Strategic Requirements

State of Iowa Citizen-Facing Website Plan
RFP1216185012
Webspec Design, LLC

The State of Iowa maintains strategic requirements for its web presence. These requirements are long term goals representing desired end states for the State of Iowa portal. Strategic Requirements will be refreshed annually by the State of Iowa. Strategic requirements identified herein will be completed by Webspec Design, LLC ("Contractor") in conformance with the timeframes established, but with exact plans to be negotiated individually with Participating Agencies, and will be billed to Agencies consistent with the Drupal Managed Services Contract #2017-BUS-601 (the "Agreement"), RFP1216185012, and the Agency SOW. Citizen-Facing Website Requirements include the following tasks:

FY26 Strategic Requirements:

1. Vendor will make itself available and provide input and feedback about website structure and features to DOM DoIT and Digital Transformation Vendor. This includes any custom content, content types, views, and other structural elements of the site to expedite and improve the agency's transition to the new website platform.
2. Vendor will provide exports and/or backups of agency websites to Digital Transformation Vendor in any easily accessible manner as requested by DOM DoIT or the Digital Transformation Vendor.
3. Vendor will provide a contracted resource, at the request of DOM DoIT, for PDF and Word Document remediation for the Digital Transformation Project.
