The Contractor represents and warrants that title to any property assigned, conveyed or licensed to the State is good and that transfer of title or license to the State is rightful and that all property shall be delivered free of any security interest or other lien or encumbrance.

1.11.9 Industry Standards

The Contractor represents and expressly warrants that all aspects of the goods provided or used by it shall at a minimum conform to the standards in the Contractor's industry. This requirement shall be in addition to any express warranties, representations, and specifications included in the Contract, which shall take precedence.

1.11.10 Data Processing Warranty

Contractor warrants that each item of hardware, software, firmware, or a custom designed and developed software program or a system which is developed or delivered under, or used by Contractor in connection with its performance of, this Contract, shall accurately process data, including, but not limited to, calculating, comparing and sequencing, from, into, between and among the nineteenth, twentieth and twenty-first

centuries, including leap year calculations, when used in accordance with the item's documentation provided by Contractor.

1.11.10.1 If the items to be developed and delivered under this Contract are to perform as a system with other hardware and/or software, then the warranty shall apply to the items developed and delivered as the items process, transfer, sequence data, or otherwise interact with other components or parts of the system. This warranty shall survive the term of this Contract. The remedies available to the State for a breach of warranty includes, but is not limited to, repair or replacement of non-compliant items or systems.

1.11.10.2 Nothing in this warranty shall be construed to limit any rights or remedies of the State under this Contract with respect to defects in the items other than the Data Processing Warranty.

1.12 Product Recall

In the event that any of the goods are found by the Contractor, the State, or any governmental agency or court having jurisdiction to contain a defect, serious quality or performance deficiency, or not to be in compliance with any standard or requirement so as to require or make advisable that such goods be reworked or recalled, the Contractor will promptly communicate all relevant facts to the State and undertake all corrective actions, including those required to meet all obligations imposed by laws, regulations, or orders, and shall file all necessary papers, corrective action programs, and other related documents, provided that nothing contained in this section shall preclude the State from taking such action as may be required of it under any such law or regulation. The Contractor shall perform all necessary repairs or modifications at its sole expense except to any extent that the Contractor and the State shall agree to the performance of such repairs by the State upon mutually acceptable terms.

1.13 Contract Administration

1.13.1 Incorporation of Documents

The parties acknowledge that the Contract consists of these contract terms and conditions as well as the Competitive Bidding Document and the Bid Proposal. The Competitive Bidding Document and the Contractor's Bid Proposal are incorporated into the Contract by reference, except that no objection or amendment by a Contractor to the Competitive Bidding Document requirements shall be incorporated by reference into the Contract unless the State has explicitly accepted the Contractor's objection or amendment in writing. If there is a conflict between the Contract, the Competitive Bidding Document and the Bid Proposal, the conflict shall be resolved according to the following priority, ranked in descending order: (1) the Contract; (2) the Competitive Bidding Document; (3) the Bid Proposal.

1.13.2 Intent of References to Competitive Bidding Documents

The references to the parties' obligations, which are contained in this document, are intended to supplement or clarify the obligations as stated in the Competitive Bidding Document and the Contractor's Bid Proposal. The failure of the parties to make reference to the terms of the Competitive Bidding Document or the Contractor's Bid Proposal in this document shall not be construed as creating a conflict and will not relieve the Contractor of the contractual obligations imposed by the terms of the Competitive Bidding Document and the Contractor's Bid Proposal. The contractual obligations of the State cannot be implied from the Contractor's Bid Proposal.

1.13.3 Compliance with the Law; Nondiscrimination in Employment

The Contractor, its employees, agents, and subcontractors shall not engage in discriminatory employment practices which are forbidden by federal or state law, executive orders, and rules of the Iowa Department of Administrative Services. The Contractor, its employees, agents, and subcontractors shall comply with all applicable federal, state, and local laws, rules, ordinances, regulations, orders when performing under the Contract, including without limitation, all laws applicable to the prevention of discrimination in employment (e.g., Iowa Code chapter 216 and section 19B.7) and the use of targeted small businesses as subcontractors and suppliers.

Upon the State's written request, the Contractor shall submit to the State a copy of its affirmative action plan, containing goals and time specifications, and accessibility plans and policies as required under Iowa Administrative Code chapter 11—121.

The Contractor, its employees, agents and subcontractors shall also comply with all federal, state, and local laws, including any permitting and licensure requirements, in carrying out the work performed under this Contract.

In the event Contractor contracts with third parties for the performance of any of the Contractor obligations under this Contract as set forth in section 1.13.8, Contractor shall take such steps as necessary to ensure such third parties are bound by the terms and conditions contained in this section.

