Purchasing Entity.

e. Orders may be placed consistent with the terms of this Master Agreement during the term of the Master Agreement.

f. All Orders pursuant to this Master Agreement, at a minimum, shall include:

- (1) The services or supplies being delivered;
- (2) The place and requested time of delivery;
- (3) A billing address;
- (4) The name, phone number, and address of the Purchasing Entity representative;
- (5) The price per hour or other pricing elements consistent with this Master Agreement and the contractor's proposal;
- (6) A ceiling amount of the order for services being ordered; and
- (7) The Master Agreement identifier.

g. All communications concerning administration of Orders placed shall be furnished solely to the authorized purchasing agent within the Purchasing Entity's purchasing office, or to such other individual identified in writing in the Order.

h. Orders must be placed pursuant to this Master Agreement prior to the termination date thereof, but may have a delivery date or performance period up to 120 days past the then-current termination date of this Master Agreement. Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.

i. Notwithstanding the expiration, cancellation or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration, cancellation or termination of this Master Agreement, or otherwise inconsistent with its terms. Orders from any separate indefinite quantity, task orders, or other form of indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

14. Shipping and Delivery.

a. The prices are the delivered price to any Purchasing Entity. All deliveries shall be F.O.B. destination, freight pre-paid, with all transportation and handling charges paid by the Contractor. Responsibility and liability for loss or damage shall remain the Contractor's until final inspection and acceptance when responsibility shall pass to the Purchasing Entity except as to latent defects, fraud and Contractor's warranty obligations. The minimum shipment amount, if any, will be found in the special terms and conditions. Any order for less than the specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an Order to be shipped without transportation charges that is back ordered shall be shipped without charge.

b. All deliveries will be "Inside Deliveries" as designated by a representative of the Purchasing Entity placing the Order. Inside Delivery refers to a delivery to other than a loading dock, front lobby, or reception area. Specific delivery instructions will be noted on the order form or Purchase Order. Any damage to the building interior, scratched walls, damage to the freight elevator, etc., will be the responsibility of the Contractor. If damage does occur, it is the responsibility of the Contractor to immediately notify the Purchasing Entity placing the Order.

c. All products must be delivered in the manufacturer's standard package. Costs shall include all packing and/or crating charges. Cases shall be of durable construction, good condition, properly labeled and suitable in every respect for storage and handling of contents. Each shipping carton shall be marked with the commodity, brand, quantity, item code number and the Purchasing Entity's Purchase Order number.

15. Laws and Regulations

Any and all Products offered and furnished shall comply fully with all applicable Federal and State laws and regulations.

16. Inspection and Acceptance.

a. Where the Master Agreement or an Order does not otherwise specify a process for inspection and Acceptance, this section governs. This section is not intended to limit rights and remedies under the applicable commercial code.

b. All Products are subject to inspection at reasonable times and places before Acceptance. Contractor shall provide right of access to the Lead State, or to any other authorized agent or official of the Lead State or other Participating or Purchasing Entity, at reasonable times, in order to monitor and evaluate performance, compliance, and/or quality assurance requirements under this Master Agreement. Products that do not meet specifications may be rejected. Failure to reject upon receipt, however, does not relieve the contractor of liability for material (nonconformity that substantially impairs value) latent or hidden defects subsequently revealed when goods are put to use. Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked.

c. If any services do not conform to contract requirements, the Purchasing Entity may require the Contractor to perform the services again in conformity with contract requirements, at no increase in Order amount. When defects cannot be corrected by re-performance, the Purchasing Entity may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and reduce the contract price to reflect the reduced value of services performed.

d. The warranty period shall begin upon Acceptance.

