ZEUS

2-POCKET CURRENCY DISCRIMINATOR

AUTOMATICALLY READ & REGISTER SERIAL NUMBERS

PADtrax enables officers to track, record and digitally export the serial numbers of currency used in evidence or recovered from operations - without time consuming photocopying or manual entry.

VERIFY THE AUTHENTICITY OF EVIDENCE CURRENCY

Quickly prove bills collected as evidence are an exact match to those used in operations. Easily confirm logged notes in evidence have remained untouched.

BEST-IN-CLASS COUNTERFEIT DETECTION

Check for counterfeit notes with industry-leading counterfeit detection technology. Zeus includes a five-way verification process all powered by the proprietary M Algorithm. The 2-pocket system smoothly sorts counterfeit from legitimate bills with no stoppage in count.

COMPACT, LIGHT & DURABLE

Our research and development team listened to those in the field to create a currency discriminator that is light, tough, ergonomic and effective. Built of advanced composite material and with the shortest possible bill path, the Zeus minimizes size while maximizing performance.

Patented Motor Drive System

Made of Durable Composites

Quiet Operation

BUILT FOR LAW ENFORCEMENT PROFESSIONALS

Dual clear and start keys make Zeus ergonomically comfortable for both right and left handed operators

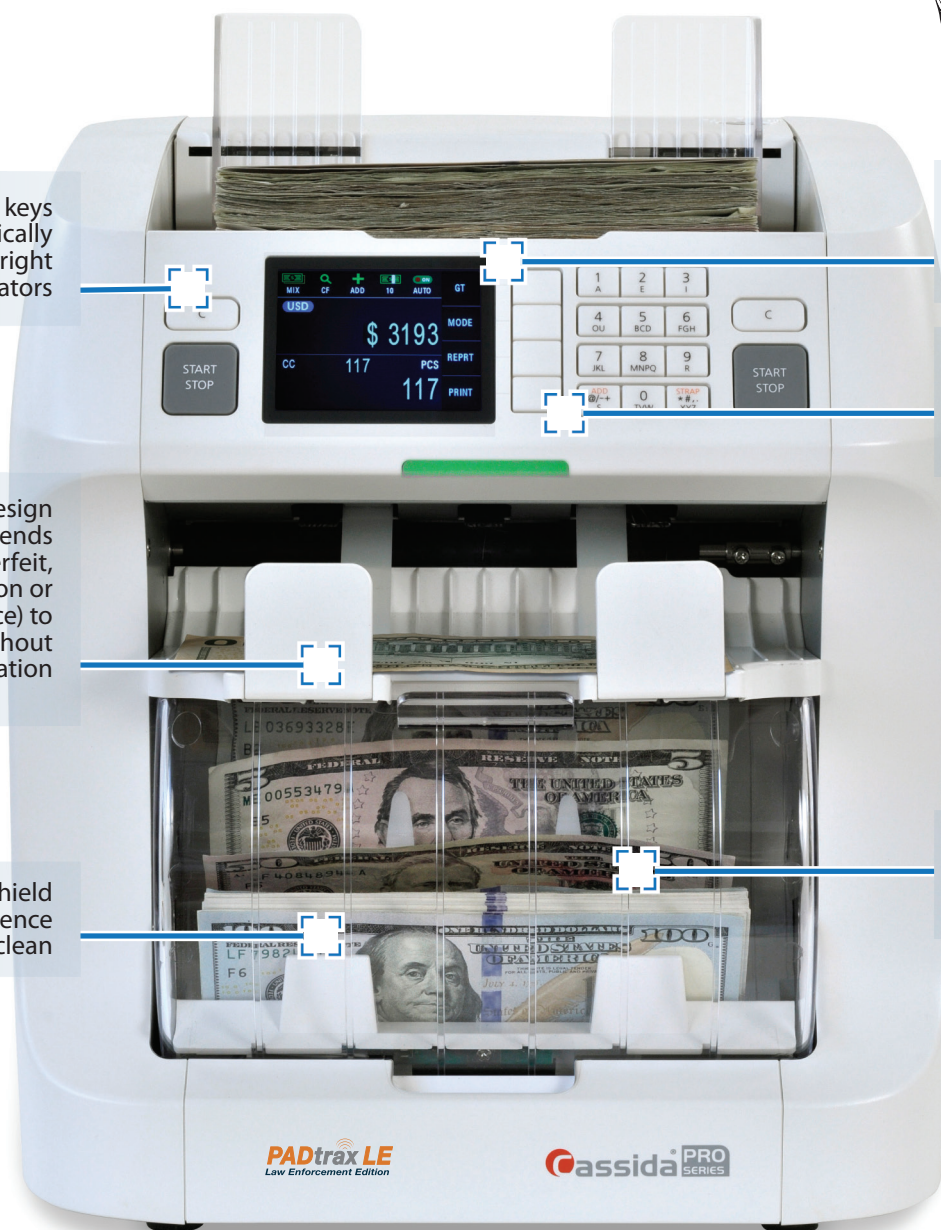

High definition LCD screen with customizable color settings

Hot keys allow all functions to be accessed in just two presses of a button

2-pocket design automatically sends rejected bills (counterfeit, wrong denomination or incorrect face) to secondary pocket without having to stop operation

Automated dust shield helps to keep evidence rooms clean

Count and record new or worn bills smoothly without jamming

Updatable software for continuous improvement and long-term viability.

Specifications:

Counting speed, mixed: 800 ~ 1,000 Bills per Minute
 Hopper capacity: 500 bills
 Reject capacity: 100 bills
 Stacker capacity: 200 bills
 Bill size range: 120 x 60 to 180 x 90 mm
 Interface: USB, RS-232, RJ-12, RJ-45
 Counterfeit Detection Methods: Magnetic, Full-Line UV, Double-Sided Infrared, High Definition CIS (Contact Image Sensor), Color Spectrum Analysis
 Power supply: 100-240/50-60Hz
 Weight: 16.75 lbs (7.6 kg)
 Dimensions: 10.8"W x 9.8"D x 12"H (274mm x 249mm x 305mm)

Features:

- Outstanding counterfeit detection with the fewest false rejects of legitimate currency.
- Tracks and records serial numbers.
- Download reports to USB flash drive or connect to PC.
- Optional printer to print serial numbers and reports.
- Automatic value summation and bill counting.
- Sort bills by denomination, face direction or orientation.
- 40% smaller footprint than comparable discriminators.
- Custom bill strapping totals 1 to 100; 100, 50, 25, 20 and 10 presets too.
- Removable rear dust collector for easy cleaning.