Notwithstanding anything in this Contract to the contrary, Contractor's failure to fulfill any requirement set forth in this section shall be regarded as a material breach of this Contract and the State may cancel, terminate, or suspend, in whole or in part, this Contract. The State may further declare Contractor ineligible for future state contracts in accordance with authorized procedures or the Contractor may be subject to other sanctions as provided by law or rule.

1.13.4 Amendments

The Contract may be amended in writing from time to time by mutual consent of the parties. All amendments to the Contract must be in writing and fully executed by the parties.

1.13.6 Choice of Law and Forum

The laws of the State of Iowa shall govern and determine all matters arising out of or in connection with this Contract without regard to the choice of law provisions of Iowa law. Any and all litigation commenced in connection with this Contract shall solely be brought in the District Court for the State of Iowa in the county where venue is appropriate. Alternatively, if venue is proper in federal court, suit shall solely be brought in the United States District Court for the Northern or Southern District of Iowa, wherever jurisdiction is appropriate. Nothing contained in this provision shall be construed as waiving any immunity to suit or liability, including without limitation sovereign immunity or Eleventh Amendment immunity, which may be available to the State.

1.13.7 Assignment and Delegation

This Agreement shall not be assigned by either party, and any purported assignment without such consent of the other party, shall be void. The State may waive the approval requirement in the event the Contractor verifies the assignment is due to a merger or acquisition. In addition, the State shall have the right, upon notice and without consent of the Contractor, to assign any and all of its rights and obligations under this Agreement to another State agency or subdivision of the State in the event the functions of this State agency are transferred to another successor agency or another agency assumes any of this State agency's responsibilities for this Contract. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the parties' successors in interest.

1.13.8 Use of Third Parties

The State acknowledges that the Contractor may contract with third parties for the performance of any of the Contractor obligations under the Contract. All subcontracts shall be subject to prior approval by the State. The Contractor may enter into these contracts to complete the project provided that the Contractor remains responsible for all goods delivered under the Contract and for the acts and omissions of all subcontractors, agents, and employees. All restrictions, obligations and responsibilities of the Contractor under the Contract shall also apply to the subcontractors. Any contract with a subcontractor must also preserve the rights of the State. The State shall have the right to request the removal of a subcontractor from the Contract for good cause.

1.13.9 Integration

The paragraph headings or captions used in the Contract are for identification purposes only and do not limit or construe the contents of the paragraphs.

1.13.11 Not a Joint Venture

Nothing in the Contract shall be construed as creating or constituting the relationship of a partnership, joint venture, (or other association of any kind or agent and principal relationship) between the parties thereto. Each party shall be deemed to be an independent contractor contracting for goods and acting toward the mutual benefits expected to be derived here from. No party has the authority to enter into any contract or create an obligation or liability on behalf of, in the name of, or binding upon another party to the Contract.

1.13.12 Joint and Several Liability

If the Contractor is a joint entity, consisting of more than one individual, partnership, corporation or other business organization, all such entities shall be jointly and severally liable for carrying out the activities and obligations of the Contract, and for any default of activities and obligations.

1.13.13 Supersedes Former Contracts or Agreements

Unless otherwise specified in the Contract, this Contract supersedes all prior contracts or agreements between the State and the Contractor for the goods provided in connection with the Contract.

1.13.14 Waiver

Except as specifically provided for in a waiver signed by duly authorized representatives of the State and the Contractor, failure by either party at any time to require performance by the other party or to claim a breach of any provision of the Contract shall not be construed as affecting any subsequent right to require performance or to claim a breach.

1.13.15 Notice

Any and all notices, designations, consents, offers, acceptances or any other communication provided for herein shall be given in writing by a reliable carrier which shall be addressed to the person who signed the Contract on behalf of the party at the address identified in the Contract Declarations & Execution Page(s) at the address specified on the forms. Such change of the designated person shall be in writing to the other party and as provided herein.

1.13.16 Cumulative Rights

The various rights, powers, options, elections and remedies of any party provided in the Contract shall be construed as cumulative and not one of them is exclusive of the others or exclusive of any rights, remedies or priorities allowed either party by law, and shall in no way affect or impair the right of any party to pursue any other equitable or legal remedy to which any party may be entitled as long as any default remains in any way unremedied, unsatisfied or undischarged.

1.13.17 Severability

If any provision of the Contract is determined by a court of competent jurisdiction to be invalid or unenforceable, such determination shall not affect the validity or enforceability of any other part or provision of the Contract. Further, if any provision of the Contract is determined to be unenforceable by virtue of its scope, but may be

made enforceable by a limitation of the provision, the provision shall be deemed to be amended to the minimum extent necessary to render it enforceable under the applicable law.