e. Acceptance Testing may be explicitly set out in a Master Agreement to ensure conformance to an explicit standard of performance. Acceptance Testing means the process set forth in the Master Agreement for ascertaining that the Product meets the standard of performance prior to Acceptance by the Purchasing Entity. If Acceptance Testing is prescribed, this subsection applies to applicable Products purchased under this Master Agreement, including any additional, replacement, or substitute Product(s) and any Product(s) which are modified by or with the written approval of Contractor after Acceptance by the Purchasing Entity. The Acceptance Testing period shall be thirty (30) calendar days or other time period identified in this Master Agreement or the Participating Addendum, starting from the day after the Product is delivered or, if installed, the day after the Product is installed and Contractor certifies that the Product is ready for Acceptance Testing. If the Product does not meet the standard of performance during the initial period of Acceptance Testing, Purchasing Entity may, at its discretion, continue Acceptance Testing on a day-to-day basis until the standard of performance is met. Upon rejection, the Contractor will have fifteen (15) calendar days to cure the standard of performance issue(s). If after the cure period, the Product still has not met the standard of performance, the Purchasing Entity may, at its option: (a) declare Contractor to be in breach and terminate the Order; (b) demand replacement Product from Contractor at no additional cost to Purchasing Entity; or, (c) continue the cure period for an additional time period agreed upon by the Purchasing Entity and the Contractor. Contractor shall pay all costs related to the preparation and shipping of Product returned pursuant to the section. No Product shall be deemed Accepted and no charges shall be paid until the standard of performance is met. The warranty period shall begin upon Acceptance.

17. Payment

Payment after Acceptance is normally made within 30 days following the date the entire order is delivered or the date a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance,

unless a different late payment amount is specified in a Participating Addendum, Order, or otherwise prescribed by applicable law. Payments will be remitted by mail. Payments may be made via a State or political subdivision "Purchasing Card" with no additional charge.

18. Warranty

Warranty provisions govern where specified elsewhere in the documents that constitute the Master Agreement; otherwise this section governs. The Contractor warrants for a period of one year from the date of Acceptance that: (a) the Product performs according to all specific claims that the Contractor made in its response to the solicitation, (b) the Product is suitable for the ordinary purposes for which such Product is used, (c) the Product is suitable for any special purposes identified in the solicitation or for which the Purchasing Entity has relied on the Contractor's skill or judgment, (d) the Product is designed and manufactured in a commercially reasonable manner, and (e) the Product is free of defects. Upon breach of the warranty, the Contractor will repair or replace (at no charge to the Purchasing Entity) the Product whose nonconformance is discovered and made known to the Contractor. If the repaired and/or replaced Product proves to be inadequate, or fails of its essential purpose, the Contractor will refund the full amount of any payments that have been made. The rights and remedies of the parties under this warranty are in addition to any other rights and remedies of the parties provided by law or equity, including, without limitation, actual damages, and, as applicable and awarded under the law, to a prevailing party, reasonable attorneys' fees and costs.

19. Title of Product

Upon Acceptance by the Purchasing Entity, Contractor shall convey to Purchasing Entity title to the Product free and clear of all liens, encumbrances, or other security interests. Transfer of title to the Product shall include an irrevocable and perpetual license to use any Embedded Software in the Product. If Purchasing Entity subsequently transfers title of the Product to another entity, Purchasing Entity shall have the right to transfer the license to use the Embedded Software with the transfer of Product title. A subsequent transfer of this software license shall be at no additional cost or charge to either Purchasing Entity or Purchasing Entity's transferee.

20. License of Pre-Existing Intellectual Property

Contractor grants to the Purchasing Entity a nonexclusive, perpetual, royalty-free, irrevocable, license to use, publish, translate, reproduce, transfer with any sale of tangible media or Product, perform, display, and dispose of the Intellectual Property, and its derivatives, used or delivered under this Master Agreement, but not created under it ("Pre-existing Intellectual Property"). The Contractor shall be responsible for ensuring that this license is consistent with any third party rights in the Pre-existing Intellectual Property.

b. Coverage shall be as specified in Exhibit C of the Master Agreement.

c. Contractor shall pay premiums on all insurance policies. Contractor shall provide notice to a Participating Entity who is a state within five (5) business days after Contractor is first aware of expiration, cancellation or nonrenewal of such policy or is first aware that cancellation is threatened or expiration, nonrenewal or expiration otherwise may occur.

