Julie,

We need to check with our contract management team on this. I am out of the office today but will forward this request to them for a response.

Julie,

After discussing with Dennis, the decoration as noted on the bid request and addendum includes the VAS as described except that we charge to alter shirts for and the charge to take in the waist on trousers, if needed or requested by the customer. We are charging \$10.00 to do either of those alterations.