1.13.18 Authorization

Contractor represents and warrants that:

1.13.18.1 It has the right, power and authority to enter into and perform its obligations under the Contract.

1.13.20 Record Retention and Access

The Contractor shall maintain books, records and documents which sufficiently and properly document and calculate all charges billed to the State throughout the term of the Contract for a period of at least five (5) years following the date of final payment or completion of any required audit, whichever is later. Records to be maintained include both financial records and service records. The Contractor shall permit the Auditor of the State of Iowa or any authorized representative of the State and where federal funds are involved, the Comptroller General of the United States or any other authorized representative of the United States government, to access and examine, audit, excerpt and transcribe any directly pertinent books, documents, papers, electronic or optically stored and created records or other records of the Contractor relating to orders, invoices or payments or any other documentation or materials pertaining to the Contract, wherever such records may be located. The Contractor shall not impose a charge for audit or examination of the Contractor's books and records. If an audit discloses incorrect billings or improprieties, the State reserves the right to charge the Contractor for the cost of the audit and appropriate reimbursement. Evidence of criminal conduct will be turned over to the proper authorities.

1.13.21 Solicitation

The Contractor warrants that no person or selling agency (except bona fide employees or selling agents maintained for the purpose of securing business) has been employed or retained to solicit and secure the Contract upon an agreement or understanding for commission, percentage, brokerage or contingency.

1.13.22 Immunity from Liability

Every person who is a party to the Contract is hereby notified and agrees that the State, and all of its employees, agents, successors, and assigns are immune from liability and suit for or from Contractor's and/or subcontractors' activities involving third parties and arising from the Contract.

1.13.23 Public Records

1.13.26 Use of Name or Intellectual Property

By executing the Contract the Contractor certifies it is either (a) registered with the Iowa Department of Revenue, collects, and remits Iowa sales and use taxes as required by the Iowa Code chapter 423; or (b) not a "retailer" or a "retailer maintaining a place of business in this state" as those terms are defined in Iowa Code subsections 423.1(47) & (48). The Contractor also acknowledges that the State may declare the Contract void if the above certification is false. The Contractor also

understands that fraudulent certification may result in the State or its representative filing for damages for breach of contract.

1.13.29 Contractor Assignments of Rights -Antitrust Claims

1.13.30 Delays or Impossibility of Performance

Neither party shall be in default under the Contract if performance is prevented, delayed or made impossible to the extent that such prevention, delay, or impossibility is caused by a "force majeure." The term "force majeure" as used in this Contract includes an event that no human foresight could anticipate or which if anticipated, is incapable of being avoided. Circumstances must be abnormal and unforeseeable, so that the consequences could not have been avoided through the exercise of all due care, such as acts of God, war, civil disturbance and other similar causes. The delay or impossibility of performance must be beyond the control and without the fault or negligence of the parties. "Force majeure" does not include: financial difficulties of the Contractor or any parent, subsidiary, affiliated or associated company of Contractor; claims or court orders that restrict Contractor's ability to deliver the Deliverables contemplated by this Contract; strikes; labor unrest; or supply chain disruptions. If delay results from a subcontractor's conduct, negligence or failure to perform, the Contractor shall not be excused from compliance with the terms and obligations of the Contract unless the subcontractor or supplier is prevented from timely performance by a "force majeure" as defined in this Contract. If a "force majeure" delays or prevents the Contractor's performance, the Contractor shall immediately use its best efforts to directly provide alternate, and to the extent possible, comparable performance. Comparability of performance and the possibility of comparable performance shall be determined solely by the Agency. The party seeking to exercise this provision and not perform or delay performance pursuant to a "force majeure" shall immediately notify the other party of the occurrence and reason for the delay. The parties shall make every effort to minimize the time of nonperformance and the scope of work not being performed due to the unforeseen events. Dates by which performance obligations are scheduled to be met will be extended only for a period of time equal to the time lost due to any delay so caused.

1.13.31 Obligations Beyond Contract Term

The Contract shall remain in full force and effect to the end of the specified term or until terminated or canceled pursuant to the Contract. All obligations of the Contractor incurred or existing under the Contract as of the date of expiration, termination or cancellation will survive the termination, expiration or conclusion of the Contract.

1.13.32 Counterparts

The parties agree that the Contract has been or may be executed in several counterparts, each of which shall be deemed an original and all such counterparts shall together constitute one and the same instrument.

1.13.33 Further Assurances and Corrective Instruments

The parties agree that they will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further instruments as may reasonably be required for carrying out the expressed intention of the Contract.