Copies of renewal certificates of all required insurance shall be furnished within thirty (30) days after any renewal date to the applicable state Participating Entity. Failure to provide evidence of coverage may, at the sole option of the Lead State, or any Participating Entity, result in this Master Agreement's termination or the termination of any Participating Addendum.

f. Coverage and limits shall not limit Contractor's liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

22. Records Administration and Audit.

a. The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and Orders placed by Purchasing Entities under it to the extent and in such detail as shall adequately reflect performance and administration of payments and fees. This right shall survive for a period of six (6) years following termination of this Agreement or final payment for any order placed by a Purchasing Entity against this Agreement, whichever is later, or such longer period as is required by the Purchasing Entity's state statutes, to assure compliance with the terms hereof or to evaluate performance hereunder.

b. Without limiting any other remedy available to any governmental entity, the Contractor shall reimburse the applicable Lead State, Participating Entity, or Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or Orders or underpayment of fees found as a result of the examination of the Contractor's records.

c. The rights and obligations herein exist in addition to any quality assurance obligation in the Master Agreement requiring the Contractor to self-audit contract obligations and that permits the Lead State to review compliance with those obligations.

23. Confidentiality, Non-Disclosure, and Injunctive Relief

a. Confidentiality. Contractor acknowledges that it and its employees or agents may, in the course of providing a Product under this Master Agreement, be exposed to or acquire information that is confidential to Purchasing Entity or Purchasing Entity's clients. Any and all information of any form that is marked as confidential or would by its nature be deemed confidential obtained by Contractor or its employees or agents in the performance of this Master Agreement, including, but not necessarily limited to (1) any Purchasing Entity's records, (2) personnel records, and (3) information concerning individuals, is confidential information of Purchasing Entity ("Confidential Information"). Contractor shall use commercially reasonable efforts to assist Purchasing Entity in identifying and preventing any unauthorized use or disclosure of any Confidential Information. Without limiting the generality of the foregoing, Contractor shall advise Purchasing Entity, applicable Participating Entity, and the Lead State immediately if Contractor learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Master Agreement, and Contractor shall at its expense cooperate with Purchasing Entity in seeking injunctive or other equitable relief in the name of Purchasing Entity or Contractor against any such person. Except as directed by Purchasing Entity, Contractor will not at any time during or after the term of this Master Agreement disclose, directly or indirectly, any Confidential Information to any person, except in accordance with this Master Agreement, and that upon termination of this Master Agreement or at Purchasing Entity's request, Contractor shall turn over to Purchasing Entity all documents, papers, and other matter in Contractor's possession that embody Confidential Information. Accordingly, Purchasing Entity may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Purchasing Entity and are reasonable in scope and content.

- (1) Nonperformance of contractual requirements; or
- (2) A material breach of any term or condition of this Master Agreement; or
- (3) Any certification, representation or warranty by Contractor in response to the solicitation or in this Master Agreement that proves to be untrue or materially misleading; or

b. Upon the occurrence of an event of default, the Lead State shall issue a written notice of default, identifying the nature of the default, and providing a period of 15 calendar days in which Contractor shall have an opportunity to cure the default. The Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure shall not diminish or eliminate Contractor's liability for damages, including liquidated damages to the extent provided for under this Master Agreement.

c. If Contractor is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, Contractor shall be in breach of its obligations under this Master Agreement and the Lead State shall have the right to exercise any or all of the following remedies:

- (1) Exercise any remedy provided by law; and

Unless otherwise specified in a Purchase Order, a Purchasing Entity shall provide written notice of default as described in this section and have all of the rights and remedies under this paragraph and any applicable Participating Addendum with respect to an Order placed by the Purchasing Entity. Nothing in these Master Agreement Terms and Conditions shall be construed to limit the rights and remedies available to a Purchasing Entity under the applicable commercial code.

31. Waiver of Breach

Failure of the Lead State, Participating Entity, or Purchasing Entity to declare a default or enforce any rights and remedies shall not operate as a waiver under this Master Agreement or Participating Addendum. Any waiver by the Lead State, Participating Entity, or Purchasing Entity must be in writing. Waiver by the Lead State or Participating Entity of any default, right or remedy under this Master Agreement or Participating Addendum, or by Purchasing Entity with respect to any Purchase Order, or breach of any terms or requirements of this Master Agreement, a Participating Addendum, or Purchase Order shall not be

construed or operate as a waiver of any subsequent default or breach of such term or requirement, or of any other term or requirement under this Master Agreement, Participating Addendum, or Purchase Order.

32. Debarment

The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency, as set forth on Exhibit G. This certification represents a recurring certification made at the time any Order is placed under this Master Agreement. If the Contractor cannot certify this statement, attach a written explanation for review by the Lead State.

33. Indemnification

a. The Contractor's obligation to indemnify the State of Oregon and Purchasing Entities is set forth in section 2.17 of the Oregon Master Agreement.

34. No Waiver of Sovereign Immunity

In no event shall this Master Agreement, any Participating Addendum or any contract or any Purchase Order issued thereunder, or any act of the Lead State, a Participating Entity, or a Purchasing Entity be a waiver of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court.

This section applies to a claim brought against the Participating Entities who are states only to the extent Congress has appropriately abrogated the state's sovereign immunity and is not consent by the state to be sued in federal court. This section is also not a waiver by the state of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

35. Governing Law and Venue

a. The procurement, evaluation, and award of the Master Agreement shall be governed by and construed in accordance with the laws of the Lead State sponsoring and administering the procurement. The construction and effect of the Master Agreement after award shall be governed by the law of the state serving as Lead State. The construction and effect of any Participating Addendum or Order against the Master Agreement shall be governed by and construed in accordance with the laws of the Participating Entity's or Purchasing Entity's State.

b. Unless otherwise specified in the RFP, the venue for any protest, claim, dispute or action relating to the procurement, evaluation, and award is in the Lead State. Venue for any claim, dispute or action concerning the terms of the Master Agreement shall be in the state serving as Lead State. Venue for any claim, dispute, or action concerning any Order placed against the Master Agreement or the effect of a Participating Addendum shall be in the Purchasing Entity's State.

c. If a claim is brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for (in decreasing order of priority): the Lead State for claims relating to the procurement, evaluation, award, or contract performance or administration if the Lead State is a party; a Participating State if a named party; the state where the Participating Entity or Purchasing Entity is located if either is a named party.

36. Assignment of Antitrust Rights

Contractor irrevocably assigns to a Participating Entity who is a state any claim for relief or cause of action which the Contractor now has or which may accrue to the Contractor in the future by reason of any violation of state or federal antitrust laws (15 U.S.C. § 1-15 or a Participating Entity's state antitrust provisions), as now in effect and as may be amended from time to time, in connection with any goods or services provided in that state for the purpose of carrying out the Contractor's obligations under this Master Agreement or Participating Addendum, including, at the Participating Entity's option, the right to control any such litigation on such claim for relief or cause of action.

37. Contract Provisions for Orders Utilizing Federal Funds.

Pursuant to Appendix II to 2 Code of Federal Regulations (CFR) Part 200, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, Orders funded with federal funds may have additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. These federal requirements may be proposed by Participating Entities in Participating Addenda and Purchasing Entities for incorporation in Orders placed under this Master Agreement.

38. eMarket Center

a. This Section applies whenever a catalog hosted by or integration of a punchout site with eMarket Center is required by the solicitation or either solution is proposed by a Contractor and accepted by the Lead State.

b. Contractor's Interface with the eMarket Center. There is no cost charged by SciQuest to the Contractor for loading a hosted catalog or integrating a punchout site.

c. At a minimum, the Contractor agrees to the following:

(1) Implementation Timeline: NASPO ValuePoint eMarket Center Site Admin shall provide a written request to the Contractor to begin enablement process. The Contractor shall have fifteen (15) days from receipt of written request to work with NASPO ValuePoint and SciQuest to set up an enablement schedule, at which time SciQuest's technical documentation shall be provided to the Contractor. The schedule will include future calls and milestone dates related to test and go live dates. The contractor shall have a total of Ninety (90) days to deliver either a (1) hosted catalog or (2) punch-out catalog, from date of receipt of written request.

(2) NASPO ValuePoint and SciQuest will work with the Contractor, to decide which of the catalog structures (either hosted or punch-out as further described below) shall be provided by the Contractor. **Whether hosted or punch-out, the catalog must be strictly limited to the Contractor's awarded contract offering (e.g. products and/or services not authorized through the resulting cooperative contract should not be viewable by NASPO ValuePoint Participating Entity users).**

(a) Hosted Catalog. By providing a hosted catalog, the Contractor is providing a list of its awarded products/services and pricing in an electronic data file in a format acceptable to SciQuest, such as Tab Delimited Text files. In this scenario, the Contractor must submit updated electronic data [Insert Time Frame Here] to the eMarket Center for the Lead State's approval to maintain the most up-to-date version of its product/service offering under the cooperative contract in the eMarket Center.

(b) Punch-Out Catalog. By providing a punch-out catalog, the Contractor is providing its own online catalog, which must be capable of being integrated with the eMarket Center as a. Standard punch-in via Commerce eXtensible Markup Language (cXML). In this scenario, the Contractor shall validate that its online catalog is up-to-date by providing a written update [every Insert Time Frame Here] to the Lead State stating they have audited the offered products/services and pricing listed on its online catalog. The site must also return detailed UNSPSC codes (as outlined in line 3) for each line item. Contractor also agrees to provide e-Quote functionality to facilitate volume discounts.

d. Revising Pricing and Product Offerings: Any revisions to product/service offerings (new products, altered SKUs, new pricing etc.) must be pre-approved by the Lead State and shall be subject to any other applicable restrictions with respect to the frequency or amount of such revisions. However, no cooperative contract enabled in the eMarket Center may include price changes on a more frequent basis than once per year. The following conditions apply with respect to hosted catalogs:

(1). Updated pricing files are required by the 1st of the month and shall go into effect in the eMarket Center on the [1st day of the following month (i.e. file received on 1/01/13 would be effective in the eMarket Center on 2/01/13)]. Files received after the 1st of the month may be delayed up to a month (i.e. file received on 11/06/09 would be effect in the eMarket Center on 1/01/10).

(2) Lead State-approved price changes are not effective until implemented within the eMarket Center. Errors in the Contractor's submitted pricing files will delay the implementation of the price changes in eMarket Center.

e. Supplier Network Requirements: Contractor shall join the SciQuest Supplier Network (SQSN) and shall use the SciQuest's Supplier Portal to import the Contractor's catalog and pricing, into the SciQuest system, and view reports on catalog spend and product/pricing freshness. The Contractor can receive orders through electronic delivery (cXML) or through low-tech options such as fax. More information about the SQSN can be found at: www.sciquest.com or call the SciQuest Supplier Network Services team at 800-233-1121.

f. Minimum Requirements: Whether the Contractor is providing a hosted catalog or a punch-out catalog, the Contractor agrees to meet the following requirements:

(1) Catalog must contain the most current pricing, including all applicable administrative fees and/or discounts, as well as the most up-to-date product/service offering the Contractor is authorized to provide in accordance with the cooperative contract; and

(2) The accuracy of the catalog must be maintained by Contractor throughout the duration of the cooperative contract between the Contractor and the Contract Administrator; and

(3) The Catalog must include a Lead State contract identification number; and

(4) The Catalog must include detailed product line item descriptions; and

(5) The Catalog must include pictures when possible; and

(6) The Catalog must include any additional NASPO ValuePoint and Participating Addendum requirements. Although contractors in the SQSN normally submit one (1) catalog, it is possible to have multiple contracts applicable to different NASPO ValuePoint Participating Entities. For example, a contractor may have different pricing for state government agencies and Board of Regents institutions. Contractors have the ability and responsibility to submit separate contract pricing for the same catalog if applicable. The system will deliver the appropriate contract pricing to the user viewing the catalog.

g. Order Acceptance Requirements: Contractor must be able to accept Purchase Orders via fax or cXML. The Contractor shall provide positive confirmation via phone or email within 24 hours of the Contractor's receipt of the Purchase Order. If the Purchasing Order is received after 3pm EST on the day before a weekend or holiday, the Contractor must provide positive confirmation via phone or email on the next business day.

h. UNSPSC Requirements: Contractor shall support use of the United Nations Standard Product and Services Code (UNSPSC). UNSPSC versions that must be adhered to are driven by SciQuest for the contractors and are upgraded every year. NASPO ValuePoint reserves the right to migrate to future versions of the UNSPSC and the Contractor shall be required to support the migration effort. All line items, goods or services provided under the resulting statewide contract must be associated to a UNSPSC code. All line items must be identified at the most detailed UNSPSC level indicated by segment, family, class and commodity. More information about the UNSPSC is available at: <http://www.unspsc.com> and <http://www.unspsc.com/FAQs.asp#howdoesunspscwork>.

i. Applicability: Contractor agrees that NASPO ValuePoint controls which contracts appear in the eMarket Center and that NASPO ValuePoint may elect at any time to remove any contractor's offering from the eMarket Center.

j. The Lead State reserves the right to approve the pricing on the eMarket Center. This catalog review right is solely for the benefit of the Lead State and Participating Entities, and the review and approval shall not waive the requirement that products and services be offered at prices (and approved fees) required by the Master Agreement.

k. Several NASPO ValuePoint Participating Entities currently maintain separate SciQuest eMarketplaces, these Participating Entities do enable certain NASPO ValuePoint Cooperative Contracts. In the event one of these entities elects to use this NASPO ValuePoint Cooperative Contract (available through the eMarket Center) but publish to their own eMarketplace, the Contractor agrees to work in good faith with the entity and NASPO ValuePoint to implement the catalog. NASPO ValuePoint does not anticipate that this will require substantial additional efforts by the Contractor; however, the contractor agrees to take commercially reasonable efforts to enable such separate SciQuest catalogs.

Exhibit F Specifications

Safety, in the context of playgrounds, is generally understood as the prevention of injuries. Risk aversion and fear of lawsuits on the part of the adults who design playgrounds prioritizes injury prevention above other factors, such as cost or developmental benefit to the users. It is important that children gradually develop the skill of risk assessment, and a completely safe environment does not allow that.

Sometimes the safety of playgrounds is disputed in school or among regulators. Over at least the last twenty years, the kinds of equipment to be found in playgrounds has changed, often towards safer equipment built with plastic. For example, an older jungle gym might be constructed entirely from steel bars, while newer ones tend to have a minimal steel framework while providing a web of nylon ropes for children to climb on. Playgrounds with equipment that children may fall off often use mulch on the ground to help cushion the impact.

Playgrounds are also made differently for different age groups. Often schools have a playground that is taller and more advanced for older schoolchildren and a lower playground with less risk of falling for younger children.

Also concerning the safety of playgrounds is the material in which they are built. Wooden playgrounds act as a more natural environment for the children to play but can cause even more minor injuries. Slivers are the main concern when building with wood material. Wet weather is also a threat to children playing on wooden structures. Most woods are treated and do not wear terribly fast, but with enough rain, wooden playgrounds can become slippery and dangerous for children to be on.

Regulation: In the United States, the Consumer Product Safety Commission and the American National Standards Institute have created a Standardized Document and Training System for certification of Playground Safety Inspectors. These regulations are nationwide and provide a basis for safe playground installation and maintenance practices. ASTM F1487-07 deals with specific requirements regarding issues such as playground layout, use zones, and various test criteria for determining playground safety. ASTM F2373 covers public use play equipment for children 6-24 months old. This information can be applied effectively only by a trained C.P.S.I. A National Listing of Trained Playground Safety Inspectors is available for many states. A Certified Playground Safety Inspector (CPSI) is a career that was developed by the National Playground Safety Institute (NPSI) and is recognized nationally by the National Recreation and Park Association or N.R.P.A.

All equipment goods and services shall conform to NRPA guidelines.

Modern playgrounds often have recreational equipment such as the seesaw, merry-go-round, swing set, slide, jungle gym, chin-up bars, sandbox, spring rider, trapeze rings, playhouses, and mazes, many of which help children develop physical coordination, strength, and flexibility, as well as providing recreation and enjoyment. Common in modern playgrounds are play structures that link many different pieces of equipment.

Playgrounds often also have facilities for playing informal games of adult sports, such as a baseball diamond, a skating arena, a basketball court, or a tether ball.

Public playground equipment refers to equipment intended for use in the play areas of parks, schools, child care facilities, institutions, multiple family dwellings, restaurants, resorts, and recreational developments, and other areas of public use.

A Proposer may decide the method and frequency by which it determines the eligibility of its principals. Each Proposer may, but is not required to, check the Nonprocurement List.

5. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause.
